Process for Investigations of Complaints and Monitoring

---

The State has in effect the following process for investigating complaints of violations of requirements by nursing facilities and monitors onsite on a regular, as needed basis, a nursing facility's compliance with the requirements of subsection (b), (c) and (d) for the following reasons:

- (i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;
- (ii) the facility was previously found not to be in compliance with such requirements and has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or
- (iii) the State has reason to question the compliance of the facility with such requirements.

In addition to the routine complaint investigation process, the Bureau conducts annual inspections for Federal and State requirements.

A written plan of correction is required for all deficiencies identified and a follow-up survey is carried out to ensure the necessary corrections.
