To Whom It May Concern:

I have reviewed the proposed Opportunity Village development and am pleased to offer my support of Betty's Village as a community based residential setting for people with disabilities. The residents of Betty's Village will engage in an active life, be integrated in society, have support of individual choice, and be encouraged to foster independence to the highest degree possible.

Encouraging interaction, independence and self-determination is the key to a full and fulfilling life. Betty's Village includes the many components needed to encourage greater independence and self-direction while ensuring the appropriate supports are available. I am in support of the project.

As a Las Vegas native, and Opportunity Village Board member I believe that moving forward with Betty's Village will continue to set the standard for independence and support for those in need for our city and state.

Sincerely,

Rob Dondero
