

To Whom It May Concern:

I am writing to show my support of Betty's Village as a community based residential setting for people with disabilities.

My brother, Sean Patrick, is an OVIP at Opportunity Village. The pride he takes in his work and the independence he has achieved, are qualities that he would not have developed without a place like Opportunity Village. Betty's Village will be another venue that is more than just a place for my brother to stay. It will be a community that will allow him to grow and express himself in new ways. Not only will a place like Betty's Village allow Sean to develop and experience a greater sense of self, but it will also allow my family to be confident that Sean will always have a safe place to call home.

I am in support of the project and cannot wait to see my brother be a part of the Betty's Village community.

Sincerely,

Erin Morrissey
