This is Health Plan of Nevada's submission of new or changed items to the State Medicaid Office for approval of its 2021 campaign. This submission is to be used in addition to the material included in the previously approved submission.

This submission was created to appeal to the Medicaid population by focusing on the value we bring to our members and our compassion as an organization.

Simplified Submission Format:

We simplified our submission format by providing examples of tactics we may use and then the variable data and content. This provides an easier review process (removing the majority of brackets), as well as flexibility for HPN to adjust approved content as needed.

Using variable data gives HPN the flexibility to mix and match their plan benefits, programs and services as needed to best represent the plan to members and prospects. Communications to members can include *any variation* from the lists of items contained in this submission.

EXAMPLE:

"Our <VALUE> offers things like <VALUE>" becomes "Our **Medicaid plan** offers things like **nutrition classes.**"

Assumptions

HEALTH PLAN OF NEVADA
A UnitedHealthcare Company

This submission contains original scripting and creative that, at the point of production, may require changes due to adjustments in services, operations, or creative implementation.

Grammar, punctuation and capitalization may be adjusted at any time to accommodate variable data selected. This may include the addition of words, such as “and” or “with,” as well as changing words to plural, singular, and past or future tense, for example.

Meaningful access taglines, disclaimers, and material identifiers will be added as needed.

Online information may include links to provider directories, drug lists, privacy notices, terms of use, etc.

Not all components of the submission may be produced. Components may be used at any time. The tactics may expand based on new opportunities discovered.

Website addresses and phone numbers will be populated as appropriate.

Pieces of this submission will be translated into Spanish at the time of final production.

The Health Plan of Nevada logo may be included on any material and is not noted on each individual item. HPN may substitute Health Plan of Nevada at any time.

Footnotes, such as “Some restrictions may apply”, “Applies to qualified individuals”, “Contracted providers are subject to change without notice,” “Southern Nevada only, “Northern Nevada only” may appear when applicable.

New services and benefits can be added as needed.
