COORDINATION OF TITLE XIX WITH SPECIAL SUPPLEMENTAL FOOD PROGRAM
FOR WOMEN, INFANTS AND CHILDREN (WIC)

The following method is used to provide for the coordination between the Medicaid Agency and the Special Supplemental Food Program for Women, Infants and Children (WIC) for the dissemination of the program's benefits to Medicaid applicant/recipients.

- A. Maintain communication with State's WIC operations to promote timely and accurate dissemination of WIC program benefits and modifications.
- B. Generate a onetime informational mailing of the WIC program's benefits to all Medicaid applicants and recipients to insure notification of the target population, (i.e. all individuals who are determined to be eligible for medical assistance and who are pregnant women, breastfeeding or postpartum women... or children under the age of five).
- C. Revise initial and redetermination applicant and recipient interview procedures to distribute written WIC information and to verbally describe the availability of the WIC program's benefits to insure dissemination of information whether or not the potential beneficiary can read.
