Dear Tribal Members:

In accordance with established consultation guidelines, the Division of Health Care Financing and Policy (DHCFP) is notifying Nevada tribes of the following request for public comment:

DHCFP's written quality strategy is the foundational managed care tool that identifies managed care priorities, including goals and objectives to improve the quality of healthcare services. In addition to ensuring compliance with federal and state statutory and regulatory requirements on quality, the quality strategy is intended to go beyond compliance with those minimum requirements by implementing multiple methods for continuous quality improvement to raise the quality of care provided to and received by Nevada Medicaid and Nevada Check Up recipients.

If you would like a consultation regarding this proposed change in policy, please contact Monica Schiffer at (775) 684-3653 who will schedule a meeting. We would appreciate a reply within 30 days from the date of this letter. If we do not hear from you within this time, we will consider this an indication that no consultation is requested.

Sincerely,

Casey Angres
