

To Whom It May Concern:

Thank you for the opportunity to share my support for the proposed Betty's Village development as a community based residential setting for people with disabilities. As a board member of Opportunity Village and as an employer of several young adults with intellectual disabilities i have seen first hand the benefits of providing purpose driven work and social outlets for these individuals. These benefits can be expanded and enhanced with Betty's Village as the residents will get to engage in an active life, be integrated in society, have support of individual choice, and be encouraged to foster independence to the highest degree possible.

Encouraging interaction, independence and self-determination is the key to a full and fulfilling life. Betty's Village includes the many components needed to encourage greater independence and self-direction while ensuring the appropriate supports are available. I am in support of the project.

Sincerely,

Jeffrey Fine
