B. Newborn Rate Calculation

An all-inclusive per diem rate will be developed for newborns admitted through routine delivery at a hospital.

Historical Medicaid data for the Calendar Year (CY) ended December 31, 2002, has been extracted showing Medicaid Newborn admissions and Newborn patient days by tier. Projected Newborn payments for each tier are calculated as CY2002 Newborn admissions per tier times the current tier rate. Total projected Newborn payments are the sum of all projected tier payments.

The conversion per diem rate for Newborn has been determined by the following formula:

$$\frac{\text{Total Projected Newborn Payments}}{\text{CY2002 Historical Newborn Patient Days}} = \text{Newborn Per Diem Rate}$$

For services performed on or after January 1, 2006, the newborn per diem rate will be determined by multiplying a factor of 1.1001 times the conversion per diem rate.

For services performed on or after July 1, 2007, the newborn per diem rate will be determined by multiplying a factor of 1.0757 times the conversion per diem rate.

For services performed for claims with an admission date on or after September 8, 2008, the newborn per diem rate will be calculated as follows:

1. Charges submitted for claims paid in SFY 2007 were used from the Nevada Medicaid claims data.
2. The number of days admitted (the length of stay) for claims paid in SFY 2007 was used to calculate each claim's billed charges per day.
3. The per diem rate will be 34% of the median of billed charges per day for Nevada in-patient hospital routine services related to the care of a newborn.

This rate will be used as a prospective rate until rebased as directed by the Department of Health and Human Services. There will be no cost settlement.

For services performed for claims with an admission date on or after July 9, 2015, the newborn per diem rate will be determined by multiplying a factor of 1.05 times the September 8, 2008 per diem rate.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

Attachment 4.19-A
Page 5 (continued)

For services performed for claims with an admission date on or after January 1, 2020, the newborn per diem rate will be determined by multiplying a factor of 1.25 times the July 9, 2015 per diem rate.

1. This increase applies only to Revenue Code 0172.
