# **UPCOMING ACTIVITIES**

# Development of CCBHC Model

**Nevada CCBHC Model**

# Services and Evidence-Based Practices

- Identify gaps in services in state plan
- Develop comprehensive services under each of the 9 required service types
- Review existing and needed EBP's
- EBP's must be embedded into each of the 9 required service types

\* We will be seeking public input and feedback on service array and EBP's

# Prospective CCBHC's

- The prospective CCBHC's need to accomplish the following:
  - Conduct Focus Groups with consumers and stakeholders.
  - The State and prospective CCBHCs will execute a Memorandum of Understanding (MOU) by the end of May 2016.
  - Develop formalized relationships with community partners and designated collaborative organizations (DCO's).
  - Complete and submit cost report.
  - Determine what technical assistance (TA) that they need for the state to assist with.
  - Become Certified as a CCBHC.

# CCBHCs Relationship with Designated Collaborating Organizations (DCOs)

- CCBHCs may contract with DCOs, as needed, for 5 out of the 9 required services
- CCBHCs are responsible for fully vetting DCOs before contracting
- Contracts between the CCBHC and DCO must address monitoring/oversight, utilization management and payment
- CCBHCs are responsible for clinical and fiscal oversight of DCOs

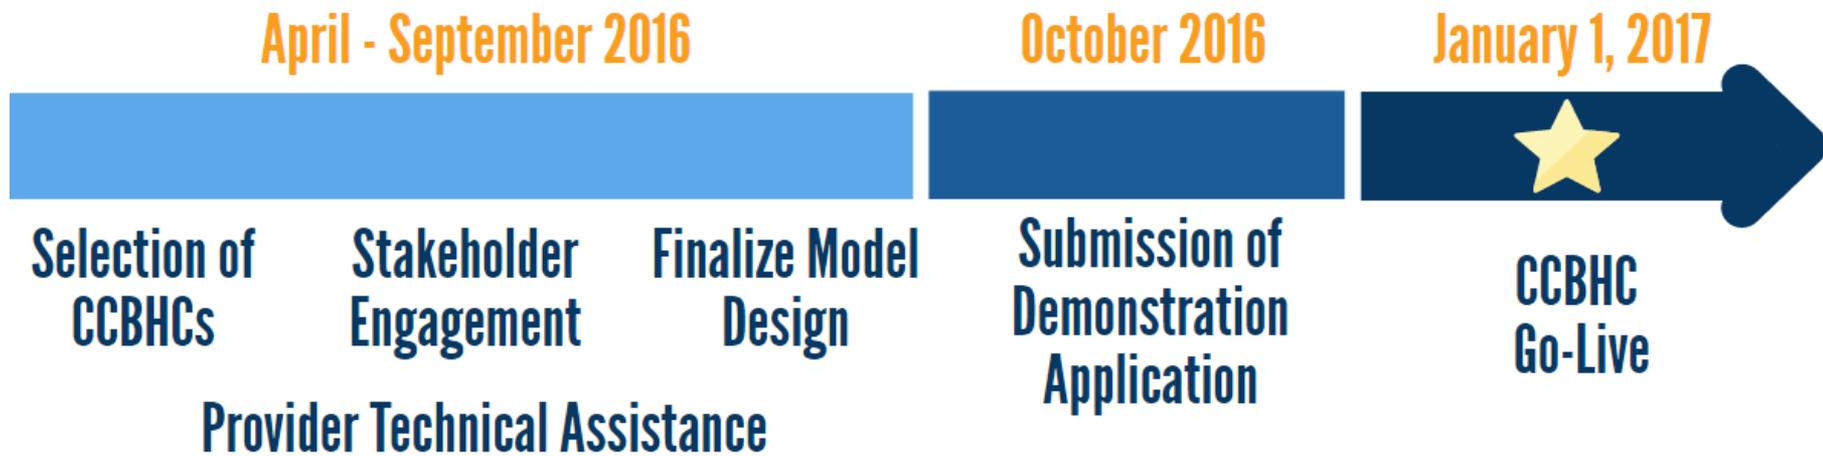

# Application for Implementation Grant

- The State must apply for the demonstration grant by October 2016 to be awarded by December 2016 to eight of 24 states.
- If Nevada is not selected as one of the eight states, the state plans to continue with the CCBHC model.

# Nevada's CCBHC Direction

- CCBHC I: Award of CCBHC Demonstration Program Grant
- CCBHC II: Contingency plan if not awarded the Demonstration Grant
- Same timeline for both models
- Many similarities between models
