

To Whom It May Concern:

I have been a supporter of the mission of Opportunity Village and have reviewed the proposed Opportunity Village development known as Betty's Village. I offer my support for Betty's Village as a community based residential setting for people with disabilities. The residents of Betty's Village will have the opportunity and blessing of engaging in an active life, be integrated in society, have support of individual choice, and be encouraged to foster independence to the highest degree possible.

I am convinced that those guiding Opportunity Village will make certain that Betty's Village will allow its residents to enjoy the fullest life possible. Encouraging interaction, independence and self-determination is the key to a full and fulfilling life. Betty's Village includes the many components needed to provide greater independence and self-direction while ensuring the appropriate supports are available. As a financial donor, OV board member, and father and grandfather of those with disabilities, I whole heartedly support this project.

Very truly yours,
