

To Whom It May Concern:

Please accept this letter as my support for Betty's Village as a community based residential setting and place for people with disabilities.

Throughout my life I have worked various jobs, which included working for a company that housed ISLA individuals. I gained a lot of knowledge and interest for these individuals in my time there but always wondered if there were other arrangements possible for the individuals who were more independent or learning to be. I feel this project will allow many intellectually disabled individuals to grow and gain confidence to have a high quality of life.

I look forward to seeing this project brighten our community.

Sincerely,

Celine Lam
