26. Surgical services provided in both hospital-based and freestanding Ambulatory Surgical Centers (ASC)
- ~~a. The Division adopts for reference the list of eligible codes for surgical centers for ambulatory patients and the payment groups to which those codes are assigned for services paid on or after September 1, 2003. This listing was established by Centers for Medicare and Medicaid Services (CMS) in 1997 and modified in 2000 and 2003.~~
  - a. The Division also adopts as a base, the payment amounts for groupings 1-9 as published in 42 CFR part 416 dated March 28, 2003. To ensure access of services, these payment amounts will be increased by 50% for hospital-based ambulatory surgical center services and 20% for freestanding ambulatory surgical center services. Services covered by Nevada Medicaid will be processed at these payment amounts. Payments for services billed by hospital-based and freestanding Ambulatory Surgical Centers (ASC) will be calculated using the Centers for Medicare & Medicaid Services (CMS) Ambulatory Payment Classification (APC) grouping as published in 42 CFR parts 405, 410, 412, 413, 416 and 419. The Nevada ASC Base Rate will be established by multiplying the 2016 ASC payment weight by the 2016 ASC conversion factor (44.177), then multiplying the result by the 2016 NV Wage Index (0.9299).
  - ~~b.i. Surgical codes (10000-58999) and (60000-69999) will be reimbursed at 85% of the NV ASC Base Rate.~~
  - b. Codes not on the Medicare list that are deemed appropriate to be performed in an ASC setting will be paid at the appropriate APC grouping level using the CMS Outpatient Prospective Payment System (OPPS) relative weight in place of the ASC payment weight to establish the NV ASC Base Rate. ~~at the appropriate grouping level based on the services performed~~
  - c. In the case of multiple procedures, the following adjustments to the fee schedule are made:
    - 1) First procedure 100% of fee schedule
    - 2) Second procedure 50% of fee schedule
    - 3) Third procedure 25% of fee schedule
    - 4) Fourth procedure 10% of fee schedule
    - 5) Fifth and thereafter procedures 5% of fee schedule
