

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

Attachment 3.1-A  
Page 6e

Provider Qualifications:

Certified Community Behavioral Health Center (CCBHC) is an entity that provides integrated, comprehensive health services with a focus on behavioral health. Certification indicates that the entity meets criteria as established by the State of Nevada, by the Division of Public and Behavioral Health's (DPBH) Health Care Quality and Compliance (HCQC) bureau. CCBHC's Services must be provided under the philosophy of recovery and be informed by best practices for working with individuals from diverse cultural and linguistic backgrounds. Providers within the CCBHC model utilize pre-existing provider qualifications outlined under the current Rehabilitative section of the State Plan for behavioral health services and HCQC validates the appropriate policies and procedures are in place to operate as a CCBHC.

CCBHCs may also contract with Designated Collaborative Center (DCO) that provide aspects of those services. Designated Collaborating Organization (DCO) is a distinct entity that is not under the direct supervision of a CCBHC but has a formal contractual relationship with a CCBHC to provide an authorized CCBHC service. The CCBHC must ensure the DCO provides the same quality of care as those required by the CCBHC certification. The CCBHC maintains ultimate clinical responsibility for the services provided to CCBHC recipients by the DCO under this agreement. To the extent that services are required that cannot be provided by either the CCBHC directly or by a DCO, referrals may be made to other providers or entities. The CCBHC retains responsibility for the overall coordination of a recipient's care including services provide by the DCO or those to which it refers a recipient. Providers within the DCO's utilize pre-existing provider qualifications outlined in the State Plan.

Service Array:

Nevada Medicaid reimburses for the following services provided under a CCBHC delivery model. The services are all currently covered services under the Rehabilitative section of the State Plan.

- Crisis mental health services, including 24-hour mobile crisis teams, emergency crisis intervention services and crisis stabilization;
- Screening, assessment and diagnosis, including risk assessment;
- Patient-centered treatment planning or similar processes, including risk assessment and crisis planning;
- Outpatient mental health and substance use services;
- Outpatient clinic primary care screening and monitoring of key health indicators and health risk; targeted case management;
- Psychiatric rehabilitation services;
- Peer support and counselor services and family supports.

Service Limitations:

Service limitation for the CCBHC model will mirror the current state plan services limitations.
