Dear Sirs:

In accordance with established consultation guidelines, the Division of Health Care Financing and Policy (DHCFP) is notifying Nevada tribes of the following proposed changes in policy regarding laboratory services.

Medicaid Services Manual (MSM) Chapter 800, Laboratory Services, section 801 and 803 revisions are being made to add authorities and clarify policy regarding non coverage of blood typing for paternity testing (as this is not considered medically necessary testing) and Provider Responsibilities. Grammatical and structural changes are also included in section 803 that did not result in changes in policy.

If you would like a specific consultation regarding this new policy, please contact Crystal Johnson at 775-684-3722 who will schedule a meeting. We would appreciate a reply whether or not you would like this consultation, however if we do not hear from you within 30 days from the date of this letter we will consider that an indication that no consultation is requested.

Sincerely,
