MSM 600 Proposed Updates

- 603.2F - Add new language to clarify coverage of vaccinations for children and adults
- 603.4A(3) – Add new language to clarify coverage of progesterone therapy to prevent preterm birth
- 603.10F(3)(a) – Removed language under cosmetic surgery regarding circumcision. Policy was update previously to allow for routine circumcision with PA limitations at 1 year of age and older.
- 604.2 – Removed language for Community Paramedics to refer recipients to the Care Management Organization. The CMO was ended July 2018.
- 604.2(A) – removed immunization to clarify coverage of vaccinations

Proposed changes continued

- 606- 606.4 - New language was added to the introduction for preventive health services, prior authorization was added, and clarifying language was added to the billing requirements outlining inclusiveness of some preventive services in office visits.
- Attachment A, Policy #6-11 – The section on Botulinum Toxin was updated to reflect that the policy has been moved to MSM Chapter 1200, Prescribed Drugs.
- Attachment A, Policy #6-12 – Removed the language for family planning preventive health, this is duplicated language to Section 606.
- Various grammatical and punctuational updates and section numbering, lettering, and/or page numbering was completed as needed throughout the chapter.
