Nevada Medicaid – Provider’s General and MCO FAQ’s

7. Q. Do the MCOs offer dental services?

A. Beginning January 1, 2018, dental services will be managed by a new dental administrator (DBA, which is LIBERTY Dental Plan of Nevada, Inc. (LIBERTY). Nevada Medicaid will continue to offer dental services to all Medicaid recipients **not enrolled** in an MCO/DBA through the Fee for Service (FFS) delivery model. For more information on Dental services, see the Dental Provider FAQs at <http://dhcfp.nv.gov/Pgms/CPT/Dental/>.

8. Q. What is the policy for medical Prior Authorizations?

A. The policy for medical PAs is as follows:

- **PA Requirements for Outpatient and Inpatient Services**

For recipients transitioning between managed care plans or from FFS to managed care, all existing outpatient PAs issued by the previous managed care plan or FFS will be honored by the new managed care plan for 30 days or until recipient can be assessed and treatment plan revised.

Inpatient treatments or procedures that have been authorized as medically necessary must be honored. These services are subject to ongoing utilization management services.

- **PA Requirements for Maintenance Medications used to treat non-behavioral health conditions:**

To minimize disruptions for recipients taking maintenance medications¹, MCOs must extend coverage to match all pharmacy PAs issued by the previous managed care plan or FFS for no less than two refills (30-day supply for each refill) or until the recipient can be assessed by a qualified prescribing provider and treatment plan revised.

¹A maintenance medication is defined as any medication with a maintenance indicator published in the MCO's pharmacy file from First DataBank, Medispan, or other nationally recognized drug file.

- **PA Requirements for medications used to treat behavioral health conditions:**

For recipients receiving psychotropic, antidepressants, behavioral health maintenance medications, and covered outpatient drugs used for opiate addiction, a 90-day PA will be honored to cover current medication(s) or until the recipient can be assessed by a qualified prescribing provider and treatment plan revised.
