State Name: Nevada

Transmittal Number: NV - 14 - 0006

State Plan Administration
Designation and Authority

42 CFR 431.10

Designation and Authority

State Name: Nevada

As a condition for receipt of Federal funds under title XIX of the Social Security Act, the single state agency named below submits the following state plan for the medical assistance program, and hereby agrees to administer the program in accordance with the provisions of this state plan, the requirements of titles XI and XIX of the Act, and all applicable Federal regulations and other official issuances of the Department.

Name of single state agency: The Department of Health and Human Services (DHHS)

Type of Agency:

☐ Title IV-A Agency
☐ Health
☐ Human Resources
☒ Other

Type of Agency: Health and Title IV-A Agency

The above named agency is the single state agency designated to administer or supervise the administration of the Medicaid program under title XIX of the Social Security Act. (All references in this plan to "the Medicaid agency" mean the agency named as the single state agency.)

The state statutory citation for the legal authority under which the single state agency administers the state plan is:

Chapter 422 of the Nevada Revised Statutes, as amended

The single state agency supervises the administration of the state plan by local political subdivisions.

☐ Yes ☐ No

☒ The certification signed by the state Attorney General identifying the single state agency and citing the legal authority under which it administers or supervises administration of the program has been provided.

An attachment is submitted.

The state plan may be administered solely by the single state agency, or some portions may be administered by other agencies.

The single state agency administers the entire state plan under title XIX (i.e., no other agency or organization administers any portion of it).

☐ Yes ☐ No
Waivers of the single state agency requirement have been granted under authority of the Intergovernmental Cooperation Act of 1968.

The waivers are still in effect.

☐ Yes  ☐ No

Enter the following information for each waiver:

Date waiver granted (MM/DD/YY): 04/23/15

The type of responsibility delegated is (check all that apply):

☐ Determining eligibility

☒ Conducting fair hearings

☐ Other

Name of state agency to which responsibility is delegated:

Department of Administration (DOA)

Describe the organizational arrangement authorized, the nature and extent of responsibility for program administration delegated to the above named agency, and the resources and/or services of such agency to be utilized in administration of the plan:

The DHHS, through an interlocal contract between its Division of Health Care Financing and Policy (DHCFP) and the Department of Administration Appeals Office (DOA), delegates its authority to conduct beneficiary fair hearings and issue final fair hearing decisions for Medicaid covered services and provider fair hearings for claims, re-coupments and enrollment issues to the DOA. The Interlocal Contract also defines the respective relationship between the DHCFP and the DOA including implementation of 42 CFR section 431, subpart E; Chapter 3100 of the Nevada Medicaid Services Manual, all other applicable provisions and any quality control and oversight that is planned.

The DOA agrees to conduct scheduled impartial administrative hearings for individuals who request a fair hearing and for whom DHCFP is not able to resolve their issue during an informal resolution process. Generally fair hearing requests are received by DHCFP and DHCFP informs DOA of the cases that should be scheduled for a hearing. A beneficiary has 90 calendar days from the date of the notice of decision to request a fair hearing.

The methods for coordinating responsibilities among the agencies involved in administration of the plan under the alternate organizational arrangement are as follows:

The DHHS through the DHCFP will ensure that every applicant and beneficiary is informed, in writing, of the fair hearing process and how to contact both the DHCFP and the DOA. The DHHS retains oversight of the State Plan, the development and issuance of policies, rules, and regulations on program matters; and will establish a process to monitor the entire appeals process, including the quality and accuracy of the final decisions made by the DOA. DHHS will ensure that the Department of Administration complies with all Medicaid related federal and state laws, regulations and policies in the completion of the fair hearing.

☐ The agency that administers or supervises the administration of the plan under Title X of the Act as of January 1, 1965, has been separately designated to administer or supervise the administration of that portion of this plan related to blind individuals.
The entity or entities that have responsibility for determinations of eligibility for families, adults, and for individuals under 21 are:

- The Medicaid agency
- Single state agency under Title IV-A (in the 50 states or the District of Columbia) or under Title I or XVI (AABD) in Guam, Puerto Rico, or the Virgin Islands
- An Exchange that is a government agency established under sections 1311(b)(1) or 1321(c)(1) of the Affordable Care Act

The entity that has responsibility for determinations of eligibility for the aged, blind, and disabled are:

- The Medicaid agency
- Single state agency under Title IV-A (in the 50 states or the District of Columbia) or under Title I or XVI (AABD) in Guam, Puerto Rico, or the Virgin Islands
- An Exchange that is a government agency established under sections 1311(b)(1) or 1321(c)(1) of the Affordable Care Act
- The Federal agency administering the SSI program

The entity or entities that have responsibility for conducting fair hearings with respect to denials of eligibility based on the applicable modified adjusted gross income standard are:

- Medicaid agency
- An Exchange that is a government agency established under sections 1311(b)(1) or 1321(c)(1) of the Affordable Care Act
- An Exchange appeals entity, including an entity established under section 1411(f) of the Affordable Care Act

The agency has established a review process whereby the agency reviews appeals decisions made by the Exchange or Exchange appeals entity or other state agency, but only with respect to conclusions of law, including interpretations of state or federal policies.

- Yes
- No

State Plan Administration
Organization and Administration

42 CFR 431.10
42 CFR 431.11

Organization and Administration

Provide a description of the organization and functions of the Medicaid agency.

The Nevada Department of Health and Human Services (DHHS) is the single state agency responsible for administering or supervising the administration of the Medicaid program under title XIX of the Social Security Act. The DHHS, through its Divisions, is responsible for all the Medicaid (title XIX) and Nevada Check Up (title XXI, the Children's Health Insurance Program) eligibility decisions and the fair hearings for eligibility. The Division of Health Care Financing and Policy (DHCFP), a Division of DHHS administers the Medicaid and Nevada Check Up state plans, including the rates and medical benefit plans, the 1915 (c) and 1115 waiver programs. The DHCFP manages the Fee for Service Benefit plan, the Managed Care Organizations, program compliance activities and the program's budget and fiscal operations. The Division of Welfare and Supportive Services (DWSS) a Division of DHHS completes the eligibility functions, including the fair hearings for eligibility for the following groups: Parents and other caretaker relatives, Pregnant women, Infants and children under age 19, Adult group, Former foster care children, Breast and cervical cancer, Targeted low income children, Emergency assistance for non-qualified non-citizens, Aged, blind and disabled, SSI, State institutional, Public law, Disabled children cared for at home, Home and community based waivers, Health insurance for work advancement, Medicare savings program. These two functions, though completed by the same agency, fall under two distinct program units and program chiefs. The eligibility determination function is located in the Program and Field Operations Unit.

Approval Date: MAY 1 2015
Effective Date: October 1, 2014
Page 3 of 6
within the Eligibility and Payments section and the fair hearing function is located in the Program Review and Evaluation Unit, which reports directly to the Administrator. The Division of Child and Family Services (DCFS), Nevada’s child welfare agency and also a division of DHHS completes the eligibility functions, including the fair hearings for eligibility for the following groups: Title IV-E Eligible Foster Care Children, Non-Title IV-E Eligible Foster Care Children, Foster Care Children Receiving Supplemental Security Income (SSI), Children born to a Medicaid eligible minor parent in foster care, Title IV-E Eligible Children for whom there is a Nevada adoption assistance agreement, Title IV-E Eligible Children for whom there is an adoption assistance agreement from another state, Non-Title IV-E Children for whom there is an Adoption Assistance Agreement, Children born to a Medicaid Eligible adopted minor parent and Children who have Aged Out of Foster Care. The eligibility determination function is located in the Fiscal Unit which is part of the Agency's Administrative Unit, reporting the agency deputy administrator and the fair hearing function completed by the Systems Advocate reports directly to the Agency Administrator. The Aging and Disability Service Division (ADSD) operates two of Nevada’s Three 1915 (c) waiver programs, The Homé and Community Based Waiver for the Frail Elderly, and the Home and Community Based Waiver for Individuals with Intellectual Disabilities and Related Conditions. The DHCFP operates the third 1915 (c) waiver, the Home and Community Based Waiver for Individuals with Physical Disabilities. All Divisions, including the Division of Public and Behavioral Health work closely with the DHCFP in the development and utilization of Medicaid and Nevada Check Up benefit policy.

The DHHS divisions in addition to the functions they complete for the Medicaid or Nevada Check Up programs also complete other health and human services for the state of Nevada. The Division of Aging and Disability Services operates the State funded Regional Centers, serving the intellectually disabled population, the state funded home and community based services for the elderly and the disabled, elder rights services, early intervention services and the Senior and Disability RX program. The Child and Family Service Division operates the State's Child Welfare Services, Juvenile Justice services and facilities and Children's Behavioral Health services and facilities. The Division of Public and Behavioral health completes the public health services including biostatistics and epidemiology, health statistics, planning and emergency response, Consumer Health Protection, service and facility licensing (Health Care Quality and Compliance) and adult and rural mental health services. The Division of Welfare and Supportive Services completes the eligibility and payment for Nevada's public assistance programs as well as child support enforcement and child care programs.

Upload an organizational chart of the Medicaid agency.

An attachment is submitted.

Provide a description of the structure of the state's executive branch which includes how the Medicaid agency fits in with other health, human service and public assistance agencies.

The Department of Health and Human Services (DHHS) is the single state agency responsible for administering or supervising the administration of the Medicaid program under title XIX of the Social Security Act. DHHS is a Cabinet Level Agency that administers Nevada’s health and human services and public assistance agencies. The DHHS and the Department of Administration (DOA) are two separate departments under the Nevada State Executive Branch of the Government. The Hearings Division is a division of the Nevada Department of Administration and was established to provide an independent appeals process for workers' compensation, Victims of Crime Program appeal, and a variety of state agency administrative hearings, including Medicaid and Nevada Check Up.

Entities that determine eligibility other than the Medicaid Agency (If entities are described under Designation and Authority)

Type of entity that determines eligibility:

- Single state agency under Title IV-A (in the 50 states or the District of Columbia) or under Title I or XVI (AABD) in Guam, Puerto Rico, or the Virgin Islands
- An Exchange that is a government agency established under sections 1311(b)(1) or 1321(c)(1) of the Affordable Care Act
- The Federal agency administering the SSI program
Provide a description of the staff designated by the entity and the functions they perform in carrying out their responsibility.

| Add |

Entities that conduct fair hearings other than the Medicaid Agency (if described under Designation and Authority)

Type of entity that conducts fair hearings:

- An Exchange that is a government agency established under sections 1311(b)(1) or 1321(c)(1) of the Affordable Care Act
- An Exchange appeals entity, including an entity established under section 1411(f) of the Affordable Care Act

Provide a description of the staff designated by the entity and the functions they perform in carrying out their responsibility.

| Add |

Supervision of state plan administration by local political subdivisions (if described under Designation and Authority)

Is the supervision of the administration done through a state-wide agency which uses local political subdivisions?

- Yes
- No

State Plan Administration Assurances

| 42 CFR 431.10 |
| 42 CFR 431.12 |
| 42 CFR 431.50 |

Assurances

- The state plan is in operation on a statewide basis, in accordance with all the requirements of 42 CFR 431.50.
- All requirements of 42 CFR 431.10 are met.
- There is a Medical Care Advisory Committee to the agency director on health and medical services established in accordance with meeting all the requirements of 42 CFR 431.12.
- The Medicaid agency does not delegate, to other than its own officials, the authority to supervise the plan or to develop or issue policies, rules, and regulations on program matters.

Assurance for states that have delegated authority to determine eligibility:

- There is a written agreement between the Medicaid agency and the Exchange or any other state or local agency that has been delegated authority to determine eligibility for Medicaid eligibility in compliance with 42 CFR 431.10(d).

Assurances for states that have delegated authority to conduct fair hearings:
There is a written agreement between the Medicaid agency and the Exchange or Exchange appeals entity that has been delegated authority to conduct Medicaid fair hearings in compliance with 42 CFR 431.10(d).

When authority is delegated to the Exchange or an Exchange appeals entity, individuals who have requested a fair hearing are given the option to have their fair hearing conducted instead by the Medicaid agency.

Assurance for states that have delegated authority to determine eligibility and/or to conduct fair hearings:

The Medicaid agency does not delegate authority to make eligibility determinations or to conduct fair hearings to entities other than government agencies which maintain personnel standards on a merit basis.

b. The organizational arrangement authorized, the nature and extent of responsibility for program administration delegated to ______ (name of agency), and the resources and/or services of such agency to be utilized in administration of the plan are described below:

¹/ (Information on any additional waivers which have been granted is contained in attached sheets.)
c. The methods for coordinating responsibilities among the several agencies involved in administration of the plan under the alternate organizational arrangement are as follows:

N/A
1.2 Organization for Administration

(a) ATTACHMENT 1.2-A contains a description of the organization and functions of the Medicaid agency and an organization chart of the agency.

(b) Within the State agency, the Nevada Medicaid Office, Division of Health Care Financing and Policy, has been designated as the medical assistance unit. ATTACHMENT 1.2-B contains a description of the organization and functions of the medical assistance unit and an organization chart of the unit.

(c) ATTACHMENT 1.2-C contains a description of the kinds and numbers of professional medical personnel and supporting staff used in the administration of the plan and their responsibilities.

(d) Eligibility determinations are made by State or local staff of an agency other than the agency named in paragraph 1.1(a). ATTACHMENT 1.2-D contains a description of the staff designated to make such determinations and the functions they will perform.

X Not applicable. Only staff of the agency named in paragraph 1.1(a) make such determinations.
The State of Nevada carries out its responsibilities under direction of the Governor through his office, over 20 departments, 12 commissions, and various boards, councils and offices.

The Department of Human Resources, largest of the State’s executive agencies, encompasses seven (7) divisions: Aging Services, Health, Mental Hygiene and Mental Retardation, Rehabilitation, Welfare, Youth Services, and Health Resources and Cost Review.
100 RESPONSIBILITIES, OBJECTIVES, RELATIONSHIPS, ORGANIZATION

Purpose of the Welfare Division

To provide essential financial, medical and social services for Nevada adults and children in order to meet client's immediate economic, health and protection needs and to promote family and individual self-sufficiency.

Goal of the Welfare Division

Within the guidelines established by federal and state law, design, establish and administer an efficient and effective program to provide financial, medical and social services for persons seeking and/or determined to have need of the services. Assistance and services are designed to promote immediate and long-term client self-sufficiency and client self-respect.

101 RESPONSIBILITIES OF THE DEPARTMENT OF HUMAN RESOURCES

A. RESPONSIBILITIES OF THE DEPARTMENT

1. Acts as the single state agency of the State of Nevada and its political subdivisions in the administration of any federal funds granted to aid in the furtherance of any services and activities for aid to dependent children, medical assistance, child welfare, child support and enforcement, and such other welfare activities as are now or hereafter may be authorized or provided for by the laws of this state.

2. Cooperates with the Federal Government in adopting state plans, and in all other matters of mutual concern, including adoption of such methods of administration as may be founded by the Federal Government to be necessary for the efficient operation of welfare programs.

3. Amends a state plan under Titles IV-A, IV-D, XIX or XX of the Social Security Act whenever necessary to reflect new or revised federal statute or regulations, or a material change in any phase of state law, organization, policy or state agency operations.

B. RESPONSIBILITIES OF DIVISION

1. Administers the determination of eligibility for and correct payments of public welfare programs of this state, including aid to dependent children, medical assistance, child welfare, and such other welfare activities as are now or hereafter may be authorized or provided for by the laws of this state and vested in the Welfare Division.

2. Administers public welfare service programs of this state, including aid to dependent children, medical care (Title XIX), child welfare, child support and enforcement, and such other welfare services as are now or hereafter may be authorized or provided for by the laws of this state and the administration of which is vested in the Welfare Division.
3. Carries out rules and regulations for the administration of public welfare programs.

4. Conducts research, compiles statistics on public welfare, determines welfare needs and makes recommendations for meeting such needs.

5. Makes all investigations required by a court in adoption proceedings as provided by law.

6. Establishes reasonable minimum standards and regulations for foster homes, and licenses the same as provided by law.

7. Provides services to children; and provides for their care directly or through agents when custody of them is granted by a court to the Welfare Division or a Parent’s Agreement is executed.

8. Cooperates with and advises the State Welfare Board in such matters as may be referred to the Welfare Division by the State Welfare Board.

9. Has the power to enter into reciprocal agreements with other states relative to public assistance, welfare services and institutional care.
102 OBJECTIVES OF THE WELFARE DIVISION

102.1 ADMINISTRATION

A. To plan, lead and guide the direction of the public welfare program in a sound and efficient manner.

B. To keep the public informed about Welfare activities, trends and social problems.

C. To help in community activities designed to prevent or alleviate conditions which give rise to public welfare problems.

D. To work effectively with other public and private agencies for the solution of community welfare problems and to avoid duplication of effort in serving clients.

E. To stimulate and promote community activities and facilities which will enable individuals to develop their maximum potential for acceptable family and individual adjustment.

102.2 PROVISION OF WELFARE PAYMENTS

A. Within budgetary limitations, to alleviate economic distress by providing a minimum adequate standard of living for eligible persons unable to support themselves so that they may preserve family life, develop and use their own capacities, preserve health, and maintain a decent home for themselves and their families.

B. To grant assistance promptly to eligible persons, without discrimination and in a manner to encourage self-respect and self-reliance.

C. To safeguard public funds by:

1. Verifying eligibility in accordance with the policies contained in the Eligibility and Payments Manual.

2. Accurately determining need.

3. Securing maximum use of the person’s own resources.

4. Encouraging and assisting individuals to achieve self-support and maintenance.

5. Assuring the proper expenditure of public funds for support and medical care.

6. Terminating assistance promptly when eligibility no longer exists.

7. Cooperating in community studies related to causes of dependency and social problems.
102.3 PROVIDING OF WELFARE SERVICES

A. TO HELP DEVELOP THE CAPACITIES OF FAMILY AND INDIVIDUAL MEMBERS SO THAT THEY MAY BE USEFUL, SELF-RESPECTING CITIZENS BY:

1. Evaluating the strengths and weaknesses of family and members.
2. Assisting parents to adequately perform parental functions.
3. Assisting families in reuniting or in meeting the problems which contribute to or are caused by desertion, separation or other factors.
4. Promoting development of the capacities of children through a healthy living situation and education and training so that they may be self-dependent upon reaching maturity.
5. Encouraging the development or capacities of adult members for self-support by assisting them through employment counseling, vocational rehabilitation and placement, and in the provision of homemaker and child care services.
6. Encouraging family members to participate constructively in community life.

B. TO SAFEGUARD THE WELFARE OF CHILDREN BY:

1. Providing social services, as needed, to families to enable parents to provide adequate care for their children.
2. Acting to protect the physical, moral and mental welfare of children threatened by their environment.
3. Acting promptly to secure the removal of children from damaging environment.
4. Providing care away from their own homes when that is necessary.
5. Assuring the availability of foster homes that are conducive to the normal growth and development of the child.
6. Providing social services to parents or other relatives to enable them to improve their functioning as individuals and/or parents, and to assist them in making permanent plans for their children.
7. Providing social services to help the child in his adjustment to foster care, developing his capacity so that he may be self-dependent upon reaching maturity and making more permanent plans for him as soon as possible.
8. Providing help to foster parents and institutional personnel caring for children.
9. Finding adoptive homes to meet the needs of all children free for and needing adoption, placing for adoption such children in need of permanent families and helping adoptive parents to include a new child in their family.

C. TO PROVIDE PROTECTION FOR INCAPACITATED PERSONS AND DEPENDENT AGED BY:

1. Encouraging and preserving maximum productivity or independence for incapacitated persons and dependent aged.

2. Assisting them in obtaining suitable living accommodations.

4. Providing or arranging protective services for persons unable to handle their own affairs.

5. Providing homemaker or housekeeping services to enable such person to live in their own homes.

6. Assisting them to make use of resources such as their families, their friends and community organizations.

7. Assisting in community planning activities.

102.4 PROVISIONS OF SUPPORT ENFORCEMENT SERVICES

A. Works with the district attorneys of the various counties to collect past-due and current support payments due recipients and assigned by them to the Welfare Division and remits any excess over amounts due the Division to recipients in accordance with state and federal law.

B. Works with the district attorneys of the various counties to collect past-due and current support for eligible non-public assistance applicants for such services and remits the support money to the applicants for services in the manner and subject to deduction of such fees as are authorized by law.

C. To the end that support may be collected, works with the district attorneys of the various counties to establish the paternity of children eligible for such services.
Judicial powers in Nevada are held by the Supreme Court, District Courts and Justices of the Peace. The Legislature has the power to establish municipal courts in incorporated cities and towns.

The judicial system stems from an effort to protect the individual from arbitrary social authority and to protect society against infringement upon its laws and customs. The system is an interdependent structure of administratively autonomous local, state and federal courts.

The agency’s relationships are primarily with district courts and the judges in these courts.

In all formal relationships with the judiciary, decisions on legal points are the exclusive jurisdiction of the court. The agency has the responsibility for casework decisions and makes recommendations to the court based on these decisions. Example: The agency may decide that foster care is the appropriate care for a specific child. The court makes the decision to award temporary custody of the child to the agency; the agency decides upon the type of foster care and the specific home in which the child is placed.

The agency’s formal relationships with the judiciary are in three general areas: 1) criminal and civil actions against recipients or relatives of recipients (desertion, non-support, fraud, or other actions related to receipt of assistance); 2) civil actions related to children (custody, termination of parental rights, adoption, etc.); 3) juvenile court actions to the extent the court involves the Division for studies, reports and testimony, and where others petition the court to transfer custody to the Welfare Division.

Informal relationships are of two general types: 1) representatives of the agency are invited to meet the district judges as their annual meeting of judges or to meet with the State Welfare Board and/or other agency representatives for discussion and solution of various types of problems with which the agency and the judiciary are involved. This type of relationship usually has statewide implications, and affects procedures effective uniformly; 2) relationships established with individual judges through discussion of general procedures or plans and procedures related to specific cases. This type of relationship is developed primarily on the local level with local applications.

A. SUPREME COURT

The Supreme Court consists of a chief justice and four associate justices. A majority constitutes a quorum and a majority must concur to render a decision.

B. DISTRICT COURT

There are eight judicial districts in Nevada, three of them with more than one judge. Each of the 18 district judges is paid from the State General Fund as authorized by a direct legislative appropriation.
The judicial districts are: FIRST - Carson City, Douglas, Churchill, Lyon and Storey Counties - three judges; SECOND - Washoe County - Seven judges; THIRD - Eureka and Lander Counties - one judge; FOURTH - Elko County - one judge; FIFTH - Mineral, Nye and Esmeralda Counties - one judge; SIXTH - Pershing and Humboldt Counties - one judge; SEVENTH - White Pine and Lincoln Counties - one judge; and EIGHTH - Clark County - eleven judges.

C. JUSTICE COURT

There is one justice court in each township of the State for which one Justice of the Peace is elected by the qualified electors of the township at the general State election.

103.2 ATTORNEY GENERAL

Legal services of the Attorney General’s office as related to the Division fall in two general groups - responsibility by statute and extra identifiable services provided by agreement.

A. STATUTORY

The Attorney General is the legal advisor of all executive departments of the agency. As such, it is his responsibility to represent the agency in actions against the State (agency) and on behalf of the state for money due it and to write formal opinions on statutes and rules and regulations governing the agency operation. All opinions of the Attorney General are binding upon the agency unless they are altered or reversed by a court decision. The agency does not enter into contracts except upon approval of the contract by the Attorney General as to form.

B. EXTRA AND IDENTIFIABLE SERVICES

1. To draw contracts for the use of the Division. Such contracts would include but not be limited to those with instructors for orientation-training courses for the blind; vendors of medical and remedial care; medical, legal and other professional consultants and specialists, vending stand operators; Boards of County Commissioners for care of children under Chapter 432 of the Nevada Revised statutes; judicial districts for services to dependent and neglected children in detention homes and adult group care operators; Manager of Presbyterian Conference Grounds and similar meeting place facilities; janitorial services, etc.

2. To prepare petitions for termination of parental rights, appointment of guardian, attachments of undisclosed assets owned by recipients, and other legal actions initiated by the Division, other than for money due the state, which is a statutory service.

3. To assist with drafts of certain rules and regulations where there are legal implication which must be cleared.

4. To review court decision concerning the Welfare Division to determine which have been affected by subsequent legislation.
5. To attend fair hearings on selective basis.

6. To develop competence of staff in such areas as legal status of children, providing necessary information to district attorneys and Indian Service law officers regarding desertion and abandonment of children, securing support from parents, exploring possible undisclosed resources, identifying irregular adoptive placements, etc.

7. To interpret to the Administrator and other staff applicable laws and their implication for administration of welfare programs.

8. To participate in establishing good working relationships between the State Welfare Division and the Bar Association, District Judge’s Association, and the legal profession as a whole.

103.3 LEGAL ACTIONS RELATED TO RECEIPT OF PUBLIC ASSISTANCE

This type action includes desertion, non-support, fraud, etc. The agency’s roles in these actions are usually one of three forms distinguished by a representative of the agency:

A. Signing a complaint against a recipient or relative of a recipient. The D.A. or the Attorney General represents the agency in actions taken in the name of the State of Nevada.

B. Supplying all necessary facts to the District Attorney (or Attorney General in case of relative responsibility). The Attorney will take the necessary action.

C. Testifying either in person or by deposition.

103.4 LEGAL ACTIONS RELATED TO CHILDREN

Actions related to children are primarily custody, termination of parental rights and adoption. These actions are usually taken by the court on petition or affidavit of the Welfare Division or others as to custody and termination of parental rights and on petition by individuals desiring to adopt a child.

The agency’s role in these situations is one of the following:

A. A representative of the agency requests by petition or affidavit that certain action be taken and supplies the court with necessary facts and information on which the request is based and includes possible alternate plans.

B. A representative of the agency supplies facts, general information, and recommendations to the court based on social analysis and casework decisions following initiation of action by others than the agency.

C. In juvenile actions the court may request any services from the agency that the agency has the authority to provide.

D. The agency licenses private agencies or institutions prior to the commitment of a child by the juvenile court to such agencies or
104

ORGANIZATION OF THE WELFARE DIVISION

104.1 STATE WELFARE BOARD

Nevada Revised Statutes, Chapter 422, created within the Welfare Division a State Welfare Board composed of seven members appointed by the Governor. Members of the Board receive a salary of $60.00 per day, per diem allowance and travel expenses as fixed by law for each day's attendance at each meeting of the Board. The Board must hold a meeting at least once each year.

The Board has only those powers and duties authorized by law. The Board (a) shall adopt regulations for its own management and government; (b) may formulate standards and policies and adopt regulations for the administration of public assistance programs and other programs for which the Division is responsible provided such actions do not require expenditure of money beyond amounts appropriated by the Legislature; (c) advises and makes recommendations to the Welfare Division Administrator, the Director of Human Resources or the Legislature relative to the public welfare policy of the state.

104.2 DIRECTOR OF HUMAN RESOURCES

The Director is responsible for the following Divisions:

- Welfare
- Health
- Mental Hygiene - Mental Retardation
- Health Resources and Cost Review
- Rehabilitation
- Aging Services
- Youth Service

104.3 STATE WELFARE ADMINISTRATOR

The executive officer of the Nevada State Welfare Division is the Administrator, responsible for the administration of all activities and services of the Division in accordance with the law and policies, standards, rules and regulations established by the State Welfare Board. The Administrator is responsible to the Director of the Department of Human Resources.

104.4 WELFARE DIVISION

The functions and objectives carried by the Division are organized into two major areas: programs and administration (management). The organizational and functional relationships are shown on the accompanying charts.
A. PROGRAMS

Program functions and objectives are carried by sections under the direction of the Deputy Administrators for Assistance Payments and Social Services.

B. ADMINISTRATION (MANAGEMENT)

Administrative (Management) functions and objectives are carried by branches under the direction of the Administrator.

104.5 ORGANIZATIONAL CHARTS

Organizational charts of the Nevada State Welfare Division appear on the following pages.
105 STAFF FUNCTIONS WITHIN THE WELFARE DIVISION

105.1 ADMINISTRATOR

Responsible for planning, developing and administering assistance programs and social service activities relating to Medical Assistance, Aid to Dependent Children, Food Stamps, Child Support Enforcement, Social Service Block Grant, Child Welfare Services, Foster Care and Adoption assistance, WIN, Refugee, Protective Services for adults and children, foster care home licensing, Supplementary Security Income and other assistance and service programs. Responsible for agency’s fiscal affairs, the preparation and presentation of the biennial agency budget to the Legislature, entering into contractual agreements between the agency and other parties, certification of public assistance payrolls and claims in payment for goods and services. Certifies the availability of state funds on all federal estimates and approves any other transaction which requires the expenditure of funds under the control of the agency. Responsible for all phases of Division administration including program and intentional management and control activities. Analyzes needs and sets program objectives in relation to the needs of the community. Directs staff in formulation of new policies and revision of existing policies as well as evaluation of effect of policies as a basis for keeping programs in line with changing conditions and new knowledge. Stimulates and sponsors research and demonstration projects to determine program and community needs in preventing dependency and in treating and rehabilitating dependent people.

Maintains the necessary lines of coordination and communication between the Division and the Director of Human Resources and other public or private agencies. Meets regularly with major staff officials, either individually or in groups to ascertain the attainment of established goals and objectives. Directs the preparation of the operating budgets as well as requests for appropriation of funds to meet the financial requirements of persons eligible for assistance. Directs the agency’s research function. Interprets the program to interested groups, including other state and local agencies, the press and legislators. Prepares reports and makes recommendations for consideration of the State Welfare Board. Other duties as assigned.

A. STAFF SPECIALIST

Responsible for coordinating all Welfare Board activities to include: compiling the quarterly Welfare Board report, orienting new Board appointees and acting as the liaison for the Board members. Coordinate activities relating to Division legislation; projects affecting agency goals and needs; and meetings on behalf of the Administrator. Responsible for liaison work with agencies, groups and individuals as assigned; prepares correspondence, speeches and press releases. Other duties as assigned.
105.2 WELFARE BOARD

The Board approves rules and regulations for the administration of programs for which the Division is responsible in accordance with adopted Regulations for Management and Government of the Welfare Board. The Board may also advise and make recommendations to the Director or Legislature regarding the public welfare policy of the state.

105.3 MEDICAL CARE ADVISORY GROUP

The Medical Care Advisory Group is mandated by Federal regulation and State law, and encompasses seven committees: Executive, Consumer-Recipient, Dental, Hospital, Long-Term-Care, Pharmacy and Physician. The advisory group serves in an advisory capacity to the Nevada Medicaid Program to provide information and input concerning programs and goals of medical assistance programs and suggest procedures whereby drugs, medical supplies and services are made available to recipients in the most effective and economical manner. The Advisory Group members are appointed by the Director of Human Resources and appointments are effective for a period of one year.

105.4 DEPUTY ATTORNEY GENERAL

Legal counsel to the Welfare Division. Represents the Division in contested legal matters before the courts and administrative tribunals. Advises the Division with respect to legal matters and documents, administrative procedures, and proposed legislation. Researches law, drafts legal documents and briefs, confers with other attorney’s and the courts, and performs other legal duties as necessary.

105.5 DEPUTY ADMINISTRATOR FOR SOCIAL SERVICES

Responsible for directing and supervising staff in developing and implementing the Child Support Enforcement Program and social service programs, including the following federal programs, Social Services Block Grant, Child Welfare Services, Foster Care and Adoption Assistance, WIN and Refugee Program. Also responsible for state mandated service including services to abused/neglected adults and children, foster home program operations; identifies program objectives and develops proposals to improve the level of service and accountability in the social service programs; adopts welfare programs to meet changing social and economic conditions; meets with major staff officials, either individually or in groups, to ascertain the attainment of established goals and objective; conducts a variety of public relations functions; assigns responsibility to staff for interpretation of State and Federal legislation. Other duties as assigned.

A. CHIEF, PROGRAM SERVICES

Under general guidelines set by the deputy administrator develops a budget for service program operations. Develops and prepares pro-
Posed legislation assigned by the administrator or deputy administrator. Assumes major responsibility for establishing advisory committees. Handles special projects and identifies needs for program changes. Other duties as assigned.

B. SOCIAL SERVICE SPECIALIST

The specialists are responsible for development, implementation and evaluation of social service programs in conformity with Federal regulations, Nevada law, and Division policy. Specific duties may include program monitoring, the writing and updating of instructional materials to reflect changes in agency policy and procedures; the development and implementation of staff training; the evaluation of reports of social service activities; consultation, liaison and the provision of technical assistance to Division staff and other related local, State and Federal agencies; the seeking of solutions to problems related to social service programs; the research and drafting of reports on social service needs and services provided; the maintenance of social service informational and reporting systems; participation in the preparation of social service legislation and budget.

C. CHIEF, CHILD SUPPORT

Supervises and directs the activities of the Child Support program in developing standards of performance and policy objectives in accordance with agency objectives. Works in cooperation with local district attorneys under cooperative agreements and the Attorney General’s office in effecting support enforcements from absent parents and other states. Evaluates the program to establish standards on a periodic basis.

1. Staff Specialist, Support Enforcement

Under general direction of the Chief of Child Support Program, plans, analyzes, supervises and evaluates the maintenance and enhancement of the Program’s record system, supervises activities of professional staff within the Program’s management office in their performance of locate services, monitoring, special projects, Federal/State reporting, and development of written procedures; assumes all management responsibilities for the Program upon delegation by Chief of the Support Program or Welfare Administrative Officer and performs related work as requires.

2. Support Enforcement Office Manager

Under Administrative supervision of the Chief, Support Enforcement Program, manages and supervises an area office of the Child Support Enforcement Program; and performs related work as required. Manages and coordinates the program area office activities.
and program procedures with the District Attorney’s Office, the courts and the County Clerk’s Office. Interactions include discussing with the District Attorney case priorities and number cases to be accepted; establishing priorities as to number of referrals; coordinating IRS cases; being advised of status of cases; collections of arrears; and enforcement of policies. These responsibilities are typically performed independently with the Chief Support Enforcement Program being involved in highly irregular cases.

The Support Enforcement Office Manager establishes office work priorities and monitors and supervises office performance to assure goal attainment and compliance with Division and program policies and procedures. Supervisory duties are performed by planning, organizing and assigning work tasks; answering technical, administrative and policy questions about the work and instructing in special techniques; reviewing and evaluating work output for technical accuracy and compliance with established policies and procedures; identifying and providing guidance on improvement. Supervisory duties are not normally subject to review unless a major problem occurs.

D. DISTRICT OFFICE MANAGER

Responsible for administrative direction of welfare programs (except support enforcement) in the district office, including interpretation, consultation and training. Supervises professional subordinate supervisors involved in public assistance and child welfare casework and related activities. Insures adherence to agency policies, procedures, standards, rules and regulations. Evaluates the performance of subordinate supervisory staff and the effectiveness of programs assigned to them. Carries out a continuous staff development program promulgated at the state office level and participates in the program development and policy and to private groups and organizations and cooperates with them in providing effective welfare services to eligible clients. Develops necessary controls in compliance with agency policies and applicable statutes. Selects and maintains adequate and qualified personnel. Analyzes needs for staff, office space, equipment and supplies, compatible with agency services and in accordance with the Division budget administration. Other duties as assigned by the Deputies.

105.6 DEPUTY ADMINISTRATOR FOR ASSISTANCE PAYMENTS

Administers, supervises and directs the activities of the Eligibility and Payments Chief whose unit is engaged in developing standards, policies and procedures for implementation of financial assistance in the Aid to Dependent Children Program, Food Stamp Program, Medical Assistance for the Aged, Blind and Disabled Program and Refugee Program; supervises and
directs District Office Managers who are responsible for implementation of welfare programs at the local level; analyzes and evaluates program operations; identifies program objectives and develops proposals to improve control and accountability in the assistance payments programs; meets with major staff officials, either individually or in groups, to ascertain the attainment of established program goals and objectives; conducts a variety of public relations functions; assigns responsibility to staff for interpretation of State and Federal regulation; participates in development of legislation; other duties as assigned by the Administrator.

A. CHIEF, ELIGIBILITY AND PAYMENTS

Responsible for developing plans and procedures for implementation of state and federal policies and legislation, which establish eligibility for and provide financial assistance to recipients under the Aid to Dependent Children Program, Food Stamp Program, Medical Assistance to the Aged, Blind and Disabled Program, and Refugee Program. Develops plans, procedures and policies for the intake and payment process. Assists in the development of related policy and recommends changes in procedures and new or amended manual and instructional material for training use. Established controls and accountability systems to assure legality of payments. Maintains records and makes reports. Completes special assignments and research in the areas of eligibility and payments at the direction of the Administrator. Other duties as assigned by the Deputy for Assistance Payments.

1. Eligibility and Payments Specialists

Each specialist has responsibility for one of the E&P programs, including development, implementation and maintenance in conformity with Federal regulations, Nevada law, and Division policy. Specific duties may include on-site field office reviews; program monitoring; the writing and updating of instructional materials to reflect changes in agency policy and procedures; the development and implementation of staff training; the evaluation of reports of E&P activities; the coordination of program activities; consultation, liaison, and the provision of technical assistance to the Division staff and other related local, State and Federal agencies; the seeking of solutions to problems related to E&P programs; the maintenance of E&P automated informational and reporting systems; participation in the preparation of legislation and budget. Other duties as assigned by the Chief of Eligibility and Payments.

B. DISTRICT OFFICE MANAGER

Responsible for administrative direction of welfare programs (except support enforcement) in the district office, including interpretation, consultation and training. Supervises professional subordinate supervisors involved in public assistance and child welfare casework and related activities. Insures adherence to agency policies, procedures, standards, rules and regulations. Evaluates the performance of subordinate supervisory staff and the effectiveness of programs assigned
to them. Carries out a continuous staff development program promulgated at the state office level and participates in the program development and policy formulation indicated by continuing review. Engages in community planning, presents and explains welfare policies to the public and to private groups and organizations and cooperates with them in providing effective welfare services to eligible clients. Develops necessary controls in compliance with agency policies and applicable statutes. Selects and maintains adequate and qualified personnel. Analyzes needs for staff, office space, equipment and supplies compatible with agency services and in accordance with Division budget administration. Other duties as assigned by the Deputies.

105.7 CHIEF, FINANCIAL PROGRAM SERVICES

Under administrative direction, is responsible for the management of fiscal and financial programs for the Welfare Division to include: Budget development and maintenance; fiscal intermediary analysis, audit and appeals; provider reimbursement and compliance; and program assurance which includes quality control; internal audit, welfare fraud investigation and administrative hearings functions; and performs related work as required.

A. PROGRAM ASSURANCE OFFICER

Responsible for Internal Audit, Hearings, Investigations and Quality Control. Provides management information on functioning of programs as gathered through Program Assurance functions. Make recommendations for corrective actions when problem/potential problem areas of policy or procedure are identified through the Hearing, Quality Control, Investigations or Audit processes, or reviews of state or federal laws or regulations. Develops and updates policy and procedures for Program Assurance functions. Coordinates State Plans of Operation. Coordinates Civil Rights (Section 504) non-discrimination requirements. Special assignments and/or research as directed. Participate in formulation of budget and legislation pertaining to program Assurance functions.

B. CHIEF, QUALITY CONTROL

Responsible for the continuous and systematic reviews of sample cases in ADC, Medicaid and Food Stamp Programs to determine correctness of case actions. Determines if the percentage of ineligible recipients and incorrect payments remain within established federal tolerance levels. Identifies significant sources of both agency and client error, analyzes results of a review period and recommends corrective action. Compiles monthly and biannual reports to the Federal Regional Office. Compiles internal monthly reports of QC findings. Consults with staff on eligibility policy problems. Conducts special reviews.

C. INTERNAL AUDITOR

Coordinates audits of internal records and programs, and external facilities which provide services on behalf of the Division through contracts or agreements. Responsible for administrative policy,

D. VERIFICATION OFFICER

Responsible for investigative activities in the ADC, Food Stamp and Medicaid programs. (Includes Welfare Fraud Investigators, Special Investigative Unit (SIU), and Medicaid Investigators.) Coordinates prevention, detection, investigation and prosecution of recipients and providers committing fraud and abuse in Welfare Division programs. Responsible for maintaining current knowledge of NRS and federal statutes and regulations dealing with investigative activities. Develops and maintains liaison with law enforcement agencies, District Attorneys and Deputy Attorneys General. Prepares reports of investigations activities for Federal and internal purposes.

E. HEARING OFFICER

Responsible for scheduling and holding hearings in the ADC, Food Stamp, Social Services and Medicaid programs. Summarizes and makes recommendations to the Hearing Authority on the disposition of hearings. Maintains hearing records and prepare reports of policies in all programs for application in making hearing recommendations.

105.8 CHIEF, NEVADA MEDICAID PROGRAM

Responsible for directing and supervising staff in developing and implementing a medical care program for the medically indigent as prescribed by Title XIX (Medicaid) of the Social Security Act and Nevada Revised Statutes. Determines amount, duration and scope of medical services within budgetary and state plan limits, taking into consideration the recommendations of professional persons and groups. Maintains constant fiscal controls over budget funds. Establishes rates of payments, with review and comment by provider groups. Rates are subject to approval by the Welfare Administrator and Welfare Board. Researches, develops and evaluates alternative methods for purchasing medical services, e.g., bulk purchase, per capita rates, prospective payment rates. Responsible for institutional utilization control/review fraud and abuse investigations, utilization control programs for all medical services, provider contracts, third party liability collections, health facility audits, claims processing through the fiscal agent, civil rights compliance required by Section 504. Coordinates with other Welfare Division programs. Develops Medicaid budget in cooperation with Management Services. Other duties as assigned.

A. FISCAL AGENT - BLUE CROSS/BLUE SHIELD OF NEVADA

Under a state/federally approved contract, performs the following functions as fiscal agent: claims processing; provider services/relations; third party liability (cost avoidance, recovery, subrogation) collection programs; and cost reimbursement audits.
financial, medical services, program and client audits. Develops audit plans. Makes reports on audit findings. Recommends corrective action. Conducts special reviews/audits. Prepares reports of audit activity.

D. VERIFICATION OFFICER

Responsible for investigative activities in the ADC, Food Stamp and Medicaid programs. (includes Welfare Fraud Investigators, Special Investigative Unit (SIU), and Medicaid Investigators.) Coordinates prevention, detection, investigation and prosecution of recipients and providers committing fraud and abuse in Welfare Division programs. Responsible for maintaining current knowledge of NRS and federal statutes and regulations dealing with investigative activities. Develops and maintains liaison with law enforcement agencies, District Attorneys and Deputy Attorneys General. Prepares reports of investigations activities for Federal and internal purposes.

E. HEARING OFFICER

Responsible for scheduling and holding hearings in the ADC, Food Stamp, Social Services and Medicaid programs. Summarizes and makes recommendations to the Hearing Authority on the disposition of hearings. Maintains hearing records and prepare reports of hearing activity. Responsible for maintaining knowledge of policies in all programs for application in making hearing recommendations.

105.8 CHIEF, NEVADA MEDICAID PROGRAM

Responsible for directing and supervising staff in developing and implementing a medical care program for the medically indigent as prescribed by Title XIX (Medicaid) of the Social Security Act and Nevada Revised Statutes. Determines amount, duration and scope of medical services within budgetary and state plan limits, taking into consideration the recommendations of professional persons and groups. Maintains constant fiscal controls over budget funds. Establishes rates of payments, with review and comment by provider groups. Rates are subject to approval by the Welfare Administrator and Welfare Board. Researches, develops and evaluates alternative methods for purchasing medical services, e.g., bulk purchase, per capita rates, prospective payment rates. Responsible for institutional utilization control/audit programs, fraud and abuse investigations, utilization control programs for all medical services, provider contracts, third party liability collections, health facility audits, claims processing through the fiscal agent, civil rights compliance required by Section 504. Coordinates with other Welfare Division programs. Develops Medicaid budget in cooperation with Management Services. Other duties as assigned.

A. FISCAL AGENT - BLUE CROSS/BLUE SHIELD OF NEVADA

Under a state/federally approved contract, performs the following functions as fiscal agent: claims processing; provider services/relations; third party liability (cost avoidance, recovery, subrogation) collection programs; and cost reimbursement audits.
B. ASSISTANT CHIEF NEVADA MEDICAID

Functions as an operations officer through supervision of most Medicaid staff. Coordinates work activities between Medicaid programs and staff. Assists in development and management of Medicaid budget. Monitors ongoing operations of the Medicaid program and develops corrective action where necessary. Also responsibility for the writing and coordination of policy issuances: State Plan under Title XIX, and Medicaid Services Manual (twenty chapters) and Medicaid Operations Manual (six chapters). Responds to general inquiries and surveys received from national groups and other states. Assists with development of rates and establishment of amount, duration and scope of Medicaid coverage.

C. PHARMACEUTICAL CONSULTANT

Responsible for planning, development and implementation of pharmaceutical policy and related aspects of the Nevada Medicaid program. Develops program controls to promote efficiency and economy and to prevent overutilization. Has primary responsibility for authorizing payment for restricted services involving pharmacy or pharmaceutical services. Monitors and evaluates the activities and performance of pharmaceutical consultants to all long-term-care facilities in Nevada. Participates in Medical Review Team activity when needed.

D. MEDICAL REVIEW TEAM

The Medical Review Team conducts at least annual reviews in all long-term-care facilities. The team is composed of at least one member who is a physician or registered nurse and other appropriate health and social services personnel. The inspection team must include personal contact with and observation of each Medicaid recipient and review of his/her medical record.

The team determines whether services available in the facility are adequate to meet the health, rehabilitative and social needs of each recipient and promote his maximum physical, mental and phycosocial function.

The team also determines the continued need of placement in a facility and analyzes alternative methods of care for recipients.

E. MEDICAL SERVICES SPECIALIST

Medical Services Specialists are responsible for development, implementation and evaluation of medical service programs in conformity with Federal regulation, state law and Division policy.

They are responsible for providing consultative and advisory services to policy-setting officials, as well as providers of medical care and services. Specific duties include the design, development and coordination of Medicaid's inpatient hospital, long-term care, home health
care, dental durable medical equipment, family planning, transportation, primary care case management programs and reporting and informational systems.

Medical Services Specialists are responsible for all contracts with Medicaid providers, facility payment rates, claims adjudication, performance of the fiscal agent, facility civil rights compliance and patient advocacy. They offer liaison, assistance and consultation to staff of the Division, the Department, medical providers, Medical Care Advisory Groups, State and local governmental agencies. Participate in the preparation of the Medicaid budget and legislation.

105.9 CHIEF, MANAGEMENT SERVICES

Responsible for developing standards for and assisting in the formulation of administrative policies related to management analysis, accounting data processing, procurement, and research and statistics programs. Develops and installs plans for improvements in administrative practices and procedures within the state and area offices. Evaluates their effectiveness and provides consultation. Supervises and coordinates the work of divisional units engaged in administrative services, personnel and training, data processing, accounting and finance, and research and statistics. Recommends new or amended legislation, rules and regulations. Supervises the functions of the Finance unit, the Management Analysis unit, the Contract services unit, and the Personnel and Training unit.

A. CHIEF OF FINANCE AND ACCOUNTING

Responsible for administration accounting, maintaining ledgers, accounting documents and reports. Responsible for maintaining proper audit evidence for all expenditures of federal and state funds that were made in accordance with existing laws and regulations that govern them. Ensures all work programs are current. Administers the administration claims and maintains travel and operating ledgers. Responsible for program accounting, program payrolls, monthly program costs, caseload reports, warrant cancellation and refund lists. Maintains all trust accounts and ledger. Coordinates agency accounting and budget activities with other governmental agencies involved in fiscal work. Makes all payments in both the areas of administration and assistance and mails all warrants. Responsible for child support program accounting and proper distribution of all assigned support collection received by the agency. Responsible for Property Inventory and record retention. Other duties as assigned

B. MANAGEMENT ANALYSIS, ANALYSTS

Responsible for conducting surveys of organizational methods and procedures, and for making studies of a general management or administrative nature. Studies various phases of divisional operations, including: organization, functions, policies, work flow, work coordi-
nation, office layout, communications, procedures/methods/systems and forms. Investigates operations with reference to organization and budgetary requirements. Prepares parts of the Division’s budget and defends the need for the request. Studies and evaluates Division requirements for new equipment. Coordinates Division data processing requirements to include systems design. Prepares reports and recommendations based on findings. Meets with operating officials, discusses problems involved in their operations, and assists them in the installation of new procedures/methods/systems and equipment. Other duties as assigned.

C. CHIEF, CONTRACT SERVICES AND OFFICE SERVICES

Requests proposals for Social Services Block Grant. Arranges purchase of social services from existing public or private agencies; negotiates the terms of the contract; formulates the terms of the contract into a written document; provides consultation to provider agencies; monitors and evaluates contracts; renegotiates contracts; develops and maintains the “Purchase of Service” manual; provides overall interpretation and application of guidelines relating to purchase of service; develops regulations pertaining to the administration of the program; develops monitoring and evaluation systems and procedures. Develops, coordinates, publishes and submits the State Plan Block Grant.

Responsible for the Division’s printing, office supplies, Central Office mail services and word processing services. Establishes controls, designs the format for and prints forms, manuals, Central Office memos, and other publications within the Division. (Note: Content of all forms, manuals, memos, etc., is determined by the responsible staff element.)

1. Research and Statistics is responsible for preparing and analyzing regularly required statistical reports. Prepares evaluations and interpretations of operating data in which work is standardized as to procedure, form and content. Works on research projects as assigned. Other duties as assigned.

D. PERSONNEL OFFICER

Responsible for all Welfare, Health and Aging Services personnel and training activities. Supervises the Personnel Unit and Training Officer. Processes payroll, leave, insurance, employee evaluations and all other forms relating to the personnel function. Responsible for delegated recruitment, examining, selection and classifications of Welfare, Health and Aging employees. Conducts reclassification studies. Confers with management on staffing requirements and manpower planning. Assists Administrator in preparing for grievances, appeals and hearings. Consults and advises staff on all personnel problems. Responsible for maintaining compliance with Title VI, OSHA
and Affirmative Action requirements. Maintains record system on all employees, position histories, and personnel reports. Responsible for Personnel and Training section of the Welfare Administrative Manual. Other duties as assigned.

1. TRAINING OFFICER

Responsible for staff development programs for all Division personnel. Plans and conducts meetings and workshops. Analyzes training needs and arranges for appropriate continuous training. Interprets training policies, rules and regulations governing welfare programs. Develops educational leave policy and training material. Responsible for the Staff Development section of the Welfare Administrative Manual. Coordinates the Training Committee activities. Acts as Hearing Officer for the northern half of the state. Other duties as assigned.
101.3 DEPUTY ADMINISTRATOR OF MEDICAID

The Deputy Administrator of Medicaid has overall responsibility for directing and supervising staff who develop and implement the Medicaid program as prescribed by Title XIX of the Social Security Act and Nevada Revised Statutes. This includes planning, policy development and administration of the Medicaid program.

A. FISCAL RESPONSIBILITIES

The Deputy Administrator

1. Determine the amount, duration and scope of medical services within budgetary and State Plan limitations. Professional persons and groups make recommendations which are taken into consideration. The Administrative Services Section of the Welfare Division develops fiscal projections.

2. Maintains ongoing fiscal controls over budget funds using fiscal reports developed by the Administrative Services Section.

3. Establishes rates of payments. Provider groups review and comment on proposed rates. Recommend rates are developed by the Administrative Services Section of the Welfare Division. Rates are subject to approval by the Welfare Administrator and/or the Welfare Board.

4. Develops Medicaid budget in cooperation with the Administrative Services Section.

B. COORDINATION AND LIAISON

The Deputy Administrator is the liaison and coordinates with:

1. The Medical Advisory Groups and serves as the Executive Secretary for each group;

2. The Medical Associations;

3. Federal HCFA regional and central offices’ staff;

4. County Welfare Directors;

5. Other Sections of the Welfare Division Central Office; and

6. District Office Medicaid staff.

C. STATE LEGISLATURE

The Deputy Administrator develops proposed legislation and testifies on proposed legislation and the Medicaid budget.
D. STATE WELFARE BOARD

The Deputy Administrator is responsible for development of required Board exhibits and testifies on exhibits at Board Meetings.

E. MEDICAL CONSULTANTS PROFESSIONAL REVIEW ORGANIZATION AND FISCAL AGENT

The Deputy Administrator establishes policies and procedures for contracts with medical consultants, the Professional Review Organization and the fiscal agent and assures compliance with those contracts.

101.4 CHIEF OF MEDICAID

A. SUPERVISION

Directly supervises day to day operations of the Nevada Medicaid Office and assures that staff members:

1. Interpret federal regulations and state laws and establish medical services in accordance with those regulations and laws.

2. Develop and use systems and methods based on program goals, policies and limitations including the ongoing utilization reviews of the quality and quantity of medical services provided.

3. Develop and distribute Medicaid Services Manual material, Medicaid Guide booklet, information bulletins, etc., to provide information on program benefits, service definitions, limitations, procedures, and other guidelines necessary for the provision and/or use of medical services.

4. Design and distribute appropriate evaluation, authorization and billing forms to medical providers.

5. Provide technical assistance and training for providers and District Office staff.

B. FISCAL RESPONSIBILITIES

The Chief assists in developing rates, establishing the amount, duration and scope of the Medicaid program and developing and monitoring the budget.

C. COORDINATION

The Chief coordinates activities between:

1. Nevada Medicaid Office units;

2. Welfare Division District Office staff and Nevada Medicaid Office staff;
3. The fiscal agent, providers and Medicaid staff; and
4. Health Care Financing Administration and Medicaid staff.

D. INQUIRIES AND SURVEYS

The Chief responds to inquiries and surveys from recipients, providers, national groups and other states.

E. STATE PLAN

The Chief revises the Medicaid State Plan as required.

101.5 PHYSICIAN CONSULTANTS

There are physician consultants under contract with Nevada Medicaid, for psychiatry and for other medical services. The duties of the Consultants are to:

A. Provide advice and medical opinions to Medicaid staff.
B. Assist in development of Medicaid policies and procedures.
C. Review charts for disabled clients applying for Medicaid to determine if the clients meet disability eligibility requirements.
D. Consult with utilization review and medical review staff to determine appropriateness of services.

101.6 PHARMACEUTICAL CONSULTANT

A. PROGRAM RESPONSIBILITIES

The Pharmaceutical Consultant plans, develops and implements changes related to pharmaceutical services. This includes developing controls to promote efficiency and economy and to prevent over utilization. The consultant schedules and notifies participant’s of meetings of the Pharmacy Committee of the Medical Care Advisory Group.

B. AUTHORIZATIONS

The Pharmaceutical Consultant authorizes payment for services for “emergency care only” recipients.

C. MONITORING

The Pharmaceutical Consultant monitors and evaluates the activities of pharmaceutical staff in long-term-care facilities in Nevada. As needed, the Consultant also participates on the Medical Review Team which reviews long-term-care facilities.
101.7 PROVIDER SERVICES UNIT

The Provider Services Unit consists of a Medical Services Specialist, a claims Adjudicator, a Medical Records Coordinator and a Senior Account Clerk.

The duties of this Unit are to:

A. PROVIDER ENROLLMENT

1. Develop provider enrollment conditions of participation and enrollment procedures.
2. Enroll only qualified providers.
3. Terminate providers in accordance with federal regulations, state law and Medicaid policy.
4. Develop and revise provider agreements.
5. Respond to requests regarding provider enrollment.

B. PROGRAM RESPONSIBILITY FOR FAMILY PLANNING, STERILIZATION, HYSTERECTOMIES AND ABORTIONS

1. Develop policies and procedures regarding the above services.
2. Participate in federal audits of those services.
3. Provide technical assistance regarding those services.

C. MEDICAL CARE ADVISORY GROUP

1. Overall coordination of Medical Care Advisory Groups.
2. Prepare list of nominations for committee membership for approval by the Director of the Department of Human Resources.

D. FISCAL AGENT SERVICES

1. Monitor timeliness and accuracy of claims processing functions of the fiscal agent.
2. Serve as liaison between other Medicaid staff and the fiscal agent.
3. Coordinate with the fiscal agent’s Provider Services Section regarding provider need for assistance with claims, training on billing procedures, etc.

E. MEDICAL LIBRARY SERVICES

1. Maintain Medicaid’s Medical Library.
101.8 MEDICAL REVIEW UNIT

The Medical Review Unit consists of a Medical Review Specialist and three Medicaid Service Examiners, and an Administrative Aid.

The duties of this Unit are to:

A. MEDICAL AND INDEPENDENT PROFESSIONAL REVIEWS

1. Project, schedule and conduct annual Medical and Independent Professional Reviews in all long-term-care and adult day health care and ICP/MR facilities.

2. Develop policies and procedures regarding Medical and Independent Professional Reviews in long-term-care, ICP/MR and adult day health care facilities.

3. Direct and coordinate those reviews conducted by Southern Nevada Medical Review Team.

4. The purposes of these reviews are to evaluate care provided for adequacy, appropriateness and feasibility of alternative placement.

5. Maintain ongoing liaison and monitoring of long-term-care facilities.

6. Complete a written report for each facility review.

7. Maintain personal computer (PC) system for long-term-care.

8. Participate in certification of adult day health care facilities.

9. Coordinate activities with Bureau of Regulatory Health Services of the Health Division.

B. PAYMENT AUTHORIZATION

1. Authorize Medicaid payment for all long-term-care placements, both within and out of the state of Nevada.

2. Develop and coordinate procedures for payment authorization for high intensity skilled care.

3. Develop policies and procedures and authorize Medicaid payment for podiatry and audiology services.

4. Conduct pre-screenings for placements in long-term-care or alternative placements.
C. UTILIZATION REVIEWS

1. Maintain copies of all Utilization Review contracts for long-term-care facilities.

2. Coordinate utilization reviews in ICF and ICF/MR facilities.

D. QUARTERLY SHOWING

Prepare and submit Quarterly Showing Report for HCFA.

E. MEDICAL CONSULTATION

1. Provide advice, interpretation, clarification and consultation to Medicaid staff, providers and other professional staff.

2. Receive and investigate complaints regarding the quality of medical and nursing care, environmental safety and sanitation conditions in long-term-care facilities.

101.9 UTILIZATION REVIEW UNIT

The Utilization Review Unit consists of a Medical Review Specialist and a Medicaid Services Examiner. The duties of this Unit are to:

A. ACUTE HOSPITAL SERVICES PROGRAM

1. Negotiate contractual arrangements with the Peer Review Organization. Prepare and monitor that contract.

2. Monitor pre-admission acute care authorization currently provided by Nevada Physicians Review Organization (NevPRO) through a contract with Medicaid.

3. Monitor concurrent hospital utilization reviews regarding appropriateness of acute care, which are conducted currently by NevPRO.

4. Evaluate and act upon reports regarding hospital utilization. Develop and implement corrective action programs to control inappropriate inpatient hospital services.

5. Monitor out-of-state inpatient services and authorize payments.

6. Determine out-of-state reimbursement policy and rates on claims referred from the fiscal intermediary.

B. UTILIZATION REVIEW – OTHER MEDICAL PROGRAMS

1. Coordinate with Medical Review Unit for Utilization reviews in ICF and ICF-MR facilities.
2. Develop methods, conduct reviews and analyze results of utilization control reviews for non-institutional Medicaid services. Write reports on results of reviews.

3. Develop policies and procedures for utilization control including pre-service controls, concurrent service controls, pre-payment controls, and post-payment reviews.

4. Develop and implement provider and recipient detection program.

5. Design and conduct post payment review of all provider types and assure corrective action is taken.

6. Design and maintain computer conflicting procedure edits to control utilization and Medicaid expenditures.

7. Refer cases of suspected fraud or abuse to Investigations Unit and coordinate with the Investigations Unit in conducting investigations of referred cases.

C. LABORATORY SERVICES PROGRAM

1. Develop policies and procedures for laboratory providers.

2. Establish and conduct a Quality Assurance process.

3. Design and conduct post payment review of all providers and assure any necessary corrective action is taken.

4. Covered services are clinical laboratory, surgical pathology, cytopathology and cytogenetic services.

5. Non-covered services are post mortem-anatomic pathology, reproductive medicine, and services deemed inappropriate to a probable diagnosis.

D. OUT-OF-STATE SERVICES

Authorize all out-of-state medical services except for long-term-care.

E. OUTPATIENT MEDICAL TREATMENT

1. Authorize outpatient medical treatment including additional doctor visits, physical, speech, and occupational therapy, psychologist and chiropractic services and special procedures.

2. Develop policies and procedures regarding outpatient services, i.e., x-ray services, physical, speech, and occupational therapy physician services, psychologist and chiropractic services, registered nurse practitioner services and hospital outpatient services.

3. Schedule and notify participants of meetings of the Physician's Committee of the Medical Care Advisory Group.
C. OUTPATIENT MENTAL HEALTH SERVICES

Develop and monitor policies and procedures for appropriate utilization of mental health services.

D. UTILIZATION REVIEW DETECTION SYSTEM

2. Design and assist Medicaid’s Management Analyst in maintaining computerized detection systems.

3. Based on manual and automated detection systems findings, take necessary corrective action and write reports regarding results.

101.10 INSTITUTIONAL SERVICES UNIT

This unit consists of a Medical Services Specialist and a Social Worker. The duties of this unit are to:

A. PRIMARY CARE CASE MANAGEMENT PROGRAM (PCCM)

1. Develop and revise Federal waiver to provide PCCM services.

2. Develop policies and procedures and provide training for PCCM program.

3. Develop contracts with PCCM providers.

B. ACUTE HOSPITAL INPATIENT PROGRAM

1. Develop policies and procedures and provide training regarding inpatient hospital services.

2. Schedule and notify participants of meetings of the Hospital Committee and Long-Term-Care Committee of the Medical Care Advisory Group.

3. Develop policies and procedures for administrative days coverage. Maintain controls on administrative days to assure compliance, document cost and authorize/deny payment.

C. LONG-TERM-CARE PROGRAM

1. Develop policies and procedures and provide training regarding skilled nursing and intermediate care facility programs.

2. Coordinate activities of the Long-Term-Care Committee of the Medical Care Advisory Group.

3. For out-of-state long-term-care placements:
a. Receive and review requests;
b. Develop criteria for out-of-state placements; and
c. Assist out-of-state facilities to deal with problems of Nevada Medicaid recipients.

D. MEDICAL REVIEW TEAM

As needed assist in Independent Professional Reviews.

E. COORDINATION WITH BUREAU OF REGULATORY HEALTH SERVICES (BRHS)

Coordinate and monitor State Survey Agency (BRHS) licensing and survey activities pertaining to ICF/SNF/ICF-MR and Acute Hospital Services.

F. PRE-SCREENING PROGRAM

1. Develop policies and procedures and provide training on ICF/SNF pre-screening program.
2. Maintain controls and statistics on pre-screening program.
3. As needed, conduct pre-screening.

101.11 RECIPIENT SERVICES UNIT

This unit consists of a Medical Services Specialists and a Medical Review Specialist. The duties of this Unit are to:

A. DETERMINATIONS OF INCAPACITY AND DISABILITY

1. In conjunction with consulting physician evaluate information provided to determine if Medicaid applicants meet criteria for incapacity or disability.
2. Develop policies and procedures and provide training on incapacity/disability determinations.
3. Assist Fair Hearings Unit and testify at fair hearings regarding incapacity/disability determinations.

B. DENTAL PROGRAM

1. Develop policies and procedures and provide training regarding dental services.
2. Coordinate with fiscal intermediary’s dental consultant.
3. Authorize payment for dental services.
4. Schedule and notify participants of meetings of the Dental Committee and the Consumer Recipient Committee of the Medical Care Advisory Group.

5. Respond to dental provider inquiries and recipients' complaints regarding payments, billings and services requested or provided.

C. TRANSPORTATION

1. Develop policies and procedures and provide training regarding transportation services.

2. Supervise payment authorization for transportation which are done at the local district offices.

D. DURABLE MEDICAL EQUIPMENT, SUPPLIES AND OCULAR SERVICES

1. Develop policies and procedures and provide training regarding durable medical equipment, medical supplies and ocular services.

2. Authorize payment for durable medical equipment, medical supplies and ocular services.

3. Provide assistance to providers of the above services and handle recipient complaints.

101.12 PROGRAM DEVELOPMENT AND HOME CARE UNIT

This unit consists of a Medical Services Specialist and a Medical Services Examiner. The duties of this unit are to:

A. PROGRAM DEVELOPMENT

1. Research program changes and/or new programs and write reports including data, information and recommendations regarding feasibility of program changes or program development.

2. In conjunction with Administrative Services Section develop budget for program change/new programs.

3. Develop and implement necessary policies and procedures for program changes/new programs. Coordinate these activities with appropriate Welfare Division staff, other agency staff, HCFA and the fiscal intermediary.

4. Develop necessary controls and monitoring methods for program changes/new programs.

B. HOME AND COMMUNITY BASED WAIVER FOR MENTALLY RETARDED

1. Develop policies and procedures for the waiver.

2. Develop and update federal waiver program proposal.
3. Maintain computer PC system of waiver recipients.
4. Authorize payment for waiver services.
5. Review claims for waiver services to assure accurate billings.
6. Conduct reviews of waiver services and take necessary action to assure compliance.

C. ADULT DAY HEALTH CARE
1. Develop policies and procedures and provide training and technical assistance regarding adult day health care.
2. Certify or direct certification by local District Office staff for adult day health care.
3. Authorize payment for adult day health care.
4. Develop and maintain PC computer program for adult day health care.

D. SKILLED NURSING IN HOME CARE
1. Develop policies and procedures, provide training and technical assistance regarding skilled nursing in home care.
2. Authorize payment for skilled nursing in home care.

E. PERSONAL CARE AIDE PROGRAM (PCA)
1. Develop policies and procedures and provide training and technical assistance regarding personal care aide program.
2. Authorize PCA services in rural Nevada.
3. Make home visits to PCA clients to assess functioning and develop nursing care plans.
4. Monitor and evaluate PCA program and take necessary corrective action.
5. Review all PCA claims for rural Nevada cases.
6. Coordinate with district office staff who arrange for home care and supervise PCA’s

F. EARLY AND PERIODIC SCREENING, DIAGNOSIS AND TREATMENT (EPSDT)
1. Develop policies and procedures and provide training and technical assistance regarding EPSDT program.
2. Review all EPSDT screening exams and authorize payment for exams and referrals.
3. Monitor EPSDT program and take necessary corrective action.
4. Maintain EPSDT computer system in conjunction with Medicaid’s Management Analyst.

G. HOME CARE FOR DISABLED CHILDREN (FORMERLY KATIE BECKETT CASES)
1. Receive applications, review and make recommendations to Board regarding appropriateness and scope and duration of home care services for disabled children.
2. Periodically review level of services provided and make recommendations to Board.
3. Set up and coordinate meetings for Board which approves/denies eligibility and determines scope and duration of services if appropriate.
4. Develop policies and procedures and provide training and technical assistance regarding this program.
5. Assist Fair Hearings Unit regarding denials/terminations of home care for disabled children.
6. Maintain controls and monitor this program.

H. CIVIL RIGHTS COORDINATOR
1. Develop policies and procedures to review civil rights compliance in long-term-care and acute care facilities.
2. Survey facilities to assure civil rights compliance.
3. Take appropriate action when facilities are out of compliance.

101.13 ELIGIBILITY AND PAYMENTS SECTION

The Eligibility and Payments Section of the Welfare Division has the following responsibilities which specifically pertain to the Medicaid program:

A. POLICIES AND PROCEDURES
1. Based on Federal regulations, develop policies and procedures for determining eligibility for Medicaid.
2. Provide training and implement policies and procedural changes regarding eligibility.
3. Monitor and evaluate policies and procedures.
B. DETERMINE ELIGIBILITY
   1. Receive and process applications
   2. Determine eligibility initially and on an ongoing basis for Medicaid and, if appropriate, public assistance.
   3. Notify clients of the results of the determination.

C. Maintain E&P Computer System which provides data to the Medicaid system on eligibility for Medicaid.

D. Administer Medicaid Buy-In Program.

101.14 ADMINISTRATIVE SERVICES SECTION

The Administrative Services section of the Welfare Division has the following responsibilities pertaining to the Medicaid program:

A. ACCOUNTING
   1. Maintain accounting systems for Medicaid expenditures.
   2. Maintain accounting systems for Medicaid personnel for payroll, travel, etc.

B. MANAGEMENT ANALYSIS

In conjunction with Medicaid staff maintain computer systems for Medicaid program.

C. INVESTIGATIONS
   1. Conduct investigations of allegedly fraudulent Medicaid recipients and providers.
   2. Assist in the prosecution of fraudulent recipients and providers.

D. RESEARCH AND STATISTICS
   1. Develop means and maintain statistics on Medicaid program.
   2. Complete Medicaid federal reports, e.g., HCFA 64, HCFA 2082.

E. QUALITY CONTROL

Conduct reviews to assure proper eligibility determinations of Medicaid applicants/recipient.

F. INTERNAL AUDITS
   1. Develop rates for Medicaid services.
2. Audit cost reports of Medicaid providers.
3. Conduct audits of records and programs of Medicaid providers.

G. BUDGET

1. Based on recommendations from Medicaid staff develop budget for Medicaid program.
2. Develop and maintain controls for budget monitoring.
3. Develop and revise work program for Medicaid budget.
1.3 Statewide Operation

The plan is in operation on a Statewide basis in accordance with all requirements of 42 CFR 431.50.

X The plan is State administered.

___ The plan is administered by the political subdivisions of the State and is mandatory on them.
Tribal Consultation Requirements

Section 1902(a)(73) of the Social Security Act (the Act) requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular, ongoing basis from designees of Indian health programs, whether operated by the Indian Health Service (IHS), Tribes or Tribal organizations under the Indian Self-Determination and Education Assistance Act (ISDEAA), or Urban Indian Organizations under the Indian Health Care Improvement Act (IHCIA). Section 2107(e)(1) of the Act was also amended to apply these requirements to the Children’s Health Insurance Program (CHIP). Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

Nevada Consultation Process

The Department of Health and Human Services (DHHS), Tribes, Indian Health Service, Tribal and Urban Indian Organizations (I/T/U) residing within of the State of Nevada created a Tribal Consultation Process. The Tribal Consultation Process was signed and became effective March 2010. Below is a summary of the process for the Tribal Consultation Process:

Purpose - The purpose of the agreement is to establish an open and meaningful consultation process between the Nevada Department of Health and Human Services and the Indian Tribes in the State of Nevada to facilitate better communication and collaboration between the entities.

Agreement - The guiding principle of the agreement is to ensure that open and meaningful communication occurs in a timely manner for consultation between the parties regarding high-level policy changes that significantly impact Indian Tribes in the State of Nevada. Policy changes that significantly impact Indian Tribes refer to actions that have substantial Tribal implications with direct effects on one or more Indian Tribes, on relationship between the State of Nevada and Indian Tribes, or on the distribution of roles on and responsibilities between the State of Nevada and Indian Tribes.

A copy of the tribe-state consultation process can be requested from the Division of Health Care Financing and Policy (DHCFP).

1. Please describe the process the State uses to seek advice on a regular ongoing basis from federally-recognized tribes, Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments, waiver proposals, waiver extensions, waiver amendments, waiver renewals and proposals for demonstration projects prior to submission to CMS. Please include information about the frequency, inclusiveness and process for seeking such advice.

Notification Process

In addition to the tribe-state consultation process set forth between DHHS, Tribes, and I/T/U's;
DHCFP will consult with all federally recognized Tribes and I/T/Us within the State of Nevada on all Medicaid state plan amendments, waiver requests, waiver renewals, demonstration project proposals and/or on all matters that relate to Medicaid and CHIP programs.

a. The notification will describe the purpose of the state plan amendment, waiver request, waiver renewal, demonstration project proposal and/or on matter relating to Medicaid and CHIP programs and will include the anticipated impact on Tribal members, Tribes and/or I/T/Us. The description of the impact will not be Tribal member, Tribe and/or I/T/U specific if the impact is similar on all Tribal members, Tribes and/or I/T/Us.

b. The notification will also describe a method for Tribes and/or I/T/Us to provide official written comments and questions within a time-frame that allows adequate time for State analysis, consideration of any issues that are raised and the time for discussion between the State and entities responding to the notification.

c. Tribes and I/T/Us will be provided a reasonable amount of time to respond to the notification. Whereof, thirty (30) days is considered reasonable.

d. In all cases where Tribes and/or I/T/Us request in-person consultation meetings, DHCFP will make these meetings available.

e. The tribe-state consultation process allows for an expedited process for notification of policy changes due to budget cuts prior to changes being implemented. The Centers for Medicare and Medicaid Services (CMS) requires Medicaid state plan amendments, waiver requests and waiver renewals, which fall within this category to have a notification process prior to these documents being submitted to CMS. Due to this, the State is instituting an expedited process which allows for notification to the tribes of at least one week notice prior to the changes being implemented as agreed upon in the tribe-state consultation process or two weeks prior to the submission of the state plan amendments, waiver requests and/or waiver renewals, whichever date precedes.

2. Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment, when it occurred and who was involved.

State of Nevada, Department of Health and Human Services (DHHS) Tribal Consultation Process: On August 13, 2009, Michael J. Willden (Director, DHHS), Charles Duarte (Administrator, DHCFP) and John Liveratti (Chief of Compliance, DHCFP) met with representatives from the Indian Health Board of Nevada (IHBN) to begin tribal-state collaboration process discussions. To help facilitate this discussion, IHBN presented a draft of the State of Arizona’s tribal-state consultation policy. Based on the outcome of this discussion and Arizona’s draft policy, Mary Liveratti (Deputy Director, DHHS) created a draft tribal-state consultation policy. The draft policy was completed on September 15, 2009. Subsequently, the Deputy Director presented the draft policy to the IHBN and DHHS division administrators. On October 7, 2009, a follow-up meeting was convened to discuss the draft policy. Those in attendance were Mary Liveratti, Diane Comeaux (Administrator, Division of Child and Family Services), Romaine Gilliland (Administrator, Division of Welfare and

TN No. NEW
Supportive Services), Carol Sala (Administrator, Division of Aging and Disability Services), Dr. Luana Ritch (Health Division) and Larry Curley (Indian Health Board Nevada). Resulting from the discussion and input during this meeting, a revised draft was created. On November 10, 2009, a subsequent meeting was convened. Those in attendance were Mary Liveratti, Diane Comeaux, Romaine Gilliland, Carol Sala, Dr. Luana Ritch, Larry Curley, Sherry Rupert (Executive Director, Nevada Indian Commission)\(^1\) and Darryl Crawford (Executive Director, Inter-Tribal Council of Nevada). Based on agreements established during this meeting, in December 2009, DHHS mailed an explanatory letter (viz., requesting their input) and the draft tribal-state consultation policy to all Federally recognized Tribes, Inter-Tribal Council of Nevada, Indian Health Services and Tribal and Urban organizations residing within the State of Nevada. Based on feedback from the chairpersons, DHHS developed a final policy. In January 2010, DHHS mailed policy agreement letters, along with the final policy, to all the tribal chairpersons. Tribes were asked to sign and return the letters to DHHS. As of March 31, 2010, DHHS received 11 responses. On March 31, 2010, the Director sent out a memorandum to all of the division administrators, along with the policy, requesting they sign and return the policy agreement letters to DHHS.

Note\(^1\): The Nevada Indian Commission is codified into the Nevada Revised Statute (NRS 233A – Indian Affairs).

1.5 Pediatric Immunization Program

1928 of the Act

1. The State has implemented a program for the distribution of pediatric vaccines to program-registered providers for the immunization of federally vaccine-eligible children in accordance with section 1928 as indicated below.

a. The State program will provide each vaccine-eligible child with medically appropriate vaccines according to the schedule developed by the Advisory Committee on Immunization Practices and without charge for the vaccines.

b. The State will outreach and encourage a variety of providers to participate in the program and to administer vaccines in multiple settings, e.g., private health care providers, providers that receive funds under Title V of the Indian Health Care Improvement Act, health programs or facilities operated by Indian tribes, and maintain a list of program-registered providers.

c. With respect to any population of vaccine-eligible children a substantial portion of whose parents have limited ability to speak the English language, the State will identify program-registered providers who are able to communicate with this vaccine-eligible population in the language and cultural context which is most appropriate.

d. The State will instruct program-registered providers to determine eligibility in accordance with section 1928(b) and (h) of the Social Security Act.

e. The State will assure that no program-registered provider will charge more for the administration of the vaccine than the regional maximum established by the Secretary. The State will inform program-registered providers of the maximum fee for the administration of vaccines.

f. The State will assure that no vaccine-eligible child is denied vaccines because of an inability to pay an administration fee.

g. Except as authorized under section 1915(b) of the Social Security Act or as permitted by the Secretary to prevent fraud or abuse, the State will not impose any additional qualifications or conditions, in addition to those indicated above, in order for a provider to qualify as a program-registered provider.
State/Territory: Nevada

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

GROUPS COVERED AND AGENCIES RESPONSIBLE FOR ELIGIBILITY DETERMINATION

Agency* Citation(s) Groups Covered

The following groups are covered under this plan.

A. Mandatory Coverage - Categorically Needy and Other Required Special Groups

42 CFR 435.110 1. Recipients of AFDC

The approved State AFDC plan includes:

XX Families with an unemployed parent for the mandatory 6-month period and an optional extension of 0 months.

XX Pregnant women with no other eligible children.

XX AFDC children age 18 who are full-time students in a secondary school or in the equivalent level of vocational or technical training.

The standard for AFDC payments are listed in Supplement 1 of ATTACHMENT 2.6-A.

42 CFR 435.115 2. Deemed Recipients of AFDC

a. Individuals denied a title IV-A cash payment solely because the amount would be less than $10.

*Agency that determines eligibility for coverage. If you do not have sufficient space allotted under "Agency" designation column for the States to specify the name of the agency designated to determine eligibility, specify the name of the agency under the citation.
Agency* Citation(s) Groups Covered

A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

2. Deemed Recipients of AFDC.

42 CFR 435.115, 408(a)(11)(B), 1931(c)(1), and 1902(a)(10)(A)(i)(1) of the Act
d. An assistance unit deemed to be receiving AFDC for a period of four calendar months because the family becomes ineligible for AFDC as a result of collection or increased collection of support and meets the requirements of section 408(a)(11)(B) and 1931(c)(1) of the Act.

e. Individuals deemed to be receiving AFDC who meet the requirements of section 473(b) of the Act for whom an adoption assistance agreement is in effect or foster care maintenance payments or kinship guardianship assistance payments are being made under title IV-E of the Act.

*Agency that determines eligibility for coverage.

Agency*  Citation(s)  Groups Covered

A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

435.121  13. N/A b. Individuals who meet more restrictive requirements for Medicaid than the SSI requirements. (This includes persons who qualify for benefits under section 1619(a) of the Act or who meet the requirements for SSI status under section 1619(b)(1) of the Act and who met the State's more restrictive requirements for Medicaid in the month before the month they qualified for SSI under section 1619(a) or met the requirements under section 1619(b)(1) of the Act. Medicaid eligibility for these individuals continues as long as they continue to meet the 1619(a) eligibility standard or the requirements of section 1619(b) of the Act.)

___ Aged
___ Blind
___ Disabled

The more restrictive categorical eligibility criteria are described below:

(Financial criteria are described in ATTACHMENT 2.6-A).

A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

14. Qualified severely impaired blind and disabled individuals under age 65, who--

a. For the month preceding the first month of eligibility under the requirements of section 1905(q)(2) of the Act, received SSI, a State supplemental payment under section 1616 of the Act or under section 212 of P.L. 93-66 or benefits under section 1619(a) of the Act and were eligible for Medicaid; or

b. For the month of June 1987, were considered to be receiving SSI under section 1619(b) of the Act and were eligible for Medicaid. These individuals must--

(1) Continue to meet the criteria for blindness or have the disabling physical or mental impairment under which the individual was found to be disabled;

(2) Except for earnings, continue to meet all nondisability-related requirements for eligibility for SSI benefits;

(3) Have unearned income in amounts that would not cause them to be ineligible for a payment under section 1611(b) of the Act;

A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

1634(c) of the Act

15. Except in States that apply more restrictive eligibility requirements for Medicaid than under SSI, blind or disabled individuals who--

a. Are at least 18 years of age;

b. Lose SSI eligibility because they become entitled to OASDI child's benefits under section 202(d) of the Act or an increase in these benefits based on their disability. Medicaid eligibility for these individuals continues for as long as they would be eligible for SSI, absent their OASDI eligibility.

N/A c. The State applies more restrictive eligibility requirements than those under SSI, and part or all of the amount of the OASDI benefit that caused SSI/SSP ineligibility and subsequent increases are deducted when determining the amount of countable income for categorically needy eligibility.

N/A d. The State applies more restrictive requirements than those under SSI, and none of the OASDI benefit is deducted in determining the amount of countable income for categorically needy eligibility.

42 CFR 435.122 16. Except in States that apply more restrictive eligibility requirements for Medicaid than under SSI, individuals who are ineligible for SSI or optional State supplements (if the agency provides Medicaid under '435.230), because of requirements that do not apply under title XIX of the Act.

42 CFR 435.130 17. Individuals receiving mandatory State supplements.

*Agency that determines eligibility for coverage.
A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

42 CFR 435.131 18. Individuals who in December 1973 were eligible for Medicaid as an essential spouse and who have continued, as spouse, to live with and be essential to the well-being of a recipient of cash assistance. The recipient with whom the essential spouse is living continues to meet the December 1973 eligibility requirements of the State's approved plan for OAA, AB, APTD, or AABD and the spouse continues to meet the December 1973 requirements for having his or her needs included in computing the cash payment.

N/A In December 1973, Medicaid coverage of the essential spouse was limited to the following group(s):

___ Aged ___ Blind ___ Disabled

N/A Not applicable. In December 1973, the essential spouse was not eligible for Medicaid.
A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

19. Institutionalized individuals who were eligible for Medicaid in December 1973 as inpatients of title XIX medical institutions or residents of title XIX intermediate care facilities, if, for each consecutive month after December 1973, they--

a. Continue to meet the December 1973 Medicaid State plan eligibility requirements; and

b. Remain institutionalized; and

c. Continue to need institutional care.

20. Blind and disabled individuals who--

a. Meet all current requirements for Medicaid eligibility except the blindness or disability criteria; and

b. Were eligible for Medicaid in December 1973 as blind or disabled; and

c. For each consecutive month after December 1973 continue to meet December 1973 eligibility criteria.

OMB NO.: 0938-
A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

42 CFR 435.135 22. Individuals who --

a. Are receiving OASDI and were receiving SSI/SSP but became ineligible for SSI/SSP after April 1977; and

b. Would still be eligible for SSI or SSP if cost-of-living increases in OASDI paid under section 215(i) of the Act received after the last month for which the individual was eligible for and received SSI/SSP and OASDI, concurrently, were deducted from income.

N/A Not applicable with respect to individuals receiving only SSP because the State either does not make such payments or does not provide Medicaid to SSP-only recipients.

N/A Not applicable because the State applies more restrictive eligibility requirements than those under SSI.

N/A The State applies more restrictive eligibility requirements than those under SSI and the amount of increase that caused SSI/SSP ineligibility and subsequent increases are deducted when determining the amount of countable income for categorically needy eligibility.

*Agency that determines eligibility for coverage.
A. Mandatory Coverage - Categorically Needy and Other Required Special Groups (Continued)

1634 of the Act

23. Disabled widows and widowers who would be eligible for SSI or SSP except for the increase in their OASDI benefits as a result of the elimination of the reduction factor required by section 134 of Pub. L. 98-21 and who are deemed, for purposes of title XIX, to be SSI beneficiaries or SSP beneficiaries for individuals who would be eligible for SSP only, under section 1634(b) of the Act.

N/A Not applicable with respect to individuals receiving only SSP because the State either does not make these payments or does not provide Medicaid to SSP-only recipients.

N/A The State applies more restrictive eligibility standards than those under SSI and considers these individuals to have income equaling the SSI Federal benefit rate, or the SSP benefit rate for individuals who would be eligible for SSP only, when determining countable income for Medicaid categorically needy eligibility.

*Agency that determines eligibility for coverage.

   a. Who are entitled to hospital benefits under Medicare Part A (but not pursuant to an enrollment under section 1818A of the Act);
   b. Whose income is at least 120 percent but less than 135 percent of the Federal Poverty level;
   c. Whose resources do not exceed three items the SSI resource limit, adjusted annually by the increase in the consumer price index.

29. a. Each person to whom SSI benefits by reason of disability are not payable for any month solely by reason of clause (i) of (v) of Section 1611(e)(3)(A) shall be treated, for purposes of Title XIX, as receiving SSI benefits for the month.
   b. The State applies more restrictive eligibility standards than those under SSI.

Individuals whose eligibility for SSI benefits are based solely on disability who are not payable for any months solely by reason of clause (i) or (v) of Section 1611(e)(3)(A), and who continue to meet the more restrictive requirements for Medicaid eligibility under the State plan, are eligible for Medicaid as categorically needy.

Agency that determines eligibility for coverage.
B. Optional Groups Other Than the Medically Needy

42 CFR N/A 1. Individuals described below who meet the income and resource requirements of AFDC, SSI, or an optional State supplement as specified in 42 CFR 435.230, but who do not receive cash assistance.

The plan covers all individuals as described above.

The plan covers only the following group or groups of individuals:

- Aged
- Blind
- Disabled
- Caretaker relatives
- Pregnant women

42 CFR XX 2. Individuals who would be eligible for AFDC, SSI or an optional State supplement as specified in 42 CFR 435.230, if they were not in a medical institution.

The plan covers only the following group or groups of individuals:

- Aged
- Blind
- Disabled

1932(a)(4) of Act
The Medicaid Agency may elect to restrict the disenrollment of Medicaid enrollees of MCOs, PIHPs, PAHPs, and PCCMs in accordance with the regulations at 42 CFR 438.56. This requirement applies unless a recipient can demonstrate good cause for disenrolling or if he/she moves out of the entity’s service area or becomes ineligible.

[N/A] Disenrollment rights are restricted for a period of _____ months (not to exceed 12 months).

During the first three months of each enrollment period the recipient may disenroll without cause. The State will provide notification, at least once per year, to recipients enrolled with such organization of their right to and restrictions of terminating such enrollment.

[X] No restrictions upon disenrollment rights.

1903(m)(2)(H), 1902(a)(52) of the Act
P.L. 101-508
42 CFR 438.56(g)
In the case of individuals who have become ineligible for Medicaid for the brief period described in section 1903(m)(2)(H) and who were enrolled with an MCO, PIHP, PAHP, or PCCM when they became ineligible, the Medicaid agency may elect to reenroll those individuals in the same entity if that entity still has a contract.

[X] The agency elects to reenroll the above individuals who are ineligible in a month but in the succeeding two months become eligible, into the same entity in which they were enrolled at the time eligibility was lost.

[N/A] The agency elects not to reenroll above individuals into the same entity in which they were previously enrolled.

* Agency that determines eligibility for coverage.
B. Optional Groups Other Than the Medically Needy (Continued)

N/A  The date beginning the last period of enrollment in the HMO as a Medicaid patient (not including periods when payment is made under this section), without any intervening disenrollment or periods of enrollment as a privately paying patient. (A new minimum enrollment period begins each time the individual becomes Medicaid eligible other than under this section).

42 CFR 435.217  X  4. A group or groups of individuals who would be eligible for Medicaid under the plan if they were in a NF or an ICF/MR, who but for the provision of home and community-based services under a waiver granted under 42 CFR Part 441, Subpart G would require institutionalization, and who will receive home and community-based services under the waiver. The group or groups covered are listed in the waiver request. This option is effective on the effective date of the State's section 1915(c) waiver under which this group(s) is covered. In the event an existing 1915(c) waiver is amended to cover this group(s), this option is effective on the effective date of the amendment.

</tbody>
</table>

The presumptive period begins on the day that the determination is made. The period ends on the date that the State makes a determination with respect to the woman's eligibility for Medicaid, or if the woman does not apply for Medicaid (or a Medicaid application was not made on her behalf) the last day of the month following the month in which the determination of presumptive eligibility was made, the presumptive period ends on that last day.
B. Optional Groups Other Than the Medically Needy (Continued)

1902(a)(10)(A)(ii)(XVII) 21. All “Independent foster care adolescents” (as defined in §1905(w)(1) of the Social Security Act) and
1905(w)(1) of the Act

a) Reasonable classifications of individuals described in (21) above, as follows:

___1) Individuals under the age of
      ___  19
      ___  20

___2) Individuals to whom foster care maintenance payments or independent living services were furnished under a program funded under part E of title IV before the date the individuals attained 18 years of age.

___ 3) Other (please describe):

____________________________________________
____________________________________________

b) Financial requirements

1) Income test
   ___ There is no income test for this group.
   ___ The income test for this group is
       ____________________________.

2) Resource test
   ___ There is no resource test for this group.
   ___ The resource test for this group is
       ____________________________.

NOTE:
If there is an income or resource test, then the standards and methodologies used cannot be more restrictive than those used for the State’s low-income families with children eligible under section 1931 of the Act as specified in Supplement 12 of Attachment 2.6-A.
B. Optional Groups Other Than the Medically Needy

1902(a)(10)(A) (ii)(XIII) of the Act

☐ 23. BBA Work Incentives Eligibility Group – Individuals with a disability whose net family income is below 250 percent of the Federal poverty level for a family of the size involved and who, except for earned income, meet all criteria for receiving benefits under the SSI program. See page 12c of Attachment 2.6-A.

1902(a)(10)(A) (ii)(XV) of the Act

☒ 24. TWWIIA Basic Coverage Group – Individuals with a disability at least 16 but less than 65 years of age whose income and resources do not exceed a standard established by the state. See page 12d of Attachment 2.6-A.

1902(a)(10)(A) (ii)(XVI) of the Act

☐ 25. TWWIIA Medical Improvement Group – Employed individuals at least 16 but less than 65 years of age with a medically improved disability whose income and resources do not exceed a standard established by the State. See page 12h of Attachment 2.16-A.

NOTE: If the State elects to cover this group, it MUST also cover the Basic Coverage Group described in no. 24 above.
C. Optional Coverage of the Medically Needy

42 CFR 435.301

This plan includes the medically needy.

XX No.

___ Yes. This plan covers:

1. Pregnant women who, except for income and/or resources, would be eligible as categorically needy under title XIX of the Act.

1902(e) of the Act

2. Women who, while pregnant, were eligible for and have applied for Medicaid and receive Medicaid as medically needy under the approved State plan on the date the pregnancy ends. These women continue to be eligible, as though they were pregnant, for all pregnancy-related and postpartum services under the plan for a 60-day period, beginning with the date the pregnancy ends, and any remaining days in the month in which the 60th day falls.

1902(a)(10) (C)(ii)(I)

3. Individuals under age 18 who, but for income and/or resources, would be eligible under section 1902(a)(10)(A)(i) of the Act.

REASONABLE CLASSIFICATIONS OF INDIVIDUALS UNDER THE AGE OF 21, 20, 19, AND 18

Refer to Item B-7-b on page 12 of Attachment 2.2-A
STATE/TERRITORY: NEVADA

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

METHOD FOR DETERMINING COST EFFECTIVENESS OF CARING FOR CERTAIN DISABLED CHILDREN AT HOME (KATIE BECKETT)

At the end of each calendar quarter, a computerized list of approved Katie Beckett Eligibility Option cases is generated by the Division of Health Care Financing and Policy (DHCFP) staff. The list shows the total Medicaid expenditure amount incurred quarterly which is compared to the maximum allowable costs. The maximum allowable costs are the costs of institutionalization in either a Skilled Nursing Facility (SNF), or an Intermediate Care Facility for the Mentally Retarded (ICF/MR), which is determined by a level of care assessment. If the amount exceeds the maximum allowable, the eligibility worker at the appropriate Division of Welfare and Supportive Services (DWSS) office is notified by DHCFP to contact the participant and advise him/her: 1) of the requirement to keep costs at or below the maximum allowable amount; and 2) that failure to keep costs to allowable amounts will result in termination from the program. If the participant’s incurred costs exceed the maximum allowable amount for two consecutive quarters, he/she will be terminated from the program effective the first day of the month following the date of the determination for non-compliance with program requirements.

A level of care assessment is conducted annually; therefore, allowable costs may fluctuate annually.
Citation  2.4  Blindness

42 CFR 435.530 (b)  All of the requirements of 42 CFR 435.530 and 42 CFR 435.531 are met. The more restrictive definition of blindness in terms of ophthalmic measurement used in this plan is specified in ATTACHMENT 2.2-A.

</tbody>
</table>

For the following persons with greater need:

Supplement 12 to Attachment 2.6-A describes the greater need describes the basis or formula for determining the deductible amount when a specific amount is not listed above; lists the criteria to be met; and, where appropriate, identifies the organizational unit which determines that a criterion is met.

c. Individual under age 21 covered in the plan as specified in Item B. 7. of Attachment 2.2 -A.  
$35
For the following persons with greater need:

Supplement 12 to Attachment 2.6-A describes the greater need describes the basis or formula for determining the deductible amount when a specific amount is not listed above; lists the criteria to be met; and, where appropriate, identifies the organizational unit which determines that a criterion is met.

1924 of the Act  3. In addition to the amounts under item 2. , the following monthly amounts are deducted from the remaining income of an institutionalized individual with a community spouse:

a. The monthly income allowance for the community spouse, calculated using the formula in §1924(d)(2), is the amount by which the maintenance needs standard exceeds the community spouse’s income. The maintenance needs standard cannot exceed the maximum prescribed in §1924 (d)(3)(C). The maintenance needs standard consists of a poverty level component plus an excess shelter allowance.

   x The poverty level component is calculated using the applicable percentage (set out §1924(d)(3)(B) of the Act) of the official poverty level.

   The poverty level component is calculated using a percentage greater than the applicable percentage, equal to %, of the official poverty level (still subject to maximum maintenance needs standard).

   The maintenance needs standard for all community spouses is set at the maximum permitted by §1924(d)(3)(C).

Except that, when applicable, the State will set the community spouse’s monthly income allowance at the amount by which exceptional maintenance needs, established at a fair hearing, exceed the community spouse’s income, or at the amount of any court-ordered support.
In determining any excess shelter allowance, utility expenses are calculated using:

x  the standard utility allowance under §5(e) of the Food Stamp Act of 1977 or

the actual unreimbursable amount of the community spouse’s utility expenses less any portion of such amount included in condominium or cooperative charges.

b. The monthly income allowance for other dependent family members living with the community spouse is:

x  one-third of the amount by which the poverty level component (calculated under §1924(d)(3)(A)(i) of the Act, using the applicable percentage specified in §1924 (d)(3)(B)) exceeds the dependent family member’s monthly income.

a greater amount calculated as follows:

The following definition is used in lieu of the definition provided by the Secretary to determine the dependency of family members under §1924 (d)(1):

c. Amounts for health care expenses described below that are incurred by and for the institutionalized individual and are not subject to payments by a third party:

(i) Medicaid, Medicare, and other health insurance premiums, deductibles, or coinsurance charges, or copayments.

(ii) Necessary medical or remedial care recognized under State law but not covered under the State plan. (Reasonable limits on amounts are described in Supplement 3 to ATTACHMENT 2.6-A.)
435.725 4. In addition to any amounts deductible under the items above, the following monthly amounts are deducted from the remaining monthly income of an institutionalized individual or an institutionalized couple:

a. An amount for the maintenance needs of each member of a family living in the institutionalized individual’s home with no company spouse living in the home. The amount must be based on a reasonable assessment of need but must not exceed the higher of the:

- AFDC level, or
- Medically needy level:

(Check one)

- AFDC levels in Supplement 1 to Attachment 2.6.A page 1
- Medically needy level in Supplement 1

b. Amounts for health care expenses described below that have not been deducted under 3.c. above (i.e., for an institutionalized individual with a community spouse), are incurred by and for the institutionalized individual or institutionalized couple, and are not subject to the payment by a third party.

(I) Medicaid, Medicare, and other health insurance premiums, deductibles, or coinsurance charges, or copayments.

(ii) Necessary medical or remedial care recognized under State law but not covered under the State plan. (Reasonable limits on amount are described in Supplement 3 to ATTACHMENT 2.6-A)

435.725 5. At the option of the State, as specified below, the following is deducted from any remaining monthly income of an institutionalized individual or an institutionalized couple:

A monthly amount for the maintenance of the home of the individual or couple for not longer than 6 months if a physician has certified that the individual, or one member of the institutionalized couple, is likely to return to the home within that period:

- No.
- Yes (the applicable amount is shown on page 5a.)

</table>
If an individual receives a title II benefit, any amounts attributable to the most recent increase in the monthly insurance benefit as a result of a title II COLA is not counted as income during a "transition period" beginning with January, when the title II benefit for December is received, and ending with the last day of the month following the month of publication of the revised annual Federal poverty level.

For individuals with title II income, the revised poverty levels are not effective until the first day of the month following the end of the transition period.

For individuals not receiving title II income, the revised poverty levels are effective no later than the date of publication.

1905(s) of the Act g. (1) Qualified disabled and working individuals.

In determining countable income for qualified disabled and working individuals covered under 1902(a)(10)(E)(ii) of the Act, the methods of the SSI program are used.

1905(p) of the Act (2) Specified low-income Medicare beneficiaries.

In determining countable income for specified low-income Medicare beneficiaries covered under 1902(a)(10)(E)(iii) of the Act, the same method as in f. is used.
1902(u) of the Act

(h) COBRA Continuation Beneficiaries

N/A In determining countable income for COBRA continuation beneficiaries, the following disregards are applied:

_____ The disregards of the SSI program;

_____ The agency uses methodologies for treatment of income more restrictive than the SSI program. These more restrictive methodologies are described in Supplement 4 to Attachment 2.6-A.

NOTE: For COBRA continuation beneficiaries specified at 1902(u)(4), costs incurred from medical care or for any other type of remedial care shall not be taken into account in determining income, except as provided in section 1612(b)(4)(B)(ii).
In determining financial eligibility for working individuals with disabilities under this provision, the following standards and methodologies are applied:

- The agency does not apply any income or resource standard.

  NOTE: If the above option is chosen, no further eligibility-related options should be elected.

- The agency applies the following income and/or resource standard(s):

  1. The maximum Gross Unearned Income standard is $599.00.
  2. The maximum Net Income standard is 250% of the Federal Poverty Level (FPL).
  3. The resource standard is $15,000.00 in non-excluded resources.
Income Methodologies

In determining whether an individual meets the income standard described above, the agency uses the following methodologies.

___ The income methodologies of the SSI program.

___ The agency uses methodologies for treatment of income that are more restrictive than the SSI program. These more restrictive methodologies are described in Supplement 4 to Attachment 2.6-A.

__X__ The agency uses more liberal income methodologies than the SSI program. More liberal income methodologies are described in Supplement 8a to Attachment 2.6-A.
1902(a)(10)(A) (ii)(XV) of the Act (cont.)

Resource Methodologies

In determining whether the individual meets the resource standard described above, the agency uses the following methodologies.

Unless one of the following items is checked the agency, under the authority of section 1902(r)(2) of the Act, disregards all funds held in retirement funds and accounts, including private retirement accounts such IRAs and other individual accounts, and employer-sponsored retirement plans such as 401(k) plans, Keogh plans, and employer pension plans. Any disregard involving retirement accounts is separately described in Supplement 8b to Attachment 2.6-A.

- The agency disregards funds held in employer-sponsored retirement plans, but not private retirement plans.
- The agency disregards funds in retirement accounts in a manner other than those described above. The agency’s disregards are specified in Supplement 8b to Attachment 2.6-A.
1902(a)(10)(A) of the Act (cont.)

_____ The agency does not disregard funds in retirement (ii)(XV) of accounts.

__X__ The agency uses resource methodologies in addition to any indicated above that are more liberal than those used by the SSI program. More liberal resource methodologies are described in Supplement 8b to Attachment 2.6A.

_____ The agency uses the resource methodologies of the SSI program.

_____ The agency uses methodologies for treatment of resources that are more restrictive than the SSI program. These more restrictive methodologies are described in Supplement 5 to Attachment 2.6-A.
1902(a)(10)(A)(ii)(XIII), (XVI), and 1916(g) of the Act (cont.)

For individuals eligible under the Basic Coverage (XV), Group described in No. 2y on page 23d of Attachment 2.2-A:

NOTE: Regardless of the option selected below, the agency MUST require that individuals whose annual adjusted gross income, as defined under IRS statute, exceeds $75,000 pay 100 percent of premiums.

__X__ The agency requires individuals to pay premiums or other cost-sharing charges on a sliding scale based on income below 450 percent of the Federal poverty level for a family of the size involved, the amount of premiums cannot exceed 7.5 percent of the individual’s income.

The premiums or other cost-sharing charges, and how they are applied, are described on page 12o.
For the Basic Coverage Group and the Medical Improvement Group, the agency’s premium or other cost-sharing charges, and how they are applied, are described below.

Payment of a premium applies to an individual who has Combined Net Income greater than 0% FPL but less than or equal to 250% FPL. The premium calculation is determined as follows:

1. An individual with Combined Net Income of greater than 0% FPL and less than 200% FPL pays a premium of 5% of the individual’s Combined Net Income.

2. An individual with Combined net Income between 200% FPL and 250% FPL pays a premium of 7.5% of the individual’s Combined Net Income.

3. No other cost sharing charges apply.
2. Medicaid Qualifying Trusts

In the case of a Medicaid qualifying trust described in section 1902(k)(2) of the Act, the amount from the trust that is deemed available to the individual who established the trust (or whose spouse established the trust) is the maximum amount that the trustee(s) is permitted under the trust to distribute to the individual. This amount is deemed available to the individual, whether or not the distribution is actually made. This provision does not apply to any trust or initial trust decree established before April 7, 1986, solely for the benefit of a mentally retarded individual who resides in an intermediate care facility for the mentally retarded.

N/A The agency does not count the funds in a trust as described above in any instance where the State determines that it would work an undue hardship. Supplement 10 of ATTACHMENT 2.6-A specifies what constitutes an undue hardship.

3. Medically needy income levels (MNILs) are based on family size.

Supplement 1 to ATTACHMENT 2.6-A specifies the MNILs for all covered medically needy groups. If the agency chooses more restrictive levels under section 1902(f) of the Act, Supplement 1 so indicates.
Citation                Condition or Requirement

42 CFR 435.732, 4. Handling of Excess Income - Spend-down for the
435.831 Medically Needy in All States and the Categorically
              Needy in 1902(f) States Only

a. Medically Needy

   (1) Income in excess of the MNIL is considered as available for payment of medical care
       and services. The Medicaid agency measures available income for periods of either ___
       or ___ month(s) (not to exceed 6 months) to determine the amount of excess countable
       income applicable to the cost of medical care and services.

   (2) If countable income exceeds the MNIL standard, the agency deducts the following
       incurred expenses in the following order:

       (a) Health insurance premiums, deductibles and coinsurance charges.

       (b) Expenses for necessary medical and remedial care not included in the plan.

       (c) Expenses for necessary medical and remedial care included in the plan.

       Reasonable limits on amounts of expenses deducted from income under a.(2)(a) and (b)
       above are listed below.

1902(a)(17) of the Act  Incurred expenses that are subject to payment by a third party are not deducted
                             unless the expenses are subject to payment by a third party that is a publicly funded
                             program (other than Medicaid) of a State or local government.
b. Categorically Needy - Section 1902 (f) States

The agency applies the following policy under the provisions of section 1902(f) of the Act. The following amounts are deducted from income to determine the individual's countable income:

1. Any SSI benefit received.

2. Any State supplement received that is within the scope of an agreement described in sections 1616 or 1634 of the Act, or a State supplement within the scope of section 1902(a)(10)(A)(ii)(XI) of the Act.

3. Increases in OASDI that are deducted under "435.134 and 435.135 for individuals specified in that section, in the manner elected by the State under that section.

4. Other deductions from income described in this plan at Attachment 2.6-A, Supplement 4.

5. Incurred expenses for necessary medical and remedial services recognized under State law.

Incurred expenses that are subject to payment by a third party are not deducted unless the expenses are subject to payment by a third party that is a publicly funded program (other than Medicaid) of a State or local government.
5. Methods for Determining Resources

a. AFDC-related individuals (except for poverty level related pregnant women, infants, and children).

(1) In determining countable resources for AFDC-related individuals, the following methods are used:

(a) The methods under the State's approved AFDC plan; and

(b) The methods under the State's approved AFDC plan and/or any more liberal methods described in Supplement 8b to ATTACHMENT 2.6-A.

(2) In determining relative financial responsibility, the agency considers only the resources of spouses living in the same household as available to spouses and the resources of parents as available to children living with parents until the children become 21.
5. Methods for Determining Resources

b. Aged individuals. For aged individuals covered under section 1902(a)(10)(A)(ii)(X) of the Act, the agency used the following methods for treatment of resources:

   - The methods of the SSI program.

   XX SSI methods and/or any more liberal methods described in Supplement 8b to ATTACHMENT 2.6-A.

   XX Methods that are more restrictive (except for individuals described in section 1902(m)(1) of the Act) and/or more liberal than those of the SSI program. Supplement 5 to ATTACHMENT 2.6-A describes the more restrictive methods and Supplement 8b to ATTACHMENT 2.6-A specifies the more liberal methods.
In determining relative financial responsibility, the agency considers only the resources of spouses living in the same household as available to spouses.

1902(a)(10)(A), c. Blind individuals. For blind individuals the agency uses the following methods for treatment of resources:

   The methods of the SSI program.

   SSI methods and/or any more liberal methods described in Supplement 8b to ATTACHMENT 2.6-A.

   Methods that are more restrictive and/or more liberal than those of the SSI program. Supplement 5 to ATTACHMENT 2.6-A describe the more restrictive methods and Supplement 8b to ATTACHMENT 2.6-A specify the more liberal methods.

In determining relative financial responsibility, the agency considers only the resources of spouses living in the same household as available to spouses and the resources of parents as available to children living with parents until the children become 21.

Citation

Condition or Requirement

1902(u) of the Act  10. Excess Resources

a. Categorically Needy, Qualified Medicare Beneficiaries, Qualified Disabled and Working Individuals, and Specified Low-Income Medicare Beneficiaries

Any excess resources make the individual ineligible.

b. Categorically Needy Only

N/A This State has a section 1634 agreement with SSI. Receipt of SSI is provided for individuals while disposing of excess resources.

c. Medically Needy

Any excess resources make the individual ineligible.
11. Effective Date of Eligibility

a. Groups Other Than Qualified Medicare Beneficiaries

(1) For the prospective period.

Coverage is available for the full month if the following individuals are eligible at any time during the month.

- X Aged, blind, disabled.
- X AFDC-related.

Coverage is available only for the period during the month for which the following individuals meet the eligibility requirements.

- N/A Aged, blind, disabled.
- N/A AFDC-related.

(2) For the retroactive period.

Coverage is available for three months before the date of application if the following individuals would have been eligible had they applied:

- N/A Aged, blind, disabled.
- N/A AFDC-related.

Coverage is available beginning the first day of the third month before the date of application if the following individuals would have been eligible at any time during that month, had they applied.

- X Aged, blind, disabled.
- X AFDC-related.

</tr>
</tbody>
</table>

The agency complies with the provisions of section 1917 of the Act, with respect to the transfer of resources.

Disposal of resources at less than fair market value affects eligibility for certain services as detailed in SUPPLEMENT 9 TO ATTACHMENT 2.6-A.

| 1917(c) | 13. Transfer of Assets - All eligibility groups |

The agency complies with the provisions of section 1917(c) of the Act, as enacted by OBRA '93, with regard to the transfer of assets.

Disposal of assets at less than fair market value affects eligibility for certain services as detailed in SUPPLEMENT 9(a) and ATTACHMENT 2.6-A, except in instances where the agency determines that the transfer rules would work an undue hardship.

| 1917(d) | 14. Treatment of Trusts - All eligibility groups |

The agency complies with the provisions of section 1917(d) of the Act, as amended by OBRA '93, with regard to trusts.

The agency uses more restrictive methodologies under section 1902(f) of the Act, and applies those methodologies in dealing with trusts;

X The agency meets the requirements in section 1917(d)(f)(B) of the Act for use of Miller trusts.

The agency does not count the funds in a trust in any instance where the agency determines that the transfer would work an undue hardship, as described in SUPPLEMENT 10 TO ATTACHMENT 2.6-A.

N/A
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

MORE LIBERAL METHODS OF TREATING INCOME UNDER SECTION 1902(r)(2) OF THE ACT*

Section 1902(f) State Non Section 1902(f) State

METHODS FOR THE TREATMENT OF INCOME FOR INDIVIDUALS WITH INCOME RELATED TO FEDERAL POVERTY LEVEL

For poverty level pregnant women, infants and children eligible under 1902(a)(10)(A)(i)(IV), VI & VII of the Social Security Act. The agency uses the less restrictive methods for treating income:

For all individuals under this group whose net income without application of disregards does not exceed the 100% need standard:

1. Disregard 100% earned income for three months;
   Disregard 85% of earned income for a second 3 months;
   Disregard 75% of earned income for a third 3 months;
   Disregard 65% of earned income for a fourth 3 months:
   Disregard $90 or 20% of gross earning (whichever is greater) for month 13 and ongoing; and

2. Disregard the full cost of child care.
   The $30 + 1/3 / $30 earnings disregards as applicable and $90 work expense, whichever is more advantageous to the applicant/recipient.

The income and/or resource methodologies that the less restrictive methodologies replace are as follows:

1. No resource methodology is replaced.

   Replaced income methodology is:

   1. $30 + 1/3 earned income disregard allowed for applicants/recipient who received Medicaid in one of the immediately preceding 4 months or whose net income without application of the disregards does not exceed the 100% need standard. $30 + 1/3 allowed for 4 consecutive months followed by $30 disregard for 8 consecutive months; and
2. $90 work expense; and

3. Child care deductions limited to $200 per month per child under age 2, and $175 per month per child age 2 and older.

**Spouse to Spouse and Parent to Child Deeming**

Nevada does not impose SSI deeming provisions (spouse to spouse and parent to child) when determining eligibility of Qualified Medicare Beneficiaries (QMB). Only the client's income is considered. (1902(a)(10)(E) & 1905(p) of the Social Security Act)

**Determining Countable Lump Sum Income**

Lump sum income will be considered only in the month received. Provisions requiring the determination of the ineligible period and income remaining from the calculation of the ineligible period will not be considered in determining Medicaid eligibility. (1902(a)(10)(A)(i)(IV) & (VI) & (ii) (IX) and 1902(1)(1)(A)B(D) of the Social Security Act

*More liberal methods may not result in exceeding gross income limitations under section 1903(f).
Wages paid by the Census Bureau for temporary employment related to census activities; When the Governor declares an economic crisis, Unemployment Insurance Benefits (UIB) will be excluded from income until the month following the month the Governor declares the economic crisis is over.

These incomes will be excluded for the following eligibility groups:

___x__ Poverty level pregnant women and infants (133 –185% FPL) under 1902(a)(10)(A)(i)(IV).

___x__ Poverty level children under age 6 (133% FPL) under 1902(a)(10)(A)(i)(VI).

___x__ Poverty level children under age 19 (100% FPL) under 1902(a)(10)(A)(i)(VII).

___x__ Optional categorically needy groups under 1902(a)(10)(A)(ii) as listed below:

1. Individuals who would be eligible for cash assistance (AFDC or SSSI) if they were not in a medical institution under 1902(a)(10)(A)(ii)(IV).
2. Individuals who are under State adoption agreements under 1902(a)(10)(A)(ii)(VIII)
3. Individuals receiving only an option State supplement which is more restrictive that the criteria for an optional State supplement under title XVI, under 1902(a)(10)(A)(ii)(XI)
5. Children under age 21 who were in foster care on their 18th birthday, under 1902(a)(10)(A)(ii)(XVII)
6. Individuals screened for breast or cervical cancer under CDC program, under 1902(a)(10)(A)(ii)(XVIII)

___ All aged, blind or disabled groups in 209(b) states under 1902(f).

___x__ QMBs, SLMBs and QIs under 1905(p),

TN No. 08-005 Approval Date: September 8, 2008 Effective Date: October 1, 2008
Supersedes
TN No: NEW
The State follows the SSI rules. The agency uses income and income deduction methodologies of the SSI program as well as more liberal income deduction methodologies than the SSI program.

The following are the more liberal income methodology deductions allowed by the agency:

1. Educational Expenses to Enhance Employability.
2. Employment Related Interpreting Services Expenses
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

MORE LIBERAL METHODS OF TREATING RESOURCES UNDER SECTION 1902(r)(2) OF THE ACT

Section 1902(f) State X Non-Section 1902(f) State

Splitting of Resources Between Spouses (NON-SPOUSAL IMPOVERISHMENT CASES)
(42 CFR Part 435.211, 435.231 & 435.217)

The State defines a non-sporusal impoverishment case as those where the institutionalized spouse began a continuous period of institutionalization PRIOR to September 30, 1989 and where the institutionalized spouse’s medical facility stay is less than 30 consecutive days.

Married persons who are living separate and apart from each other may enter into a written agreement between themselves dividing the total resources of both spouses equally between them. Only the portion the agreement specified as the applicant/recipient’s will be counted in determining eligibility for Medicaid, UNLESS the spouse makes a portion of his/her resources available to the applicant/recipient. The portion made available to the applicant/recipient will be counted in determining eligibility for Medicaid. The regular SSI joint bank account procedures apply to the months of requested coverage prior to the effective date of the agreement.

Married persons who are living separate and apart from each other may petition the court to equally divide their total community resources, excluding income, between them. Only the portion the court order specifies as the applicant/recipient’s will be counted in determining eligibility for Medicaid, UNLESS the spouse makes a portion of his/her resources available to the applicant/recipient. The portion made available to the applicant/recipient will be counted in determining eligibility for Medicaid. The regular SSI joint bank account procedures apply to the months of requested coverage prior to the effective date of the agreement.

Property Exclusion
(42 CFR Part 435.221, 435.231 & 435.217; and 1902(a)(10)(E) & 1905(p) of the Social Security Act)

Nevada allows a property exclusion when the property is for sale at market value and no offers to purchase have been received (the property must remain for sale while the client receives assistance), OR the property has been sold and escrow has not been completed. Good faith efforts to sell the property must be made by or on behalf of the client in order for property to qualify under this exclusion. These efforts must also be made on an ongoing basis in order for the exclusion to remain in effect.

TN No. 91-22 Approval Date: January 13, 1992 Effective Date: October 1, 1991
Supersedes TN No. N/A
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

MORE LIBERAL METHODS OF TREATING RESOURCES
UNDER SECTION 1902(r)(2) OF THE ACT

___ Section 1902(f) State     X  Non-Section 1902(f) State

Parent to Child Deeming

Nevada does not impose SSI deeming provisions (parent to child) when determining eligibility for Qualified Medicare Beneficiaries (QMB). Only the child’s resources are considered. (1902(a)(10)(E) and 1905(p) of the Social Security Act.)

First Day of the Month Resources Rule

An applicant/recipient may be eligible for assistance in a month if their resources are under the resource limits on any day of that month (42 CFR Part 435.211, 435.231 and 435.217: and 1902(a)(10)(E) and 1905(p) of the Social Security Act).

Household Goods and Personal Effects

Nevada does not impose a value limitation on an applicant/recipient’s household goods and personal effects (42 CFR Part 435.211, 435.231 & 435.217; and 1902(a)(10)(E) and 1905(p) of the Social Security Act).

Resource Test for Pregnant Women and Children Described in 1905(n) of the Act

Nevada no longer applies a resource limit.

Resources Exclusion for Children in the Custody of a Public Agency

The resources of children will be excluded when:

- The child is in the custody of a state, county or tribal public agency,
  AND
- The child is placed in an approved living arrangement.
The agency uses more liberal methods for the treatment of resources under Section 1902(r)(2) of the Act than is used by SSI.

The following are the more liberal methods for the treatment of resources:

1. Approved Accounts of $15,000.00 or less
2. Special needs trusts
3. IRS recognized retirement accounts
4. SSA death benefit payments
5. Medical savings accounts
6. Tax refunds
7. Life insurance policies with cash surrender values of less than $50,000.00
8. Funeral/burial policies
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

TRANSFER OF RESOURCES

1902(f) and 1917 of the Act

The agency provides for the denial of eligibility by reason of disposal of resources for less than fair market value.

A. Except as noted below, the criteria for determining the period of ineligibility are the same as criteria specified in section 1623 (c) of the Social Security Act (Act).

1. Transfer of resources other than the home of an individual who is an inpatient in a medical institution.

   a. xx The agency uses a procedure which provides for a total period of ineligibility greater than 24 months for individuals who have transferred resources for less than fair market value when the uncompensated value of disposed of resources exceeds $12,000. This period bears a reasonable relationship to the uncompensated value of the transfer. The computation of the period and the reasonable relationship of this period to the uncompensated value is described as follows:

   The uncompensated value of such transferred resources is counted for a period of time which is measured at a rate of one month for each $500 of the uncompensated value of the transferred property. Eligibility will be re-evaluated 1) if the individual secures the return of the transferred property; 2) if the individual receives further compensation or; 3) if the individual incurs medical expenses equal to the sum of the uncompensated value of the transferred property. The incurred medical expenses cannot be paid or subject to payment by a third party.

** TRANSFERS OCCURRING 10/01/89 AND LATER, SEE ADDENDUM TO SUPPLEMENT 9 TO ATTACHMENT 2.6-A.

TN No. 91-22 Approval Date: January 13, 1992 Effective Date: October 1, 1991
Supersedes TN No. 89-14
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

b. xx The period of ineligibility is less than 24 months, as specified below:

The uncompensated value of such transferred resources is counted for a period of time which is measured at a rate of one month for each $500 of the uncompensated value of the transferred property. If the transfer is $500 or less, the period of ineligibility will be for the month of transfer only.

c. N/A The agency has provisions for waiver of denial of eligibility in any instance where the State determines that a denial would work an undue hardship.

** TRANSFERS OCCURRING 10/01/89 AND LATER, SEE ADDENDUM TO SUPPLEMENT 9 TO ATTACHMENT 2.6-A.**

TN No. 91-22  Approval Date: January 13, 1992  Effective Date: October 1, 1991
Supersedes  HCFA ID: 7985E
TN No. 89-14
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

2. Transfer of the home of an individual who is an inpatient in a medical institution.

A period of ineligibility applies to inpatients in an SNF, ICF or other medical institution as permitted under section 1917 (c) (2) (B) (i).

a. Subject to the exceptions on page 2 of this supplement, an individual is ineligible for 24 months after the date on which he disposed of the home. However, if the uncompensated value of the home is less than the average amount payable under this plan for 24 months of care in an SNF, a period of ineligibility is a shorter time, bearing a reasonable relationship (based on the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

b. N/A Subject to the exceptions on page 2 of this supplement, if the uncompensated value of the home is more than the average amount payable under this plan as medical assistance for 24 months of care in an SNF, the period of ineligibility is more than 24 months after the date on which he disposed of the home. The period of ineligibility bears a reasonable relationship (based upon the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

N/A No individual is ineligible by reason of item A.2 if --

(i) A satisfactory showing is made to the agency (in accordance with any regulations of the Secretary of Health and Human Services) that the individual can reasonably be expected to be discharged from the medical institution and to return to that home;

(ii) Title to the home was transferred to the individual’s spouse or child who is under age 21, or (for States eligible to participate in the State program under title XVI of the Social Security Act) is blind or permanently and totally disabled or (for States not eligible to participate in the State program under title XVI of the Social Security Act) is blind or disabled as defined in section 1614 of the Act;

(iii) A satisfactory showing is made to the agency (in accordance with any regulations of the Secretary of Health and human Services) that the individual intended to dispose of the home either at fair market value or for other valuable consideration; or

(iv) The agency determines that denial of eligibility would work an undue hardship.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

3. 1902 (f) States

N/A Under the provisions of section 1902 (f) of the Social Security Act, the following transfer of resource criteria more restrictive than those established under section 1917 (c) of the Act, apply:

B. Other than those procedures specified elsewhere in the supplement, the procedures for implementing denial of eligibility by reason of disposal of resources for less than fair market value are as follows:

1. If the uncompensated value of the transfer is $12,000 or less:

The uncompensated value of such transferred resources is counted for a period of time which is measured at a rate of one month for each $500 of the uncompensated value of the transferred property. If the transfer is $500 or less the period of ineligibility will be for the month of transfer only.

2. If the uncompensated value of the transfer is more than $12,000:

The uncompensated value of such transferred resources is counted for a period of time which is measured at a rate of one month for each $500 of the uncompensated value of the transferred property.

** TRANSFERS OCCURRING 10/01/89 AND LATER SEE SUPPLEMENT 9 TO ATTACHMENT 2.6-A.**

TN No. 91-22 Approval Date: January 13, 1992 Effective Date: October 1, 1991
Supersedes HCFA ID: 7985E
TN No. 89-14
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

N/A  3. If the agency sets a period of ineligibility of less than 24 months and applies it to all transfers of resources (regardless of uncompensated value):

4. Other procedures:

a. If spouses who are living separate and apart from each other obtain a court order which equally divides their community assets, excluding income, only those assets designated as the applicant/recipient will be considered for eligibility purposes. If the spouse makes a portion of his/her assets available to the applicant/recipient, that portion will be considered when determining eligibility.

b. If spouses who are living separate and apart from each other enter into a written agreement, which equally divides their community assets, only those assets designated as the applicant/recipient will be considered for eligibility purposes. If the spouse makes a portion of his/her assets available to the applicant/recipient, that portion will be considered when determining eligibility.

If both of the above instances, the transfer of resource policy will not apply.

** TRANSFERS OCCURRING 10/01/89 AND LATER SEE ADDENDUM TO SUPPLEMENT 9 TO ATTACHMENT 2.6-A.**
Transfer of Resources

The agency provides for a period of ineligibility for nursing facility services, a level of care in a medical institution equivalent to that of nursing facility services, and for Home Based Waiver services when it is determined an institutionalized individual or their spouse disposed of resources for less than fair market value to become or remain eligible for Medicaid.

Transfers occurring within 36 months before or after application (or institutionalization, if later) or assets placed in an irrevocable trust within 60 months are evaluated.

The period of ineligibility shall begin with the month in which the transfer took place and continue for a period of time which is the number of months determined by dividing the uncompensated value by $4,583 (the statewide average monthly cost of care in a nursing facility for a private patient).

Eligibility can be re-evaluated if the individual secures the return of the transferred resource or if the individual receives further compensation. The uncompensated value will be reduced by the amount of additional compensation received.

An institutionalized individual is defined as an individual who is an inpatient in a nursing facility, who is an inpatient in a medical institution, for whom payment is made based on a level of care provided in a nursing facility or who is a Home and Community Based Service recipient.

For purposes of Section 1917 (c) of the Act, the term “resources” has the meaning given such term in Section 1613 of the Act, without regard to the exclusion described in subsection (a) (1) thereof.

An individual shall not be determined ineligible for medical assistance if:

1. the resources transferred was a home and title to the home was transferred to:
   a. the spouse of such individual;

TN No. 99-05 Approval Date: May 10, 1999 Effective Date: April 1, 1999
Supersedes TN No. 94-01
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: ___ NEVADA

1902 (f) AND 1917 (c)
OF THE SOCIAL SECURITY ACT

b. a child of such individual who is under age 21 or is blind or permanently and totally disabled;

c. a sibling of such individual who has an equity interest in such home and who was residing in the individual’s home for a period of at least one year immediately before the date the individual becomes institutionalized;

d. a child of such individual (other than a child described in item “b” above) who was residing in the individual’s home for a period of at least two years immediately before the date the individual becomes institutionalized and who provided care to the individual which permitted the individual to reside at home rather than an institution or facility;

2. the resources were transferred to or from (or to another for the sole benefit of) the individual’s spouse, or to the individual’s blind/disabled child;

3. a satisfactory showing is made the individual intended to dispose of the resources either at fair market value or for other valuable consideration or the resources were transferred exclusively for a purpose other than to qualify for medical assistance;

4. it has been determined a denial of eligibility would work an undue hardship against the individual.

Undue hardship is when there is no means, legal or otherwise, by which the individual is able to have the resource returned to his/her ownership or receive further compensation. The individual is otherwise eligible for Medicaid, and without Medicaid, the individual would be forced to go without life-sustaining medical care as determined by an individual licensed to practice medicine in the State of Nevada.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

SECTION 1917 (c)(2)(D)

Transfer of Resources

An institutionalized spouse who (or whose spouse) transferred resources for less than fair market value shall not be found ineligible for nursing facility services, for a level of care in a medical institution equivalent to that of nursing facility services, or for home and community-based services where the States determine that denial of eligibility would work an undue hardship under the provision of Section 1917 (c)(2)(D) of the Social Security Act.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

TRANSFER OF ASSETS

1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

1. Institutional individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

   The agency withholds payment to institutionalized individuals for the following services:

   Payments based on a level of care in a nursing facility;
   Payments based on a nursing facility level of care in a medical institution;
   Home and community-based services under a 1915 waiver.

2. Non-institutionalized individuals:

   N/A The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

   Agency withholds payment to non-institutionalized individuals for the following services:

   N/A Home health services (section 1905(a)(7));
   N/A Home and community care for functionally disabled and elderly adults (section 1905(a)(22));
   N/A Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section (1905(a)(24)).
   N/A The following other long-term care services for which medical assistance is otherwise under the agency plan:

TN No. 95-03 Approval Date: June 05, 1995 Effective Date: January 1, 1995
Supersedes TN No. N/A
3. **Penalty Date --**
   The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
   
   - [X] the first day of the month in which the asset was transferred;
   - [ ] the first day of the month following the month of transfer.

4. **Penalty Period – Institutionalized Individuals--**
   In determining the penalty for an institutionalized individual, the agency uses:
   
   - [X] the average monthly cost to a private patient of nursing facility services in the agency;
   - [ ] the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.

5. **Penalty Period - Non-institutionalized Individuals --**
   The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;
   
   - [N/A] Imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:
6. **Penalty period for amounts of transfer less than cost of nursing facility care** --
   
   a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:
      
      _X_ does not impose a penalty;
      
      ____ imposes a penalty for less than a full month, based on the proportion of the agency’s private nursing facility rate that was transferred.
      
   b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:
      
      _X_ does not impose a penalty;
      
      ____ imposes a series of penalties, each for less than a full month.

7. **Transfers made so that penalty periods would overlap** --
   
   The agency:
   
   ____ totals the value of all assets transferred to produce a single penalty period.
   
   _X_ calculates the individual penalty periods and imposes them sequentially.

8. **Transfers made so that penalty periods would not overlap** --
   
   _X_ assigns each transfer its own penalty period;
   
   ____ uses the method outlined below:
9. Penalty periods – transfer by a spouse that results in a penalty period for the individual

a. The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

The remaining penalty period existing for the individual, at the time the spouse is determined eligible for Medicaid, will be divided in one-half and that one-half period of time will apply to the individual and the spouse.

b. If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset --

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

___ The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

___ For transfer of individual income payments, the agency will impose partial month penalty periods.

___ For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

___ The agency uses an alternate method to calculate penalty periods, as described below:
11. Imposition of a penalty would work an undue hardship.--

The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

Notice to applicant/recipient an undue hardship exception exists will be given at the point when the opportunity to rebut the presumption a transfer of assets occurred.

If undue hardship is claimed, the applicant/recipient will be responsible for providing convincing evidence the disqualification would cause an undue hardship. The evidence must include:

a. A written statement from the client/authorized representative stating the reason they feel undue hardship applies.

b. Verification, if possible, there is no means, legal or otherwise, by which the client is able to have the resource transferred back to his ownership or receive further compensation.

c. The client’s relationship, if any, to the person(s) to who the resource was transferred.

Once the rebuttal and all the necessary information to substantiate the claim is received, the ECS must send the information to the Chief of Eligibility and Payments requesting a decision on whether undue hardship exists. The request must be accompanied by the following:

- The name and case number of the applicant/recipient;
- The application date;
- The date the client entered the institution; and
- A brief description of the circumstances of the transfer and why it would be an undue hardship if the penalty were imposed.
A decision whether an undue hardship waiver will be granted will be made within forty-five (45) days from the date the undue hardship request is received by the Chief of Eligibility and Payments, unless extenuating circumstances exist. An adverse determination may be appealed if received by a hearing officer within ninety (90) days from the date of the undue hardship decision.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

Undue hardship is when there is no means, legal or otherwise, by which the individual is able to have the resource returned to his/her ownership or receive further compensation. The individual is otherwise eligible for Medicaid and without Medicaid the individual would be forced to go without life-sustaining medical care as determined by an individual licensed to practice medicine in the State of Nevada.
TRANSFER OF ASSETS

1917(c) FOR TRANSFERS OF ASSETS FOR LESS THAN FAIR MARKET VALUE MADE ON OR AFTER FEBRUARY 8, 2006, the agency provides for the denial of certain Medicaid services.

1. Institutionalized individuals are denied coverage of certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

   The agency does not provide medical assistance coverage for institutionalized individuals for the following services:

   - Nursing facility services;
   - Nursing facility level of care provided in a medical institution;
   - Home and community-based services under a 1915 (c) or (d) waiver.

2. Non-institutionalized individuals

   ☑ The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

   - The aged, blind or disabled

   The agency withholds payment to non-institutionalized individuals for the following services:

   - Home health services (Section 1905(a)(7));
   - Home and community care for functionally disabled elderly adults (section 1905(a)(22));
   - Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

   ☑ The following other long-term care services for which payment for medical assistance is otherwise made under the agency plan:

     - Home and Community Based Waiver Services
TRANSFER OF ASSETS

3. **Penalty Date** – The beginning date of each penalty period imposed for an uncompensated transfer of assets is the later of:

- the first day of a month during or after which assets have been transferred for less than fair market value;

☐ The State uses the first day of the month in which the assets were transferred

☒ The State uses the first day of the month after the month in which the assets were transferred

Or

- the date on which the individual is eligible for medical assistance under the State plan and is receiving institutional level care services described in paragraphs 1 and 2 that, were it not for the imposition of the penalty period, would be covered by Medicaid;

AND

which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

4. **Penalty Period – Institutionalized Individuals** – In determining the penalty for an institutionalized individual, the agency uses:

☒ the average monthly cost to a private patient of nursing facility services in the State at the time of application;

☐ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.

5. **Penalty Period – Non-institutionalized Individuals** – The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

☐ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

6. **Penalty period for amounts of transfer less than cost of nursing facility care**

Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.

TN No. 06-011 Approval Date: February 21, 2007 Effective Date: October 1, 2006

Supersedes

TN No. ______
TRANSFER OF ASSETS

☑ The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

7. Penalty periods – transfer by a spouse that results in a penalty period for the individual

a. The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

b. If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

8. Treatment of a transfer of income

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

☑ For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

9. Imposition of a penalty would work an undue hardship – The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

Application of a transfer of assets penalty would deprive the individual:

a. Of medical care such that the individual’s health or life would be endangered; or

b. Of food, clothing, shelter, or other necessities of life.

10. Procedures for Undue Hardship Waivers

The agency has established a process under which hardship waivers may be requested.
TRANSFER OF ASSETS

that provides for:

a. Notice to a recipient subject to a penalty that an undue hardship exception exists.

b. A timely process for determining whether an undue hardship waiver will be granted; and

c. A process, which is described in the notice, under which an adverse determination can be appealed.

These procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual’s personal representative.

11. Bed Hold Waivers for Hardship Applicants

The agency provides that while an application for an undue hardship waiver is pending in the case of an individual who is a resident of a nursing facility:

N/A Payments to the nursing facility to hold the bed for the individual will be made for a period not to exceed _____ days (may not be greater than 30).
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: Nevada

The agency does not apply the trust provisions in any case in which the agency determines that such application would work an undue hardship.

The following criteria will be used to determine whether the agency will not apply the trust provisions because doing so would work an undue hardship:

Notice to applicant/recipient an undue hardship exception exists and the opportunity to appeal the decision will be given on the denial notice.

If undue hardship is claimed, the applicant/recipient will be responsible for providing convincing evidence application of the trust provisions would cause an undue hardship. The evidence must include:

1. A written statement from the client/authorized representative stating the reason they feel undue hardship applies.
2. Verification, if possible, there is no means, legal or otherwise, by which the client is able to recover and/or access assets held in the trust.
3. The client’s relationship, if any, to the person(s) who are trustees of the trust.

Denial of eligibility would work an undue hardship against the individual when ALL of the following conditions exist:

1. The individual is otherwise eligible for Medicaid: AND
2. The Trustee has refused to make such income/resources available to the individual: AND
3. The individual has sufficient funds to cover the cost of institutionalized care: AND
4. Without Medicaid, the individual would be forced to go without life sustaining medical care as determined by an individual licensed to practice medicine in the State of Nevada: AND
5. Where the individual has the ability to amend the trust so it contains the provision, upon death of the individual the State receives and amount equal to the total amount of medical assistance paid on behalf of the individual under the State Plan: AND

TN No.  95-03  Approval Date: June 5, 1995  Effective Date: January 1, 1995
Supersedes
TN No.  N/A
6. The applicant/recipient has exercised all reasonable efforts and all possible avenues to recover and/or access to the assets held in the trust.

A decision whether an undue hardship waiver will be granted should be made within forty-five (45) days from the date the undue hardship request is received by the Chief of Eligibility and Payments.

Under the agency’s undue hardship provisions, the agency takes the option to exempt the funds in an irrevocable burial trust is $N/A.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is #0938-0673. The time required to complete this information collection is estimated at 3 hours per response, including the time to review instructions, searching existing data resources, gathering the data needed and completing and reviewing the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, N2-14-26, Baltimore, Maryland, 21244-1850 and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C., 20503.
ELIGIBILITY UNDER SECTION 1931 OF THE ACT

The State covers low-income families and children under Section 1931 of the Act. The following groups were included in the AFDC state plan effective July 16, 1996:

- X  Pregnant women with no other eligible children.
- X  AFDC children age 18 who are full-time students in a secondary school or in the equivalent level of vocational or technical training.
-  In determining eligibility for Medicaid, the agency uses the AFDC standards and methodologies in effect as of July 16, 1996, without modification.
- X  In determining eligibility for Medicaid, the agency uses the AFDC standards and methodologies in effect as of July 16, 1996, with the following modifications:
  - The agency applies lower income standards which are no lower than the AFDC standards in effect on May 1, 1988, as follows:
  - The agency applies higher income standards than those in effect as of July 16, 1996, increased by no more than the percentage increases in the CPI-U since July 16, 1996, as follows:
  - The agency applies higher resource standards than those in effect as of July 16, 1996, increase by no more than the percentage increases in the CPI-U since July 16, 1996, as follows:
The agency uses less restrictive income and/or resource methodologies than those in effect as of July 16, 1996, as follows:

- Disregard an additional $1,000 in resources.
- Disregard the full cost of child care.
- Time limited Earned Income Disregard test:
  1. For families whose gross income does not exceed the current 130% Federal Poverty Level (FPL) (which is no more than the July 1996 AFDC 185% need standard increased by CPI) apply the disregard test to determine if Earned Income Disregards are allowed.
  2. For households with earned income apply the earned Income Disregard Test either a. or b. (whichever is more advantageous) to identify if the wage earners qualify for the time limited Earned Income Disregards:
     a. Gross earned income minus $90.00 or 20% work expense, whichever is greater, plus countable unearned income is compared to the 100% TANF Need Standard. (Need Standards are the 1996 AFDC need standards increased annually by CPI). If the family passes the 100% Need Standard test, or was eligible in immediately preceding month apply earned income disregards as indicated below.

Current TANF earned income disregards:

1. Disregard 100% earned income for three months;
2. Disregard 85% of earned income for a second 3 months;
3. Disregard 75% of earned income for a third 3 months;
4. Disregard 65% of earned income for a fourth 3 months.
5. Disregard $90 or 20% of gross earnings (whichever is greater) for month 13 and ongoing (Work Expense).

b. 7/16/1996 AFDC earned income disregards:
1. The $30 + 1/3 / $30 earnings disregards as applicable;

2. $90 work expense; and

3. Determine eligibility based on whether total net countable earned and unearned income is no more than the current TANF payment standard.

The income and/or resource methodologies that the less restrictive methodologies replace are as follows:

- No resource methodology is replaced.

- Replaced income methodology is:
  1. $30 + 1/3 earned income disregard allowed for applicants/recipients who received a cash grant in one of the immediately preceding 4 months or whose net income without application of the disregards does not exceed the 100% need standard. $30 + 1/3 allowed for 4 consecutive months followed by $30 disregard for 8 consecutive months; and
  2. $175/$200 disregard of child care expenses; and
  3. $90 work expense.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
TRANSITIONAL MEDICAL ASSISTANCE

The State covers low-income families and children for Transitional Medical Assistance (TMA) under section 1925 of the Social Security Act (the Act). This coverage is provided for families who no longer qualify under section 1931 of the Act due to increased earned income, or working hours, from the caretaker relative’s employment, or due to the loss of a time-limited earned income disregard. \(1902(a)(52), 1902(e)(1)(B), \text{and~}1925 \text{of~the~Act}\)

The amount, duration, and scope of services for this coverage are specified in Section 3.5 of this State plan.

For Medicaid eligibility to be extended through TMA, families must have been Medicaid eligible under section 1931 (months of retroactive eligibility may be used to meet this requirement):

\(\times\) During at least 3 of the 6 months immediately preceding the month in which the family became ineligible under section 1931.

\(\_\) For fewer than 3 of the 6 previous months immediately preceding the month in which the family became ineligible under section 1931. Specify:

The State extends Medicaid eligibility under TMA for an initial period of:

\(\_\) 6 months. For TMA eligibility to continue into a second 6-month extension period, the family must meet the reporting, technical, and income eligibility requirements specified at section the Act.

\(\times\) 12 months. Section 1925(b) does not apply for a second 6-month extension period.

The State collects and reports participation information to the Department of Health and Human Services as required by section 1925(g) of the Act, in accordance with the format, timing, and frequency specified by the Secretary and makes such information publicly available.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

ELIGIBILITY UNDER SECTION 1931 OF THE ACT

The State covers low-income families and children under section 1931 of the Act.

X The agency uses less restrictive income and/or resources methodologies than those in effect as July 16, 1996 as follows:

All wages paid by the Census Bureau for temporary employment related to Census activities are excluded.

Monies received from blood donations, panhandling and Jury Duty are excluded as income.

Monies received to cover shelter costs in Homeless Transitional Housing are excluded as income.

The value of in-kind income which is not in the form of money payable to the household is excluded.

Monies in a 401K plan or Vested Retirement Account are excluded even if accessible with a penalty.

Exempt the value of prepaid burial funds, funeral plans and insurance policies earmarked for burial.

The amount of money in a retirement account which is not an IRA or Keogh plan will be considered exempt as a resource until such time as distributions are made from the account.

Exempt payments for relocation provided from Public Law 93-531.

When the Governor declares an economic crisis, Unemployment Insurance Benefits (UIB) will be excluded from income until the month following the month the Governor declares the economic crisis is over.

All otherwise countable income deposited in an IDA account funded under the Assets for Independent Act is excluded from income.

All interest earned on an IDA account funded under the Asset for Independence Act is excluded from income.

All funds in IDA accounts funded under the Assets for Independence Act are excluded from resources.

All otherwise countable income deposited in an IDA account funded under Section 404 of the Social Security Act is excluded from income.

The income and/or resource methodologies that the less restrictive methodologies replace are as follows:

TN No. 05-001 Approval Date: July 22, 2005 Effective Date: April 1, 2005
Supersedes
TN No. 01-12
A. Income and resource eligibility policies used to determine eligibility for institutionalized individuals who have spouses living in the community are consistent with Section 1924.

B. In the determination of resource eligibility, the State resource standard is the minimum standard permitted by law.

C. The definition of undue hardship for purposes of determining if institutionalized spouses receive Medicaid in spite of having excess countable resources is described below:

Denial of eligibility would work an undue hardship against an institutionalized spouse (as defined in MAABD Program Manual Section 350) when ALL of the following conditions exist:

1. The institutionalized spouse is otherwise eligible for Medicaid; AND

2. The community spouse (as defined in MAABD Program Manual Section 350) is the sole owner of liquid resources OR non-liquid joint resources valued in excess of the maximum standard permitted by law; AND

3. The community spouse has refused to make such resources available to the institutionalized spouse; AND

4. The institutionalized spouse has insufficient funds to cover the cost of institutionalized care; AND

5. Without Medicaid, the institutionalized spouse would be forced to go without life sustaining medical care as determined by an individual licensed to practice medicine in the State of Nevada.

DISQUALIFICATION FOR LONG-TERM CARE ASSISTANCE FOR INDIVIDUALS WITH SUBSTANTIAL HOME EQUITY

1917(f) The State agency denies reimbursement for nursing facility services and other long-term care services covered under the State plan for an individual who does not have a spouse, child under 21 or adult disabled child residing in the individual’s home, when the individual’s equity interest in the home exceeds the following amount:

- $500,000 (increased by the annual percentage increase in the urban component of the consumer price index beginning with 2011, rounded to the nearest $1,000).
- An amount that exceeds $500,000 but does not exceed $750,000 (increased by the annual percentage increase in the urban component of the consumer price index beginning with 2011, rounded to the nearest $1,000).

The amount chosen by the State is $______.

☐ This higher standard applies statewide.

☐ This higher standard does not apply statewide. It only applies in the following areas of the State:

☐ This higher standard applies to all eligibility groups.

☐ This higher standard only applies to the following eligibility groups:

The State has a process under which this limitation will be waived in cases of undue hardship.
ASSET VERIFICATION SYSTEM

1940(a) 1. The agency will provide verification of assets for the purpose of determining Medicaid eligibility for aged, blind and disabled Medicaid applicants and recipients using an Asset Verification System (AVS) that meets the following minimum requirements.

A. The request and response system must be electronic:
   (1) Verification inquiries must be sent electronically via the internet or similar means from the agency to the financial institution (FI).
   (2) The system cannot be based on mailing paper-based requests.
   (3) The system must have the capability to accept responses electronically.

B. The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department’s National Institute of Standards and Technology, or NIST).

C. The system must establish and maintain a database of FIs that participate in the agency’s AVS.

D. Verification requests also must be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant’s home address, or other reasonable factors whenever the agency determines that such requests are needed to determine or redetermine the individual’s eligibility.

E. The verification requests must include a request for information on both open and closed accounts, going back up to 5 years as determined by the State.
ASSET VERIFICATION SYSTEM

2. System Development

_____ A. The agency itself will develop an AVS.

In 3 below, provide any additional information the agency wants to include.

__x__ B. The agency will hire a contractor to develop an AVS

In 3 below, provide any additional information the agency wants to include.

_____ C. The agency will be joining a consortium to develop an AVS.

In 3 below, identify the States participating in the consortium. Also, provide any other information the agency wants to include pertaining to how the consortium will implement the AVS requirements.

_____ D. The agency already has a system in place that meets the requirements for an acceptable AVS.

In 3 below, describe how the existing system meets the requirements in Section 1.

_____ E. Other alternative not included in A. – D. above.

In 3 below, describe this alternative approach and how it will meet the requirements in Section 1.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

3. Provide the AVS implementation information requested for the implementation approach checked in Section 2, and any other information the agency may want to include.
State Plan Under Title XIX of the Social Security Act

State: Nevada

METHODOLOGY FOR IDENTIFICATION OF APPLICABLE FMAP RATES

The State will determine the appropriate FMAP rate for expenditures for individuals enrolled in the adult group described in 42 CFR 435.119 and receiving benefits in accordance with 42 CFR Part 440 Subpart C. The adult group FMAP methodology consists of two parts: an individual-based determination related to enrolled individuals, and as applicable, appropriate population-based adjustments.

Part 1 – Adult Group Individual Income-Based Determinations

For individuals eligible in the adult group, the state will make an individual income-based determination for purposes of the adult group FMAP methodology by comparing individual income to the relevant converted income eligibility standards in effect on December 1, 2009, and included in the MAGI Conversion Plan (Part 2) approved by CMS on 04/08/2014. In general, and subject to any adjustments described in this SPA, under the adult group FMAP methodology, the expenditures of individuals with incomes below the relevant converted income standards for the applicable subgroup are considered as those for which the newly eligible FMAP is not available. The relevant MAGI-converted standards for each population group in the new adult group are described in Table 1.

Enter "Y" (Yes), "N" (No), or "NA" in the appropriate column to indicate if the population adjustment will apply to each population group. Provide additional information in corresponding attachments.

APR 23 2014

TN – 13-034 Approval Date – Effective Date – 01/01/2014
Part 2 – Population-based Adjustments to the Newly Eligible Population Based on Resource Test, Enrollment Cap or Special Circumstances

A. Optional Resource Criteria Proxy Adjustment (42 CFR 433.206(d))

1. The state:

☐ Applies a resource proxy adjustment to a population group(s) that was subject to a resource test that was applicable on December 1, 2009.

☒ Does NOT apply a resource proxy adjustment (Skip items 2 through 3 and go to Section B).

Table 1 indicates the group or groups for which the state applies a resource proxy adjustment to the expenditures applicable for individuals eligible and enrolled under 42 CFR 435.119. A resource proxy adjustment is only permitted for a population group(s) that was subject to a resource test that was applicable on December 1, 2009.

The effective date(s) for application of the resource proxy adjustment is specified and described in Attachment B.

2. Data source used for resource proxy adjustments:

The state:

☐ Applies existing state data from periods before January 1, 2014.

☐ Applies data obtained through a post-eligibility statistically valid sample of individuals.

Data used in resource proxy adjustments is described in Attachment B.

3. Resource Proxy Methodology: Attachment B describes the sampling approach or other methodology used for calculating the adjustment.

B. Enrollment Cap Adjustment (42 CFR 433.206(e))

1. ☐ An enrollment cap adjustment is applied by the state (complete items 2 through 4).

☒ An enrollment cap adjustment is not applied by the state (skip items 2 through 4 and go to Section C).
2. Attachment C describes any enrollment caps authorized in section 1115 demonstrations as of December 1, 2009 that are applicable to populations that the state covers in the eligibility group described at 42 CFR 435.119 and received full benefits, benchmark benefits, or benchmark equivalent benefits as determined by CMS. The enrollment cap or caps are as specified in the applicable section 1115 demonstration special terms and conditions as confirmed by CMS, or in alternative authorized cap or caps as confirmed by CMS. Attach CMS correspondence confirming the applicable enrollment cap(s).

3. The state applies a combined enrollment cap adjustment for purposes of claiming FMAP in the adult group:

☐ Yes. The combined enrollment cap adjustment is described in Attachment C

☐ No.

4. Enrollment Cap Methodology: Attachment C describes the methodology for calculating the enrollment cap adjustment, including the use of combined enrollment caps, if applicable.

C. Special Circumstances (42 CFR 433.206(g)) and Other Adjustments to the Adult Group FMAP Methodology

1. The state:

☐ Applies a special circumstances adjustment(s).

☒ Does not apply a special circumstances adjustment.

2. The state:

☐ Applies additional adjustment(s) to the adult group FMAP methodology (complete item 3).

☒ Does not apply any additional adjustment(s) to the adult group FMAP methodology (skip item 3 and go to Part 3).

3. Attachment D describes the special circumstances and other proxy adjustment(s) that are applied, including the population groups to which the adjustments apply and the methodology for calculating the adjustments.

4 APR 23 2014

TN – 13-034 Approval Date – Effective Date – 01/01/2014
Part 3 – One-Time Transitions of Previously Covered Populations into the New Adult Group

A. Transitioning Previous Section 1115 and State Plan Populations to the New Adult Group

☐ Individuals previously eligible for Medicaid coverage through a section 1115 demonstration program or a mandatory or optional state plan eligibility category will be transitioned to the new adult group described in 42 CFR 435.119 in accordance with a CMS-approved transition plan and/or a section 1902(e)(14)(A) waiver. For purposes of claiming federal funding at the appropriate FMAP for the populations transitioned to new adult group, the adult group FMAP methodology is applied pursuant to and as described in Attachment E, and where applicable, is subject to any special circumstances or other adjustments described in Attachment D.

☐ The state does not have any relevant populations requiring such transitions.

Part 4 - Applicability of Special FMAP Rates

A. Expansion State Designation

The state:

☐ Does NOT meet the definition of expansion state in 42 CFR 433.204(b). (Skip section B and go to Part 5)

☐ Meets the definition of expansion state as defined in 42 CFR 433.204(b), determined in accordance with the CMS letter confirming expansion state status, dated ________________.

B. Qualification for Temporary 2.2 Percentage Point Increase in FMAP.

The state:

☐ Does NOT qualify for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7).

☐ Qualifies for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7), determined in accordance with the CMS letter confirming eligibility for the temporary FMAP increase, dated ______________. The state will not claim any federal funding for individuals determined eligible under 42 CFR 435.119 at the FMAP rate described in 42 CFR 433.10(c)(6).
Part 5 - State Attestations

The State attests to the following:

A. The application of the adult group FMAP methodology will not affect the timing or approval of any individual’s eligibility for Medicaid.

B. The application of the adult group FMAP methodology will not be biased in such a manner as to inappropriately establish the numbers of, or medical assistance expenditures for, individuals determined to be newly or not newly eligible.

ATTACHMENTS

Not all of the attachments indicated below will apply to all states; some attachments may describe methodologies for multiple population groups within the new adult group. Indicate those of the following attachments which are included with this SPA:

- Attachment A – Conversion Plan Standards Referenced in Table 1
- Attachment B – Resource Criteria Proxy Methodology
- Attachment C – Enrollment Cap Methodology
- Attachment D – Special Circumstances Adjustment and Other Adjustments to the Adult Group FMAP Methodology
- Attachment E – Transition Methodologies

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 4 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

State: Nevada

Citation(s) 2.7 Medicaid Furnished Out of State

431.52 and 1902 (b) of the Act, P.L. 99-272 (Section 9529)

Medicaid is furnished under the conditions specific in 42 CFR 431.52 to an eligible individual who is a resident of the State while the individual is in another State, to the same extent that Medicaid is furnished to residents in the State.
State/Territory: Nevada  

SECTION 3 – SERVICES: GENERAL PROVISIONS

Citation  3.1 Amount, Duration and Scope of Services

42CFR Part 440,  
Subpart B  
1902(a), 1902(e),  
1905(a), 1905(p),  
1915, 1920 and  
1925 of the Act

(a) Medicaid is provided in accordance with the requirements of 42 CFR Part 440, Subpart B and sections 1902(a), 1902(e), 1905(a), 1905(p), 1915, 1920 and 1925 of the Act.

(1) Categorically needy.

Services for the categorically needy are described below and in ATTACHMENT 3.1-A. These services include:

(i) Each item or service listed in section 1902(a)(10)(A) and 1905(a) of the Act, is provided as defined in 42 CFR Part 440, Subpart A, or for EPSDT services, section 1905(r) and 42 CFR Part 441, Subpart B.

(ii) Nurse-midwife services listed in section 1905(a)(17) of the Act, as defined in 42 CFR 440.165 are provided to the extent that nurse-midwives are authorized to practice under State Law or regulation. Nurse-midwives are permitted to enter into independent provider agreements with the Medicaid agency without regard to whether the nurse-midwife is under the supervision of, or associated with, a physician or other health care provider.

___ Not applicable. Nurse-midwives are not authorized to practice in this State.
Citation 3.1(a)(1)  

**Amount, Duration and Scope of Services:**  
Categorically Needy (Continued)

1902(e)(5) of the Act

(iii) Pregnancy-related, including family planning services, and postpartum services for a 60-day period (beginning on the day pregnancy ends) and any remaining days in the month in which the 60th day falls are provided to women who, while pregnant, were eligible for, applied for, and received medical assistance on the day the pregnancy ends.

X (iv) Services for medical conditions that may complicate the pregnancy (other than pregnancy-related or postpartum services) are provided to pregnant women.

1902(a)(10)(F)(VII)

(v) Services related to pregnancy (including prenatal, delivery, postpartum and family planning services) and to other conditions that may complicate pregnancy are the same services provided to poverty level pregnant women eligible under the provision of sections 1902(a)(10)(A)(i)(IV) and 1902(a)(10)(A)(ii)(IX) of the Act.
Citation 3.1(a)(1) Amount, Duration and Scope of Services: Categorically Needy (Continued)

1902(a)(10)(d) of the Act (vi) Home health services are provided to individuals entitled to nursing facility services as indicated in item 3.1(b) of this plan.

1902(e)(7) of the Act (vii) Inpatient services that are being furnished to infants and children described in section 1902(1)(B) through (D), or section 1905(n)(2) of the Act on the date the infant or child attains the maximum age for coverage under the approved State plan will continue until the end of the stay for which the inpatient services are furnished.

1902(e)(9) of the Act (viii) Respiratory care services are provided to ventilator dependent individuals as indicated in item 3.1(h) of this plan.

1902(a)(52) and 1925 of the (ix) Services are provided to families eligible under section 1925 of the Act as indicated in item 3.5 of this plan.

ATTACHMENT 3.1-A identifies the medical and remedial services provided to the categorically needy, specifies all limitations on the amount, duration and scope of those services, and lists the additional coverage (that is in excess of established service limits) for pregnancy-related services and services for conditions that may complicate the pregnancy.
State/Territory: Nevada

Citation 3.1 Amount, Duration and Scope of Services: (Continued)

42 CFR Part 440, Subpart B

(a)(2) Medically needy.

This State plan covers the medically needy. The services described below and in ATTACHMENT 3.1-B are provided.

Services for the medically needy include:

1902(a)(10)(C)(iv) of the Act
42 CFR 440.220

(i) If services in an institution for mental diseases (42 CFR 440.140 and 440.160) or an intermediate care facility for the mentally retarded (or both) are provided to any medically needy group, then each medically needy group is provided either the services listed in section 1905(a)(1) through (5) and (17) of the Act, or seven of the services listed in section 1905(a)(1) through (20). The services are provided as defined in 42 CFR Part 440, Subpart A and in sections 1902, 1905 and 1915 of the Act.

Not applicable with respect to nurse-midwife services under section 1902(a)(17). Nurse-midwives are not authorized to practice in this State.

1902(e)(5) of the Act

(ii) Prenatal care and delivery services for pregnant women.
State/Territory: Nevada

Citation 3.1(a)(2) Amount, Duration and Scope of Services: Medically Needy (Continued)

(iii) Pregnancy-related, including family planning services and postpartum services for a 60-day period (beginning on the day the pregnancy ends) and any remaining days in the month in which the 60th day falls are provided to women who, while pregnant, were eligible for, applied for and received medical assistance on the day the pregnancy ends.

(iv) Services for any other medical condition that may complicate the pregnancy (other than pregnancy-related and postpartum services) are provided to pregnant women.

(v) Ambulatory services, as defined in ATTACHMENT 3.1-B, for recipients under age 18 and recipients entitled to institutional services.

Not applicable with respect to recipients entitled to institutional services; the plan does not cover those services for the medically needy.

(vi) Home health services to recipients entitled to nursing facility services as indicated in item 3.1(b) of this plan.

42 CFR 440.140, 440.150, 440.160 Subpart B, 442.441, Subpart C 1902(a)(20) and (21) of the Act

(vii) Services in an institution for mental diseases for individuals over age 65.

(viii) Services in an intermediate care facility for the mentally retarded.

1902(a)(10)(c) of the Act

(ix) Inpatient psychiatric services for individuals under age 21.
State/Territory: Nevada

**ATTACHMENT 3.1-B** identifies the services provided to each covered group of the medically needy; specifies all limitations on the amount, duration and scope of those items; and specifies the ambulatory services provided under this plan and any limitations on them. It also lists the additional coverage (that is in excess of established service limits) for pregnancy-related services and services for conditions that may complicate the pregnancy.
Amount, Duration and Scope of Services: (Continued)

(a)(3) Other Required Special Groups: Qualified Medicare Beneficiaries

Medicare cost sharing for qualified Medicare beneficiaries described in section 1905(p) of the Act is provide only as indicated in item 3.2 of this plan.

(a)(4)(i) Other Required Special Groups: Qualified Disabled and Working Individuals

Medicare Part A premiums for qualified disabled and working individuals described in section 1902(a)(10)(E)(ii) and 1905(s) of the Act are provided as indicated in item 3.2 of this plan.

(ii) Other Required Special Groups: Specified Low-Income Medicare Beneficiaries

Medicare Part B premiums for specified low-income Medicare beneficiaries described in section 1902(a)(10)(E)(iii) and 1905(p)(3)(A)(ii) of the Act are provided as indicated in item 3.2 of this plan.

(iii) Other Required Special Groups: Qualifying Individuals – 1

Medicare Part B premiums for qualifying individuals described in 1902(a)(10)(E)(iv)(I), 1905(p)(3)(A)(ii) and 1933 of the Act are provided as indicated in item 3.2 of this plan.
State/Territory: Nevada

1902(a)(10) (iv) Other Required Special Groups: Qualifying Individuals – 2

The portion of the amount of increase to the Medicare part B premium attributable to the Home Health provisions for qualifying individuals described in 1902(A)(10)(E)(iv)(II) and subject to 1933 of the Act are provided as indicated in item 3.2 of this plan.

1925 of the Act (a)(5) Other Required Special Groups: Families Receiving Extended Medicaid Benefits

Extended Medicaid benefits for families described in section 1925 of the Act are provided as indicated in item 3.5 of this plan.
Limited Coverage for Certain Aliens

Sec. 245A(h) Of the Immigration and Nationality Act

(a)(6) Aliens granted lawful temporary resident status under section 245A of the Immigration and Nationality Act who meet the financial and categorical eligibility requirements under the approved State Medicaid plan are provided the services covered under the plan if they:

(A) Are aged, blind or disabled individuals as defined in section 1614(a)(1) of the Act.

(B) Are children under 18 years of age; or

(C) Are Cuban or Haitian entrants as defined in section 501(e)(1) and (2)(A) of P.L. 96-422 in effect on April 1, 1983.

(ii) Except for emergency services and pregnancy-related services, as defined in 42 CFR 447.53(b) aliens granted lawful temporary resident status under section 245A of the Immigration and Nationality Act who are not identified in item 3.1(a)(6)(i)(A) through (C) above, and who meet the financial categorical eligibility requirements under the approved State plan are provided services under the plan no earlier than five years from the date the alien is granted lawful temporary resident status.
3.1(a)(6)  

Amount, Duration and Scope of Services: Limited Coverage for Certain Aliens (Continued)

(iii) Aliens who are not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law who meet the eligibility conditions under this plan, except for the requirement for receipt of AFDC, SSI or a State supplementary payment, are provided Medicaid only for care and services necessary for the treatment of an emergency medical condition (including emergency labor and delivery) as defined in section 1903(v)(3) of the Act.

(a)(7) Homeless Individuals.

Clinic services furnished to eligible individuals who do not reside in a permanent dwelling or do not have a fixed home or mailing address are provided without restrictions regarding the site at which the services are furnished.

(a)(8) Presumptively Eligible Pregnant Women.

Ambulatory prenatal care for pregnant women is provided during a presumptive eligibility period if the care is furnished by a provider that is eligible for payment under the State plan.

(a)(9) EPSDT Services.

The Medicaid agency meets the requirements of sections 1902(a)(43), 1905(a)(4)(B) and 1905(r) of the Act with respect to early and periodic screening, diagnostic and treatment (EPSDT) services.
State/Territory: Nevada

Citation 3.1(a)(9) Amount, Duration and Scope of Services: EPSDT Services (Continued)

42 CFR 441.60 [N/A] The Medicaid agency has in effect agreements with continuing care providers. Described below are the methods employed to assure the providers’ compliance with their agreements.**

42 CFR 440.240 and 440.250 (a)(10) Comparability of Services

(i) Services made available to the categorically needy are equal in amount, duration and scope for each categorically needy person.

(ii) The amount, duration and scope of services made available to the categorically needy are equal to or greater than those made available to the medically needy.

(iii) Services made available to the medically needy are equal in amount, duration and scope for each person in a medically needy coverage group.

[N/A] (iv) Additional coverage for pregnancy-related service and services for conditions that may complicate the pregnancy are equal for categorically and medically needy.

** Describe here.

The continuing care provider submits monthly encounter data reflecting the number of examinations completed the number of examinations where a referable condition was identified, and the number of follow-up treatment encounters. Medicaid staff makes periodic on-site reviews to monitor the provider’s record of case management.
State/Territory: Nevada

3.1(b) Home health services are provided in accordance with the requirements of 42 CFR 441.15.

(1) Home health services are provided to all categorically needy individuals 21 years of age or over.

X Yes.

___ Not applicable. The State plan does not provide for skilled nursing facility services for such individuals.

(2) Home health services are provided to all categorically needy individuals under 21 years of age.

(3) Home health services are provided to the medically needy:

___ Yes, to all.

___ Yes, to individuals age 21 or over; SNF services are provided.

___ Yes, to individuals under age 21; SNF services are provided.

___ No; SNF services are not provided.

X Not applicable; the medically needy are not included under this plan.
3.1 Amount, Duration and Scope of Services (Continued)

42 CFR 431.53 (c)(1) Assurance of Transportation

Provision is made for assuring necessary transportation of recipients to and from providers. Methods used to assure such transportation are described in ATTACHMENT 3.1-D.

42 CFR 483.10 (C)(2) Payment for Nursing Facility Services

The State includes in nursing facility services at least the items and services specified in 42 CFR 483.10(c)(8)(i).
Citation  3.1(d)  Methods and Standards to Assure Quality of Services

42 CFR 440.260  The standards established and the methods used to assure high quality care are described in ATTACHMENT 3.1-C.
State/Territory: Nevada

Citation 3.1(e) Family Planning Services

42 CFR 441.20
AT-78-90

The requirements of 42 CFR 441.20 are met regarding freedom from coercion or pressure of mind and conscience, and freedom of choice of method to be used for family planning.
Citation 3.1(f)(1) Optometric Services

42 CFR 441.30
AT-78-90
Optometric services (other than those provided under 435.531 and 436.531) are not now but were previously provided under the plan. Services of the type an optometrist is legally authorized to perform are specifically included in the term “physicians’ services” under this plan and are reimbursed whether furnished by a physician or an optometrist.

___ Yes

___ No. The conditions described in the first sentence apply but the term “physicians’ services” does not specifically include services of the type an optometrist is legally authorized to perform.

X Not applicable. The conditions in the first sentence do not apply.

1903(i)(1) (2) Organ Transplant Procedures

of the Act, P.L. 99-272 (Section 9507)

Organ transplant procedures are provided.

___ No.

X Yes. Similarly situated individuals are treated alike and any restriction on the facilities that may, or practitioners who may, provide those procedures is consistent with the accessibility of high quality care to individuals eligible for the procedures under this plan. Standards for the coverage of organ transplant procedures are described at ATTACHMENT 3.1-E.
State/Territory: Nevada

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

1. Inpatient hospital services other than those provided in an institution for mental diseases.

   Provided: _ No limitations   X With limitations*

2.a. Outpatient hospital services.

   Provided: _ No limitations   X With limitations*

   b. Rural health clinic services and other ambulatory services furnished by a rural health clinic (which are otherwise included in the State plan).

      X Provided: _ No limitations   X With limitations*

      _ Not provided.

   c. Federally qualified health center (FQHC) services and other ambulatory services that are covered under the plan and furnished by an FQHC in accordance with section 4231 of the State Medicaid Manual (HCFA-Pub. 45-4).

      X Provided: _ No limitations   X With limitations*

3. Other laboratory and x-ray services.

   Provided:   X No limitations   _ With limitations*

*Description provided on Attachment.
1. **Inpatient hospital services** are limited to admissions certified for payment by Nevada Peer Review Organization.

2.a. **Outpatient hospital services** are limited to the same extent as physicians' services, prescribed drugs, therapy and other specific services listed in this Attachment.

2.b. **Rural health clinic services** are subject to the same limitations listed for specific services elsewhere in this Attachment.

Rural Health Clinic (RHC) Services are defined in section 1905(a)(2)(B) of the Social Security Act (the Act). RHC services include services provided by physicians (MD/DO), dentist, advanced practice registered nurse, physician assistants, nurse anesthetist, nurse midwives, psychologist, licensed clinical social workers, dental hygienist, podiatrist, radiology, optometrist, opticians (including eyeglasses dispensed), visiting nurses, clinical laboratory and other ambulatory services included in the state plan. RHC services also include services and supplies that are furnished as an incident to professional services furnished by a physician, physician assistant, nurse practitioner, or nurse midwife, and related medical supplies other than drugs and biologicals. Limitations on other ambulatory services furnished in the RHC are the same limitations as defined for those services in the State Plan.

2.c. **Federally qualified health center services** are subject to the same limitation as those of rural health clinics.

Federally Qualified Health Center (FQHC) Services as defined in section 1905(a)(2)(C) of the Social Security Act (the Act). FQHC services include services provided by physicians (MD/DO), dentist, advanced practice registered nurse, physician assistants, nurse anesthetist, nurse midwives, psychologist, licensed clinical social workers, dental hygienist, podiatrist, radiology, optometrist, opticians (including eyeglasses dispensed), visiting nurses, clinical laboratory and other ambulatory services included in the state plan. FQHC services also include services and supplies that are furnished as an incident to professional services furnished by a physician, physician assistant, nurse practitioner, or nurse midwife, and related medical supplies other than drugs and biologicals. Limitations on other ambulatory services furnished in the FQHC are the same limitations as defined for those services in the State Plan.
State/Territory: __Nevada

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

4.a. Nursing facility services (other than services in an institution for mental diseases) for individuals 21 years of age or older.

Provided: __No limitations  X With limitations*

4.b. Early and periodic screening, diagnostic and treatment services for individuals under 21 years of age, and treatment of conditions found.*

4.c. Family planning services and supplies for individuals of child-bearing age.

Provided: __No limitations  X With limitations*

4.d Face-to-face tobacco cessation counseling services for pregnant women.

1. Provided:  
   (i)  X By or under supervision of a physician;

   (ii) X By any other health care professional who is legally authorized to furnish such services under State law and who is authorized to provide Medicaid coverable services other than tobacco cessation services; or

   (iii) Any other health care professional legally authorized to provide tobacco cessation services under State law and who is specifically designated by the Secretary in regulations. (none are designated at this time)

2. Provided:  X No limitations  ___ With limitations*

   * Any benefit package that consists of less than four (4) counseling sessions per quit attempt, with a minimum of two (2) quit attempts per 12 month period should be explained below.

   Please describe any limitations

5.a. Physicians' services whether furnished in the office, the patient's home, a hospital, a nursing facility or elsewhere.

Provided:  X No limitations  ___With limitations*
b. Medical and surgical services furnished by a dentist (in accordance with section 1905(a)(5)(B) of the Act).

     Provided:  _ No limitations  X With limitations*

6. Medical care and any other type of remedial care recognized under State law, furnished by licensed practitioners within the scope of their practice as defined by State law.

   a. Podiatrists' services.

     Provided:  _ No limitations  X With limitations*

* Description provided on Attachment.
4.a. **Nursing facility services** require prior authorization from the Nevada Medicaid Office.

4.b. **Early Periodic Screening, Diagnostic, and Treatment (EPSDT) services** as defined in 42 CFR 440.40(b). All medically necessary diagnostic and treatment services will be provided to EPSDT recipients to treat conditions detected by periodic and interperiodic screening services, even if the services are not included in the "State Plan."

1. **School Based Child Health Services**

   School based health services include covered medical services, treatment, and other measures to correct or ameliorate any physical or mental disability. Services are provided by or through a Local Education Agency (LEA) to children with or suspected of having disabilities, who attend public school in Nevada, recommended by a physician or other licensed practitioners of the healing arts to special education students.

   Assessment, diagnosis, and evaluation services, including testing, are services used to determine Individuals with Disabilities Education Act (IDEA) eligibility or to obtain information on the individual for purposes of identifying or modifying the health related services on the Individualized Education Plan (IEP)/Individualized Family Service Plan (IFSP). These services are not covered if they are performed for educational purposes (e.g. academic testing or are provided to an individual who as the result of the assessment and evaluation is determined not to be eligible under IDEA. Services must be performed by qualified providers as set forth in this State Plan Amendment and who provide these services as part of their respective area of practice (e.g., psychologist providing a behavioral health evaluation).

**Service Limitations**

Services provided in a school setting will only be reimbursed for recipients who are at least three years of age and under 21 years who have been determined eligible for Title XIX and IDEA, Part B services with a written service plan (an IEP/EFSP) which contains medically necessary services recommended by a physician or other practitioner of the healing arts, within the scope of his or her practice under state law. For children ages 0-3, these direct services are available through the Early Intervention program and community providers, but are not provided in a school based setting.
Medicaid does not reimburse for social or educational needs or habilitative services. Medicaid does cover §1905(a) medical services addressed in the IEP that are medically necessary that correct or ameliorate a child’s health condition. Medicaid covered services are provided in accordance with the established service limitations.

The services are defined as follows:
A. Physicians’ services furnished in the school environment.

Services: As regulated under 42 CFR §440.50 and other applicable state and federal law or regulation.

Nevada Medicaid reimburses for covered medical services that are reasonable and medically necessary, performed by a physician or under the personal supervision of a physician, and that are within the scope of practice of their prognosis as defined by state law. Services must be performed by the physician or by a licensed professional working under the personal supervision of the physician, such as:

a. Evaluation and consultation with providers of covered services for diagnostic and preventive services including participation in a multi-disciplinary team assessment;
b. Record review for diagnostic and prescriptive services;
c. Diagnostic and evaluation services to determine a recipient’s medically related condition that results in the recipient’s need for medical services.

Provider Qualifications:

Licensure as a Physician by the Nevada State Board of Medical Examiners acting within their scope of practice (Nevada Revised Statute (NRS) 630.160, 630.165, 630.195, Nevada Administrative Code (NAC) 630.080), and 42 CFR §440.50

B. Physician’s Assistant services furnished in the school environment.

Services: As regulated under 42 CFR §440.60 and other applicable state and federal law or regulation.

Nevada Medicaid reimburses for covered medical services that are reasonable and medically necessary, ordered or performed by a physician or under the personal supervision of a physician, and that are within the scope of practice of their prognosis as defined by state law. Services must be performed by the physician or by a licensed professional working under the personal supervision of the physician, such as:

a. Evaluation and consultation with providers of covered services for diagnostic and preventive services including participation in a multi-disciplinary team assessment;
b. Record review for diagnostic and prescriptive services;
c. Diagnostic and evaluation services to determine a recipient’s medically related condition that results in the recipient’s need for medical services.

TN No. 08-009
Approval Date: July 20, 2009
Effective Date: July 1, 2009
Supersedes
TN No. NEW
Provider Qualifications:

Licensed by the Board of Medical Examiners or certification by the Nevada State Board of Osteopathic Medicine as a Physician Assistant to perform medical services under the supervision of a supervising physician in which they perform the functions or actions, and must act only within the scope of their State license.

C. Psychologists’ services furnished in the school environment.

Services: As regulated under 42 CFR §440.60(a) and other applicable state and federal law or regulation.

Observation, description, evaluation, interpretation or modification of human behavior by the application of psychological principles, methods or procedures to prevent or eliminate disease, disability, problematic, unhealthy or undesired behavior and to enhance personal relationships and behavioral and mental health towards the appropriate reduction of a mental impairment to the child’s best possible functional level. Service includes:

a. Mental health assessment;

b. Psychological testing (non-educational cognitive);

c. Assessment of motor language, social, adaptive and/or cognitive functioning by standardized developmental instruments;

d. Psychotherapy (group/individual).

Provider Qualifications:

A doctoral degree in psychology obtained from an approved doctoral program in psychology accredited by the American Psychological Association (APA) or a doctoral program in psychology accredited individually or as part of an institutional accreditation by another private or governmental accrediting agency, when the association’s or agency’s standards and procedures have been approved by the State Board of Psychologist Examiners. Licensed in the state in which they perform the functions or actions, and must act only within the scope of their State license.

D. Registered Nurses and Licensed Practical Nurses services furnished in the school environment.

Services: As regulated under 42 CFR §440.60(a) and other applicable state and federal law or regulation.

Skilled nursing refers to assessments, judgments, interventions and evaluation of interventions which require the education, training and experience of a licensed nurse to complete. Services must be based on an assessment and supporting documentation that describes the complexity and intensity of the recipient’s care and the frequency of skilled nursing interventions.
Skilled nursing services are a covered service when provided by a registered nurse (RN) or a licensed practical nurse (LPN) under the supervision of a registered nurse in accordance with the IEP/IFSP, to be safe and effective. An LPN may participate in the implementation of the plan of care for providing care to recipients under the supervision of a licensed registered nurse, or physician, or nurse practitioners that meet the federal requirements at 42 CFR 440.166. Services considered observational or stand-by in nature are not covered. Nursing Services are provided to an individual on a direct one-to-one basis on site within the school environment, such as:

a. Catheterization or catheter care;
b. Care and maintenance of tracheotomies;
c. Prescription medication administration that is part of the IEP/IFSP;
d. Oxygen administration;
e. Tube feedings;
f. Suctioning;
g. Ventilator Care;
h. Evaluations and assessments (RNs only).

Provider Qualifications

Nurses must be licensed by the Nevada Board of Nursing as a Registered Nurse (Nevada Revised Statutes (NRS) 632.019) or, as a Licensed Practical Nurse (NRS 632.016) in accordance with the Nurse Practice Act working within the scope of their practice.

E. Advanced Nurse Practitioners’ services furnished in the school environment.

Services: As regulated under 42 CFR §440.166 and other applicable state and federal law or regulation.

Nursing evaluation and treatment services include: Assessment, treatment services, and supervision of delegated health care services provided to prevent disease, disability, other health conditions or their progression; prolong life; and promote physical and mental health and efficiency. Including any medical or remedial services recommended by a physician or other licensed practitioner of the healing arts, within the scope of practice under state law, for maximum reduction of physical and mental disability and restoration of a recipient to his or her best possible functional level. Supervision for services provided to coordinating care and integrating nursing tasks and services that can be performed in a school environment, in addition to:

a. Evaluation and consultation with providers of covered services for diagnostic and preventive services including participation in a multi-disciplinary team assessment;
b. Record review for diagnostic and prescriptive services;
c. Diagnostic and evaluation services to determine a recipient’s medically related condition that results in the recipient’s need for medical services.
Provider Qualifications

Hold a certificate of recognition as an advanced nurses practitioner by the Nevada Board of Nursing to perform medical services under the supervision of a supervising physician in which they perform the functions or actions, and must act only within the scope of their State certificate of recognition, in accordance with Nevada Revised Statutes (NRS) Chapter 632 and Nevada Administrative Code (NAC) Chapter 632, Nurse Practice Act.

F. Physical therapy services furnished in the school environment.

Services: As regulated under 42 CFR §440.110(a) and other applicable state and federal law or regulation.

Physical therapy means services prescribed by a physician or other licensed practitioner of the healing arts within the scope of practice under state law and provided to a recipient by or under the direction of a qualified physical therapist to ameliorate/improve neuromuscular, musculoskeletal and cardiopulmonary disabilities.

Physical Therapy Evaluations and Treatments: includes assessing, preventing or alleviating movement dysfunction and related functional problems; obtaining and interpreting information; and coordinating care and integrating services relative to the recipient receiving treatment such as:

a. Evaluation and diagnosis to determine the existence and extent of motor delays, disabilities and/or physical impairments effecting areas such as tone, coordination, movement, strength, and balance;

b. Therapeutic exercise;

c. Application of heat, cold, water, air, sound, massage, and electricity;

d. Measurements of strength, balance, endurance, range of motion;

e. Individual or group therapy.

Provider Qualifications:

A “qualified physical therapist” is an individual who is a graduate of a program of physical therapy approved by both the Committee on Allied Health Education and Accreditation of the American Medical Association and the American Physical Therapy Association or its equivalent; and where applicable, licensed by the State.

Physical therapy assistant is a person who is licensed as a physical therapist assistant, if applicable, by the State in which practicing (NRS 640.260), and has graduated from a 2-year college-level program approved by the American Physical Therapy Association; or has 2 years of appropriate experience as a physical therapist assistant, and has achieved a satisfactory grade on a proficiency examination conducted, approved, or sponsored by the U.S. Public Health Service, except that these determinations of proficiency do not apply with respect to persons initially licensed by a State or seeking initial qualification as a physical therapy assistant after December 31, 1977.
All personnel who are involved in the furnishing of outpatient physical therapy services directly by or under arrangements with an organization must be legally authorized (licensed or, if applicable, certified or registered) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration.

The physical therapist must be present or readily available to supervise a physical therapist assistant for prescribed supervised CPT modalities that do not require direct (one-on-one), patient contact by the licensed therapist.

G. Occupational therapy services furnished in the school environment.

Services: As regulated under 42 CFR §440.110(b) and other applicable state and federal law or regulation.

Occupational therapy means services prescribed by a physician or other licensed practitioner of the healing arts within the scope of practice under state law and provided to a recipient by or under the direction of a qualified occupational therapist to ameliorate/improve functional disabilities.

Occupational Therapy Evaluations and Treatments: Include assessing, improving, developing, or restoring functions impaired or lost through illness, injury or deprivation, improving ability to perform tasks for independent functioning when functions are lost or impaired, preventing through early intervention, initial or further impairment or loss of function; and obtaining and interpreting information; and coordinating care and integrating services, such as:

a. Evaluation and diagnosis to determine the extent of disabilities in areas such as sensorimotor skills, self-care, daily living skills, play and leisure skills, and use of adaptive or corrective equipment;
b. Task-oriented activities to prevent or correct physical or emotional deficits to minimize the disabling effect of these deficits;
c. Exercise to enhance functional performance;
d. Individual and group therapy.

Provider Qualifications:

A “qualified occupational therapist” is an individual who is a graduate of a program in occupational therapy approved by the Committee on Allied Health Education and Accreditation of the American Medical Association and engaged in the supplemental clinical experience required before registration by the American Occupational Therapy Association.

Occupational therapy assistant is a person who has satisfied the academic requirement of an educational program approved by the Board of Occupational Therapy and the American Occupational Therapy Association and is authorized (licensed or certified) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration.
All personnel who are involved in the furnishing of outpatient occupational therapy services directly by or under arrangements with an organization must be legally authorized (licensed or, if applicable, certified or registered) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration.

The occupational therapist must be present or readily available to supervise an occupational therapist assistant for prescribed supervised CPT modalities that do not require direct (one-on-one), patient contact by the licensed therapist.

H. Services for individuals with speech, hearing, and language disorders.

Services: as regulated under 42 CFR §440.110(c) and other applicable state and federal law or regulation.

Speech and language pathology services are those services necessary for the diagnosis and treatment of speech and language disorders that result in communication disabilities and for the diagnosis and treatment of swallowing disorders with or without the presence of a communication disability. The services must be of such a level of complexity and sophistication or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified therapist.

The practice of audiology consists of rendering services for the measurement, testing, appraisal, prediction, consultation, counseling, research or treatment of hearing and hearing impairment for the purpose of modifying disorders in communication involving speech, language and hearing. Audiology services must be performed by a certified and licensed audiologist. Treatment services such as:

a. Speech and language evaluations and diagnosis of delay and/or disabilities to include voice, communication, fluency, articulation, or language development;
b. Individual or group therapy;
c. Audiological evaluation and diagnosis to determine the presence or extent of hearing impairments that affect the recipient’s educational performance;
d. Complete hearing and/or hearing aid evaluation, hearing aid fittings or re-evaluations, and audiograms.

Provider Qualifications:

Speech and language pathologist’s are required to have a State license or State certification or registration and have a certificate of clinical competence from the American Speech and Hearing Association (ASHA); have completed the equivalent educational requirements and work experience necessary for the certificate; or has completed the academic program and is acquiring supervised work experience to qualify for the certificate;
A qualified audiologist has a master’s or doctoral degree in audiology which meets State licensure requirements. Per NRS 637B.160 they are licensed by the Board of Examiners for Audiology and Speech Pathology.

I. Medical supplies, equipment, and appliance services furnished in the school environment.

Services:

As regulated under 42 CFR §440.70 and other applicable state and federal law or regulation.

Durable Medical Equipment (DME) is defined as equipment which can withstand repeated use, and is primarily and customarily used to serve a medical purpose, and generally is not useful to a person in the absence of illness or injury and is appropriate for use in the home.

Disposable medical supplies are those items which are not reusable, and are primarily and customarily used to serve a medical purpose, and generally are not useful to a person in the absence of an illness or injury.

Service limitations:

Nevada Medicaid covers standard medical equipment that meets the basic medical need of the recipient. Deluxe equipment will not be authorized when it is determined a standard model will meet the basic medical needs of the recipient. Items classified as educational or rehabilitative by nature are not covered under this benefit. The DME provider is required to have documentation of physician’s orders prior to the dispensing of any equipment or supplies.

Prior authorization and service limitations are applicable for some equipment and supplies. Specific limitations can be found in Chapter 1300 of the Medicaid Services Manual.

Provider Qualifications:

Providers dispensing durable medical equipment and medical supplies must be licensed with Medical Device Equipment and Gas through the Nevada Board of Pharmacy and be enrolled as a provider with the Division of Health Care Financing and Policy (DHCFP). Local Education Agency providers may dispense audiological supplies/equipment and medical supplies by their qualified practitioners acting within the scope of practice under state law.

4.c. Family planning services are not covered for individuals whose age or physical condition precludes reproduction. Tubal ligation and vasectomy are not covered for anyone under the age of 21 who is adjudged mentally incompetent or who is institutionalized.

5.b. Medical and surgical services provided by a dentist are limited to providers who are a doctor of dental medicine or dental surgery. Reference 42 CFR 440.50 (b) for further information.

6.a. Podiatrists' services are limited to individuals under the age of 21 and referred as a result of a Healthy Kids (EPSDT) screening.
b. Optometrists' services.
   - Provided: XX No limitations X With limitations*
   - __ Not provided.

c. Chiropractors' services.
   - Provided: XX No limitations X With limitations*
   - __ Not provided.

d. Other practitioners' services.
   - Provided: Identified on attached sheet with description of limitations, if any.
   - __ Not provided.

7. Home health services.
   a. Intermittent or part-time nursing services provided by a home health agency or by a registered nurse when no home health agency exists in the area.
      - Provided: __ No limitations X With limitations*
   b. Home health aide services provided by a home health agency.
      - Provided: __ No limitations X With limitations*
   c. Medical supplies, equipment, and appliances suitable for use in the home.
      - Provided: __ No limitations X With limitations*
   d. Physical therapy, occupational therapy, or speech pathology and audiology services provided by a home health agency or medical rehabilitation facility.
      - Provided: XX No limitations X With limitations*
      - __ Not Provided.

8. Private duty nursing services.
   - Provided: XX No limitations X With limitations*
   - __ Not Provided.

*Description provided on Attachment 3a.

TN No. 94-12 Approval Date: 2/8/95 Effective Date: 10/1/94
Supersedes
TN No. 92-5
6.b. **Optometrist services** require prior authorization from the Nevada Medicaid Office. Refractions are limited to one in 24 months except for those required as a result of an EPSDT examination.

6.c. **Chiropractor services** are limited to individuals under the age of 21 and referred as a result of a Healthy Kids (EPSDT) screening.

6.d. **Other practitioner services**

Physician Assistants' services are limited to the same extent as are physicians' services.

Certified Registered Nurse Practitioners' services are limited to the same extent as are physicians' services.

Psychologists' Services must be prior authorized by the Medicaid Office on Form NMO-3 and normally are limited to 24 one-hour individual therapy visits per year. Any limitation of services for children under age 21 will be exceeded based on medical necessity for EPSDT services.

7. **Home health care services**

**Services:** As regulated under 42 CFR 484, 42 CFR 440.70 and other applicable state and federal law or regulation.

Home health services are provided to a recipient at his place of residence, certified by a physician and provided under a physician approved Plan of Care. The provider must be enrolled as a Medicare Certified Home Health Agency licensed and authorized by state and federal laws to provide health care services in the home. Home health services include the following services and items:

a. Physical therapy.
   (Reference section 11 “a” of Attachment 3.1-A)

b. Occupational therapy.
   (Reference section 11 “b” of Attachment 3.1-A)

c. Speech therapy.
   (Reference section 11 “c” of Attachment 3.1-A)

d. Family planning education.

   Home health agencies employ registered nurses to provide post partum home visiting services to Medicaid eligible women.

**Provider Qualifications:**

(Reference section 7 “e” of Attachment 3.1-A)

e. Skilled nursing services (RN/LPN visits)
Services of a registered or licensed practical nurse that may be provided to recipients in a home setting include:

“Skilled nursing” means assessments, judgments, interventions, and evaluations of intervention, which require the training, and experience of a licensed nurse. Skilled nursing care includes, but is not limited to performing assessments to determine the basis for action or a need for action; monitoring fluid and electrolyte balance; suctioning of the airway; central venous catheter care; mechanical ventilation; and tracheotomy care.

Provider Qualifications:
A “qualified registered nurse” is an individual who has met the requirements outlined in NAC 632.150 and NRS 632.

1. In addition to those requirements contained in NRS 632, an applicant for a license to practice as a registered nurse must:
   a. Have graduated from a nursing program approved by the Board.
   b. Have successfully completed courses on the theory of and have clinical experience in medical-surgical nursing, maternal and child nursing and psychiatric nursing if the applicant graduated from an accredited school of professional nursing after January 1, 1952.
   c. On or after July 1, 1982, obtain a passing score as determined by the Board on the examination for licensure.

A “qualified licensed practical nurse” is an individual who has met the requirements outlined in NAC 632.150 and NRS 632.

2. An applicant for a license to practice as a licensed practical nurse must:
   a. Have graduated from high school or passed the general educational development test.
   b. Have graduated or received a certificate of completion from a program for registered nurses or practical nurses approved by the Board.
   c. Have successfully completed a course of study on the theory of and have clinical practice in medical-surgical nursing, maternal and child health nursing and principles of mental health if the applicant graduated from an accredited school of practical or vocational nursing after January 1, 1952.
   d. Obtain a passing score as determined by the Board on the examination for licensure.

f. Home health aide services.

Home health aides may provide assistance with:
1. Personal care services, such as bathing
2. Simple dressing changes that do not require the skills of a licensed nurse
3. Assistance with medications that are self administered
4. Assistance with activities that are directly supported of skilled therapy services but do not require the skills of a therapist, such as, routine maintenance exercise
5. Routine care of prosthetic and orthotic device
6. Monitoring of vital signs
7. Reporting of changes in recipient condition and needs
8. Any task allowed under NRS 632 and directed in the physician’s approved plan of care.

**Provider Qualifications:**
A person who:
- has successfully completed a state-established or other training program that meets the requirements of 42 CFR 484.36(a); and
- a competency evaluation program or state licensure program that meets the requirements of 42 CFR 484.36(b), or
- a competency evaluation program or state licensure program that meets the requirements of 42 CFR 484.36(b) or (e).

An individual is not considered to have completed a training and competency evaluation program, or a competency evaluation program if, since the individual’s most recent completion of this program(s), there has been a continuous period of 24 consecutive months during none of which the individual furnished services described in 42 CFR 409.40 for compensation.

g. Medical supplies, equipment, and appliances suitable for use in the home.

**Services:**
Durable Medical Equipment (DME) is defined as equipment which can withstand repeated use, and is primarily and customarily used to serve a medical purpose, and generally is not useful to a person in the absence of illness or injury and is appropriate for use in the home.

Disposable medical supplies are those items which are not reusable, and are primarily and customarily used to serve a medical purpose, and generally are not useful to a person in the absence of an illness or injury.

**Service limitations:**
Nevada Medicaid covers standard medical equipment that meets the basic medical need of the recipient. Deluxe equipment will not be authorized when it is determined a standard model will meet the basic medical needs of the recipient. Items classified as educational or rehabilitative by nature are not covered under this benefit. The DME provider is required to have documentation of physician’s orders prior to the dispensing of any equipment or supplies.

DME services are typically not covered under this program benefit for recipients in an inpatient setting. Customized seating systems may be covered under this benefit to a recipient in a nursing facility if the item is unique to their medical needs. Disposable services are not covered in an inpatient setting under this benefit.
Prior authorization and service limitations are applicable for some equipment and supplies. Specific limitations can be found in Chapter 1200 of the Medicaid Services Manual.

**Provider Qualifications:**

Providers are required to have a Medical Device Equipment and Gas licensure from the Nevada Board of Pharmacy

8. **Private duty nursing services**

*Private duty nursing services* means nursing services provided by a registered nurse or licensed practical nurse under the direction of the recipient’s physician. These services are provided in the recipient’s home. To qualify for these services, a recipient must require more individual and continuous care than is available from a visiting nurse or routinely provided by the nursing staff of the hospital or skilled nursing facility. These services are provided in accordance with 42 CFR 440.80 and other applicable state and federal law or regulation. These services are offered through a home health provider that is enrolled as a Medicare Certified Home Health Agency licensed and authorized by state and federal laws to provide health care services in the home.

**Provider Qualifications:**

(Reference section 7 “e” of Attachment 3.1-A)
AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

9. Clinic services.

   X  Provided:  _ No limitations  X  With limitations*

   _ Not provided.

10. Dental services.

    X  Provided:  _ No limitations  X  With limitations*

    _ Not provided.

11. Physical therapy and related services.

   a. Physical therapy.

      X  Provided:  _ No limitations  X  With limitations*

      _ Not provided.

   b. Occupational therapy.

      X  Provided:  _ No limitations  X  With limitations*

      _ Not provided.

   c. Services for individuals with speech, hearing, and language disorders (provided by or under the supervision of a speech pathologist or audiologist).

      X  Provided:  _ No limitations  X  With limitations*

      _ Not provided.

*Description provided on Attachment.
9. Clinic services are subject to the same limitations listed elsewhere in this Attachment, e.g., limits on prescriptions and physician office visits.

10. Dental services are limited to emergency care only. Requirements for prior authorization for oral surgery are specified in the Medicaid Services Manual, Chapter 1000, Addendum A. For those individuals referred for diagnosis/treatment under the Early Periodic Screening, Diagnosis and Treatment Program dental services are not so limited, and the full range of dental care is provided without authorization. Orthodontics through EPSDT require prior authorization.
11a. Physical therapy provided in an outpatient setting

**Services:** As regulated under 42 CFR §440.110(a) and other applicable state and federal law or regulation.

Physical therapy means services prescribed by a physician or other licensed practitioner of the healing arts within the scope of practice under state law and provided to a recipient by or under the direction of a qualified physical therapist to ameliorate/improve neuromuscular, musculoskeletal and cardiopulmonary disabilities which can respond or improve as a result of the prescribed treatment plan in a reasonable, predictable period of time. Services related to the general health and welfare of recipients, such as general exercises and play/recreational therapy to promote overall fitness and flexibility and activities to provide diversion or general motivation is not covered. Service limits may be exceeded based on medical necessity.

Physical Therapy Evaluations and Treatments: includes assessing, preventing or alleviating movement dysfunction and related functional problems; obtaining and interpreting information; and coordinating care and integrating services relative to the recipient receiving treatment such as:

a. Evaluation and diagnosis to determine the existence and extent of motor delays, disabilities and/or physical impairments affecting areas such as tone, coordination, movement, strength, and balance;
b. Therapeutic exercise;
c. Application of heat, cold, water, air, sound, massage, and electricity;
d. Measurements of strength, balance, endurance, range of motion;
e. Individual or group therapy.

Maintenance Therapy means services provided by or under the direction of a qualified therapist to develop and safely implement a maintenance program to maintain functional status at a level consistent with the patient’s physical or mental limitations or to prevent decline in function. Services must be established during the last rehabilitative treatment visit. Services must be medically necessary and require the management of a qualified therapist.

Maintenance Therapy Evaluations and Treatments: includes establishing a plan, assuring patient safety, training the patient, family members and/or unskilled personnel to maintain functional status or prevent decline in function, and making necessary reevaluations of the plan such as:

a. Ongoing evaluation of patient performance;
b. Adjustment to the maintenance program to achieve appropriate functional goals;
c. Prevent decline of function;
d. Provide interventions, in the case of a chronic or progressive limitation, to improve the likelihood of independent living and quality of life; and

e. Provide treatment interventions for recipients who are making progress, but not at a rate comparable to the expectations of restorative care.
Provider Qualifications:

A “qualified physical therapist” is an individual who is a graduate of a program of physical therapy approved by both the Committee on Allied Health Education and Accreditation of the American Medical Association and the American Physical Therapy Association or its equivalent; and where applicable, licensed by the State.

Physical therapy assistant is a person who is licensed as a physical therapist assistant, if applicable, by the State in which practicing (NRS 640.260), and has graduated from a 2-year college-level program approved by the American Physical Therapy Association; or has 2 years of appropriate experience as a physical therapist assistant, and has achieved a satisfactory grade on a proficiency examination conducted, approved, or sponsored by the U.S. Public Health Service, except that these determinations of proficiency do not apply with respect to persons initially licensed by a State or seeking initial qualification as a physical therapy assistant after December 31, 1977. PTA works under the direct supervision of the PT and is not receiving direct reimbursement.

All personnel who are involved in the furnishing of outpatient physical therapy services directly by or under arrangements with an organization must be legally authorized (licensed or, if applicable, certified or registered) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration.

The physical therapist must be present or readily available to supervise a physical therapist assistant for prescribed supervised CPT modalities that do not require direct (one-on-one), patient contact by the licensed therapist.

11b. Occupational therapy services provided in an outpatient setting

Services: As regulated under 42 CFR §440.110(b) and other applicable state and federal law or regulation.

Occupational therapy means services prescribed by a physician or other licensed practitioner of the healing arts within the scope of practice under state law and provided to a recipient by or under the direction of a qualified occupational therapist to ameliorate/improve functional disabilities which can respond or improve as a result of the prescribed treatment plan in a reasonable, predictable period of time. Services related to the general health and welfare of recipients, such as general exercises and play/recreational therapy to promote overall fitness and flexibility and activities to provide diversion or general motivation is not covered. Service limits may be exceeded based on medical necessity.

Occupational Therapy Evaluations and Treatments: Include assessing, improving, developing, or restoring functions impaired or lost through illness, injury or deprivation, improving ability to perform tasks for independent functioning when functions are lost or impaired, preventing through early intervention, initial or further impairment or loss of function; and obtaining and interpreting information; and coordinating care and integrating services, such as:

a. Evaluation and diagnosis to determine the extent of disabilities in areas such as sensorimotor skills, self-care, daily living skills, play and leisure skills, and use of adaptive or corrective equipment;

b. Task-oriented activities to prevent or correct physical or emotional deficits to minimize the disabling effect of these deficits;

c. Exercise to enhance functional performance;

d. Individual and group therapy.
Maintenance Therapy means services provided by or under the direction of a qualified therapist to develop and safely implement a maintenance program to maintain functional status at a level consistent with the patient’s physical or mental limitations or to prevent decline in function. Services must be established during the last rehabilitative treatment visit. Services must be medically necessary and require the management of a qualified therapist.

Maintenance Therapy Evaluations and Treatments: includes establishing a plan, assuring patient safety, training the patient, family members and/or unskilled personnel to maintain functional status or prevent decline in function, and making necessary reevaluations of the plan such as:

a. Ongoing evaluation of patient performance;
b. Adjustment to the maintenance program to achieve appropriate functional goals;
c. Prevent decline of function;
d. Provide interventions, in the case of a chronic or progressive limitation, to improve the likelihood of independent living and quality of life; and
e. Provide treatment interventions for recipients who are making progress, but not at a rate comparable to the expectations of restorative care.

Provider Qualifications:

A “qualified occupational therapist” is an individual who is a graduate of a program in occupational therapy approved by the Committee on Allied Health Education and Accreditation of the American Medical Association and engaged in the supplemental clinical experience required before registration by the American Occupational Therapy Association.

Occupational therapy assistant is a person who has satisfied the academic requirement of an educational program approved by the Board of Occupational Therapy and the American Occupational Therapy Association and is authorized (licensed or certified) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration. OTA works under the direct supervision of the OT and is not receiving direct reimbursement.

All personnel who are involved in the furnishing of outpatient occupational therapy services directly by or under arrangements with an organization must be legally authorized (licensed or, if applicable, certified or registered) to practice by the State in which they perform the functions or actions, and must act only within the scope of their State license or State certification or registration.

The occupational therapist must be present or readily available to supervise an occupational therapist assistant for prescribed supervised CPT modalities that do not require direct (one-on-one), patient contact by the licensed therapist.
11c. Services for individuals with speech, hearing, and language disorders provided in an outpatient setting

Services: as regulated under 42 CFR §440.110(c) and other applicable state and federal law or regulation.

Speech and language pathology services are those services necessary for the diagnosis and treatment of speech and language disorders that result in communication disabilities and for the diagnosis and treatment of swallowing disorders with or without the presence of a communication disability. The services must be of such a level of complexity and sophistication or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified therapist. Services are provided to a recipient to ameliorate/improve functional disabilities which can respond or improve as a result of the prescribed treatment plan in a reasonable, predictable period of time. Service limits may be exceeded based on medical necessity.

The practice of audiology consists of rendering services for the measurement, testing, appraisal, prediction, consultation, counseling, research or treatment of hearing and hearing impairment for the purpose of modifying disorders in communication involving speech, language and hearing. Audiology services must be performed by a certified and licensed audiologist. Treatment services such as:

a. Speech and language evaluations and diagnosis of delay and/or disabilities to include voice, communication, fluency, articulation, or language development;
b. Individual treatment and therapeutic modalities and/or group treatment (therapy);
c. Audiological evaluation and diagnosis to determine the presence or extent of hearing impairments;
d. Complete hearing and/or hearing aid evaluation, hearing aid fittings or re-evaluations, and audiograms.

Maintenance Therapy means services provided by or under the direction of a qualified therapist to develop and safely implement a maintenance program to maintain functional status at a level consistent with the patient’s physical or mental limitations or to prevent decline in function. Services must be established during the last rehabilitative treatment visit. Services must be medically necessary and require the management of a qualified therapist.

Maintenance Therapy Evaluations and Treatments: includes establishing a plan, assuring patient safety, training the patient, family members and/or unskilled personnel to maintain functional status or prevent decline in function, and making necessary reevaluations of the plan such as:

a. Ongoing evaluation of patient performance;
b. Adjustment to the maintenance program to achieve appropriate functional goals;
c. Prevent decline of function;
d. Provide interventions, in the case of a chronic or progressive limitation, to improve the likelihood of independent living and quality of life; and
e. Provide treatment interventions for recipients who are making progress, but not at a rate comparable to the expectations of restorative care.
Provider Qualifications:

Speech and language pathologist’s are required to have a State license or State certification or registration and have a certificate of clinical competence from the American Speech and Hearing Association (ASHA); have completed the equivalent educational requirements and work experience necessary for the certificate; or has completed the academic program and is acquiring supervised work experience to qualify for the certificate;

A qualified audiologist has a master’s or doctoral degree in audiology which meets State licensure requirements. Per NRS 637B.160 they are licensed by the Board of Examiners for Audiology and Speech Pathology.
AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

12. Prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist.

12. a.

1. Nevada Medicaid will meet all reporting and provision of information requirements of section 1927(b)(2) and the requirements of subsections (d) and (g) of Section 1927.

2. Covered outpatient drugs are those of any manufacturer who has entered into and complies with an agreement under section 1927(a), which are prescribed for a medically accepted indication (as defined in subsection 1927(k)(6)) of Title XIX of the Social Security Act.

3. Effective January 1, 2006, the Medicaid agency will not cover any Part D drug for full-benefit dual eligible individuals who are entitled to receive Medicare benefits under Part A or Part B.

a. Other Drugs Not Covered:

1) Pharmaceuticals designated "ineffective" or "less than effective" (including identical, related, or similar drugs) by the Food and Drug Administration (FDA) as to substance or diagnosis for which prescribed.

2) Pharmaceuticals considered "experimental" as to substance or diagnosis for which prescribed.

3) Pharmaceuticals manufactured by companies not participating in the Medicaid Drug Rebate Program unless rated "1-A" by the FDA.

TN No. 14-005 Approval Date: November 3, 2014 Effective Date: July 1, 2014
Supersedes
TN No. 13-003
3. The State will not pay for covered outpatients drugs of a non-participating manufacturer, except for drugs rated "1-A" by the FDA. If such a medication is essential to the health of a recipient and a physician has obtained approval for use of the drugs in advance of its dispensing, it may be covered by the program pursuant to section 1927(a)(3).

4. The Medicaid program restricts coverage of certain covered outpatient drugs through the operation of a prior authorization program. The prior authorization process provides for a turn-around response by either telephone or other telecommunications device within twenty-four hours of receipt of a prior authorization request. In emergency situations, providers may dispense at least a seventy-two hour supply of medication in accordance with the provisions of §1927 (d)(5) of the Social Security Act.

5. Pursuant to 42 U.S.C. Section 1396r-8 the state is establishing a preferred drug list with prior authorization for drugs not included on the preferred drug list. The state, or the state in consultation with a contractor, may negotiate supplemental rebate agreements that will reclassify any drug not designated as preferred in the baseline listing for as long as the agreement is in effect.

6. Pursuant to section 1927(d)(6) the State has established a maximum quantity of medication per prescription as a 34 day supply.
   a) In those cases where less than a 30 day supply of maintenance drug is dispensed without reasonable medical justification, the professional fee may be disallowed.
   b) In nursing facilities if the prescriber fails to indicate the duration of therapy for maintenance drug, the pharmacy must estimate and provide at least a 30 day supply.

7. The state will meet the requirements of Section 1927 of the Social Security Act. Based on the requirements for Section 1927 of the act, the state has the following policies for the supplemental rebate program for Medicaid recipients:
   a) CMS has authorized the State of Nevada to enter into direct agreements with pharmaceutical manufacturers for a supplemental drug rebate program. The supplemental rebate agreement effective July 1, 2014 amends the original, January 1, 2012 version, which is effective through their expiration dates.
   b) Supplemental rebates received by the State under these agreements by the State that are in excess of those required under the national drug rebate agreement will be shared with the federal government on the same percentage basis as applied under the national rebate agreement.
   c) All drugs covered by the program, irrespective of a supplemental agreement will comply with provisions of the national drug rebate agreement.
d) Any changes in supplemental rebate agreements should be submitted to the Centers for Medicare and Medicaid Services (CMS) for approval.

e) The unit rebate amount is confidential and cannot be disclosed for purposes other than rebate invoicing and verification, in accordance with Section 1927 (b)(3)(D).

f) Acceptance of supplemental rebates for products covered in the Medicaid program does not exclude the manufacturers’ product(s) from prior authorization or other utilization management requirements.

g) Rebates paid under CMS-approved Supplemental Rebate Agreement for the Nevada Medicaid population does not affect AMP or best price under the Medicaid program.
8. The Medicaid program restricts coverage of certain covered outpatient drugs through the operation of a prior authorization program. The prior authorization process provides for a turn-around response by either telephone or other telecommunications device within twenty-four hours of receipt of a prior authorization request. In emergency situations, providers may dispense at least a seventy-two hour supply of medication in accordance with the provisions of §1927 (d)(5) of the Social Security Act.

9. Pursuant to Section 1927(d)(6) the State has established a maximum quantity of medication per prescription as a 34-day supply.
   a) In those cases where less than a 30-day supply of maintenance drug is dispensed without reasonable medical justification, the professional fee may be disallowed.
   b) In nursing facilities if the prescriber fails to indicate the duration of therapy for maintenance drug, the pharmacy must estimate and provide at least a 30-day supply.

12. b. Dentures are allowed every 5 years.
   c. Prosthetic devices must be prescribed by a physician or osteopath and must be prior authorized by the Nevada Medicaid Office on Form NMO-3.
   d. Eyeglasses are limited to those prescribed to correct a visual defect of at least 0.5 diopters or 10 degrees in axis deviation for recipients for recipients of all ages once in 12 months, or with prior authorization if program limitations are exceeded. In addition, they are available on the periodicity schedule established for EPSDT.

*Description provided on Attachment.
A. **Diagnostic Services.** Provided under the EPSDT program.

B. **Screening Services.** Annual mammography provided to women aged 40 and over. Screening services also provided under the EPSDT program.

C. **Preventive Services.** Services provided are according to the United States Preventive Services Task Force (USPSTF) A and B recommendations along with approved vaccines and their administration recommended by the Advisory Committee on Immunization Practices (ACIP). Documentation is available to support claiming of FMAP for such services. As changes are made to the USPSTF and/or ACIP, coverage and billing codes will be updated to comply with the changes. Cost sharing is not applied to any of these services.

D. **Rehabilitative Services:**

1. **Mental Health Rehabilitation Services**

   Mental health rehabilitation assists individuals to restore and/or retain psychiatric stability, social integration skills, personal adjustment and/or independent living competencies in order to experience success and satisfaction in environments of their choice and to function as independently as possible. Interventions occur concurrently with clinical treatment and begin as soon as clinically appropriate.

   The services must be recommended by a physician or other licensed practitioner of the healing arts, within their scope of practice and prescribed on an individualized treatment plan to achieve maximum reduction of a mental disability and restore the recipient to their optimal level of functioning.
Each individual service must be identified on a written rehabilitation plan. This is also referenced as the treatment plan. Providers are required to maintain case records. Components of the rehabilitation plan and case records must be consistent with the federal rehabilitation regulations. Rehabilitation services may only be covered by Medicaid if they are not the responsibility of other programs and if all applicable requirements of the Medicaid program are met. Services covered under the Title IV-E program are not covered under the rehabilitation program. Room and Board is not an allowable service under the mental health rehabilitative program. Services are not provided to recipients who are inmates of a public institution.

These services require utilization review according to the individual intensity of need and are time limited.

Rehabilitative mental health services may be provided in a community-based, outpatient services, home-based, and school-based environment. Depending on the specific services they may be provided in a group or individual setting. All collateral services that are delivered to a person that is an integral part of the recipient’s environment such as medically necessary training, counseling and therapy, must directly support the recipient.

Services are based on an intensity of needs determination. The assessed level of need specifies the amount, scope and duration of mental health rehabilitation services required to improve, retain a recipient’s level of functioning or prevent relapse. The determination cannot be based upon the habilitative needs of the recipient.

Intensity of needs determination is completed by a trained Qualified Mental Health Professional (QMHP) or Qualified Mental Health Associate (QMHA) and is based on several components related to person- and family-centered treatment planning. These components include:

- A comprehensive assessment of the recipient’s level of functioning;
- The clinical judgment of the QMHP; or
- The clinical judgment of the case manager working under clinical supervision who is trained and qualified in mental health intensity of services determinations; and
- A proposed Treatment Plan.

A re-determination of the intensity of needs must be completed every 90 days or anytime there is a substantial change in the recipient’s clinical status.

Nevada Medicaid utilizes an intensity of needs grid to determine the amount and scope of services based upon the clinical level of care of the recipient. The grid is based upon the current level of care assessments: Level of Care Utilization System (LOCUS) for adults and Child and Adolescent Services Intensity Instrument (CASII) for children. The determined level on the grid guides the interdisciplinary team in planning treatment.
Within each level there are utilization standards for the amount of services to be delivered. The six levels are broken out by the following categories in order from less intense to more intense;

**Level of Care Utilization System (LOCUS)**

- Level 1- Recovery maintenance and health management,
- Level 2- Low intensity community based services,
- Level 3- High intensity community based services,
- Level 4- Medically monitored non-residential services,
- Level 5- Medically monitored residential services, and
- Level 6 -Medically managed residential services.

**Child and Adolescent Services Intensity Instrument (CASII)**

- Level 1- Basic services, Recovery maintenance and health management,
- Level 2- Outpatient services,
- Level 3- Intensive outpatient services,
- Level 4- Intensive integrated services,
- Level 5- Non-secure, 24 hour services with psychiatric monitoring,
- Level 6- Secure, 24 hour services with psychiatric management.

All mental health rehabilitation services must meet the associated admission and continuing stay criteria and go through utilization management per the intensity of needs grid.

**Service Array:**

1. **Assessments: Covered for problem identification (diagnosis) and to establish measurable treatment goals and objectives by a Qualified Mental Health Professional or designated Qualified Mental Health Associate in the case of a Mental Health Screen. An assessment is not intended for entry into each of the services. It is provided as an overall assessment of the recipient’s needs. Assessments are limited to two per calendar year. Additional assessments may be prior authorized based upon medical necessity. Re-assessments utilizing the appropriate CPT codes are not subject to the initial assessment limitations.**

2. **Mental Health Screens:** Determine eligibility for admission to treatment program. This is completed through a clinical determination of the intensity of need of the recipient. The objective of this service is to allow for the 90 day review for the intensity of needs determination and to determine either SED or SMI if it has not already been determined. The provider must meet the requirements of a QMHA.

3. **Neuro-cognitive/psychological and mental status testing:** This service is performed by a QMHP. Examples of testing are defined in the CPT; neuropsychological testing,
neurobehavioral testing, and psychological testing. Each service includes both interpretation and reporting of the tests. This service requires prior authorization.

4. **Basic Skills Training:** Services in this category are rehabilitative interventions that target concrete skills training such as: monitoring for safety, basic living skills, household management, self-care, social skills, communication skills, parent education, organization skills, time management, and transitional living skills. This service is provided in a variety of settings including community-based, outpatient services, and the home environment. The level of professional providing the services is dependent upon the needs of the recipient and the utilization management criteria. This service is provided by a QMHP or QMHA, under the direction of a QMHP, or provided by a QBA under the direct supervision of a QMHP or QMHA. This may be provided in a group (four or more individuals) or in an individual setting. These services require utilization review according to the individual intensity of need and are time limited.

5. **Psycho-social Rehabilitation:** Services in this category are rehabilitative interventions that target specific behaviors. These services may include: behavioral management and counseling, conflict and anger management, interpersonal skills, collateral interventions with schools and social service systems, parent and family training and counseling, community transition and integration, and self-management. This service is provided in a variety of settings including, community-based, outpatient services, and the home environment. The level of professional providing the services is dependent upon the needs of the recipient and the utilization management criteria. This is provided on an individual basis or in a group consisting of at least four individuals. Service is provided by a QMHP or a QMHA. The services provided may be directly attributable to an individual provider. Recipients must either be severely emotionally disturbed or seriously mentally ill. The level of care of the recipient is consistent with the high intensity community based services. These services require utilization review according to the individual intensity of need and are time limited. This service is reimbursed in 15 minute increments.

6. **Crisis Intervention:** A service provided by a QMHP to recipients who are experiencing a psychiatric crisis and a high level of personal distress. Crisis intervention services are brief, immediate and intensive interventions to reduce symptoms, stabilize the recipient, restore the recipient to his/her previous level of functioning, and to assist the recipient in returning to the community as rapidly as possible, if the recipient has been removed from their natural setting. The individual demonstrates an acute change in mood or thought that is reflected in the recipient’s behavior and necessitates crisis intervention to stabilize and prevent hospitalization. The Individual is a danger to himself, others or property or is unable to care for self as a result of personal illness. These services may be mobile and may be provided in a variety of settings, including, but not limited to, psychiatric emergency departments, homes, hospital emergency rooms, schools, child protective custody and homeless shelters. Crisis intervention services include follow-up and de-briefing sessions to ensure stabilization and continuity of care.
The service may be provided telephonically, as long as the service meets the definition of crisis intervention. Face to face crisis intervention is reimbursable for either one QMHP or a team that is composed of at least one QMHP and another QMHP or QMHA. This service is allowable for all levels of care. These services require utilization review according to the individual intensity of need and are time limited.

6. *Medication Management Training and Support* - Provided by a QMHP other than a physician. Typically this service is provided by a registered nurse. This service is for monitoring of compliance, side effects, recipient education and coordination of requests to a physician for changes in medication(s). This service may be provided in the home and community-based program. This service is provided at all levels of care. This service is not the same as medication management that is provided by a physician under physician services.

7. *Mental Health Therapy*: Provided by a QMHP for individual, group, and/or family therapy with the recipient present and for family therapy without the recipient present. Therapy delivered must be of a direct benefit to the recipient. Minimum size for group therapy is three individuals and a maximum therapist to participant ratio is one to ten. Mental health therapy is billed utilizing the appropriate CPT codes for licensed professionals. Mental health therapy is available at all levels of care. The intensity of the service increases based on the need of the recipient. These services require utilization review according to the individual intensity of need and are time limited.

8. *Day Treatment Program*: A community-based psycho-social program of rehabilitative services designed to improve individual and group functioning for effective community integration. This is not an Institution for Mental Illness (IMD), a Residential Treatment Facility, nor is it an institution as defined under federal regulation. Admission to this program requires: severe emotional disturbance or serious mental illness and recipient’s clinical and behavioral issues require intensive, coordinated, multi-disciplinary intervention within a therapeutic milieu. Day treatment is provided in a structured therapeutic environment which has programmatic objectives such as but not limited to: development of skills to promote health relationships and learn to identify ingredients that contribute to healthy relationships, development of coping skills and strategies, development of aggression prevention plans, problem identification and resolution, ability to learn respectful behaviors in social situations, development of the ability to demonstrate self-regulation on impulsive behaviors, development of empathy for peers and family and develop a clear understanding of recipients cycles of relapse and a relapse prevention plan. Services must be provided by a QMHP or by a QMHA under the direct supervision of a QMHP. The services provided may be directly attributable to an individual provider. The staff ratio is one to five participants. The average time per day this program is offered is three hours per day. Mental health therapy is a separate billable service under the appropriate CPT codes.
Mental health therapy and day treatment cannot be billed for the same time period. This service is consistent with intensive integrated outpatient services. These services require utilization review according to the individual intensity of need and are time limited. This service is reimbursed in hourly increments.

10. Peer-to-Peer Support Services: These supportive services assist a recipient and/or their family with accessing mental health rehabilitation services or community support services for needed stabilization, preventive care or crisis intervention. These services may include: empathic personal encouragement, self-advocacy, self-direction training, and peer recovery. These services must be a direct benefit to the recipient. Services may be provided in a group (requires five or more individuals) or individual setting. The services are identified in the recipient’s treatment plan and must be provided by a Peer Supporter working collaboratively with the case manager or child and family team/interdisciplinary team. A minimum amount of services are offered based on the intensity of needs and prior authorization is required for utilization of services above the minimum amount. These services require utilization review according to the individual intensity of need and are time limited.

A Peer Supporter is a qualified individual currently or previously diagnosed with a mental health disorder who has the skills and abilities to work collaboratively with and under the direct supervision of a QMHP in the provision of supportive assistance for rehabilitation services as identified in the treatment plan. Peer Supporters are contractually affiliated with a Behavioral Health Community Network, psychologist, or psychiatrists in order to be provided with medical supervision. Supervision by the QMHP must be provided and documented at least monthly. The selection of the Peer Supporter is based on the best interest of the recipient. The Peer Supporter must be approved by a QMHP. A Peer Supporter can not be the legal guardian or spouse of the recipient. A Peer Supporter must meet the minimum qualifications of a QBA.

Service Limitations

Rehabilitation mental health services are therapies or interventions identified in the treatment plan that are intended to result in improving or retaining a recipient’s level of functioning. These services are person- and family-centered, culturally competent, and must have measurable outcomes. The amount and duration of the service is reflective of the intensity of needs determination of the recipient. Services require authorization through Nevada Medicaid’s QIO-like vendor. The level of professional providing the service is dependent upon the needs of the recipient and the utilization management criteria.

Provider Qualifications

a. Qualified Mental Health Professional: A person who meets the definition of a QMHA and also meets the following documented minimum qualifications: 1) Holds any of the following educational degrees and licensure; Doctorate degree in psychology and license; Bachelor’s degree in nursing, APN (psychiatry), graduate degree in social work with
the following: a graduate degree in counseling and a license as a marriage and family therapist, or a clinical professional counselor, or is employed by the State of Nevada mental health agency and meets class specification qualifications of a Mental Health Counselor. The following licensed interns are covered as a QMHP: Licensed clinical social worker intern, licensed marriage and family therapist intern, and licensed clinical professional counselor interns. Interns must be supervised in accordance with state regulations and may only provide services within the scope of their licensure.

b. Qualified Mental Health Associate: A person who meets the following minimum documented qualifications; 1) Registered nurse OR 2) holds a bachelor’s degree in a social services field with additional understanding of mental health rehabilitation services, and case file documentation requirements; AND 3) whose education and experience demonstrate the competency under clinical supervision to direct and provide professional therapeutic interventions within the scope of their practice and limits of their expertise, identify presenting problems, participate in treatment plan development and implementation, coordinate treatment, provide parenting skills, training, facilitate discharge plans, and effectively provide verbal and written communication on behalf of the recipient to all involved parties, AND 4) Has an FBI background check in accordance with the provider qualifications of a QBA.

c. Qualified Behavioral Aide: A person who has an educational background of a high-school diploma or GED equivalent. A QBA may only provide the following services: basic skills training and peer support services. A QBA must have the documented competencies to assist in the provision of individual and group rehabilitation services which are under the direct supervision of a QMHP or QMHA, read, write and follow written or oral instructions, perform mental health rehabilitation services as documented in the treatment plan, identify emergency situations and respond accordingly, communicate effectively, document services provided, maintain confidentiality, successfully complete approved training program, CPR certification, and have completed an FBI criminal background check to ensure no convictions of applicable offenses have been incurred. QBA’s are required to participate in and successfully complete an approved training program which includes basic training, periodic and continuing in service training. Training must be interactive and not solely based on self-study guides or videotapes and should ensure that a QBA will be able to interact appropriately with individuals with mental health disorders. Training must also include:

- Case file documentation;
- Recipient’s rights;
- HIPAA compliance;
- Communication skills;
- Problem solving and conflict resolution skills;
- Communication techniques for individuals with communication or sensory impairments; and
- CPR certification
The entity that is providing supervision over the QBA shall provide annually a minimum of eight hours of service training for each QBA. The purpose of the annual training is to facilitate the development of specialized skills or knowledge not included in the basic training and/or to review or expand skills or knowledge included in the basic training. Consideration must be given to topics suggested by recipients. Documentation of the completed training and achieved competencies meeting this requirement must be maintained by the entity. Training requirements may be waived if the QBA can provide written verification of comparable education and training. The entity must document this validation.

(Reserved)
14. Services for individuals age 65 or older in institutions for mental diseases

A. Inpatient hospital services are limited to those certified for payment by a Professional Standards Review Organization. Inpatient psychiatric services are not to exceed five (5) days unless the attending physician documents why additional services are required. Emergency inpatient mental health services require no prior authorization. However, Medicaid's Peer Review Organization must be contacted for certification purposes within 24 hours or the first working day after the admission for certification purposes.

An emergency psychiatric admission must meet at least one of the following three criteria:

(1) Active suicidal ideation accompanied by a documented suicide attempt or documented history of a suicide attempt(s) within the past 90 days; or

(2) Active suicidal ideation accompanied by physical evidence (e.g., a note) or means to carry out the suicide threat (e.g., gun, knife, or other deadly weapon); or

(3) Documented aggression within the 72 hour period before admission:
   (a) Which resulted in harm to self, others, or property;
   (b) Which manifests that control cannot be maintained outside inpatient hospitalization; and
   (c) Which is expected to continue if no treatment is provided.

B. Nursing facility services require prior authorization from the Medicaid office on Form NMO-49.
AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

15.  a. Intermediate care facility services for MR (other than such services as in an institution for mental diseases) for persons determined, in accordance with section 1902(a)(31)(A) of the Act, to be in need of such care.
   
   X  Provided  __  No limitations  X  With limitations*
   
   __  Not provided

   b. Including such services in a public institution (or distinct part thereof) for the mentally retarded or persons with related conditions.
   
   X  Provided  __  No limitations  X  With limitations*
   
   __  Not provided

16.  Inpatient psychiatric facility services for individuals under 22 years of age.
   
   X  Provided  __  No limitations  X  With limitations*
   
   __  Not provided

17.  Nurse-midwife services.
   
   X  Provided  __  No limitations  X  With limitations*
   
   __  Not provided

18.  Hospice care (in accordance with section 2302 of the Affordable Care Act).
   
   X  Provided  X  No limitations  __  With limitations*
   
   __  Not provided

*Description provided on Attachment.
15. a. Intermediate care facility services require prior authorization from the Institutional Care Unit on Form NMO-49.

16. Inpatient psychiatric facility services are limited to recipients under the age of 21 years if the admission is prior authorized by Medicaid’s Peer Review Organization (PRO).

The only exception for the recipient to be admitted without a prior authorization would be in the event of an emergency in which the PRO must be notified within 24 hours or the first working day after the admission.

An emergency psychiatric admission must meet at least one of the following three criteria:

a. Active suicidal ideation accompanied by a documented suicide attempt or documented history of a suicide attempt(s) within the past 90 days; or

b. Active suicidal ideation accompanied by physical evidence (e.g., note) or means to carry out the suicide threat (e.g., gun, knife or other deadly weapon); or

c. Documented aggression within the 72 hour period before admission:

1) Which resulted in harm to self, others, or property;

2) In which control cannot be maintained outside inpatient hospitalization; and

3) The aggression is expected to continue without treatment.

Inpatient psychiatric services are not to exceed five (5) working days unless the attending physician documents, on a daily basis, why additional services are necessary.

17. Nurse-midwife services are limited to the same extent as are physicians' services.
AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

19. Case management services and Tuberculosis related services

   a. Case management services as defined in, and to the group specified in, Supplement 1 to
      ATTACHMENT 3.1-A (in accordance with section 1905(a)(19) or section 1915(g) of the Act).

      X Provided:  X With limitations
      _ Not provided.

   b. Special tuberculosis (TB) related services under section 1902(z)(2)(F) of the Act.

      _ Provided:  _ With limitations
      X Not provided.

20. Extended services to pregnant women.

   a. Pregnancy-related and postpartum services for a 60-day period after the pregnancy ends and any
      remaining days in the month in which the 60th day falls.

      _ Additional coverage ++

   b. Services for any other medical conditions that may complicate pregnancy.

      _ Additional coverage ++

++ Attached is a description of increases in covered services beyond limitations for all groups described in this Attachment and/or any additional services provided to pregnant women only.

*Description provided on Attachment.

TN No. 96-02  Approval Date: September 24, 1996  Effective Date: 01/01/96
Supersedes
TN No. 92-05
21. Ambulatory prenatal care for pregnant women furnished during a presumptive eligibility period by an eligible provider (in accordance with section 1920 of the Act).
   ✗ Provided:       ✗ No limitations       ✗ With limitations*
   _ Not provided.

22. Respiratory care services (in accordance with section 1902(e)(9)(A) through (C) of the Act).
    ✗ Provided:       _ No limitations        ✗ With limitations*
    _ Not provided.

23. Certified pediatric or family nurse practitioners' services.
    Provided:       _ No limitations        ✗ With limitations*

*Description provided on Attachment.

TN No. 92-5        Approval Date: 02/21/92        Effective Date: 01/01/92
Supersedes
TN No. 90-7
20. Extended services to pregnant women include all major categories of service provided for categorically needy recipients, except for services for individuals aged 65 or older in institutions for mental diseases, insofar as the services are medically necessary and related to the pregnancy. Services require prior authorization from the Nevada Medicaid Office on Form NMO-3.

Expanded dental benefits are covered for pregnant women who are not normally covered for adult recipients ages 21 and older. In order to reduce the risk of premature birth due to periodontal disease, pregnant women will be allowed dental prophylaxes and certain periodontal services during pregnancy, as outlined within the Medicaid Services Manual, Chapter 1000, and the Provider Type 22 (Dentist) Fee Schedule, available on the Nevada Medicaid website, at http://dhcfp.nv.gov/.

22. All respiratory care services require prior authorization from the Medicaid Office on Form NMO-3.

23. Pediatric or family nurse practitioner services are limited to the same extent as physician services.
24. Any other medical care and any other type of remedial care recognized under State law, specified by the Secretary.

TN No. 06-007
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
MEDICAL ASSISTANCE PROGRAM

State/Territory: Nevada

SECTION 3 – SERVICES: GENERAL PROVISIONS

3.1 Amount, Duration, and Scope of Services

Medicaid is provided in accordance with the requirements of sections 1902(a), 1902(e), 1903(i), 1905(a), 1905(p), 1905(r), 1905(s), 1906, 1915, 1916, 1920, 1925, 1929, and 1933 of the Act; section 245A(h) of the Immigration and Nationality Act; and 42 CFR Parts 431, 440, 441, 442, and 483.

A. Categorically Needy

28. Any other medical care, and any other type of remedial care recognized under State law, specified by the Secretary (in accordance with section 1905(a)(28) of the Social Security Act and 42 CFR 440.170).

a. Transportation (provided in accordance with 42 CFR 440.170 as an optional medical service) excluding “school-based” transportation.

☐ Not Provided:

☐ Provided without a broker as an optional medical service:

   (If state attests “Provided without a broker as an optional medical service” then insert supplemental information.)

   Describe below how the transportation program operates including types of transportation and transportation related services provided and any limitations.

   Describe emergency and non-emergency transportation services separately. Include any interagency or cooperative agreements with other Agencies or programs.

☒ Non-emergency transportation is provided through a brokerage program as an optional medical service in accordance with 1902(a)(70) of the Social Security Act and 42 CFR 440.170(a)(4).

   (If the State attests that non-emergency transportation is being provided through a brokerage program then insert information about the brokerage program.)
The State assures it has established a non-emergency medical transportation program in accordance with 1902(a)(70) of the Social Security Act in order to more cost-effectively provide transportation, and can document, upon request from CMS, that the transportation broker was procured in compliance with the requirements of 45 CFR 92.36 (b)-(i).

(1) The State will operate the broker program without the requirements of the following paragraphs of section 1902(a):

- (1) state-wideness (indicate areas of State that are covered)
- (10)(B) comparability (indicate participating beneficiary groups)
- (23) freedom of choice (indicate mandatory population groups)

(2) Transportation services provided will include:
- wheelchair van
- taxi
- stretcher car
- bus passes
- tickets
- secured transportation
- other transportation (if checked describe below other transportation.)
  - Charter air flight
  - Commercial air
  - Rotary Wing
  - Fixed wing
  - Ground ambulance
  - Bus, local, city
  - Bus, out of town

(3) The State assures that transportation services will be provided under a contract with a broker who:

(i) is selected through a competitive bidding process based on the State’s evaluation of the broker’s experience, performance, references, resources, qualifications, and costs:

---

TN No. 12-003
Supersedes
TN No. 10-006
Approval Date: May 31, 2013
Effective Date: January 1, 2012
(ii) has oversight procedures to monitor beneficiary access and complaints and ensures that transportation is timely and transport personnel are licensed qualified, competent and courteous:

(iii) is subject to regular auditing and oversight by the State in order to ensure the quality and timeliness of the transportation services provided and the adequacy of beneficiary access to medical care and services:

(iv) complies with such requirements related to prohibitions on referrals and conflict of interest as the Secretary shall establish (based on prohibitions on physician referrals under Section 1877 and such other prohibitions and requirements as the Secretary determines to be appropriate.)

(4) The broker contract will provide transportation to the following categorically needy mandatory populations:

- Low-income families with children (section 1931)
- Deemed AFCD-related eligibles
- Poverty-level related pregnant women
- Poverty-level infants
- Poverty-level children 1 through 5
- Poverty-level children 6 – 18
- Qualified pregnant women AFDC – related
- Qualified children AFDC – related
- IV-E foster care and adoption assistance children
- TMA recipients (due to employment) (section 1925)
- TMA recipients (due to child support)
- SSI recipients

(5) The broker contract will provide transportation to the following categorically needy optional populations:

- Optional poverty-level - related pregnant women
- Optional poverty-level - related infants
- Optional targeted low income children
Non IV-E children who are under State adoption assistance agreements

Non IV-E independent foster care adolescents who were in foster care on their 18th birthday

Individuals who meet income and resource requirements of AFDC or SSI

Individuals who would meet the income & resource requirements of AFDC if child care costs were paid from earnings rather than by a State agency

Individuals who would be eligible for AFDC if State plan had been as broad as allowed under Federal law

Children aged 15-20 who meet AFDC income and resource requirements

Individuals who would be eligible for AFDC or SSI if they were not in a medical institution

Individuals infected with TB

Individuals screened for breast or cervical cancer by CDC program

Individuals receiving COBRA continuation benefit

Individuals in special income level group, in a medical institution for at least 30 consecutive days, with gross income not exceeding 300% of SSI income standard

Individuals receiving home and community based waiver services who would only be eligible under State plan if in a medical institution

Individuals terminally ill if in a medical institution and will receive hospice Care

Individuals aged or disabled with income not above 100% FPL

Individuals receiving only an optional State supplement in a 209(b) State

Individuals working disabled who buy into Medicaid (BBA working disabled group)

Employed medically improved individuals who buy into Medicaid under TWWIIA Medical Improvement Group

Individuals disabled age 18 or younger who would require an institutional level of care (TEFRA 134 kids).
(6) Payment Methodology

(A) The State will pay the contracted broker by the following method:

(\checkmark) (i) risk capitation

(\xmark) (ii) non-risk capitation

(\checkmark) (iii) other (e.g., brokerage fee and direct payment to providers) (If checked describe any other payment methodology)

(B) Who will pay the transportation provider?

(\checkmark) (i) Broker

(\xmark) (ii) State

(\xmark) (iii) Other (if checked describe who will pay the transportation provider)

(C) What is the source of the non-Federal share of the transportation payments?

Describe below the source of the non-Federal share of the transportation payments proposed under the State plan amendment. If more than one source exists to fund the non-Federal share of the transportation payment, please separately identify each source of non-Federal share funding.

(\checkmark) (D) The State assures that no agreement (contractual or otherwise) exists between the State or any form of local government and the transportation broker to return or redirect any of the Medicaid payment to the State or form of local government (directly or indirectly). For instance, the NET broker will facilitate rides for recipients requiring door-to-door transport (Paratransit). DHCFP will reimburse the Regional Transportation Commission (RTC) directly for any costs incurred for these services. This assurance is not intended to interfere with the ability of a transportation broker to contract for transportation services at a lesser rate and credit any savings to the program.

(\checkmark) (E) The State assures that payments proposed under this State plan amendment will be made directly to transportation providers and that the transportation provider payments are fully retained by the transportation providers and no agreement (contractual or otherwise) exists between the State or local government and the transportation provider to return or redirect any of the Medicaid payment to the State or form of local government (directly or indirectly).
(7) The broker is a non-governmental entity:

- The broker is not itself a provider of transportation nor does it refer to or subcontract with any entity with which it has a prohibited financial relationship as described at 45 CFR 440.170(4)(ii).

☐ The broker is itself a provider of transportation or subcontracts with or refers to an entity with which it has a prohibited financial relationship and:

☐ Transportation is provided in a rural area as defined at 412.62(f) and there is no other available Medicaid participating provider or other provider determined by the State to be qualified except the non-governmental broker.

☐ Transportation is so specialized that there is no other available Medicaid participating provider or other provider determined by the State to be qualified except the non-governmental broker.

☐ The availability of other non-governmental Medicaid participating providers or other providers determined by the State to be qualified is insufficient to meet the need for transportation.

(8) The broker is a governmental entity and provides transportation itself or refers to or subcontracts with another governmental entity for transportation. The governmental broker will:

☐ Maintain an accounting system such that all funds allocated to the Medicaid brokerage program and all costs charged to the Medicaid brokerage will be completely separate from any other program.

☐ Document that with respect to each individual beneficiary’s specific transportation needs, the government provider is the most appropriate and lowest cost alternative.

☐ Document that the Medicaid program is paying no more for fixed route public transportation than the rate charged to the general public and no more for public para-transit services than the rate charged to other State human services agencies for the same service.
(9) Please describe below how the NEMT brokerage program operates. Include the services that will be provided by the broker. If applicable, describe any services that will not be provided by the broker and name the entity that will provide these services.

The NET broker provides transportation to and from medically necessary Nevada Medicaid covered services. Transportation is provided by the least expensive means available which is in accordance with the recipient's medical condition and needs and to the nearest appropriate Medicaid health care provider or medical facility. NET is available to all eligible Medicaid recipients with limitations.

Recipients call the NET broker for reservations. The NET broker verifies the recipient’s eligibility and the existence of a medical services appointment. Recipients are screened for the most appropriate level of service. Recipients who use the system frequently or require high cost transportation may be further assessed by the Medicaid District Office to ensure appropriate utilization. The NET broker authorizes and schedules the rides with providers. The broker determines efficient routes.

The NET broker provides NET both statewide and out of state. Recipients traveling out of state may have the cost of meals and lodging en route to and from medical care, and while receiving medical care reimbursed. An attendant’s costs may be covered if an attendant is required to ensure the recipient receives required medical services.

Medicaid does not reimburse the costs of non-emergency travel which had not been prior authorized or transportation to non-covered medical services. Ambulance charges for waiting time, stairs, plane loadings and in-town mileage and No shows, where a ride does not occur are also not reimbursable.

Full benefit dual eligible recipients may receive NET services to Access Medicaid only services.

Limitations:

Recipients whose eligibility is pending at the time of transport are not eligible for NET. QMBs and SLMBs for whom the State only pays their Medicare premiums are not eligible for NET. Emergency services only recipient may not receive NET for transport home from place of emergent services. Nursing facility NET for institutionalized recipients is included in NF rates. The NET broker may schedule rides for Paratransit services and DHCFP will reimburse the RTC directly for any costs incurred.

TN No. 12-003  Supersedes  TN No. 10-006  Approval Date: May 31, 2013  Effective Date: January 1, 2012
Service Limitations

Recipients must contact the NET broker to obtain prior authorization for transportation in all but emergency situations. Medicaid does not reimburse the costs of: meals and lodging, transportation to non-covered medical services, ambulance charges for waiting time, stairs, plane loadings and in-town mileage, or non-emergency travel which had not been prior authorized. Medicaid does not reimburse the transportation of full benefit dual eligible Medicare Part D recipients for non-emergency travel which had not been authorized, transportation for non-covered prescription drugs, or non-emergency transportation for recipients whose eligibility is pending at the time of transport.

Provider Qualifications

To be a NET provider, a vendor must have a current provider agreements with Nevada Medicaid NET broker, a State issued exemption from TSA regulation, proof of a liability insurance policy, pursuant to NRS 706.291 for a similar situated motor carrier, a criminal background check and an alcohol and substance abuse testing program in place for the drivers, and vehicles adequately maintained to meet the requirements of the contract. Vehicles shall comply with the Americans with Disabilities Act (ADA) regulations.

24.d. Nursing facility services for patients under 21 years of age require prior authorization from the Nevada Medicaid Office on Form NMO-49.

24.f. Personal care services covered under item 26, page 10a.
AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

25. Home and Community Care for Functionally disabled Elderly Individuals, as defined, described and limited in Supplement 2 to Attachment 3.1-A, and Appendices A-G to Supplement 2 to Attachment 3.1-A.

__________ provided          ________ X ________ not provided

26. Personal care services furnished to an individual who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for persons with mental retardation (ICF/MR), or institution for mental disease that are: (1) authorized for an individual in accordance with a service plan approved by the State; (2) provided by an individual who is qualified to provide such services and who is not a member of the individual’s family; and (3) furnished in a home or other location.

____ X__ Provided:           _______ X___ State Approved (Not Physician Service Plan Allowed)

_______ Not Provided:       ______ X___ Services Outside the Home Also Allowed

____ X__ Limitations Described on Attachment

TN No. 00-04 Approval Date: 10/18/00 Effective Date: 08/18/00
Supersedes
TN No. _____
26a. Nevada Medicaid PERSONAL CARE SERVICES (PCS) assist, support, and maintain recipients living independently in their homes and in settings outside the home. These services are to be provided where appropriate, medically necessary, and consistent with program utilization control procedures. Personal Care Services may be an alternative to institutionalization. These services and hours are established based on medical necessity and must be prior authorized by Medicaid and established using a Medicaid defined functional assessment. Personal care services cannot exceed hours determined by a functional assessment conducted by State Medicaid staff or their designee. Services may be reassessed when a significant change in condition or circumstance occurs or annually as specified in policy.

Personal care services include a range of human assistance provided to persons with disabilities and chronic conditions of all ages, which enables them to accomplish tasks they would normally do for themselves if they did not have a disability. Assistance may be in the form of hands-on assistance (actually performing a personal care task for a person) or cuing so that the person performs the task by him/herself. Such assistance most often relates to performance of activities of daily living (ADLs) and instrumental activities of daily living (IADLs). ADLs include eating, bathing, dressing, toileting, transferring, and maintaining continence. IADLs capture more complex life activities and include light housework, laundry, meal preparation, transportation, and grocery shopping. Personal care services can be provided on a continuing basis or on episodic occasions. Skilled services that may be performed only by a health professional are not considered personal care services.

Personal care services may be provided by any willing and qualified provider through a Provider Agency (PA), Intermediary Service Organization (ISO), or by an Independent Contractor when a PA or ISO is not available in that area of the state. All providers must meet established qualifications of sixteen (16) hours of basic training, background checks, and TB testing. Legally responsible individuals (e.g. spouse, legal guardian, parent of minor child, legally responsible stepparent, or foster parent) may not be reimbursed for providing personal care services.
Coverage Template for Freestanding Birth Center Services

Attachment 3.1A: Freestanding Birth Center Services

28. (i) Licensed or Otherwise State-Approved Freestanding Birth Centers

Provided: ☐ No limitations   ☒ With limitations   ☐ None licensed or approved

Please describe any limitations:

1. Must meet applicable state licensing and/or certification requirements in the state in which the center is located. Services are limited to labor, delivery, post-partum, and immediate newborn care.

2. Accreditation by one of the following nationally recognized accreditation organizations:
   a. The Accreditation Association for Ambulatory Health Care, Inc.
   b. The Commission for the Accreditation of Birth Centers.
   c. The Joint Commission.

3. Service requirements are limited to care when the following pregnancy criteria are met:
   a. An uncomplicated low-risk prenatal course is reasonably expected to result in a normal and uncomplicated vaginal birth in agreement with licensed birth center protocol;
   b. Completion of at least 36 weeks gestation and not more than 42 weeks gestation.

28. (ii) Licensed or Otherwise State-Recognized covered professionals providing services in the Freestanding Birth Center

Provided: ☐ No limitations   ☒ With limitations (please describe below)

☐ Not Applicable (there are no licensed or State approved Freestanding Birth Centers)

Please describe any limitations:

Childbirth procedures are limited to labor, delivery, postpartum care and immediate newborn care.
Please check all that apply:

☒ (a) Practitioners furnishing mandatory services described in another benefit category and otherwise covered under the State plan (i.e., physicians and certified nurse midwives).

☐ (b) Other licensed practitioners furnishing prenatal, labor and delivery, or postpartum care in a freestanding birth center within the scope of practice under State law whose services are otherwise covered under 42 CFR 440.60 (e.g., lay midwives, certified professional midwives (CPMs) and any other type of licensed midwife). *

☐ (c) Other health care professionals licensed or otherwise recognized by the State to provide these birth attendant services (e.g., doulas, lactation consultant, etc.). *

*For (b) and (c) above, please list and identify below each type of professional who will be providing birth center services: N/A
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
TARGETED CASE MANAGEMENT SERVICES

1. General assurances for targeted case management services:
   
   A. Individuals have the free choice of any qualified Medicaid provider in accordance with 42CFR§431.51.
   
   B. Targeted Case Management services can not restrict an individual’s access to other services under the plan.
   
   C. An individual cannot be compelled to receive targeted case management services, targeted case management services cannot be a condition of receipt of other Medicaid services, and other Medicaid covered services cannot be a condition to receive targeted case management services.
   
   D. Targeted case management services provided in accordance with section §1915(g) of the Act will not duplicate payments made to public agencies or private entities under State plan and other program authorities. Interventions to be reimbursed for under the Targeted Case Management service must be considered a covered Medicaid service. Medicaid reviews appropriateness of service through medical documentation and claim level audits at least annually. Medicaid performs provider training meetings to review covered and non-covered services and the circumstances in which TCM may be reimbursed.
   
   E. Comprehensive targeted case management services are provided on a one-to-one (telephonic or face-to-face) basis. Requirements for a single-case manager are effective March 4, 2010.
   
   F. Targeted case management service can not authorize, approve or deny the provision of other services under the plan.
   
   G. Providers are to maintain case records in accordance with Medicaid policy:
      a. The name of the individual receiving services, the dates of case management services, the name of the provider agency and person chosen by the recipient to provide services.
      b. The nature, content, and units of case management services received.
      c. Whether the goals specified in the care plan have been achieved.
      d. If an individual declines services listed in the care plan, this must be documented in the individual’s case record.
      e. Timelines for providing services and reassessment.
      f. The need for and occurrences of coordination with case managers of other programs.

2. Limitations:
   Targeted case management does not include the following:
A. Targeted case management activities that are an integral component of another covered Medicaid service.
B. The direct delivery of an underlying medical, educational, social, or other service to which an eligible individual has been referred.
C. Activities integral to the administration of foster care programs.
D. Activities, for which an individual may be eligible, that are integral to the administration of another non-medical program, except for targeted case management that is included in an individualized education program or individualized family service plan consistent with section 1903(c) of the Social Security Act.

Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Non SED/Non SMI
   A. Children, Adolescents and Adults who are Non SED/SMI are persons who are not seriously mentally ill or severely emotionally disturbed, have a significant life stressor, and:
      i. A DSM Axis I diagnosis, including V codes, that does not meet Seriously Mentally Ill or Severely Emotionally Disturbed criteria.
      ii. A Locus score of Level I or II, or
      iii. A CASII Level of 0, 1, 2, or above, and
      iv. DC:03 Axis I diagnosis or DC:03 Axis II PIR-GAS score of 40 or less.

2. Geographic area to be serviced:
   - Statewide
   - Limited geographic area

3. Service:

   Services are not comparable in amount, duration and scope.

   Targeted case management services are services furnished to assist individuals, eligible under the State plan that reside in a community setting or are transitioning to a community setting, in gaining access to needed medical, social, educational, and other services. The assistance provided through this service are:
   A. Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social, or other services.
   B. Development (and periodic revision) of a specific care plan based on the information collected through the assessment; specifies goals and actions to address services needed; activities insuring active participation of the individual and others in developing goals; and identifies a course of action to respond to the needs of the individual.
   C. Referral and related activities to help the eligible individual obtain needed services, including activities that help link the individual with medical, social, and educational providers or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan.
D. Monitoring and follow-up activities, including activities and contacts that are necessary to ensure that the care plan is effectively implemented and adequately addresses the needs of the eligible individual. Activities may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, including at least one annual monitoring, to help determine whether the following conditions are met:
  i. Services are being furnished in accordance with the individual’s care plan.
  ii. Services in the care plan are adequate.
  iii. There are changes in the needs or status of the eligible individual.

E. Targeted case management services may include contacts with non-eligible individuals that are directly related to the identification of the eligible individual’s needs and care, for the purposes of helping the eligible individual access services, identifying needs and supports to assist the eligible individual in obtaining services, providing case managers with feedback, and alerting case managers to changes in the eligible individual’s needs.

4. Frequency of Assessments and Monitoring:

A. Initial Assessment requires a face-to-face assessment.
B. Reassessment requires an annual face-to-face visit. A reassessment may occur more frequently if there is a change in the eligible individual’s condition.
C. The assessment and reassessment is limited to no more than four per 365 days. This does not preclude qualified providers from adjusting the care plan and service arrangements more frequently through monitoring activities.

5. Provider Qualifications

A. Minimum qualifications of a case manager providing services for Non SED/SMI are:

  1. A Bachelor’s degree in a health-related field, Registered Nurse (RN), Master’s level professional (LCSW or LMFT), APN in mental health, psychologist, LCSW or LMFT interns that are supervised within the scope of their license, or a mental health professional who works under the direct supervision of a person listed above. A mental health professional is an individual who is employed and determined by a state mental health agency to meet established class specifications and who has the established education and experience.

     A mental health professional may work under the direct supervision of a licensed intern within their scope of practice.

6. Transitional Targeted Case Management

☒ Not provided to this target group
☐ Provided to this target group
Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Children with a Severe Emotional Disturbance (SED)
   A. Children with SED are persons:
      1. From birth through 48 months who currently or at anytime during the past year (continuous 12 month period) have a:
         i. DC:03 Axis I diagnosis; or
         ii. DC:03 Axis II PIR-GAS score of 40 or less (40 is “Disturbed”); or
      2. Persons from 4 to 18 years who currently or at anytime during the past year (continuous 12 month period) have a:
         i. Diagnosable mental or behavioral disorder or diagnostic criteria that meets the coding and definition criteria specified in the DSM (excluding substance abuse or addictive disorders, irreversible dementias, mental retardation, developmental disorders, and V codes, unless they co-occur with a serious mental disorder that meets DSM criteria); and have a:
         ii. Functional impairment which substantially interferes with or limits the child from achieving or maintaining one or more developmentally appropriate social, behavioral, cognitive, communicative or adaptive skill. Functional impairments of episodic, recurrent, and persistent features are included, however may vary in terms of severity and disabling effects unless they are temporary and an expected response to stressful events in the environment. Children who would have met functional impairment criteria during the referenced year without the benefit of treatment or other support services are included in this definition.

2. Geographic area to be serviced:
   - [ ] Statewide
   - [ ] Limited geographic area

3. Service:

   Services are not comparable in amount, duration, and scope.

   Targeted case management services are services furnished to assist individuals, eligible under the State plan that reside in a community setting or are transitioning to a community setting, in gaining access to needed medical, social, educational, and other services. The assistance provided through this service are:

   A. Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social, or other services.
   B. Development (and periodic revision) of a specific care plan based on the information collected through the assessment;
9. **Clinic services** are subject to the same limitations listed elsewhere in this attachment, e.g., limits on prescription and physician office visits.

10. **Dental services** are limited to emergency care only. Requirements for prior authorization or oral surgery are specified in the Medicaid Services Manual, Chapter 1000, Addendum A. For those individuals referred for diagnosis/treatment under the Early Periodic Screening, Diagnosis and Treatment Program dental services are not so limited, and the full range of dental care is provided without authorization. Orthodontics through EPSDT require prior authorization.

11. **Physical therapy and related services** must be prescribed by a physician, and, are limited to services required for restitution and/or rehabilitation as contrasted with maintenance or palliation. Hospital inpatient therapy is limited to the same range of services that Medicare covers for its beneficiaries. Long-term-care facility inpatient therapy and therapy provided outpatients, other than emergencies or initial evaluations, require prior authorization from the Nevada Medicaid Office on form NMO-3.
C. Referral and related activities to help the eligible individual obtain needed services, including activities that help link the individual with medical, social, and educational providers or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan.

D. Monitoring and follow-up activities, including activities and contacts that are necessary to ensure that the care plan is effectively implemented and adequately addresses the needs of the eligible individual. Activities may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, including at least one annual monitoring, to help determine whether the following conditions are met:
   i. Services are being furnished in accordance with the individual’s care plan.
   ii. Services in the care plan are adequate.
   iii. There are changes in the needs or status of the eligible individual.

E. Targeted case management services may include contacts with non-eligible individuals that are directly related to the identification of the eligible individual’s needs and care, for the purposes of helping the eligible individual access services, identifying needs and supports to assist the eligible individual in obtaining services, providing case managers with feedback, and alerting case managers to changes in the eligible individual’s needs.

4. Frequency of Assessments and monitoring:

   A. Initial Assessment requires a face-to-face assessment.
   B. Reassessment requires an annual face-to-face visit. A reassessment may occur more frequently if there is a change in the eligible individual’s condition.
   C. The assessment and reassessment is limited to no more than four per 365 days. This does not preclude qualified providers from adjusting the care plan and service arrangements more frequently through monitoring activities.

5. Provider Qualifications: In accordance with §1915(g), these providers are limited based upon the target group of Chronic Mental Illness (CMI).

   A. Minimum qualification of a case manager providing services for SED children and adolescents are:
      i. Bachelor’s degree in a health related field, registered nurse (RN), Licensed Clinical Social Worker, Licensed Marriage and Family Therapist, Advanced Practitioner of Nursing (APN)- mental health, Psychologist, or mental health professional who works under the direct supervision of a person listed above, and
      ii. Provided by a State agency or the University Health System.

Limitations of targeted case management for CMI to the above listed professionals ensure needed services are received as they possess the knowledge and skills to fulfill the required elements of targeted case management, assessment and information gathering. These individuals also meet the education, work experience, training, and licensure and certification required to provide these comprehensive services to this target group. The individual is familiar with the general needs of the population and the programs that serve them.
6. Transitional Targeted Case Management

A. Transitional Targeted Case Management services are provided to eligible recipients transitioning to a community setting after a period of time in a psychiatric facility or hospital for recipients under the age of 21.

☐ Not provided to this target group
☒ Provided to this target group

A. Transitional targeted case management services are provided 14 days prior to discharge for an institutional stay.

B. Transitional targeted case management activities are coordinated with and are not a duplication of institutional discharge planning services.

C. The amount, scope and duration of targeted case management activities are to be documented in an individual’s plan of care which includes targeted case management activities prior to and post-discharge.

D. Transitional targeted case management is only provided by and reimbursed to community targeted case management providers.

E. Federal Financial Participation is only available to community providers and will not be claimed on behalf of an individual until discharge from the medical institution and enrollment in community services.

F. The State will monitor the compliance of transitional targeted case management through utilization management and utilization review criteria.
Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Adults with a Serious Mental Illness (SMI)
   A. Adults with SMI are persons:
      i. 18 years of age and older, and
      ii. Who currently, or at any time during the past year (continuous 12 month period);
         a. Have a diagnosable mental, behavioral or emotional disorder that meets the coding and definition criteria specified within the Diagnostic and Statistical Manual of Mental Disorders (DSM-IV), excluding substance abuse or addictive disorders, irreversible dementias as well as mental retardation, unless they co-occur with another serious mental illness that meets DSM-IV criteria;
         b. That resulted in functional impairment which substantially interferes with or limits one or more major life activities; and
      iii. Have a functional impairment addressing the ability to function successfully in several areas such as psychological, social, occupational or educational. It is seen on a hypothetical continuum of mental health-illness and is viewed from the individual’s perspective within the environmental context. Functional impairment is defined as difficulties that substantially interfere with or limit an adult from achieving or maintaining housing, employment, education, relationships or safety.

2. Geographic area to be serviced:
   ☑ Statewide
   ☐ Limited geographic area

3. Service:

1. Target Group: Persons with Mental Retardation and Related Conditions
   a. Persons with mental retardation are persons who:
      I. Are of significantly sub-average general intellectual functioning (IQ of 70 or below) and with concurrent related limitations in two or more adaptive skill areas, such as communication, self-care, social skills, community use, self-direction, health and safety, functional academics, leisure and work activities.
   b. Persons with related conditions to mental retardation are persons who have a severe, chronic disability that is attributable to cerebral palsy or epilepsy; or any other condition, other than mental illness, found to be closely related to mental retardation because this condition results in impairment of general intellectual functioning or adaptive behavior similar to that of mentally retarded persons, and requires treatment or services similar to those required for these persons. It is manifested before the person reaches age 22. It is likely to continue indefinitely. It results in substantial functional limitations in three or more of the following areas of major life activity:
      I. Taking care of oneself;
      II. Understanding and use of language;
      III. Learning;
      IV. Mobility;
      V. Self-direction;
      VI. Capacity for independent living.

Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Developmentally Delayed infants and toddlers
   a. Developmentally delayed infants and toddlers are children ages birth through two years and are determined eligible for early intervention services through the identification of a “developmental delay,” a term which means:
   i. A child exhibits a minimum of fifty percent (50%) delay of the child’s chronological age in any one of the areas listed below or a minimum of twenty-five percent (25%) delay of the child’s chronological age in any two areas listed below. Delays for infants less than 36 weeks gestation shall be calculated according to their adjusted age.
   ii. The delay(s) must be defined in one or more of the following areas:
       a. Cognitive development;
       b. Physical development, including vision and hearing;
       c. Communication development;
       d. Social or emotional development; or
       e. Adaptive development.
   iii. Children also are eligible who have a diagnosed physical or mental condition which has a high probability of resulting in developmental delays.
   iv. Informed clinical opinion must be used in determining eligibility for services as a result of a development delay.

2. Geographic area to be serviced:
   - Statewide
   - Limited geographic area

Supplement 1 to Attachment 3.1-A
Page 15

Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Juvenile Services
   A. Covered services will be provided to juveniles on probation (referred or under the supervision of juveniles’ caseworkers).
   B. Covered services will be provided to family member who are Medicaid eligible whose children are on probation.

2. Geographic area to be serviced:
   ☒ Statewide
   ☐ Limited geographic area

3. Service:

Services are not comparable in amount, duration, and scope.

Targeted case management services are services furnished to assist individuals, eligible under the State plan that reside in a community setting or are transitioning to a community setting, in gaining access to needed medical, social, educational, and other services. The assistance provided through this service are:

A. Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social, or other services.

B. Development (and periodic revision) of a specific care plan based on the information collected through the assessment; specifies goals and actions to address services needed; activities insuring active participation of the individual and others in developing goals; and identifies a course of action to respond to the needs of the individual.

C. Referral and related activities to help the eligible individual obtain needed services, including activities that help link the individual with medical, social, and educational providers or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan.

D. Monitoring and follow-up activities, including activities and contacts that are necessary to ensure that the care plan is effectively implemented and adequately addresses the needs of the eligible individual. Activities may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, including at least one annual monitoring, to help determine whether the following conditions are met:
   i. Services are being furnished in accordance with the individual’s care plan.
   ii. Services in the care plan are adequate.
   iii. There are changes in the needs or status of the eligible individual.

E. Targeted case management services may include contacts with non-eligible individuals that are directly related to the identification of the eligible individual’s needs and care, for the
purposes of helping the eligible individual access services, identifying needs and supports to assist the eligible individual in obtaining services, providing case managers with feedback, and alerting case managers to changes in the eligible individual’s needs.

4. Frequency of Assessments and Monitoring:
   Initial Assessment requires a face-to-face assessment.
   A. Reassessment requires an annual face-to-face visit. A reassessment may occur more frequently if there is a change in the eligible individual’s condition.
   B. The assessment and reassessment is limited to no more than four per 365 days. This does not preclude qualified providers from adjusting the care plan and service arrangements more frequently through monitoring activities.

5. Provider Qualifications:
   A. Targeted case management services will be provided only through qualified provider agencies. Qualified targeted case management services provider agencies must meet the following criteria:
      1. Have full access to all relevant records concerning the child’s needs for services including records of the Nevada District Family and Juvenile Courts.
      2. Have established referral systems and demonstrated linkages and referral ability with community resources required by the target population.
      3. Have a minimum of five years experience in providing all core elements of target services to the target populations.
      4. Have an administrative capacity to ensure quality of services in accordance with State and Federal requirements.
      5. Have a financial management capacity and system that provides documentation of services and costs in accordance with OMB A-87 principles.
      6. Have a capacity to document and maintain individual case records in accordance with State and Federal requirements, and
      7. Have a demonstrated ability to meet all State and Federal laws governing the participation of providers in the State Medicaid program, including the ability to meet Federal and State requirements for documentation, billing and audits.

   B. Individual case managers working for provider agencies must meet the following minimum qualification.
      1. meet the minimum qualifications for case managers as established by qualified provider agencies and
      2. have a minimum of a bachelor’s degree in social work, sociology, psychology, criminal justice or a related field and
      3. have experience in working with youth and
4. Documented experience in a closely related youth services field may be substituted on a year-for-year basis.

6. Transitional Targeted Case Management

Transitional Targeted Case Management services are provided to eligible recipients transitioning to a community setting after a period of time in a psychiatric facility or hospital for recipients under the age of 21.

☐ Not provided to this target group

☒ Provided to this target group

A. Transitional targeted case management services are provided 180 days prior to discharge for an institutional stay.

B. Transitional targeted case management activities are coordinated with and are not a duplication of institutional discharge planning services.

C. The amount, scope and duration of targeted case management activities are to be documented in an individual’s plan of care which includes targeted case management activities prior to and post-discharge.

D. Transitional targeted case management is only provided by and reimbursed to community targeted case management providers.

E. Federal Financial Participation is only available to community providers and will not be claimed on behalf of an individual until discharge from the medical institution and enrollment in community services.

F. The State will monitor the compliance of transitional targeted case management through utilization management and utilization review criteria.
Service: Targeted Case Management in accordance with 1915(g) of the Act.

1. Target Group: Child Protective Services

1. This service will be reimbursed when provided to children and young adults who are Medicaid recipients who are abused or neglected or suspected to be at risk thereof as evidenced by being in the care of the Division of Child and Family Services, Clark County Department of Family Youth Services and Washoe County Department of Social Services.

2. Covered services will be provided to families who are Medicaid recipients whose children are abused or neglected or suspected of to be at risk thereof as evidenced by being in the care of the Division of Child and Family Services, Clark County Department of Family Youth Services and Washoe County Department of Social Services.

2. Geographic area to be serviced:

- [x] Statewide
- [ ] Limited geographic area

3. Service:

Services are not comparable in amount, duration, and scope.

Targeted case management services are services furnished to assist individuals, eligible under the State plan that reside in a community setting or are transitioning to a community setting, in gaining access to needed medical, social, educational, and other services. The assistance provided through this service are:

A. Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social, or other services.

B. Development (and periodic revision) of a specific care plan based on the information collected through the assessment; specifies goals and actions to address services needed; activities insuring active participation of the individual and others in developing goals; and identifies a course of action to respond to the needs of the individual.

C. Referral and related activities to help the eligible individual obtain needed services, including activities that help link the individual with medical, social, and educational providers or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan.

D. Monitoring and follow-up activities, including activities and contacts that are necessary to ensure that the care plan is effectively implemented and adequately addresses the needs of the eligible individual. Activities may be with the individual, family members, service providers, or other
entities or individuals and conducted as frequently as necessary, including at least one annual monitoring, to help determine whether the following conditions are met:

i. Services are being furnished in accordance with the individual’s care plan.
ii. Services in the care plan are adequate.
iii. There are changes in the needs or status of the eligible individual.

E. Targeted case management services may include contacts with non-eligible individuals that are directly related to the identification of the eligible individual’s needs and care, for the purposes of helping the eligible individual access services, identifying needs and supports to assist the eligible individual in obtaining services, providing case managers with feedback, and alerting case managers to changes in the eligible individual’s needs.

   A. Reassessment requires an annual face-to-face visit. A reassessment may occur more frequently if there is a change in the eligible individual’s condition.
   B. The assessment and reassessment is limited to no more than four per 365 days. This does not preclude qualified providers from adjusting the care plan and service arrangements more frequently through monitoring activities.

5. Provider Qualifications:

Targeted case management services will be provided only through qualified provider agencies. Qualified provider agencies must have case managers which meet one of the following criteria:

1. Must have as a minimum the following education and/or experience: (a) Equivalent to completion of sixty (60) semester units of college level course work with a minimum of fifteen (15) semester units of child development, psychology, social work or a closely related behavioral science field. (b) Experience in a field related to the work may be substituted for the education on a year-for-year basis.

2. Must have as a minimum the following education and/or experience: (a) Equivalent to a bachelor’s degree in criminal justice, psychology, social service, sociology or a closely related field. (b) Experience in a field related to the work may be substituted for the education on a year-for-year basis.

3. Must have as a minimum the following education and/or experience: a) Equivalent to a bachelor’s degree in child development, psychology, social work or a closely related field. (b) Experience in a field related to the work may be substituted for the education on a year-for-year basis.

4. Must have as a minimum the following education and/or experience: a) Bachelor’s degree from an accredited college or university in social work, guidance and counseling, education, gerontology, human services, marriage and family studies, psychology, social welfare or sociology. (b) Licensed to practice social work in the state of Nevada; or eligible for licensure at the time of appointment.
6. Transitional Targeted Case Management

Transitional Targeted Case Management services are provided to eligible recipients transitioning to a community setting after a period of time in a psychiatric facility or hospital for recipients under the age of 21.

☐ Not provided to this target group
☑ Provided to this target group

A. Transitional targeted case management services are provided 180 days prior to discharge for an institutional stay.

B. Transitional targeted case management activities are coordinated with and are not a duplication of institutional discharge planning services.

C. The amount, scope and duration of targeted case management activities are to be documented in an individual’s plan of care which includes targeted case management activities prior to and post-discharge.

D. Transitional targeted case management is only provided by and reimbursed to community targeted case management providers.

E. Federal Financial Participation is only available to community providers and will not be claimed on behalf of an individual until discharge from the medical institution and enrollment in community services.

F. The State will monitor the compliance of transitional targeted case management through utilization management and utilization review criteria.

STANDARDS AND METHODS OF ASSURING HIGH QUALITY CARE

The standards demanded of all medical services are necessity, appropriateness and timelines.

Methods of assuring high quality care encompass the entire administration of the program. They include but are not limited to:

1. Use of professional medical and paramedical consultants.
2. Verification of the professional qualification of providers.
3. Public relations efforts and active use of the Medical Care Advisory Groups.
4. Payment of fees adequate to enlist a high percentage of each professional group.
5. Constant assessment of under and over-utilization followed by appropriate action.
6. Use of local medical societies to adjudicate professional problems.
7. Prompt payment of claims.
8. Use of Medical Social Teams at the local level to review care received and evaluate need for and use of medical services and supplies.
9. Nurse visits to each medical facility on weekly basis.
10. Toll-free statewide telephone to Medical Assistance Unit for providers with questions or problems.
11. Integration of medical and social services.
In accordance with 42 CFR440.170, 42 CFR431.53, 45 CFR92.36.

The State of Nevada, Division of Health Care Financing and Policy (DHCFP) assures it has established a non-emergency transportation (NET) program in order to more cost effectively provide transportation, and can document on request from CMS, that the transportation broker was procured in compliance with requirements of 45CFR92.36(b-f). The State will operate the broker program without the requirements of the following paragraphs of Section 1902(a)(1),(10)(b), and (23).

The State ensures that transportation services will be provided under a contract with a broker who:

1. Is selected through a competitive bidding process based on the state’s evaluation of the broker’s experience, performance, references, resources, qualifications, and costs;
2. Has oversight procedures to monitor recipient access and complaints and ensures the transportation personnel are licensed, qualified, competent, and courteous;
3. Is subject to regular auditing and oversight by the state in order to ensure that quality of the transportation services provided and adequacy of recipient access to medical care and services;
4. Complies with such requirements related to prohibitions on referrals and conflict of interest as the Secretary shall establish.

The State assures that the NET Broker itself is not a provider of transportation. The NET broker may not hold ownership in any NET provider with whom the broker subcontracts or arranges NET through a non-contractual relationship. This prohibition applies to the corporation, if the broker is incorporated and to the owners, officers, or employees of the broker.

The State of Nevada assures the availability of medically necessary transportation to and from medical providers for eligible Medicaid recipients in the following ways:

Eligible Medicaid program recipients are informed verbally and in writing of the availability of non-emergency transportation services by the Nevada Medicaid contracted Transportation Broker.

Emergency transportation does not require prior authorization. Claims must be submitted to the DHCFP FFS Fiscal Agent or the recipient’s Medicaid MCO, if applicable, for processing. Non Emergency Transportation (NET) is contracted by a broker to provide transportation to medically necessary covered services statewide 24 hours a day, seven (7) days per week, including weekends and holidays. The NET broker operates within all applicable Federal, State and local laws.

TN No. 10-006
Supersedes
TN No. 06-007
Approval Date: August 4, 2010
Effective Date: June 1, 2010

Supersedes
TN No. 06-007
All NET services require prior authorization by DHCFP’s NET broker with the exception of NET services provided by Indian Health Services (HIS) clinics. The NET broker is required to authorize the least expensive alternative conveyance available consistent with the recipient’s medical condition and needs.

The NET broker will facilitate rides for recipients requiring door-to-door transport (Paratransit). DHCFP will reimburse the Regional Transportation Commission (RTC) directly for any costs incurred for these services.

Nursing facility NET is included in NF rates.
TRANSPORTATION

Transportation services must be:
1. Medically necessary;
2. Only to and from Nevada Medicaid covered services;
3. Provided by the least expensive means available which is in accordance with the recipient's medical condition and needs;
4. To the nearest appropriate Medicaid health care provider or medical facility.

Covered transportation services may be provided by:
1. Charter air flight;
2. Commercial air;
3. Rotary wing;
4. Fixed wing;
5. Ground ambulance;
6. Air ambulance;
7. Bus, local city;
8. Bus, out of town;
9. Para-transit – Public;
10. Para-transit – Private;
11. Private vehicle; and
12. Taxi.

Travel expenses include:
1. The cost of the ambulance, taxicab, common carrier, or other appropriate means;
2. The cost of meals and lodging en route to and from medical care, and while receiving medical care;
3. An attendant’s costs may be covered if an attendant is required to ensure the recipient receives required medical services.

Medicaid does not reimburse the costs of:
1. Non-emergency travel which had not been prior authorized;
2. Transportation to non-covered medical services; or
3. Ambulance charges for waiting time, stairs, plane loadings and in-town mileage;
4. Non-emergency transportation for recipients whose eligibility is pending at the time of transport.
5. No shows, where a ride does not occur.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

STANDARDS FOR THE COVERAGE OF ORGAN TRANSPLANT SERVICES

A. Transplants and associated fees to be reimbursed by Nevada Medicaid:
   1. Corneal;
   2. Kidney;
   3. Liver; and
   4. Bone marrow.

B. The following transplants are not covered by Nevada Medicaid and associated fees relating to the transplants are not to be reimbursed by Nevada Medicaid:
   1. Heart;
   2. Heart/Lung;
   3. Heart/Liver
   4. Pancreas; nor
   5. Post surgical care, which directly and unequivocally relates to the transplant, will not be reimbursed. For example:
      a. Hospital admission for transplant;
      b. Physician fees for transplant;
      c. All other ancillary charges included for acute care related to the original admission for transplant; or
      d. Capture of live or cadaveric organ for any transplant.

C. The Quality Improvement Organization-like vendor under contract with Nevada Medicaid will be responsible for transplant approval for program eligibles based on written Medicare criteria when appropriate, the following Medicaid criteria, and on medical judgment of recipient appropriateness.

Supersedes TN No. 01-01

Approval Date: April 29, 2004  Effective Date: October 1, 2003
Transplants will not be approved if they are not medically necessary and if:

1. The procedure is specified as experimental by the National Institutes of Health;
2. Another procedure costing less or which is less risky will achieve the same result;
3. The transplant will not make a difference in the recipient’s health and performing the transplant will merely serve an academic purpose.
4. The transplant is relatively unsafe given the age and prognosis of the recipient; and
5. The transplant does not meet appropriate Medicare criteria.

Determination of acceptability for transplants will not be made on the basis of race, color, sex, national origin, handicapping condition, or age except as given in the above criteria.

D. In the absence of a familial or unrelated organ donor, organs must be procured from an Organ Procurement Organization meeting the requirements of 42 CFR 486. Organ donor search and match services will be approved for payment by Nevada Medicaid or its vendor(s) at negotiated rates.

If transplant services are not available in Nevada, out-of-state services may be approved, including transportation, evaluation, transplant, and follow-up services.

Payment for transportation will be prior authorized by Nevada Medicaid or its vendor(s) to and from an approved transplant facility for all covered medically necessary transplant services.
State/Territory: Nevada

Citation 3.1 (g) Participation by Indian Health Service Facilities

42 CFR 431.110(b)

AT-78-90

Indian Health Service facilities are accepted as providers, in accordance with 42 CFR 431.110(b), on the same basis as other qualified providers.

1902 (e) (9) of (h) Respiratory Care Services for Ventilator-Dependent Individuals

the Act,
P.L. 99-509
(Section 9408)

Respiratory care services, as defined in section 1902 (e) (9) (C) of the Act, are provided under the plan to individuals who—

(1) Are medically dependent on a ventilator for life support at least six hours per day;

(2) Have been so dependent as inpatients during a single stay or a continuous stay in one or more hospitals, SNFs or ICFs for the lesser of—

X 30 consecutive days;

_____ ____ days (the maximum number of inpatient days allowed under the State plan);

(3) Except for home respiratory care, would require respiratory care on an inpatient basis in a hospital, SNF, or ICF for which Medicaid payments would be made;

(4) Have adequate social support services to be cared for at home; and

(5) Wish to be cared for at home.

X Yes. The requirements of section 1902 (e) (9) of the Act are met.

_____ Not applicable. These services are not included in the plan.
The State of Nevada enrolls Medicaid beneficiaries on a mandatory basis into managed care entities (managed care organization (MCOs) and/or Primary Care Case Managers (PCCMs)) in the absence of section 1115 or section 1915(b) waiver authority. This authority is granted under section 1932(a)(1)(A) of the Social Security Act (the Act). Under this authority, a state can amend its Medicaid state plan to require certain categories of Medicaid beneficiaries to enroll in managed care entities without being out of compliance with provisions of section 1902 of the Act on statewideness (42 CFR 431.50), freedom of choice (42 CFR 431.51) or comparability (42 CFR 440.230). This authority may not be used to mandate enrollment in Prepaid Inpatient Health Plans (PIHPs), Prepaid Ambulatory Health Plans (PAHPs), nor can it be used to mandate the enrollment of Medicaid beneficiaries who are Medicare eligible, who are Native American Indians (unless they would be enrolled in certain plans—see D.2.ii. below), or who meet certain categories of “special needs” beneficiaries (see D.2.iii. - vii.)

The State also enrolls eligible Medicaid beneficiaries on a mandatory basis into a Primary Care Case Management (PCCM) program under the authority of a Section 1115 Research and Demonstration Waiver, titled the Nevada Comprehensive Care Waiver (NCCW).

B. General Description of the Program and Public Process.

For B.1 and B.2, place a check mark on any or all that apply.

1. The State will contract with an
   ___ i. MCO
   ___ ii. PCCM (including capitated PCCMs that qualify as PAHPs).
   X iii. Both

The State of Nevada Division of Health Care Financing and Policy (DHCFP – aka Nevada Medicaid) oversees the administration of all Medicaid Managed Care Organizations (MCOs) and Medicaid PCCM program(s) in the state. Nevada Medicaid operates a fee-for-service and a managed care reimbursement and service delivery system with which to provide covered medically necessary services to its Medicaid eligible population. Contracted Managed Care Organizations (MCOs) are currently the primary managed care
entities providing Medicaid managed care in Nevada; at this time, Nevada Medicaid does not contract with PIHPs or PAHPs.

Enrollment in an MCO is mandatory for Family Medical Category (FMC) [TANF (Section 1931), CHAP (poverty level pregnant women, infants, and children)] and the Adult Group (Childless Adults, ages 19-64 years, effective January 1, 2014) beneficiaries when there is more than one MCO option from which to choose in a geographic service area and optional in areas where only one plan exists. The eligibility and aid code determination functions for the Medicaid applicant and eligible population is the responsibility of the Division of Welfare and Supportive Services (DWSS).

Enrollment in a PCCM under the NCCW is mandatory for Family Medical Category [FMC (TANF & CHAP)], MAABD, Parents & Caretakers, Pregnant Women, Infants and Children Under age 19, Former Foster care Children, Transitional Medical and Post Medical fee-for-service beneficiaries who meet program eligibility criteria and are not part of a PCCM excluded group, including those enrolled in an MCO. Those who qualify for the program will receive the benefit of a care manager who will facilitate improved health outcomes for the beneficiary. Medicaid eligibility and aid code determinations for Medicaid applicants are the responsibility of the Division of Welfare and Supportive Services (DWSS). Once enrolled in Medicaid Fee-For Service (FFS), the PCCM will determine who qualifies for the PCCM program based on the eligibility criteria.

42 CFR 438.50(b)(2)  2. The payment method to the contracting MCO entity will be:
   2. The payment method to the contracting MCO entity will be:

   i. fee for service;
   ii. capitation;
   This applies to MCOs and PCCM.
   iii. a case management fee;
   iv. a bonus/incentive payment;
   This applies to PCCM.
   v. a supplemental payment;
   This applies to MCOs, or
   vi. other. (Please provide a description below).

**Capitation:**
MCO contracts are comprehensive risk contracts and are paid a risk-based capitated rate for each eligible, enrolled Medicaid
beneficiary on a per-member, per-month (PMPM) basis. These capititated rates are certified to be actuarially sound.

**Stop Loss:**
Stop Loss occurs when costs of care exceed a threshold during a specified time period. Stop Loss is a re-insurance program where risk is shared between the DHCFP and the MCO for outlier episodic claims. For inpatient claims above a defined threshold, the State pays 75%, and the MCO Vendor has a co-pay of the remaining 25%.

**Very Low Birth Weight Newborns (VLBW):**
Payments for high-risk very low birth weight newborns are revenue neutral. VLBW payments are paid out of the zero-to-one year age band of capitation based on the risk–adjusted expectation of VLBW birth occurrences, per number of member-months’ exposure. MCO plans submit clinical proof of VLBW (<1500 grams) occurrences and are paid according to date and time of delivery. Should eligible VLBW births exceed actuarial limits, MCO plans are fully at-risk for the remainder of the plan year.

**PCCM:**
PCCM contracts are paid at a PMPM basis for each eligible, enrolled Medicaid beneficiary. In addition, incentive payments could be made when the PCCM achieves specific cost savings goals and/or quality improvement measures.

1905(t)  3. For states that pay a PCCM on a fee-for-service basis, incentive payments are permitted as an enhancement to the PCCM’s case management fee, if certain conditions are met.

If applicable to this state plan, place a check mark to affirm the state has met all of the following conditions (which are identical to the risk incentive rules for managed care contracts published in 42 CFR 438.6(c)(5)(iv)).

_____ i. Incentive payments to the PCCM will not exceed 5% of the total FFS payments for those services provided or authorized by the PCCM for the period covered.

_____ ii. Incentives will be based upon specific activities and targets.

42 CFR 438.50(b)(4) 4. Describe the public process utilized for both the design of the program and its initial implementation. In addition, describe what methods the state will use to ensure ongoing public involvement once the state plan program has been implemented. *(Example: public meeting, advisory groups.)*

Pursuant to 42 CFR 438.50(b)(4), the State shall provide public notice to promote public involvement in the design and initial implementation of the program as well as during contract procurement. The public notice shall be a notice of publication published in a newspaper in Southern Nevada and in a newspaper in Northern Nevada. The Medical Care Advisory Committee (MCAC) advises the DHCFP regarding provisions of services for the health and medical care of Medicaid beneficiaries. Under the PCCM, an outreach plan is required and designed to educate stakeholders on its activities within the State.

1932(a)(1)(A) 5. The state plan MCO program will _X_ implement mandatory enrollment into managed care on a statewide basis. If not statewide, mandatory _X_/ voluntary ____ enrollment will be implemented in the following county/area(s):

i. county/counties (mandatory) Urban Clark and Washoe counties

For Native Americans, children defined as the Severely Emotionally Disturbed (SED), adults defined as Seriously Mentally Ill (SMI) and children who qualify as Children with Special Health Care Needs (CSHCN) in Urban Clark and Washoe counties, enrollment is voluntary and beneficiaries may “opt out” of the MCOs. Nevada Medicaid Newly Eligibles, defined as childless adults ages 19-64, and the expanded parent and caretakers ages 19-64, who are made eligible as part of the Patient Protection and Affordable Care Act (PPACA) expansion population and who are receiving the Alternative Benefit Plan, cannot opt out of managed care, where available, based on a determination of Serious Mental Illness (SMI).
C. State Assurances and Compliance with the Statute and Regulations.

If applicable to the state plan, place a check mark to affirm that compliance with the following statutes and regulations will be met.

<table>
<thead>
<tr>

</table>

Mandatory enrollment occurs in the areas of Clark County and Washoe County for the MCOs for eligible beneficiaries. Mandatory enrollment in the PCCM is statewide for eligible beneficiaries.

The state assures that all of the applicable requirements of section 1903(m) of the Act, for MCOs and MCO contracts will be met.

The state assures that all the applicable requirements of section 1905 (t) of the Act for PCCMs and PCCM contracts will be met. Under the authority of the NCCW, the PCCM allows registered nurses to serve as primary care case managers for the PCCM program.

The state assures that all the applicable requirements of section 1932 (including subpart (a)(1)(A)) of the Act, for the state's option to limit freedom of choice by requiring recipients to receive their benefits through managed care entities will be met.

The state assures that all the applicable requirements of 42 CFR 431.51 regarding freedom of choice for family planning services and supplies as defined in section 1905 (a)(4)(C) will be met.

The state assures that all applicable managed care requirements of 42 CFR Part 438 for MCOs and PCCMs will be met.
Under the authority of the NCCW, the following requirements of the State Plan are waived for the PCCM program:

1) Amount, duration and scope of services;
2) Comparability; and
3) Freedom of choice.

6. **X** The state assures that all applicable requirements of CFR 438.6(c) for payments under any risk contracts will be met.

7. **X** The state assures that all applicable requirements of 42 CFR 447.362 for payments under any non-risk contracts will be met.

8. **X** The state assures that all applicable requirements of 45 CFR 74.40 for procurement of contracts will be met.

### D. Eligible groups

1. List all eligible groups that will be enrolled on a mandatory basis.

The State of Nevada Managed Care Program requires the mandatory enrollment of beneficiaries found eligible for Medicaid program coverage under the following Medicaid eligibility categories when there are two or more MCOs in the geographic service area or when the beneficiaries meet the PCCM eligibility criteria under the NCCW:

Groups (a) – (m) (below) are eligible for MCO enrollment under 1932(a):

- a. Family Medical Category (FMC)/Temporary Assistance for Needy Families (TANF);
- b. Family Medical Category (FMC)/Two parent TANF;
- c. Family Medical Category (FMC)/TANF–Related Medical Only;
- d. Family Medical Category (FMC)/TANF–Post Medical (pursuant to Section 1925 of the Social Security Act (the Act);
- e. Family Medical Category (FMC)/TANF–Transitional Medical (under Section 1925 of the Act);
In accordance with the 1115 Nevada Comprehensive Care Waiver (NCCW), the following groups (n) – (y) are PCCM eligible and enrollment is mandatory.

n. Low Income Families with Children (SSA 1902 (a)(10)(A)(i)(I), SSA 1931, Eligibility rule CFR 435.110);
o. Pregnant Women and Children (CFR 435.116 and 435.118, SSA 1902);
q. Extended Post Medical (SSA 1902(a)(10)(A)(i)(I), SSA 408(a)(11)(B), SSA 1931(c)(1);
t. Pickle Amendment (Section 503 of Public Law 94-566, 42 U.S.C., 1396a);
u. Aged & Blind Individuals-SSI Supplement-Independent Living (IL) (42 CFR 435.130, Section 402-Public Law 98-21);
v. Disabled Adult Children (1634(c), PL99-643)
Per the NCCW, the following groups have optional enrollment in a PCCM:

b. Adoption Support Medical (NON IV-E) (SSA 1902(a)(10)(A)(ii)(VIII), 42 U.S.C. 671); and

   Use a check mark to affirm if there is voluntary enrollment in any of the following mandatory exempt groups.

1932(a)(2)(B) 42 CFR 438.50(d)(1)
   i. ____ Recipients who are also eligible for Medicare.

   If enrollment is voluntary, describe the circumstances of enrollment. (*Example: Recipients who become Medicare eligible during mid-enrollment, remain eligible for managed care and are not disenrolled into fee-for-service.)*

1932(a)(2)(C) 42 CFR 438.50(d)(2)
   ii. _X_ Indians who are members of Federally recognized Tribes except when the MCO or PCCM is operated by the Indian Health Service or an Indian Health program operating under a contract, grant or cooperative agreement with the Indian Health Service pursuant to the Indian Self Determination Act; or an Urban Indian program operating under a contract or grant with the Indian Health Service pursuant to title V of the Indian Health Care Improvement Act.

   Native Americans may opt out of managed care programs.
Children defined as Severely Emotionally Disturbed (SED) or as Children with Special Health Care Needs (CSHCN) and adults defined as Seriously Mentally Ill (SMI) have voluntary enrollment in managed care.

Nevada Medicaid Newly Eligibles, defined as childless adults ages 19-64, and the expanded parent and caretakers ages 19-64, who are made eligible as part of the PPACA expansion population and who are receiving the Alternative Benefit Plan, cannot opt out of managed care, where available, based on a determination of Serious Mental Illness (SMI).

1932(a)(2)(A)(i) iii. ___ Children under the age of 19 years, who are eligible for Supplemental Security Income (SSI) under title XVI.

1932(a)(2)(A)(iii) iv. ___ Children under the age of 19 years who are eligible under 1902(e)(3) of the Act.

1932(a)(2)(A)(v) v. ___ Children under the age of 19 years who are in foster care or other out-of-the-home placement.

1932(a)(2)(A)(iv) vi. ___ Children under the age of 19 years who are receiving foster care or adoption assistance under title IV-E.

Adopted children with special needs under the age of 19 years receiving non-IV-E state adoption assistance who do not meet the eligibility criteria for federal participation in the IV-E adoption support program can voluntarily enroll in the PCCM (1902 (a)(10)(A)(ii)(VIII).

1932(a)(2)(A)(ii) vii. __ Children under the age of 19 years who are receiving services through a family-centered, community based, coordinated care system that receives grant funds under section 501(a)(1)(D) of title V, and is defined by the state in terms of either program participation or special health care needs.

This rule applies to the MCO programs, not the PCCM program(s). This group may opt out of the MCOs.

E. Identification of Mandatory Exempt Groups

1932(a)(2) 1. Describe how the state defines children who receive services that are funded under section 501(a)(1)(D) of title V. (Examples: children receiving services at a specific clinic or enrolled in a particular program.)
Children receiving services through a family-centered, community-based, coordinated care system receiving grant funds under section 501(a) (1) (D) of Title V are defined by the state in terms of either program participation and/or parental or legal guardian identification.

2. Place a check mark to affirm if the state’s definition of title V children is determined by:

- **X** i. program participation,
- ii. special health care needs, or
- iii. Both

The State’s definition of these children is based on program participation and/or parental or legal guardian identification.

3. Place a check mark to affirm if the scope of these title V services is received through a family-centered, community-based, coordinated care system.

- **X** i. yes
- ii. no

4. Describe how the state identifies the following groups of children who are exempt from mandatory enrollment: *(Examples: eligibility database, self-identification)*

   i. Children under 19 years of age who are eligible for SSI under title XVI;

   All of these children are identified by aid code in the eligibility system. System edits prevent enrollment of these Medicaid eligibles into managed care.

   ii. Children under 19 years of age who are eligible under section 1902 (e)(3) of the Act;

   All of these children are identified by aid code in the eligibility system. System edits prevent enrollment of these Medicaid eligibles into managed care. This group may be under a waiver plan which excludes them from mandatory enrollment.
### Citation | Condition or Requirement
---|---
| |

#### iii. Children under 19 years of age who are in foster care or other out-of-home placement;

All of these children are identified by aid code in the eligibility system. System edits prevent enrollment of these Medicaid eligibles into managed care.

Children, aged 18 years to under 19 years old, with qualifying health conditions who are identified as being eligible for the Foster Care Medical-Aged Out (AO) group have optional enrollment in the PCCM program.

#### iv. Children under 19 years of age who are receiving foster care or adoption assistance.

All of these children are identified by aid code in the eligibility system. System edits prevent enrollment of these Medicaid eligibles into MCOs.

Children with qualifying health conditions, who are identified as being eligible for the Adoption Support Medical (IV-E) group, have mandatory enrollment in the PCCM program.

#### 1932(a)(2) 5. Describe the state’s process for allowing children to request an exemption from mandatory enrollment based on the special needs criteria as defined in the state plan if they are not initially identified as exempt. *(Example: self-identification)*

Nevada has a database and self-identification mechanism for children with special health care needs. If a child is identified as a Child with Special Health Care Needs (CSHCN) following enrollment in an MCO, the parent or legal guardian is notified of their right to keep the child enrolled with the MCO or to request the child’s disenrollment. If the parent or legal guardian decides to keep the child enrolled, the MCO is required to provide all services available under the Managed Care Contract. In addition, if the Individualized Family Service Plan (IFSP) or Individual Education Plan (IEP) has identified services which are not covered under Medicaid through the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) benefit, or covered under the Managed Care Contract, the MCO is responsible for providing case management services on behalf of the child and family in order to ensure referral and linkage to other community resources in obtaining these.
identified services. If the parent or legal guardian elects to disenroll the child from the MCO, the child will be disenrolled from the MCO pursuant to 42 CFR 438.56(e)(1) after which covered medically necessary services will be reimbursed through Medicaid FFS.

1932(a)(2) 6. Describe how the state identifies the following groups who are exempt from mandatory enrollment into managed care: (Examples: usage of aid codes in the eligibility system, self-identification)

i. Recipients who are also eligible for Medicare.

   Dual Medicare-Medicaid eligibles are identified by aid code. System edits prevent enrollment of these Medicaid eligibles into Managed Care.

ii. Indians who are members of Federally recognized Tribes except when the MCO or PCCM is operated by the Indian Health Service or an Indian Health program operating under a contract, grant or cooperative agreement with the Indian Health Service pursuant to the Indian Self Determination Act; or an Urban Indian program operating under a contract or grant with the Indian Health Service pursuant to title V of the Indian Health Care Improvement Act.

   American Indian identifying information, if provided by the beneficiary, is available from the eligibility system. Identification of American Indians can also occur directly from the beneficiary, parent, or guardian.

42 CFR 438.50  F. List other eligible groups (not previously mentioned) who will be exempt from mandatory enrollment.

   Beneficiaries with comprehensive group or individual health insurance coverage, including Medicare, insurance provided to military dependents, and any insurance purchased from another organization or agency which cannot be billed by an MCO are exempt from mandatory enrollment.

   The NCCW exempts a number of groups from enrollment in the PCCM.

42 CFR 438.50  G. List all other eligible groups who will be permitted to enroll on a voluntary basis
The following Medicaid beneficiaries are exempt from mandatory enrollment, but they are allowed to voluntarily enroll in an MCO, if they so choose:

1. Family Medical Category (FMC) [TANF and CHAP] adults diagnosed as Seriously Mentally Ill (SMI);
2. Family Medical Category (FMC) [TANF and CHAP] Children diagnosed as Seriously Emotionally Disturbed (SED);
3. Family Medical Category (FMC) [TANF and CHAP] Children diagnosed as Child(ren) with Special Health Care Needs (CSHCN); and
4. Adult Group (Childless Adults, ages 19-64 years who also qualify as Seriously Mentally Ill (SMI), effective January 1, 2014).

H. Enrollment process.

1932(a)(4) 1. Definitions

42 CFR 438.50

An existing provider-recipient relationship is one in which the provider was the main source of Medicaid services for the recipient during the previous year. This may be established through state records of previous managed care enrollment or fee-for-service experience or through contact with the recipient.

i. A provider is considered to have "traditionally served" Medicaid recipients if it has experience in serving the Medicaid population.

1932(a)(4) 2. State process for enrollment by default.

42 CFR 438.50

Describe how the state’s default enrollment process will preserve:

i. the existing provider-recipient relationship (as defined in H.1.i).

New members will be allowed the opportunity to select an MCO with their Primary Care Provider (PCP) in network. Returning Medicaid beneficiaries will be assigned to their former MCO and PCP. The MCO will then ensure that the prior provider-beneficiary relationship is preserved if the provider is still in that MCO’s network.
The State will provide new Medicaid beneficiaries with the websites and phone numbers of the State’s contracted Medicaid MCOs. New Medicaid beneficiaries will be asked to complete their selection of an MCO at the time of Medicaid application. If none is chosen, the State will complete a default enrollment process, and they will be automatically assigned to an MCO based upon an algorithm developed by the State to distribute enrollees among the MCOs.

ii. the relationship with providers that have traditionally served Medicaid recipients (as defined in H.2.ii).

Prior to auto-assigning a beneficiary to an MCO, the State will review the beneficiary’s past enrollment records to determine whether the beneficiary has a prior MCO relationship. If such a relationship is confirmed, and the beneficiary has been ineligible for Medicaid managed care, the beneficiary will be auto-assigned to that MCO. The MCO will then ensure that the prior provider-beneficiary relationship is preserved if the provider is still in that MCO’s network.

iii. the equitable distribution of Medicaid recipients among qualified MCOs and PCCMs available to enroll them, (excluding those that are subject to intermediate sanction described in 42 CFR 438.702(a)(4)); and disenrollment for cause in accordance with 42 CFR 438.56 (d)(2). (Example: No auto-assignments will be made if MCO meets a certain percentage of capacity.)

When assigning a beneficiary to a previous MCO is not possible, the State will distribute beneficiaries equitably among qualified MCOs based upon an algorithm developed by the DHCFP. The State may also adjust the auto-assignment algorithm in consideration of the MCO’s clinical performance measure results or other measurements.

Under the NCCW, there is only one PCCM available to Medicaid beneficiaries. Beneficiaries enrolled in the PCCM will be given the choice of at least two care managers in the PCCM.

1932(a)(4) 3. As part of the state’s discussion on the default enrollment process, include the following information:

i. The state of Nevada will _X_ will not ____ use a lock-in for MCO enrollment.
For the MCOs, the total lock-in period is 12 months inclusive of the initial 90 days up front to disenroll without cause. The beneficiaries will be notified of their option to change MCOs at least 60 days prior to the end of the lock-in period. Beneficiaries will be allowed to change MCOs during the annual open enrollment period.

PCCM beneficiaries are locked-in without an open enrollment period based upon the Freedom of Choice option waived under the authority of the NCCW. PCCM beneficiaries are allowed to change care managers at any time.

ii. The time frame for recipients to choose a health plan before being auto-assigned will be at the time of Medicaid application.

MCO beneficiaries are asked to complete their selection of an MCO at the time of Medicaid application before being auto-assigned, unless they have a previous history with an MCO. Returning beneficiaries without family currently enrolled in an MCO will be assigned to their most recent MCO with an opportunity to choose a new MCO at the next Open Enrollment, at least once every 12 months. Returning beneficiaries with family currently enrolled in an MCO will automatically be enrolled in their family’s MCO.

PCCM beneficiaries are automatically enrolled in the PCCM in the next administrative month once they meet program eligibility criteria for enrollment.

iii. Describe the state's process for notifying Medicaid recipients of their auto-assignment. (Example: state generated correspondence.)

Potential enrollees are notified of their choice options and asked to complete their selection of an MCO at the time of Medicaid application. They are notified of their right to disenroll with cause at any time through the written enrollment packet provided by the MCO and by a letter generated by the MMIS. They are also informed of the State’s default enrollment process or auto assignment process. The State prior approves the written enrollment packet which the contracted MCOs use to provide this notification to potential enrollees, including the websites and phone numbers of the MCOs.
iv. Describe the state's process for notifying the Medicaid recipients who are auto-assigned of their right to disenroll without cause during the first 90 days of their enrollment. *(Examples: state generated correspondence, HMO enrollment packets etc.)*

All MCO enrollees who are entitled to disenroll without cause will receive a letter detailing that they have 90 days to change MCOs, even if they were automatically assigned to an MCO. Beneficiaries may disenroll without cause within the first 90 days of enrollment in the MCO and at least once every 12 months. Beneficiaries may disenroll with cause at any time. The request to disenroll from the MCO is made in writing to the MCO and occurs upon MCO approval. Details on how to submit a disenrollment request is explained to enrollees in the enrollment packet they are provided at the time they are determined eligible for MCO enrollment.

PCCM enrollees may disenroll with cause at any time. They will be provided disenrollment rights and procedures in writing from the PCCM.

v. Describe the default assignment algorithm used for auto-assignment. *(Examples: ratio of plans in a geographic service area to potential enrollees, usage of quality indicators.)*

Returning MCO enrollees will be assigned to their most recent MCO, regardless if they lost Medicaid eligibility or were in Medicaid FFS during this time, unless a family member has an open case. If the enrollee’s return to MCO eligibility occurs during an open enrollment period, then the beneficiary will be allowed to choose their MCO at the time of MCO re-eligibility. If the beneficiary does not select an MCO, they will be auto assigned to an MCO. Following auto-assignment, they will have 90 days to change their MCO plan.

Returning beneficiaries who join an open case where another family member is currently enrolled in an MCO, will be assigned to the same MCO as the rest of the family and will not individually have a 90 day right to change period, nor will their addition to the family qualify any other members of the family

For PCCM, the State will provide notice of enrollment to the beneficiary in advance of any initial contact by the PCCM.
for a right to change outside of the regular open enrollment period. Returning beneficiaries without a family member currently part of an open case will be auto assigned to their most recent MCO.

New additions to an open case, whether newborn or additional family members who join the household after the MCO has been established, are also assigned to the same MCO as the rest of the family and do not have 90 days to change MCOs; these new case members, as well as the rest of the family, remain locked-in until the next open enrollment period. The new addition will be assigned to the family’s MCO whether or not they are an adult or child, and regardless of the time they have been absent from the case. They will not be given an option to change MCOs until the next open enrollment period.

Enrollment in the MCO will begin at the beginning of the next administratively possible month. Returning beneficiaries, and those being added to an open case, will be notified of this assignment by mail and informed that they can disenroll at the next open enrollment period.

For a true first time beneficiary, that is one who has never been enrolled in an MCO, they will be given information on all MCOs and will be asked to complete their selection of an MCO at the time of Medicaid application. Their choice will go into effect the first day of the next administratively possible month. Absent a choice by the beneficiary, they will be assigned to an MCO using the auto assignment algorithm shown below. The beneficiary will be allowed 90 days to change plans and will then be locked in until the next open enrollment period, never to exceed 12 months.

Regardless of which enrollment or auto assignment process is used, the head of household will be notified of all choices that need to be made, the timeframe for making these choices, and the consequence of not making a choice.

To reduce large disparities and adverse risk between MCOs, the State uses a default assignment algorithm for auto-assignment of first time beneficiaries. The algorithm will give weighted preference to any new MCO, as well as MCOs with significantly lower enrollments. This is based on a formula developed by the
State. The State may also adjust the auto-assignment algorithm in consideration of the MCO’s clinical performance measure results or other measurements. The algorithm is as follows:

<table>
<thead>
<tr>
<th>Number of Plans in Geographic Service Area</th>
<th>Percentage of Beneficiaries Assigned to Largest Plan</th>
<th>Percentage of Beneficiaries Assigned to 2nd Largest Plan</th>
<th>Percentage of Beneficiaries Assigned to 3rd Largest Plan</th>
<th>Percentage of Beneficiaries Assigned to 4th Largest Plan</th>
</tr>
</thead>
<tbody>
<tr>
<td>2 plans</td>
<td>34%</td>
<td>66%</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3 plans</td>
<td>17%</td>
<td>33%</td>
<td>50%</td>
<td></td>
</tr>
<tr>
<td>4 plans</td>
<td>10%</td>
<td>10%</td>
<td>30%</td>
<td>50%</td>
</tr>
</tbody>
</table>

*The function of the algorithm is to ultimately achieve no more than a 10% differential in enrollment between all MCO contractors. Once the differential is achieved, use of this algorithm will be discontinued and head of households will be auto assigned on rotating basis.

vi. Describe how the state will monitor any changes in the rate of default assignment. *(Example: usage of the Medical Management Information System (MMIS), monthly reports generated by the enrollment broker)*

The State will monitor the auto-assignment rates on a monthly basis through a generated MMIS system report.

1932(a)(4)  42 CFR 438.50

I. State assurances on the enrollment process

Place a check mark to affirm the state has met all of the applicable requirements of choice, enrollment, and re-enrollment.

1. _X_ The state assures it has an enrollment system that allows recipients who are already enrolled to be given priority to continue that enrollment if the MCO or PCCM does not have capacity to accept all who are seeking enrollment under the program.

2. _X_ The state assures that, per the choice requirements in 42 CFR 438.52, Medicaid recipients enrolled in either an MCO or PCCM model
TN No. 13-031

will have a choice of at least two entities unless the area is considered rural as defined in 42 CFR 438.52(b)(3).

Under the authority of the NCCW, freedom of choice for the PCCM(s) is restricted to a choice of at least two care managers in the PCCM.

3. ___ The state plan program applies the rural exception to choice requirements of 42 CFR 438.52(a) for MCOs and PCCMs.

   This exception to choice applies to the PCCM(s). Under the NCCW authority, beneficiaries are allowed to choose from at least two care managers. This does not apply to the MCOs, which are only located in urban areas.

   ___This provision is not applicable to this 1932 State Plan Amendment.

4. ___The state limits enrollment into a single Health Insuring Organization (HIO), if and only if the HIO is one of the entities described in section 1932(a)(3)(C) of the Act; and the recipient has a choice of at least two primary care providers within the entity. (California only.)

   ___This provision is not applicable to this 1932 State Plan Amendment.

5. ___The state applies the automatic reenrollment provision in accordance with 42 CFR 438.56(g) if the recipient is disenrolled solely because he or she loses Medicaid eligibility for a period of 2 months or less.

   ___This provision is not applicable to this 1932 State Plan Amendment.

1932(a)(4) J. Disenrollment

42 CFR 438.50

1. The state will ___/will not___ use lock-in for managed care.

   Nevada uses lock-in for the MCOs. MCO beneficiaries will never be locked in for more than 12 months. There will be one open enrollment period at least annually.

   Nevada uses lock-in for the PCCM with no open enrollment periods since there is only one PCCM; however, they will have the option to
choose between a minimum of two care managers at least once every 12 months.

2. The lock-in will apply for _12_ months (up to 12 months).

There is an open enrollment period at least annually.

PCCM enrollment is locked-in for all beneficiaries with no open enrollment periods since there is only one PCCM; however, they will have the option to choose between a minimum of two care managers at least once every 12 months.

3. Place a check mark to affirm state compliance.

_X_ The state assures that beneficiary requests for disenrollment (with and without cause) will be permitted in accordance with 42 CFR 438.56(c).

Subject to the limitations outlined in Section H.3.(v) of this State Plan, an enrolled beneficiary may request disenrollment from the MCO with or without cause during the first 90 days of enrollment. Enrollment is mandatory in the PCCM program and there is only one PCCM from which to choose. There are no time restrictions for disenrollment with cause for the MCOs or the PCCM. Circumstances for disenrollment with cause are:

- The MCO beneficiary moves out of the MCO service area.
- The plan does not, because of moral or religious objections, cover the service the beneficiary seeks.
- The beneficiary needs related services (for example a cesarean section and a tubal ligation) to be performed at the same time; not all related services are available within the network; and the beneficiary’s primary care provider or another provider determines that receiving the services separately would subject the beneficiary to unnecessary risk.
- The PCCM beneficiary moves into the MCO service area.
- Other reasons, including but not limited to, poor quality of care, lack of access to services covered under the contract, or lack of
access to providers experienced in dealing with the beneficiary’s health care needs.

4. Describe any additional circumstances of “cause” for disenrollment (if any).

For cause disenrollments can be determined by the DHCFP on a case by case basis where one MCO is better able to provide for unusual needs of a specific family member, while at the same time the other MCO is better able to provide for unusual needs of a different family member.

K. Information requirements for beneficiaries

Place a check mark to affirm state compliance.

<table>
<thead>
<tr>

<td>X The state assures that its state plan program is in compliance with 42 CFR 438.10(i) for information requirements specific to MCOs and PCCM programs operated under section 1932(a)(1) A)(i) state plan amendments. (Place a check mark to affirm state compliance.)</td>
</tr>
</tbody>
</table>

1932(a)(5)(D) L. List all services that are excluded for each model (MCO & PCCM)

1. All services provided at Indian Health Service Facilities and Tribal Clinics:

Native Americans may access and receive covered medically necessary services at Indian Health Service (IHS) facilities and Tribal Clinics. If a Native American voluntarily enrolls with an MCO and seeks covered services from IHS, the MCO should request and receive medical records regarding those covered services/treatments provided by IHS. If treatment is recommended by IHS and the enrollee seeks the recommended treatment through the MCO, the MCO must either provide the service or must document why the service is not medically necessary. The documentation may be reviewed by the DHCFP or other reviewers. The MCO is required to coordinate all services with IHS. If a Native American beneficiary elects to disenroll from the MCO, the disenrollment will commence no later than the first day of the next administrative month and the services will then be reimbursed by FFS.

Enrollment in the PCCM program is voluntary for Native American Medicaid FFS beneficiaries who meet the PCCM-qualifying health conditions.
2. **Non-emergency transportation**

The DHCFP or its designee will authorize and arrange for all medically necessary non-emergency transportation. The MCO must verify medical appointments upon request by the DHCFP or its designee.

3. **All Nursing Facility stays over forty-five (45) days**

The MCO is required to cover the first 45 days of a nursing facility admission, pursuant to the Medicaid Services Manual (MSM). The MCO is also required to collect any patient liability (pursuant to 42 CFR 435.725) for each month a capitated payment is received, pursuant to the MSM. The MCO shall notify the DHCFP by the fortieth (40th) day of any nursing facility stay admission expected to exceed forty-five (45) days. The enrollee will be disenrolled from the MCO and the stay will be covered by FFS commencing on the 46th day of the facility stay. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.

4. **Swing bed stays in acute hospitals over forty-five (45) days**

The MCO is required to cover the first forty-five (45) days of a swing bed admission pursuant to the MSM. The MCO is also required to collect any patient liability for each month a capitated payment is received, pursuant to the MSM. The MCO shall notify the DHCFP by the fortieth (40th) day of any swing bed stay expected to exceed forty-five (45) days. The enrollee will be disenrolled from the MCO and the stay will be covered by FFS commencing on the forty-sixth (46th) day of the facility stay. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.

5. **School Based Child Health Services (SBCHS)**

The DHCFP has an agreement with several school districts to provide selected medically necessary covered services through School Based Child Health Services (SBCHS) to eligible Title XIX Medicaid beneficiaries.

Eligible Medicaid enrollees, who are three (3) years of age and older, can be referred to a school based child health service for an evaluation by their private physician, school physician, special education teacher, school nurse, school counselor, parent or guardian, or social worker. If
the child is found eligible for these services, then an Individual Education Plan (IEP) is developed for the child. The IEP specifies services needed for the child to meet educational goals. A copy of the IEP will be sent to the child’s PCP within the managed health care plan, and maintained in the enrollee’s medical record.

The school districts provide, through school district employees or contract personnel, the majority of specified medically necessary covered services. Medicaid reimburses the school districts for these services in accordance with the school district contract. The Vendors will provide covered medically necessary services beyond those available through the school districts, or document why the services are not medically necessary. The documentation may be reviewed by the DHCFP or its designees. Title XIX Medicaid eligible children are not limited to receiving health services through the school districts. Services may be obtained through the Vendor rather than the school district, if requested by the parent/legal guardian. The Vendor case manager shall coordinate with the school district in obtaining any services which are not covered by the plan or the school district.

6. Intermediate Care Facility for the Mentally Retarded (ICF/MR)

Residents of ICF/MR facilities are not eligible for enrollment with the MCO. If a beneficiary is admitted to an ICF/MR after MCO enrollment, the beneficiary will be disenrolled from the MCO and the admission, bed day rate, and ancillary services will be reimbursed through FFS. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.

7. Residential Treatment Center (RTC)

Medicaid enrollees will be disenrolled from the MCO in the month following the RTC admission. The RTC admission, bed day rate, and ancillary services will be reimbursed through FFS thereafter for Title XIX Medicaid Beneficiaries.

8. Hospice

Medicaid beneficiaries who are receiving hospice services are not eligible for enrollment with the MCO. If a Medicaid beneficiary is made eligible for hospice services after MCO enrollment, the beneficiary will be disenrolled from the MCO and the hospice services will be reimbursed through FFS. The DHCFP will retroactively adjust the
capitation payment to cover only that portion of the month that the beneficiary is enrolled.

9. **Institutions for Mental Diseases (IMDs) for Title XIX eligible beneficiaries ages twenty two (22) through sixty five (65) years of age**

Federal regulations stipulate that FFP is not allowable for IMD services for patients who are between the ages of 22 through 64 years of age. The federal regulation allows for coverage of beneficiaries who are receiving inpatient psychiatric services, including IMD, to beneficiaries immediately prior to reaching age 21 years to continue services until (1) the service is no longer needed or (2) the date the beneficiary reaches the age of 22 years. A patient on conditional release or convalescent leave from an IMD is not considered to be a patient in an IMD per the federal regulation.

Beneficiaries admitted to an IMD after MCO enrollment may be disenrolled. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.

10. **Adult Day Health Care (ADHC)**

Recipients who are receiving ADHC (Provider Type 39) services are not eligible for enrollment with the MCO. If a recipient is made eligible for ADHC after MCO enrollment, the recipient will be disenrolled and the ADHC will be reimbursed through FFS. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.

11. **Home and Community Based Waiver (HCBW) Services**

Beneficiaries who are receiving HCBW Services are not eligible for enrollment with the MCO. If a beneficiary is made eligible for HCBW Services after MCO enrollment, the beneficiary will be disenrolled and the HCBW Services will be reimbursed through FFS. The DHCFP will retroactively adjust the capitation payment to cover only that portion of the month that the beneficiary is enrolled.
12. **Pre-Admission Screening and Resident Review (PASRR) and Level of Care (LOC) Assessments**

A PASRR and LOC are reimbursed by FFS. Conducting a PASRR and LOC will not prompt MCO disenrollment. However, if the beneficiary is admitted into a nursing facility as the result of a PASRR and LOC, the MCO is responsible for the first 45 days of admission for the beneficiary (see 3., above).

13. **Seriously Emotionally Disturbed/Severely Mentally Ill SED/SMI, with limitations**

The MCO must ensure enrollees who are referred for evaluation for SED/SMI or who have been determined SED/SMI by the health plan are obtaining the medically necessary evaluations and that enrollees are transitioned, as necessary, to another provider in order to obtain their mental health services if such services are not available within the network. The MCO is required to notify the DHCFP if a Title XIX Medicaid beneficiary elects to disenroll with the MCO following the determination of SED/SMI and forward the enrollee’s medical records to the provider from whom the enrollee will receive the covered mental health services. However, in the event the Medicaid enrollee, who has received such a determination, chooses to remain enrolled with the MCO, the MCO will be responsible for providing all patient care.

Nevada Medicaid Newly Eligibles, defined as childless adults ages 19-64, and the expanded parent and caretakers ages 19-64, who are made eligible as part of the PPACA expansion population and who are receiving the Alternative Benefit Plan, cannot opt out of managed care, where available, based on a determination of Serious Mental Illness (SMI).

**1932 (a)(1)(A)(ii) M. Selective contracting under a 1932 state plan option**

To respond to items #1 and #2, place a check mark. The third item requires a brief narrative.

The state will___/will not X intentionally limit the number of entities it contracts under a 1932 state plan option.

1. ___The state assures that if it limits the number of contracting entities, this limitation will not substantially impair beneficiary access to services.

2. Describe the criteria the state uses to limit the number of entities it contracts under a 1932 state plan option. *(Example: a limited number of providers and/or enrollees.)*

3. ___The selective contracting provision in not applicable to this state plan.

TN No. NEW
§1915(i) Home and Community Based Services (HCBS) State Plan Services
ADMINISTRATION AND OPERATION

1. Program Title: NEVADA 1915(i) STATE PLAN HOME AND COMMUNITY BASED SERVICES - Including Adult Day Health, HCBS Home-Based Habilitation and HCBS Partial Hospitalization.
2. State-wideness:

☑ The State implements this supplemental benefit package statewide, per §1902(a)(1) of the Act.

☐ The State implements this benefit without regard to the state-wideness requirements in §1902(a)(1) of the Act.

☐ Geographic Limitation. HCBS state plan services will only be available to individuals who reside in the following geographic areas or political subdivisions of the State.

☐ Limited Implementation of Participant-Direction. HCBS state plan services will be implemented without regard to state-wideness requirements to allow for the limited implementation of participant-direction. Participant-direction is available only to individuals who reside in the following geographic areas or political subdivisions of the State. Individuals who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

ADMINISTRATION AND OPERATION

3. State Medicaid Agency (SMA) Line of Authority for Operating the HCBS State Plan Supplemental Benefit Package:

- The HCBS state plan supplemental benefit package is operated by the SMA. Specify the SMA division/unit that has line authority for the operation of the program (select one):
  - The Medical Assistance Unit: **Division of Health Care Financing and Policy**
  - Another division/unit within the SMA that is separate from the Medical Assistance Unit

- The HCBS state plan supplemental benefit package is operated by: a separate agency of the State that is not a division/unit of the Medicaid agency. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this delegation of authority is available through the Medicaid agency to CMS upon request.
§1915(i) Home and Community Based Services (HCBS) State Plan Services
ADMINISTRATION AND OPERATION

4. **Distribution of State Plan HCBS Operational and Administrative Functions.**

   The State assures that in accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration or supervision of the state plan. When a function is performed by other than the Medicaid agency, the entity performing that function does not substitute its own judgment for that of the Medicaid agency with respect to the application of policies, rules and regulations. Furthermore, the Medicaid Agency assures that it maintains accountability for the performance of any operational, contractual, or local regional entities.:

For items 1. and 2., the Nevada Divisions for Aging Services (DAS), Division of Child and Family Services (DCFS), and Mental Health and Developmental Services (MHDS) as well the office of Disability Services (ODS) will assist in disseminating information concerning the state plan HCBS and enrolling potential recipients.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

ADMINISTRATION AND OPERATION

For items 1., 4., 5., 6., 7., 8., 9. and 10., the Medicaid Fiscal Intermediary which is the QIO-like agency in Nevada will serve as the contracted entity.

For item 10, the Nevada Divisions of Aging Services (DAS), Division of Child and Family Services (DCFS), and Mental Health and Developmental Services (MHDS) as well the Office of Disability Services (ODS) will assist in disseminating information concerning the state plan HCBS and enrolling potential recipients.
5. **Conflict of Interest Standards.** The State assures the independence of persons performing evaluations, assessments, and plans of care. Written conflict of interest standards ensure, at a minimum, that persons performing these functions are not:

- related by blood or marriage to the individual, or any paid caregiver of the individual
- financially responsible for the individual
- empowered to make financial or health-related decisions on behalf of the individual
- for assessments and plan of care
- providers of State plan HCBS for the individual, or those who have interest in or are employed by a provider of State plan HCBS; except at the option of the State, when such individuals are the only willing and qualified provider in a geographic area, and the State devises conflict of interest protections. *(If the State chooses this option, specify the conflict of interest protections the State will implement)*:

| The individual performing assessment, eligibility, and plan of care must be an independent third party. |
6. **Appeals.** The State allows for appeals in accordance with 42 CFR 431 Subpart E.
7. **No FFP for Room and Board.** The State has methodology to prevent claims for Federal financial participation for room and board in HCBS state plan services.
8. **Non-duplication of services.** State plan HCBS will not be provided to an individual at the same time as another service that is the same in nature and scope regardless of source, including Federal, State, local, and private entities. For habilitation services, the State includes within the record of each individual an explanation that these services do not include special education and related services defined in the Individuals with Disabilities Improvement Act of 2004 that otherwise are available to the individual through a local education agency, or vocational rehabilitation services that otherwise are available to the individual through a program funder under §110 of the Rehabilitation Act of 1973.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

NUMBER SERVED

1. **Projected Number of Unduplicated Individuals To Be Served Annually.** The first year projection is based on current utilization of all services combined. Growth in succeeding years is projected at 6.5%, which reflects the average annual caseload growth rates experienced by DHCFP.

<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Year 5</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

☐ The State chooses to further schedule limits within the above annual period(s):
3. **Waiting List.**

- The State will not maintain a waiting list.

- The State will maintain a single list for entrance to the HCBS state plan supplemental benefit package. State-established selection policies: are based on objective criteria; meet requirements of the Americans with Disabilities Act and all Medicaid regulations; ensure that otherwise eligible individuals have comparable access to all services offered in the package.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

FINANCIAL ELIGIBILITY

1. **Income Limits.** The State assures that individuals receiving state plan HCBS are in an eligibility group covered under the State’s Medicaid state plan, and who have income that does not exceed 150% of the Federal Poverty Level (FPL).
2. Medically Needy:

☑ The State does not provide HCBS state plan services to the medically needy.

☐ The State provides HCBS state plan services to the medically needy:

☐ The State elects to waive the requirements at section 1902(a)(10)(C)(i)(III) of the Social Security Act relating to community income and resource rules for the medically needy.

☐ The State does not elect to waive the requirements at section 1902(a)(10)(C)(i)(III).
1. **Responsibility for Performing Evaluations / Reevaluations.** Independent evaluations / reevaluations to determine whether applicants are eligible for HCBS are performed:

- [ ] Directly by the Medicaid agency
- [x] By Other: QIO-like agency
2. **Qualifications of Individuals Performing Evaluation/Reevaluation.** There are qualifications (that are reasonably related to performing evaluations) for persons responsible for evaluation/reevaluation for eligibility.:

1. The QIO-like agency employs licensed registered nurses and licensed social workers to evaluate/re-evaluate for eligibility.
2. All the individuals performing evaluations/reevaluations will have professional credentials and experience in evaluating an individual’s needs for medical and social supports.
3. **Process for Performing Evaluation/Reevaluation.** Describe the process for evaluating whether individuals meet the needs-based State plan HCBS eligibility criteria and any instrument(s) used to make this determination. If the reevaluation process differs from the evaluation process, describe the differences:

Prior authorization must be obtained through the QIO-like vendor using universal needs assessment tool. This same process is used to both evaluate and reevaluate whether an individual is eligible for the 1915(i) services.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

NEEDS-BASED EVALUATION/REEVALUATION

4. **Needs-based HCBS Eligibility Criteria.** Needs-based criteria are used to evaluate and reevaluate whether an individual is eligible for HCBS state plan services. The criteria take into account the individual’s support needs and capabilities and may take into account the individual’s ability to perform two or more ADLs, the need for assistance, and other risk factors:

The “1915(i) Home and Community Based Services Universal Needs Assessment Tool” will be used to evaluate and reevaluate whether an individual is eligible for the Nevada 1915(i) HCBS state plan services. In order to qualify for services, the individual meets at least two of the following:

1. the inability to perform 2 or more ADLs;
2. the need for significant assistance to perform ADLs;
3. risk of harm;
4. the need for supervision;
5. functional deficits secondary to cognitive and/or behavioral impairments.
5. **Needs-based Institutional and Waiver Criteria.** There are needs-based criteria for receipt of institutional services and participation in certain waivers that are more stringent than the criteria above for receipt of HCBS state plan services. Individuals receiving institutional services and participating in certain waivers on the date that more stringent criteria become effective are exempt from the new criteria until such time as they no longer require that level of care. *(Include copies of the State’s official documentation of the need-based criteria for each of the following):*

- **Applicable Hospital**
- **NF**
- **ICF/MR**

### Differences Between Level Of Care Criteria

<table>
<thead>
<tr>
<th>State Plan HCBS needs-based eligibility criteria</th>
<th>NF (&amp; NF LoC waivers)</th>
<th>ICF/MR (&amp; ICF/MR LoC waivers)</th>
<th>Long Term Care Hospital LoC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individuals need at least two of the following:</td>
<td>The individual’s condition requires services for three of the following:</td>
<td>The individual has a diagnosis of Mental retardation or related condition and requires active treatment due to substantial deficits in three of the following:</td>
<td>The individual has chronic mental illness and has at least three functional deficits:</td>
</tr>
</tbody>
</table>

To qualify for the NF standard, a recipient must score three points on the NF Level of Care Determination. To qualify for State plan HCBS benefit, the recipient must score at least two points on the Universal Needs Based Assessment.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

NEEDS-BASED EVALUATION/REEVALUATION

6. **Reevaluation Schedule.** The State assures that needs-based reevaluations are conducted at least annually.
§1915(i) Home and Community Based Services (HCBS) State Plan Services
NEEDS-BASED EVALUATION/REEVALUATION

7. ☒ **Adjustment Authority.** The State will notify CMS and the public at least 60 days before exercising the option to modify needs-based eligibility criteria in accord with 1915(i)(1)(D)(ii).
§1915(i) Home and Community Based Services (HCBS) State Plan Services

NEEDS-BASED EVALUATION/REEVALUATION

8. ☑ Residence in home or community. The State plan HCBS benefit will be furnished to individuals who reside in their home or in the community, not an institution. *(Specify any residential settings, other than an individual's home or apartment, in which residents will be furnished State plan HCBS, if applicable. Describe the criteria by which the State determines that these settings are not institutional in character such as privacy and unscheduled access to food, activities, visitors, and community pursuits outside the facility):*
1. The State assures that there is an independent assessment of individuals determined to be eligible for HCBS. The assessment is based on:

- An objective face-to-face evaluation by an independent agent trained in assessment of need for home and community-based services and supports;
- Consultation with the individual and others as appropriate;
- An examination of the individual’s relevant history, medical records, care and support needs, and preferences;
- Objective evaluation of the inability to perform, or need for significant assistance to perform 2 or more ADLs (as defined in §7702B(c)(2)(B) of the Internal Revenue Code of 1986);
- Where applicable, an evaluation of the support needs of the individual (or the individual’s representative) to participant-direct; and
- A determination of need for at least one State plan home and community-based service before an individual is enrolled in the State plan HCBS benefit.
§1915(i) Home and Community Based Services (HCBS) State Plan Services
PERSON-CENTERED PLANNING & SERVICE DELIVERY

2. The State assures that, based on the independent assessment, the individualized plan of care:

- Is developed by a person-centered process in consultation with the individual, the individual’s: treating physician, health care or supporting professional, or other appropriate individuals, as defined by the State, and where appropriate the individual’s family, caregiver, or representative;
- Identifies the necessary HCBS to be furnished to the individual;
- Takes into account the extent of, and need for, any family or other supports for the individual;
- Prevents the provision of unnecessary or inappropriate care;
- Is guided by best practices and research on effective strategies for improved health and quality of life outcomes; and
- Is reviewed at least annually and as needed when there is significant change in the individual’s circumstances.
3. **Responsibility for Face-to-Face Assessment of an Individual’s Support Needs and Capabilities.** There are educational/professional qualifications (that are reasonably related to performing assessments) of the individuals who will be responsible for conducting the independent assessment, including specific training in assessment of individuals with physical and mental needs for HCBS:

A physician or other licensed practitioner of the healing arts within the scope of this professional practice as defined and limited by Federal and State law with experience in conducting assessments will be responsible for conducting the face-to-face independent assessments and reassessments of an individual’s support needs and capabilities.
4. **Responsibility for Service Plan Development.** There are qualifications (that are reasonably related to developing plans of care) for persons responsible for the development of the individualized, person-centered plan of care.

The service plan is developed by the service provider. An interdisciplinary team will formulate the plan in conjunction with the recipient. The team must include staff trained in person-centered planning, and must include a licensed health care professional and may include other individuals who can contribute to the plan development. Recipient and family involvement in service planning must be documented in the Service Plan.

The Conflict of Interest Standards specified in Administration and Operation, question #5 are applicable to service plan development.
§1915(i) Home and Community Based Services (HCBS) State Plan Services
PERSON-CENTERED PLANNING & SERVICE DELIVERY

5. **Supporting the Participant in Service Plan Development.** Supports and information are made available to the participant (and/or the additional parties specified, at the choice of the participant) to direct and be actively engaged in the service plan development process:

Participants are provided by the service case manager or the DHCFP District Office staff with information about the person-centered planning process, their opportunity to select who participates in the planning, the services available and the available providers.

The provider will ensure the recipient, or the recipient’s legal representative, is fully involved in the treatment planning process and choice of providers. The provider will also ensure the participant has an understanding of the needed services and the elements of the Service Plan. Participant’s, family’s (at the choice of the participant) and/or legal representative’s participation in treatment planning must be documented on the Service Plan.

Providers will ensure the recipient or the recipient’s legal representative is fully involved in the plan of care and ongoing day to day delivery of services, while promoting the rights of the client in regards to choice of services and providers.
6. **Informed Choice of Providers:**

A physician or other licensed practitioner of the healing arts conducts the needs-based assessment and refers the recipient to the local Medicaid District Office for a list of providers who meet Medicaid requirements and have a Medicaid contract to provide needed services. The Medicaid District Office will provide information and assistance in contacting Medicaid providers, including a list of providers and service descriptions. The recipient or the recipient’s representative contacts the provider to select a provider of services. The provider of services is responsible for obtaining a written statement that the recipient was offered a choice of providers.
7. **Process for Making Service Plan Subject to the Approval of the Medicaid Agency:**

The quality improvement organization (QIO) selected by Nevada Medicaid will approve all service plans. Additionally, DHCFP staff or designee will review a representative sample of participant service plans each year, with a confidence level of 95%.
§1915(i) Home and Community Based Services (HCBS) State Plan Services

PERSON-CENTERED PLANNING & SERVICE DELIVERY

8. **Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of three years as required by 45 CFR §74.53. Service plans are maintained by the following:

- [ ] Medicaid agency
- [ ] Case Manager
- [x] Other: Service providers
1. **Home and Community Based Services (HCBS) State Plan Services:**

**Service Specifications**

**Service Title: Home and Community Based (HCBS) Adult Day Health Care:**

Service Definition (Scope): Adult Day Health Care services include health and social services needed to ensure the optimal functioning of the participant. Services are generally furnished in four or more hours per day on a regularly scheduled basis. The schedule may be modified as specified in the service plan (not to exceed 6 hours per day). Services must take place in a non-institutional or community-based setting.

Services provided by the appropriate professional staff include the following:

- Care coordination
- Supervision and assistance to the recipient, to ensure the recipient’s well being and that care is appropriate to recipient’s needs
- Nursing Services
  - Assessment
  - Care planning
  - Treatment
  - Medication administration
- Restorative therapy and care
- Nutritional assessment and planning
- Recipient training in activities of daily living
- Social activities to ensure the recipient’s optimal functioning
- Meals (*Meals provided as a part of these services shall not constitute a “full nutritional regimen” (3 meals per day)).

§1915(i) Home and Community Based Services (HCBS) State Plan Services

SERVICES

Service Title: Habilitation

Service Definition (Scope): Habilitation Services include services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community-based settings. Habilitation Services are prescribed by a physician, provided by the appropriate qualified staff, and include the following:

- Care Coordination
- Adaptive Skill Development
- Assistance with Activities of Daily Living
- Community Inclusion
- Transportation (not duplicative of State Plan non-emergency transportation)
- Adult Educational Supports
- Social and Leisure Skill Development
- Physical Therapy
- Speech Therapy
- Occupational Therapy

Habilitation services under Section 1915(i) do not include special education and related services defined in the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), which otherwise are available to the individual through a local education agency, and vocational rehabilitation services, which otherwise are available to the individual through a program funded under Section 110 of the Rehabilitation Act of 1973. Documentation to this effect will be maintained in the file of each individual receiving habilitation services that may be duplicated through these specific authorities.

The professional provider must see a patient at least once, have some input as to the type of care provided, review the patient after treatment has begun, and assume legal responsibility for the services provided.

§1915(i) Home and Community Based Services (HCBS) State Plan Services

SERVICES

Service Title: Home and Community Based Services (HCBS) Day Treatment or Other Partial Hospitalization Services for Individuals with Chronic Mental Illness

Service Definition (Scope): Partial Hospitalization Services for Individuals with Chronic Mental Illness is a comprehensive interdisciplinary program aimed at supporting individuals with chronic mental illness and substance related disorders that require assistance with the acquisition, retention, or improvement of skills related to living in home and community based settings. The services are furnished under a medical model by a hospital or in an outpatient hospital setting. The service helps recipients with chronic mental illnesses reside in the most normative and least restrictive, family centered environment, and integrated setting appropriate to their medical needs. The goal is to divert recipients from institutional settings to home and community based settings.

Services include:

- Day treatment,
- Partial hospitalization,
- Intensive Outpatient,
- Medication management,
- Medication management training and support,
- Crisis intervention,
- Screening, assessments, and diagnosis,
- Care coordination,
- Family, group, and individual therapy,
- Psychosocial rehabilitation,
- Communications skills,
- Occupational therapy, and
- Basic skills training:
  - maintenance of the home and community living environment,
  - restoration and maintenance of activities of daily living,
  - community integration and adaptation skills training and development, and
- Therapeutic social and leisure skills training and development.

The service must be prescribed by a physician or other licensed practitioner of the healing arts within the scope of this professional practice as defined and limited by Federal and State law.

FIN REF: Attachment 4.19-B, Page 16 – 17b
Additional needs-based criteria for receiving the service, if applicable:

**Partial Hospitalization Services** for Individuals with Chronic Mental Illness are based on an intensity of needs determination and are aimed at supporting recipients who need the amount, duration, and scope of medical assistance to:

- improve or retain functioning,
- prevent relapse,
- assistance with self care and treatment,
- assistance with family inclusion and integration,
- assistance with activities of daily living,
- assistance with medication education and training,
- assistance with educational supports,
- home and community living environment skills,
- community integration and adaptation skills, and
- therapeutic social and leisure skills.

Specify limits (if any) on the amount, duration, or scope of this service for:

- [x] Categorically needy: Each service is subject to Utilization Management.
- [ ] Medically needy:

Specify whether the service may be provided by a:

- [ ] Relative

2. Policies Concerning Payment for State Plan Home and Community Based Services (HCBS) Furnished by Legally Responsible Individuals, Other Relatives and Legal Guardians:

☒ The State does not make payment to legally responsible individuals, other relatives or legal guardians for furnishing state plan Home and Community Based Services (HCBS).

☐ The State makes payment to:

☐ Legally Responsible Individuals. The State makes payment to legally responsible individuals under specific circumstances and only when the relative is qualified to furnish services:

☐ Relatives. The State makes payment to relatives under specific circumstances and only when the relative is qualified to furnish services:

☐ Legal Guardians. The State makes payment to legal guardians under specific circumstances and only when the guardian is qualified to furnish services:

☐ Other policy:
§1915(i) Home and Community Based Services (HCBS) State Plan Services
SERVICES

Definition: Participant-direction means self-direction of services per §1915(i)(1)(G)(iii).

1. Election of Participant-Direction:

☑ The State does not offer opportunity for participant-direction of state plan Home and community Based Services (HCBS).

☐ Every participant in HCBS state plan services (or the participant’s representative) are afforded the opportunity to elect to direct services. Alternate service delivery methods are available for participants who decide not to direct their services.

☐ Participants in HCBS state plan services (or the participant’s representative) are afforded the opportunity to direct some or all of their services, subject to criteria specified by the State.
2. Description of Participant-Direction.
3. Participant-Directed Services:

<table>
<thead>

<td></td>
<td></td>
</tr>
</tbody>
</table>
4. **Financial Management:**

- Financial Management is not furnished. Standard Medicaid payment mechanisms are used.
- Financial Management is furnished as an administrative function.
5. **Participant-Directed Service Plan.** The State assures that, based on the independent assessment, a person-centered process produces an individualized plan of care for participant-directed services that:

- Is directed by the individual or authorized representative and builds upon the individual’s preferences and capacity to engage in activities that promote community life;
- Specifies the services to be participant-directed, and the role of family members or others whose participation is sought by the individual or representative;
- For employer authority, specifies the methods to be used to select, manage, and dismiss providers;
- For budget authority, specifies the method for determining and adjusting the budget amount, and a procedure to evaluate expenditures; and
- Includes appropriate risk management techniques.
6. Voluntary and Involuntary Termination of Participant-Direction:
7. Opportunities for Participant-Direction

a. Participant–Employer Authority (individual can hire and supervise staff).

☑ The State does not offer opportunity for participant-employer authority.

☐ Participants may elect participant-employer Authority.

☐ Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.

☐ Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide waiver services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.

b. Participant–Budget Authority (individual directs a budget).

☑ The State does not offer opportunity for participants to direct a budget.

☐ Participants may elect Participant–Budget Authority.

Participant-Directed Budget:

### QUALITY MANAGEMENT STRATEGY

| The SMA maintains financial accountability through payment of claims for services that are authorized and furnished to enrolled participants by qualified providers. | DHCFP oversight exists through the MMIS system to assure claims are coded and paid in accordance with the state plan. State Plan HCBS Services will be included in the population of paid claims subject to a PERM-like financial review. Additionally, a program review of a representative sample of claims will be conducted annually. | DHCFP MMIS reports. PERM-like review reports. Documentation of sample selection process for program review, monitoring tools, monitoring findings reports and management reports. | Documentation of monitoring findings, remediation, analysis of effectiveness of remediation, documentation of system improvement. | Ongoing payment edits. Annual reviews. |
|---|---|---|---|
| The State identifies, addresses and seeks to prevent incidents of abuse, neglect, and exploitation, including the use of restraints. | Service plans address health and welfare and are monitored by DHCFP and the QIO-like vendor. Recipients may participate in Participant Experience Surveys (PES) that address access to care, choice and control, respect/dignity and community integration and inclusion. Providers of all services are required to ensure compliance with 42CFR483.374 to assure the health and welfare of recipients with regard to seclusion and restraints. | DHCFP, QIO-like vendor, Bureau of Licensure and Certification (BLC) when appropriate. | DHCFP and QIO-like vendor Program review reports, PES Responses. Complaints received by DHCFP, BLC, or incidents identified in program reviews. | Summary reports of BLC tracking results, program reviews and PES. | Ongoing. |
Describe the process(es) for remediation and systems improvement.

Serious occurrence reports, Participant Experience Surveys and program review reports that identify issues related to a specific participant will be referred to the District Office case manager to assess and remediate immediately, if appropriate. Central Office program specialists will analyze all review findings, prepare reports as indicated above, make recommendations for remediation and submit to a management team or program chief. The report will include an executive summary that highlights important issues that require attention and remediation. Providers will be informed and educated when problems are identified. When necessary a plan of improvement will be required of specific providers that do not meet standards specified in the Medicaid Services Manual. If corrective action is determined by DHCFP to not be adequate, appropriate actions will be taken and may include temporary suspension or full termination of provider Medicaid contracts. Program specialists will assess the effectiveness of remediations and report results to the management team or program chief. The Management Team or Program Chief will review and approve the report or return to the program specialist for additional information or action. When complete the program specialist and the management team or Program Chief will determine whether the monitoring system has been effective or needs improvement.

The State plans to treat remediation and improvement activities for delegated functions by a similar methodology to the process described above. Once any issue is identified through management procedures or reports related to claims utilization, level of care determinations, notices of decision, fair hearing outcomes, audit findings, or utilization management trends, DHCFP works directly with the responsible delegated entity to remediate the findings and prioritize in its systems improvement processes. DHCFP is in the process of developing a meaningful, statewide monitoring, analysis and remediation system for these occurrences. DHCFP will assess how best to distinguish and prioritize incident reports to identify trends and work with affected entities to effectively prioritize based on the impact to the recipient and the needs of all parties involved.
Coordination of Medicaid with Medicare and Other Insurance

(a) Premiums

(1) Medicare Part A and Part B

1902 (a) (10) (E) (i) and 1905 (p) (1) of the Act

(i) Qualified Medicare Beneficiary (QMB)

The Medicaid agency pays Medicare Part A premiums (if applicable) and part B premiums for individuals in the QMB group defined in Item A.25 of ATTACHMENT 2.2-A, through the group premium payment arrangement, unless the agency has a Buy-in agreement, for such payment as indicated below.

Buy-In agreement for:

__X__ Part A  __X__ Part B

___ The Medicaid agency pays premiums for which the beneficiary would be liable, for enrollment in an HMO participating in Medicare.

TN No. 92-05

TN No. 93-09
Approval Date: April 7, 1993
Effective Date: January 1, 1993
1843 (b) and 1905 (a) of the Act and 42 CFR 431.625

(iv) Other Medicaid Recipients

The Medicaid agency pays Medicare Part B premiums to make Medicare Part B coverage available to the following individuals:

- All individuals who are: a) receiving benefits under titles I, IV-A, X, XIV, or XVI (AABD or SSI); b) receiving State supplements under title XVI; or c) within a group listed at 42 CFR 431.625 (d) (2).

- Individuals receiving title II or Railroad Retirement benefits.

- Medically needy individuals (FFP is not available for this group).

2. Other Health Insurance

1902(a)(30) And 1905(a) of the Act

- The Medicaid agency pays insurance premiums for medical or any other type of remedial care to maintain a third party resource for Medicaid covered services provided to eligible individuals (except individuals 65 years or age or older and disabled individuals, entitled to Medicare Part A but not enrolled in Medicare Part B).*

* Only when cost effective.
State: Nevada

(b) Deductibles/Coinsurance

(1) Medicare Part A and B

1902(a) (30), 1902 (n) 1905 (a) and 1916 of the Act

Supplement 1 to ATTACHMENT 4.19-B describes the methods and standards for establishing payment rates for services covered under Medicare, and/or the methodology for payment of Medicare deductible and coinsurance amounts, to the extent available for each of the following groups.

Section 1902 (a) (10) (E) (i) and 1905 (p) (3) of the Act

(i) Qualified Medicare Beneficiaries (QMBS)
The Medicaid agency pays Medicare Part A and Part B deductible and coinsurance amounts for QMBs (subject to any nominal Medicaid copayment) for all services available under Medicare.

1902 (a) (10), 1902 (a) (30), and 1905 (a) of the Act

(ii) Other Medicaid Recipients
The Medicaid agency pays for Medicaid services also covered under Medicare and furnished to recipients entitled to Medicare (subject to any nominal Medicaid copayment). For services furnished to individuals who are described in section 3.2 (a) (1) (iv), payment is made as follows:

42 CFR 431.625

___ For the entire range of services available under Medicare Part B.

_____ Only for the amount, duration and scope of services otherwise available under this plan.

1902 (a) (10), 1902 (a) (30), 1905 (a), and 1905 (p) of the Act

(iii) Dual Eligible – QMB plus
The Medicaid agency pays Medicare Part A and Part B deductible and coinsurance amounts for all services available under Medicare and pays for all Medicaid services furnished to individuals or medically needy (subject to any nominal Medicaid copayment.)

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

COORDINATION OF TITLE XIX WITH SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS AND CHILDREN (WIC)

The following method is used to provide for the coordination between the Medicaid Agency and the Special Supplemental Food Program for Women, Infants and Children (WIC) for the dissemination of the program’s benefits to Medicaid applicant/recipients.

A. Maintain communication with State’s WIC operations to promote timely and accurate dissemination of WIC program benefits and modifications.

B. Generate a one time informational mailing of the WIC program’s benefits to all Medicaid applicants and recipients to insure notification of the target population, (i.e. all individuals who are determined to be eligible for medical assistance and who are pregnant women, breastfeeding or postpartum women… or children under the age of five).

C. Revise initial and redetermination applicant and recipient interview procedures to distribute written WIC information and to verbally describe the availability of the WIC program’s benefits to insure dissemination of information whether or not the potential beneficiary can read.
State: Nevada

Citation 3.3 Medicaid for Individuals Age 65 or Over in Institutions for Mental Diseases

42 CFR 441.101, 42 CFR 431.620(c) and (d) AT-79-29

Yes. The requirements of 42 CFR Part 441, Subpart C and 42 CFR 431.620(c) and (d) are met.

Not applicable. Medicaid is not provided to aged individuals in such institutions under this plan.
State: Nevada

Citation
42 CFR 414.252
AT-78-99

3.3 Special Requirements Applicable to Sterilization Procedures

All requirements of 42 CFR Part 441, Subpart F are met.
Families Receiving Extended Medicaid Benefits

(a) Services provided to families during the first 6-month period of extended Medicaid benefits under Section 1925 of the Act are equal in amount, duration, and scope to services provided to categorically needy AFDC recipients as described in ATTACHMENT 3.1-A (or may be greater if provided through a caretaker relative employer's health insurance plan).

(b) Services provided to families during the second 6-month period of extended Medicaid benefits under section 1925 of the Act are--

- Equal in amount, duration, and scope to services provided to categorically needy AFDC recipients as described in ATTACHMENT 3.1-A (or may be greater if provided through a caretaker relative employer's health insurance plan).

- Equal in amount, duration, and scope to services provided to categorically needy AFDC recipients, (or may be greater if provided through a caretaker relative employer's health insurance plan) minus any one or more of the following acute services:
  - Nursing facility services (other than services in an institution for mental diseases) for individuals 21 years of age or older.
  - Medical or remedial care provided by licensed practitioners.
  - Home health services.
Families Receiving Extended Medicaid Benefits (Continued)

- Private duty nursing services.
- Physical therapy and related services.
- Other diagnostic, screening, preventive, and rehabilitation services.
- Inpatient hospital services and nursing facility services for individuals 65 years of age or over in an institution for mental diseases.
- Intermediate care facility services for the mentally retarded.
- Inpatient psychiatric services for individuals under age 21.
- Hospice services.
- Respiratory care services.
- Any other medical care and any other type of remedial care recognized under State law and specified by the Secretary.
31c

State: Nevada

Citation 3.5 Families Receiving Extended Medicaid Benefits (Continued)

(c) The agency pays the family's premiums, enrollment fees, deductibles, coinsurance, and similar costs for health plans offered by the caretaker's employer as payments for medical assistance--

1st 6 months  2nd 6 months

(d) (1) The Medicaid agency provides assistance to families during the second 6-month period of extended Medicaid benefits through the following alternative methods:

Enrollment in the family option of an employer's health plan.

Enrollment in the family option of a State employee health plan.

Enrollment in the State health plan for the uninsured.

Enrollment in an eligible health maintenance organization (HMO) with a prepaid enrollment of less than 50 percent Medicaid recipients (except recipients of extended Medicaid).
3.5 Families Receiving Extended Medicaid Benefits (Continued)

Supplement 2 to ATTACHMENT 3.1-A specifies and describes the alternative health care plan(s) offered, including requirements for assuring that recipients have access to services of adequate quality.

(2) The agency--

   (i) Pays all premiums and enrollment fees imposed on the family for such plan(s).

   (ii) Pays all deductibles and coinsurance imposed on the family for such plan(s).

3.6 Unemployed Parent

For purposes of determining whether a child is deprived on the basis of the unemployment of a parent, the agency--

  9 uses the standard for measuring unemployment which was in the AFDC state plan in effect on July 16, 1996.

  : uses the following more liberal standard to measure unemployment:

A child will be considered deprived if family income is below the applicable income standard, regardless of the number of hours the parent/caretaker is employed.
STATE OF NEVADA
STATE PLAN AMENDMENT
MEDICAID MANDATORY MANAGED CARE PROGRAM

Under Section 1932(A)(1)(A)
Mandatory Managed Care Program

I. Eligibility

1. Eligible Categories
   The State of Nevada Mandatory Managed Care Program will include the following Medicaid eligibility categories:

   1. Temporary Assistance for Needy Families (TANF);
   2. Two parent TANF;
   3. TANF - Related Medical Only;
   4. TANF - Post Medical;
   5. TANF - Transitional Medical;
   6. TANF Related (Sneede vs. Kizer): and
   7. Child Health Assurance Program (CHAP).

2. Eligible Category Exemptions
   The State of Nevada Mandatory Managed Care Program assures the exclusion of the following Medicaid eligible individuals from mandatory enrollment:

   1. Adults diagnosed as seriously mentally ill (SMI) by the Nevada State Division of Mental Hygiene and Mental Retardation (MH/MR).
   2. Children diagnosed as seriously emotionally disturbed (SED) by the Nevada State Division of Child and Family Services (DCFS) or MH/MR in rural areas.
   3. Children who are inpatients of a Residential Treatment Center (RTC);
   4. Individuals with comprehensive health coverage from another organization or agency which cannot be billed by a managed care organization.
   5. Children with special health care needs.
      Children with special health care needs are defined as:
      1. Those who have, or are at risk for, chronic physical, developmental, behavioral, or emotional conditions; and
      2. Who also require health and related services of a type and amount beyond that required by children in general; and
      3. Receiving services through a family-centered, community-based, coordinated care system receiving grant funds, under section 501(a)(1)(D) of Title V of the Social Security Act. There are two facilities in Nevada named Special Children’s Clinics, one in Washoe County and one in Clark County; or
      4. Participants utilizing or obtaining services through the First Step or Happy programs or
C. Excluded Medicaid Eligible Categories

Individuals federally exempt from mandatory enrollment are:

1. Children under the age of 19:
   a. Children eligible for SSI under Title XIX;
   b. Children described in section 1902(e)(3) of the Social Security Act (Katie-Beckett);
   c. Children in foster care or other out-of-town placement;
   d. Children receiving foster care or adoption assistance; or
   e. Children as identified under I.B.5. above.

2. The Aged, Blind and Disabled eligible for SSI, as a state institutional case or through a Home- and Community-Based Waiver.

3. Dual Medicare-Medicaid eligibles.

4. American Indians who are members of a Federally-recognized tribe.

D. Voluntary Participants

The State will allow American Indians, participants diagnosed SED or SMI and children as identified in I.B.5., to voluntarily enroll in an HMO under the mandatory managed care program. These categories of enrollees are not subject to mandatory lock-in enrollment provisions.

II. Enrollment

A. Process

The State will conduct enrollment sessions with all Medicaid eligibles in groups of 10 - 30 at a time.

1. The sessions are scheduled in conjunction with the initial eligibility interview or the redetermination interview where third party liability information is also collected.

2. Attendance at the enrollment sessions is voluntary.

3. The State assures the information will be presented to non-English speaking participants in a culturally competent manner.

3. Methodology

The content of the enrollment session is provided through:

1. A video;

2. State or State contract staff presentation following the video and responding to participant questions;

3. State written information; and

4. State approved HMO materials.
1. **Content**

The content of the enrollment sessions includes information as follows:

1. Rights and responsibilities of the participant;
2. Services and items covered by the HMO;
3. Benefits outside the managed care contract and how the recipients may access these services;
4. Grievance and appeal rights provided by the HMO and the State Fair Hearing process, and the procedures for using them;
5. Lists of providers participating with each HMO
6. Service areas covered by each HMO
7. When information is available, performance and quality of services provided by the HMOs, including a comparison chart regarding benefits, cost sharing, and service areas;
8. Assurances that recipients may disenroll with cause at any time and without cause within the first 90 days of enrollment in the HMO, and at least every 12 months. The total lock-in period is 12 months inclusive of the initial 90 days up front to disenroll without cause. The recipients will be notified of their option to change HMOs at least 60 days prior to the end of the lock-in period.
9. Instructions for disenrolling from one HMO and choosing another, including the caution that if another HMO is not chosen, the State will select one for the recipient.
10. Explanation of enrollment exemptions as given in I.B. above.
11. Attendees will be asked to complete their selections of HMOs and PCPs/PCSs at the end of the session or prior to the eligibility decision date. If none is chosen, the State will complete a default enrollment, in accordance with 1932(a)(4)(C) and 1932(a)(4)(D), maintaining existing provider-recipient relationships, or relationships with traditional Medicaid providers wherever possible. When this criteria is not possible, the default process will provide an equitable distribution of auto-enrollees among the HMOs. When an attendee does not select an HMO, the State will assign family unit cases to an HMO in the following order:
   1. Enroll the attendee in the HMO the attendee had previously chosen under the Nevada Medicaid voluntary enrollment managed care program, if applicable;
   2. Enroll a weighted number of enrollees based on the number of contracts each HMO has with Nevada Medicaid-defined traditional providers. These providers are:
      1) University of Nevada School of Medicine
      2) University Medical Center
      3) Federally Qualified Health Care Centers
      4) Other State-identified essential community providers.
   3. If no previous enrollment under the voluntary managed care program exists and there is no difference between the number of contracts with traditional providers between HMOs, a family case unit will be assigned to the HMOs by a consecutive rotation between the HMOs in the service area.
III. Geographic Areas
The State assures individuals will have a choice of at least two HMOs in each geographic area. Those geographic areas are limited to Clark and Washoe counties. In accordance with NAC 695C.160, Medicaid eligible recipients are exempt from mandatory participation if they live more than 25 miles from a managed care contracted physician and hospital. When fewer than 2 HMOs are available for choice in the geographic areas listed, the managed care program will be voluntary.

IV. Cost Sharing
There is no cost sharing for Medicaid services.

V. Program Administration

A. Exemption Process
Medicaid eligibles specified in I.C. above are identified by an aid category number, except for I.C.1.e. and I.C.4. individuals. First, these persons (aid category identified) will not be required to attend the enrollment session. Second, the computer system will not allow a Medicaid eligible with an exempt aid category number to enroll. If a Medicaid eligible given in category I.A. above becomes exempt under I.C. above, the computer system will identify the exempt aid category and require disenrollment. Medicaid eligibles listed in category I.B. and I.C.4. above will be excluded from mandatory enrollment by the following methods:

1. Medicaid will have data base matches with the State Division of MH/MR for SMI individuals, DCFS for SED and Division of Health which operates the two Special Children’s Clinics for children with special health care needs. The participants will be identified through a data match of name, Social Security number and birth date. Matching recipients will not be enrolled in an HMO or will be disenrolled if enrollment has occurred after notification to the recipient, parent or guardian.

2. The above-mentioned agencies will notify Medicaid when:
   1. A client was erroneously enrolled and not identified by the data match, and
   2. New clients to their agencies, who were previously enrolled in an HMO, will be disenrolled after notification to the recipient, parent or guardian.

3. The recipient, parent or guardian may identify themselves or child as meeting the definition of an SMI, SED or child with special health care needs at any time, starting with the eligibility interview and/or orientation session. Medicaid will immediately verify their status and take appropriate action.

4. Exclusion of categories I.B.3. and 4 and I.C.4. will begin in the eligibility interview and/or orientation session. Recipients will be asked to identify themselves. Medicaid staff present in the orientation session will also assist clients based on questions and information given to determine if they are not required to enroll in the mandatory program.

5. Medicaid staff, dealing with the inpatient placement of children into Residential Treatment Centers, will provide the Medicaid Managed Care Unit (MCU) staff with additional identification for category I.B.3. above.

6. Once a person is identified as exempt, a computer record code is used for identification.
B. Provider Panel & Credentials

Any HMO, licensed by the Nevada Department of Business & Industry, Division of Insurance, able to provide services as outlined by the conditions of the Mandatory Managed Care contract, will be considered for participation. The State assures all contracts with HMOs will comply with all pertinent sections of 1932 and 1903(m) of the Social Security Act.

1. The State assures it will monitor the contracted HMOs to ensure sufficient numbers of medical providers, willing and open to accept Medicaid recipients, to meet the requirement of the contract. Services shall be provided at levels no less than those given by Medicaid under fee-for-service to all participants, as defined in the State Plan, Nevada State Medicaid Service Manuals and Provider Bulletins.

2. The Mandatory Managed Care contract contains specific provisions regarding primary care physicians. Each HMO must maintain a specified ratio of PCPs to participants (1 PCP/across board specialist: 1500 participants; 1 PCP with extender: 1800 participants) in each geographic service area; a specified percentage of each HMO=s provider panel (50% per geographic area) must be willing and currently open to Medicaid enrollees; and the State reserves the right to stop enrollment in an HMO when it is discovered that the HMO-PCP panel does not fall within the ratio or percentage requirements.

3. Prior to the effective date of any contract, MCU staff will conduct a readiness review, including review of PCP contracts. The HMO must have its contracts with providers in good order and signed. If an HMO lacks sufficient contracts, the state will not begin enrollment in the HMO. The effective date of the Medicaid contract with an HMO is dependent upon the HMO meeting all contract requirements.

4. The State will conduct reviews at least annually. Provider contracts will be reviewed again and, if the HMO is deficient, the State will suspend enrollment and request a plan of corrective action. Between readiness reviews and annual reviews, the State will review any information regarding access problems and conduct reviews and apply contract suspension of enrollment rules when necessary.

3. Compliance

The State further assures all requirements of sections 1903(m) and 1932 of the Social Security Act will be met. All relevant provisions are included in the contract with the HMOs, either as contractor or State responsibility. On site reviews will be conducted as both scheduled and unscheduled activities by MCU staff.

1. The MCU will monitor and oversee the operation of the mandatory managed care program, assuring compliance with all federal program requirements, federal and state laws and regulations, and the requirements of the contract agreed upon by Medicaid and the HMOs.

2. Compliance will be evaluated by review and analysis of reports prepared and sent to the MCU by the HMO contractors. Deficiencies in one or more areas will result in the HMO being required to prepare a corrective action plan, which will also be monitored by the MCU.

3. Reports from the grievance and complaint process will be analyzed and used for evaluation purposes.
4. MCU staff will provide technical assistance as necessary to ensure the HMOs have adequate information and resources to comply with all the requirements of law and their contract.

5. MCU staff will evaluate each HMO for financial viability/solvency, access and quality assurance.

D. Cultural & Linguistic Sensitivity
Specific, designated enrollment sessions with Hispanic interpretation services are, and will continue to be, provided. Additional translator services are available through the Language Bank, which covers a wide variety of languages and dialects. Primary care physicians and other providers are required to list the languages spoken in their practices. This information is included on the provider lists from which recipients make their health care choices. Appropriate methods for communicating with the visually and hearing impaired participants and accommodations for the physically disabled participants are available and access provided through the Medicaid staff on a pre-identified, individual basis.

E. Coordination with Out-of-Plan and Excluded Services
The State assures the services provided within the managed care network, and out-of-plan and excluded services, will be coordinated. The required coordination is specified in the State contract with the HMOs and is specific to service type and/or service provider.

VI. Rates & Payments

Rates for the two geographic areas of Nevada, Clark and Washoe counties, are established through a consulting actuarial firm, Nevada Medicaid fee-for-service rates, as well as other health care cost data, were considered in the development of the fees. The contract with the Actuary requires that calculated rates shall be actuarially sound and consistent with the Upper Payment Limit requirement at 42 CFR 447.361. State payments to contractors will comply with the upper payment limit provisions in 42 CFR 447.361 or 447.362, as applicable.

DHCFP, via its title XIX State Plan Attachment 3.1.E, covers corneal, kidney, liver, and bone marrow transplants and associated fees for adult recipients. For children to the age of 21 any medically necessary transplant that is not experimental will be covered. The health plan may claim transplant case reimbursement from DHCFP for inpatient medical expenses above the threshold of $100,000 in a one-year period (State Fiscal Year). Seventy five percent (75%) of the expenses above $100,000 are reimbursed to the health plan.
At the discretion of DHCFP administration, a recipient enrolled in a health maintenance organization may elect to re-enroll in (or receive treatment from) another HMO at any time that is in the medical best interest of the recipient, or the financial best interest of DHCFP, so long as this is done with the recipient's full understanding of the reason for the reassignment and with the recipients complete agreement. For those same reasons, and within those same restrictions and guidelines stated above, DHCFP may also assign the management and payment of a fee for service recipient’s transplant to an HMO, so long as the recipient has elected such assignment, that assignment is only for the purpose of the transplant and there is no disruption of the recipient’s medical home other than what is absolutely necessary for the success of the transplant. In any case, as soon as the transplant is complete, the recipient will be returned to his original health care delivery model, including the return to the original HMO.
State: Nevada

__X__ The State has established a program under which it will contract with one or more recovery audit contractors (RACs) for the purpose of identifying underpayments and overpayments of Medicaid claims under the State plan and under any waiver of the State plan.

__X__ The State is seeking an exception to establishing such program for the following reasons:

The State is seeking an exception to the requirement of a 1.0 FTE CMD. Please refer to Page 36b.1 for additional information.

__X__ The State/Medicaid agency has contracts of the type(s) listed in section 1902(a)(42)(B)(ii)(I) of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.

The State attests that when the RAC contract is implemented that it will meet the required statutes.

Place a check mark to provide assurance of the following:

__X__ The State will make payments to the RAC(s) only from amounts recovered.

__X__ The State will make payments to the RAC(s) on a contingent Basis for collecting overpayments.

The following payment methodology shall be used to determine State payments to Medicaid RACs for identification and recovery of overpayments (e.g., the percentage of the contingency fee):

The exact contingency fee percentage has not yet been determined for this contract.

__X__ The State attests that the contingency fee rate paid to the Medicaid RAC will not exceed the highest rate paid to Medicare RACs, as published in the Federal Register.

___ The State attests that the contingency fee rate paid to the Medicaid RAC will exceed the highest rate paid to Medicare RACs, as published in the Federal Register. The State will only submit for FFP up to the amount equivalent to that published rate.

Gloria Nagle
Associate Regional Administrator
Division of Medicaid and Children’s Health Operations, CMS
90 7th Street, Suite 5-300 (SW)
San Francisco CA 94103

Dear Ms. Nagle:

Enclosed please find Nevada’s State Plan Amendment (SPA) #12-009. This SPA amends Nevada’s State Plan effective July 1, 2012.

On behalf of the State of Nevada Division of Health Care Financing and Policy, I would like to request an exception to 42 CFR 455.508(b) which requires States to have a minimum 1.0 FTE Contractor Medical Director for Nevada’s Medicaid RAC. The Nevada Medicaid RAC contract was awarded to HMS Holdings Corp and continues through December 31, 2016. Due to the nature and level of clinical review work projected to be performed, it is reasonable to consider that a full time Contracted Medical Director is not warranted for this individual state RAC contract. The State proposes to hire a 0.5 FTE CMD and utilize our contractor’s contracted physician review panel for specialty peer reviews as required. In addition to this approach, our contractor has a full time (FTE) National Medical Director who is licensed in another state that brings national knowledge and experience to our RAC program, while the NV licensed CMD, and NV licensed contract physician review panel brings local state perspective and understanding of state health policy and coverage issues. We believe this approach will work well for the State and minimize cost prohibitive concerns resulting from the requirement of hiring a FTE CMD under this contingency fee based contract. The DHCP and HMS believe that the spirit and intent of the Medicaid rule for a full time Contract Medical Director is to follow the Medicare RAC guidelines. We are empathetic to the concerns posed by providers regarding the availability of a licensed physician Contracted Medical Director and we intend to ensure that a Contracted Medical Director is available. However, CMS requires Medicare RACs to employ one full time Contract Medical Director to oversee each awarded 7 to 20-state Medicare region, not each state. Because of this, the DHCP would like to be granted the ability to determine the appropriate staffing level for our Contracted Medical Director.

Our RAC administrator, HMS, employs Contracted Medical Directors (CMDs) who are currently licensed, have extensive knowledge of state coverage and payment rules, and have appropriate clinical experience. The CMD selected for the RAC will work closely with HMS’s
Corporate Medical Officer (CMO), Dr. David Sand. Dr. Sand has extensive RAC experience, including serving as a CMD in the Medicare RAC pilot program, and as a member of HMS’s physician panel to oversee clinical activities and determinations. The CMD for the Nevada RAC will oversee the medical review process, assist review staff upon request or as required, oversee quality assurance procedures, and maintain relationships with provider associations.

All of the physicians used by HMS are subjected to rigorous credentialing, including primary verification of licensure and certification by an American Board of Medical Specialties or American Osteopathic Association recognized board, as well as queries of the National Practitioners’ Data Bank and the Department of Health and Human Services Office of the Inspector General’s List of Excluded Individuals and Entities. No physician with a significant entry or exclusion is permitted to serve on their panel.

As detailed above, we believe that the approach used by HMS exceeds CMS’ Final Rule statement that the RAC must employ an FTE CMD. Under the RAC contract, HMS will provide:

1. A Nevada-licensed CMD, whose staffing hours would be correlated with the volume of the RAC contract clinical reviews;
2. A panel of Nevada-licensed physician reviewers as needed; and
3. A resource of 800 physician peer reviewers nationwide.

As demonstrated by HMS’s current Program Integrity contracts, due to the deep and ongoing involvement of their Chief Medical Officer, Contracted Medical Directors, and physician panel, we are confident that HMS can achieve the highest levels of quality, accuracy, and objectivity required of the Nevada RAC without employing a separate full time Nevada CMD. This approach ensures that the CMD has adequate knowledge and experience working on RAC programs, rather than having to place individuals in this role that may not have experience serving as a RAC CMD. For these reasons, the State of Nevada DHCFP does not believe employing a FTE CMD is appropriate for our state RAC and would request that we be given the ability to determine the appropriate staffing levels for our CMD.

Thank you for your consideration and should you have any questions regarding this request, please contact Marta Stagliano, Chief, Compliance at (775) 684-3623 or Marta.Stagliano@dhcfp.nv.gov.

Sincerely,

Michael J. Willden, Director
Department of Health and Human Services

Enclosures

    Marta Stagliano, Chief, Compliance, DHCFP
The Medicaid agency will submit all reports in the form and with the content required by the Secretary, and will comply with any provisions that the Secretary finds necessary to verify and assure the correctness of the reports. All requirements of 42 CFR 431.16 are met.
4.7 Maintenance of Records

The Medicaid agency maintains or supervises the maintenance of records necessary for the proper and efficient operation of the plan, including records regarding applications, determination of eligibility, the provision of medical assistance, and administrative costs, and statistical, fiscal and other records necessary for reporting and accountability, and retains these records in accordance with Federal requirements. All requirements of 42 CFR 431.17 are met.
Revision: HCFA-AT-80-38 (BPP)

4.8 Availability of Agency Program Manuals

Program manuals and other policy issuances that affect the public, including the Medicaid agency's rules and regulations governing eligibility, need and amount of assistance, recipient rights and responsibilities, and services offered by the agency are maintained in the State office and in each local and district office for examination, upon request, by individuals for review, study, or reproduction. All requirements of 42 CFR 431.18 are met.
There are procedures implemented in accordance with 42 CFR 433.37 for identification of providers of services by social security number or by employer identification number and for reporting the information required by the Internal Revenue Code (26 U.S.C. 6041) with respect to payment for services under the plan.
41

State: NEVADA

4.10 Free Choice of Providers

(a) Except as provided in paragraph (b), the Medicaid agency assures that an individual eligible under the plan may obtain Medicaid services from any institution, agency, pharmacy person, or organization that is qualified to perform the services including of the Act an organization that provides these services or arranges for their availability on a prepayment basis.

(b) Paragraph (a) does not apply to services furnished to an individual –

(1) Under an exception allowed under 42 CFR 431.54, subject to the limitations in paragraph (c), or

(2) Under a waiver approved under 42 CFR 431.55, subject to the limitations in paragraph (c), or

(3) By an individual or entity excluded from participation in accordance with section 1902(p) of the Act,

(4) By individuals or entities who have been convicted of a felony under Federal or State law and for which the State determines that the offense is inconsistent with the best interests of the individual eligible to obtain Medicaid services, or

(5) Under an exception allowed under 42 CFR 438.50 or 42 CFR 440.168, Section 1905(t) subject to the limitations in paragraph (c).

(c) Enrollment of an individual eligible for medical assistance in a primary care case management system described in section 1905(t), 1915(a), 1915(b)(1), or 1932(a); or ,, managed care organization, prepaid inpatient health plan, a prepaid ambulatory health plan, or a similar entity shall not restrict the choice of the qualified person from whom the individual may receive emergency services or services under section 1905 (a)(4)(c).

4.11 Relations with Standard-Setting and Survey Agencies

42 CFR 431.610

(a) The State agency utilized by the AT-80-34 Secretary to determine qualifications of institutions and suppliers of services to participate in Medicare is responsible for establishing and maintaining health standards for private or public institutions (exclusive of Christian Science sanatoria) that provide services to Medicaid recipients. This agency is Department of Human Resources, Health Division.

(b) The State authority(ies) responsible for establishing and maintaining standards, other than those relating to health, for public or private institutions that provide services to Medicaid recipients is (are): Department of Commerce, Office of State Fire Marshall.

(c) ATTACHMENT 4.11-A describes the standards specified in paragraphs (a) and (b) above, that are kept on file and made available to the Health Care Financing Administration on request.
4.11(d) The Bureau of Regulatory Health Services, Health Division (agency), which is the State agency responsible for licensing health institutions, determines if institutions and agencies meet the requirements for participation in the Medicaid program. The requirements in 42 CFR 431.610(e), (f) and (g) are met.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State:  Nevada

Citation
Sect 1919(e)(1)(A)  Social Security Act as Amended by ORBA 87

4.11(e)  The Bureau of Regulatory Health Services, State Health Division, is the State agency that determines if health institutions and agencies meet the requirements for participation in the Medicaid program.

Nevada Medicaid maintains an interagency agreement with the Bureau of Regulatory Health Services to carry out a program of onsite surveys of all Nursing Facilities to monitor and assure compliance with provisions of Public Law 100-203, and to monitor and assure compliance with provisions of Public Law 100-203 for all delegated responsibilities to the Nevada Board of Nursing. The current agreement is on file with the Nevada Medicaid Office.

Under provisions of that agreement, the Bureau of Regulatory Health Services monitors and assures compliance of the Nursing Facilities with provisions of Public Law 100-203 relating to the regulation of nursing assistants in Nursing Facilities to include training and competency evaluation, certification, maintenance of registry, investigation of complaints, and the imposition of appropriate disciplinary action.
I. Health Standards

The Nevada Medicaid Office maintains on file and will make available to HCFA the following health standards for institutions providing medical services to Medicaid recipients:

a. Construction Standards for Hospitals, Skilled Nursing Facilities and Intermediate Care Facilities;

b. Standards for Intermediate Care Facilities;

c. Standards for Mental Health Facilities;

d. Standards for Hospitals; Facilities for Long Term Care; Nursing Homes; Extended Care Facilities; and

e. Standards for Care of Adults During the Day (Adult Day Health Care).

A. The Construction Standards for facilities include the following areas:

1. Fees
2. Definitions
3. Review of Building Plan Requirements
4. Elevator Requirements
5. Electrical Requirements
6. Mechanical Requirements
7. Door, Ceiling, floor requirements
8. Lobby requirements
9. Ambulatory surgical center
10. Rooms for disturbed patients
11. Emergency Units
12. Hemodialysis facilities
13. Intensive Care Units
14. Isolation rooms
15. Nursery units
16. Obstetrical units
17. Outpatient facilities
18. Pediatric and adolescent units
19. Psychiatric care units
20. Surgical units
21. Central Stores
22. Dietary Units
23. Facilities for employees
24. Janitor's closets
25. Laboratory requirements
26. Linen service
27. Medical and surgical supply units
28. Medical records
29. Morgue and autopsy unit
30. Nursing Unit
31. Occupational therapy unit
32. Pharmacy
33. Physical therapy unit
34. Radiology unit
35. Service areas
36. Processing waste
37. Skilled nursing and Intermediate Care Facilities

38. Correction of deficiencies

B. Operational Standards for Intermediate Care Facilities include:

1. Fees
2. Definitions
3. Applications
4. Licenses; Investigation; expiration; posting
5. Provisional licenses
6. Denial, suspension, revocation of license
7. Financing, liability insurance
8. Administrator: Qualifications
9. Employees: Qualifications
10. Employees: Physical examinations
11. Physical environment: New Construction
12. Accommodations for handicapped persons
13. Sanitary requirements
14. Laundry requirements
15. Fire inspections; hazardous conditions; operation of other businesses.
16. Plan for Disasters
17. Admission, transfer, discharge
18. Money of residents
19. Inventory of resident's belongings
20. Program requirements
21. Dietary Services

TN No. 87-28 Approval Date: 06/24/1988 Effective Date: 01/01/88
Supersedes
TN No. N/A
22. Health Services

23. Pharmaceutical services

24. Records

25. Supervision of physician, volunteers; advertising

26. Facilities for the mentally retarded or persons with developmental disabilities:

27. Discrimination prohibited
   a. Personnel
   b. Plan of Care
   c. Use of restraints
   d. Records

C. Operational Standards for Mental Health Facilities include:

1. Fees

2. Definition

3. When licensing is required

4. Construction of facilities: Submission of plans

5. Construction standards

6. Evaluation of programs

7. Issuance of license, term of license

8. Inspection of facilities

9. Denial, suspension, revocation of license

10. Appeals

11. Injections

II. Fire and Safety Standards

The Nevada Medicaid Office maintains on file and will make available to HCFA the Nevada State Fire Marshall Regulations (Nevada Administrative Code Chapter 477 effective September 1, 1986) which cover the regulations the Office of the Fire Marshall, Nevada Department of Commerce, use for institutions providing medical services to Medicaid recipients.

The Regulations cover the following areas:

1. Definitions

2. Licensing

3. Inspection of Systems

4. Protective Signaling Systems

5. Portable Fire Extinguishers and Fixed Hood Systems

7. Fireworks

8. Containers for Flammable or Combustible Liquids

9. Use of Explosives in Blasting

Citation
1902 (a)(58)
1902(w)  4.13(e) For each provider receiving funds under the plan, all the requirements for advance directives of section 1902(w) are met:

(1) Hospitals, nursing facilities, providers of home health care or personal care services, hospice programs, managed care organizations, prepaid inpatient health plans, prepaid ambulatory health plans (unless the PAHP excludes providers in 42 CFR 489.102) and health insuring organizations are required to do the following:

(a) Maintain written policies and procedures with respect to all adult individuals receiving medical care by or through the provider or organization about their rights under State law to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives.

(b) Provide written information to all adult individuals on their policies concerning implementation of such rights;

(c) Document in the individual’s medical records whether or not the individual has executed an advance directive;

(d) Not condition the provision of care or otherwise discriminate against an individual based on whether or not the individual has executed an advance directive;

(e) Ensure compliance with requirements of State Law (whether statutory or recognized by the courts) concerning advance directives; and

Supersedes
TN No. 91-23
Provide (individually or with others) for education for staff and the community on issues concerning advance directives.

Providers will furnish the written information described in paragraph (1)(a) to all adult individuals at the time specified below:

(a) Hospitals at the time an individual is admitted as an inpatient;
(b) Nursing facilities when the individual is admitted as a resident;
(c) Providers of home health care or personal care services before the individual comes under the care of the provider;
(d) Hospice program at the time of initial receipt of hospice care by the individual from the program; and
(e) Managed care organizations, health insuring organizations, prepaid inpatient health plans, and prepaid ambulatory health plans (as applicable) at the time of enrollment of the individual with the organization.

Attachment 4.34A describes law of the State (whether statutory or as recognized by the courts of the State) concerning advance directives.

Not applicable. No State law or court decisions exist regarding advance directives.
State: NEVADA

4.14 Utilization/Quality Control

(a) A Statewide program of surveillance and utilization control has been implemented that safeguards against unnecessary or inappropriate use of Medicaid services available under this plan and against excess payments, and that assesses the quality of services. The requirements of 42 CFR Part 456 are met:

* X Directly

** X By undertaking medical and utilization review requirements through a contract with a Utilization and Quality Control Peer Review Organization (PRO) designated under 42 CFR Part 462. The contract with the PRO —

(1) Meets the requirements of §434.6(a):

(2) Includes a monitoring and evaluation plan to ensure satisfactory performance;

(3) Identifies the services and providers subject to PRO review;

(4) Ensures that PRO review activities are not inconsistent with the PRO review of Medicare services; and

(5) Includes a description of the extent to which PRO determinations are considered conclusive for payment purposes.

A qualified External Quality Review Organization performs an annual External Quality Review that meets the requirements of 42 CFR 438 Subpart E each managed care organization, prepaid inpatient health plan, and health insuring organizations under contract, except where exempted by the regulation.

* Except inpatient hospital
** Inpatient hospital

TN No. 03-14 Approval Date: 10/10/03 Effective Date: 8-13-03
Supersedes TN No. 92-10
4.14(b)  The Medicaid agency meets the requirements of 42 CFR Part 456, Subpart C, for control of the utilization of inpatient hospital services.

Utilization and medical review are performed by a Utilization and Quality Control Peer Review Organization designated under 42 CFR Part 462 that has a contract with the agency to perform those reviews.

Utilization review is performed in accordance with 42 CFR Part 456, Subpart H, that specifies the conditions of a waiver of the requirements of Subpart C for:

- All hospitals (other than mental hospitals).
- Those specified in the waiver.

No waivers have been granted.
4.14 (c) The Medicaid agency meets the requirements of 42 CFR Part 456, Subpart D, for control of utilization of inpatient services in mental hospitals.

- Utilization and medical review are performed by a Utilization and Quality Control Peer Review Organization designated under 42 CFR Part 462 that has a contract with the agency to perform those reviews.

- Not applicable. Inpatient services in mental hospitals are not provided under this plan.
4.14(d) The Medicaid agency meets the requirements of 42 CFR Part 456, Subpart E, for the control of utilization of skilled nursing facility services.

Utilization and medical review are performed by a Utilization and Quality Control Peer Review Organization designated under 42 CFR Part 462 that has a contract with the agency to perform those reviews.

Utilization review is performed in accordance with 42 CFR Part 456, Subpart H, that specifies the conditions of a waiver of the requirements of Subpart E for:

- All skilled nursing facilities.
- Those specified in the waiver.

No waivers have been granted.
4.14(e) The Medicaid agency meets the requirements of 42 CFR Part 456, Subpart F, for control of the utilization of intermediate care facility services. Utilization review in facilities is provided through:

X Facility-based review.

Direct review by personnel of the medical assistance unit of the State agency.

Personnel under contract to the medical assistance unit of the State agency.

Utilization and Quality Control Peer Review Organizations.

Another method as described in ATTACHMENT 4.14-A.

Two or more of the above methods. ATTACHMENT 4.14-B describes the circumstances under which each method is used.

Not applicable. Intermediate care facility services are not provided under this plan.
For each contract, the State must follow an open, competitive procurement process that is in accordance with State law and regulations and consistent with 45 CFR part 74 as it applies to State procurement of Medicaid services.

The State must ensure that an External Quality Review Organization and its subcontractors performing the External Quality Review or External Quality Review-related activities meets the competence and independence requirements.

Not applicable.
The State agency requires that each intermediate care facility participating under the plan have in effect or be covered by a utilization review plan which meets the requirements of 42 CFR Part 456, Subpart F. Utilization review in such facilities is provided through:

1. Facility-based review for those ICFs operating in conjunction with acute or skilled nursing facilities, and

4.15 Inspections of Care in Skilled Nursing and Intermediate Care Facilities and Institutions for Mental Diseases

All applicable requirements of 42 CFR 456, Subpart I, are met with respect to periodic inspections of care and services.

_ Not applicable with respect to intermediate care facility services; such services are not provided under this plan.

_ Not applicable with respect to services for individuals age 65 or over in institutions for mental disease; such services are not provided under this plan.

X Not applicable with respect to inpatient psychiatric services for individuals under age 22; such services are not provided under this plan.
The Medicaid agency has cooperative arrangements with State health and vocational rehabilitation agencies and with title V grantees, that meet the requirements of 42 CFR 431.615.

ATTACHMENT 4.16-A describes the cooperative arrangements with the health and vocational rehabilitation agencies.
Nevada Medicaid maintains interagency agreements with Nevada State Health Division and Rehabilitation Division. The Health Division provides family planning services, Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT), Special Children's Clinic Services, Crippled Children's Services, TB Control, Pre-screening for institutional care and Maternal and Child Health Services. The Rehabilitation Division administers the vocational rehabilitation program throughout the State. (The Health Division provides Maternal and Child Health Services and EPSDT services in all rural counties and Crippled Children's Services statewide.)

Nevada Medicaid also maintains interagency agreements with other Title V grantees, the Health Division, the Clark County Health District, Washoe County District Health Department and Economic Opportunity Board. In Clark County the Health District and Economic Opportunity Board provide EPSDT and Maternal and Child Health services; in Washoe County the Health Department provides them.

The above mentioned agreements meet all of the following requirements:

1. They specify:
   a. The mutual objectives and responsibilities of each party to the agreement;
   b. The services each party offers and under what circumstances;
   c. The cooperative and collaborative relationship at the State level;
   d. The kinds of services to be provided by local agencies; and
   e. The methods for:
      1) Early identification of individuals under age 21 in need of medical or remedial services;
      2) Reciprocal referrals;
      3) Coordinating plans for health services provided or arranged for recipients;
      4) Payment or reimbursement;
      5) Exchange of reports of services provided to recipients;
      6) Periodic review and joint planning for changes in the agreements;
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

7) Continuous liaison between the parties including designation of State and local liaison staff; and

8) Joint evaluation of policies which affect the cooperative work of the parties.

Nevada Medicaid, if requested by the Title V grantee, reimburses the grantee or the provider for the cost of services furnished to recipients by or through the grantee, in accordance with the Nevada Medicaid State Plan.

All of the current above mentioned agreements are on file at the Nevada Medicaid Office and are available for review.
4.17 Liens and Recoveries

(a) Liens

_ The State imposes liens against an individual's real property on account of medical assistance paid or to be paid.

The State complies with the requirements of section 1917(a) of the Act and regulations at 42 CFR 433.36(c) (g) with respect to any lien imposed against the property of any individual prior to his or her death on account of medical assistance paid or to be paid on his or her behalf.

_ The State imposes liens on real property on account of benefits incorrectly paid.

_ The State imposes TEFRA liens 1917(a)(1)(B) on real property of an individual who is an inpatient of a nursing facility, ICF/MR, or other medical institution, where the individual is required to contribute toward the cost of institutional care all but a minimal amount of income required for personal needs.

The procedures by the State for determining that an institutionalized individual cannot reasonably be expected to be discharged are specified in Attachment 4.17-A.

(NOTE: If the State indicates in its State Plan that it is imposing TEFRA liens, then the State is required to determine whether an institutionalized individual is permanently institutionalized and afford these individuals notice, hearing procedures, and due process requirements.

_ The State imposes liens on both real and personal property of an individual after the individual's death.

TN No. 02-09 Approval Date: April 14, 2003 Effective Date: 10/1/02
Supersedes TN No. 95-11

4.17 (Cont'd)

(b) Adjustment or Recoveries

The State complies with the requirements of section 1917(b) of the Act and regulations at 42 CFR 433.36(h)-(i).

Adjustments or recoveries for Medicaid claims correctly paid are as follows:

(1) For permanently institutionalized individuals, adjustments or recoveries are made from the individual's estate or upon sale of the property subject to a lien imposed because of medical assistance paid on behalf of the individual for services provided in a nursing facility, ICF/MR, or other medical institution.

X Adjustments or recoveries are made for all other medical assistance paid on behalf of the individual.

(2) The State determines "permanent institutional status" of individuals under the age of 55 other than those with respect to whom it imposes liens on real property under (ss)1917(a)(1)(B) (even if it does not impose those liens).

X The State determines "permanent institutional status" of individuals under the age of 55 other than those with respect to whom it imposes liens on real property under (ss)1917(a)(1)(B) (even if it does not impose those liens).

(3) For any individual who received medical assistance at age 55 or older, adjustments or recoveries of payments are made from the individual's estate for nursing facility services, and related hospital and prescription drug services.

X In addition to adjustment or recovery of payments for services listed above, payments are adjusted or recovered for other services under the State Plan as listed below:

All other Medicaid services currently covered under Nevada's State Plan for recipients age 55 and over, except for Medicare cast sharing as identified in Section 4.17(b)(3-Continued).

TN No.10-011 Approval Date: March 9, 2011 Effective Date: October 1, 2010
Supersedes TN No. 95-011
4.17 (b) Adjustments or Recoveries

(3) (Continued)

Limitations on Estate Recovery – Medicare Cost Sharing:

i. Medical assistance for Medicare cost sharing is protected from estate recovery for the following categories of dual eligibles: QMB, SLMB, QI, QDWI, QMB+, SLMB+. This protection extends to medical assistance for four Medicare cost sharing benefits: (Part A and B premiums, deductibles, coinsurance, co-payments) with dates of service on or after January 1, 2010. The date of service for deductibles, coinsurance, and co-payments is the date the request for payment is received by the State Medicaid Agency. The date of service for premiums is the date the State Medicaid Agency paid the premium.

ii. In addition to being a qualified dual eligible the individual must also be age 55 or over. The above protection from estate recovery for Medicare cost sharing benefits (premiums, deductibles, coinsurance, co-payments) applies to approved mandatory (i.e., nursing facility, home and community-based services, and related prescription drugs and hospital services) as well as optional Medicaid services identified in the State plan, which are applicable to the categories of duals referenced above.
1917(b)1(C) (4) ☒ If an individual covered under a long-term care insurance policy received benefits for which assets or resources were disregarded as provided for in Attachment 2.6-A, Supplement 8c (State Long-Term Care Insurance Partnership), the State does not seek adjustment or recovery from the individual’s estate for the amount of assets or resources disregarded.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

Revision: HCFA-PM-95?3 (MB)
MAY 1995

State/Territory: Nevada

4.17 (Cont'd)

(c) Adjustment or Recoveries: Limitations

The State complies with the requirements of section 1917(b)(2) of the Act and regulations at 42 CFR ?433.36(h)?(i).

(1) Adjustment or recovery of medical assistance correctly paid will be made only after the death of the individual's surviving spouse, and only when the individual has no surviving child who is either under age 21, blind, or disabled.

(2) With respect to liens on the home of any individual who the State determines is permanently institutionalized and who must as a condition of receiving services in the institution apply their income to the cost of care, the State will not seek adjustment of recovery of medical assistance correctly paid on behalf of the individual until such time as none of the following individuals are residing in the individual's home:

(a) a sibling of the individual (who was residing in the individual's home for at least one year immediately before the date that the individual was institutionalized), or

(b) a child of the individual (who was residing in the individual's home for at least two years immediately before the date that the individual was institutionalized) who establishes to the satisfaction of the State that the care the child provided permitted the individual to reside at home rather than become institutionalized.

(3) No money payments under another program are reduced as a means of adjusting or recovering Medicaid claims incorrectly paid.
Specifies the procedures for determining that an institutionalized individual cannot reasonably be expected to be discharged from the medical institution and return home. The description of the procedure meets the requirements of 42 CFR 433.36(d).

(2) Specifies the criteria by which a son or a daughter can establish that he or she has been providing care, as specified under 42 CFR 433.36(f).

(3) Defines the following terms:

- estate (at a minimum, estate as defined under State probate law). Except for the grandfathered States listed in section 4.17(b)(3), if the State provides a disregard for assets or resources for any individual who received or is entitled to receive benefits under a long term care insurance policy, the definition of estate must include all real, personal property, and assets of an individual (including any property or assets in which the individual had any legal title or interest at the time of death to the extent of the interest and also including the assets conveyed through devices such as joint tenancy, life estate, living trust, or other arrangement),

- individual's home;

- equity interest in the home;

- residing in the home for at least 1 or 2 years;

- on a continuous basis;

- discharge from the medical institution and return home;

- lawfully residing
4.17 (Cont'd)

(4) Describes the standards and procedures for waiving estate recovery when it would cause undue hardship.

(5) Defines when adjustment or recovery is not cost-effective. Defines cost-effective and includes methodology or thresholds used to determine cost-effectiveness.

(6) Describes collection procedures. Includes advance notice requirements, specifies the method for applying for a waiver, hearing and appeals procedures, and the time frames involved.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
LIENS AND ADJUSTMENT OR RECOVERIES

1. The State defines “estate” as follows:

"ESTATE" - means all real and personal property and other assets included in the estate of a deceased recipient of Medicaid and any other assets in or to which he/she had an interest or legal title at the time of their death, to the extent of that interest or title. The term includes assets passing by reason of joint tenancy, tenants-in-common, life estate, survivorship, living trust, annuity, homestead or other arrangement.

2. The State uses the following notification procedures:

a. Advance Notice Procedure

1) All Medicaid applicants are notified of the Medicaid Estate Recovery program at their initial application process and annual redetermination, via the Signature and Affirmation (2920-EM (9/01) which they read and sign. Along with the application or redetermination, the applicant is provided with “Medicaid Estate Recovery Notification of Program Operation” (form 6160) which is signed and dated by the eligibility worker to confirm that a copy was provided to the applicant. The applicant keeps a copy of this form and a copy is filed in the permanent section of the client’s case file.

b. Recovery Notification Procedures

Immediately following case identification, all known heirs, survivors and designated representatives are notified of:

1) the State’s interest in the decedent’s estate and of the right to recovery,
2) the amount of Medicaid assistance paid, to date, on behalf of the decedent,
3) the priority of estate creditors as defined by Nevada State Law, and
4) the method through which an undue hardship waiver may be pursued.

3. The State defines undue hardship as severe financial duress or a significant compromise to an individual’s health care or shelter needs.

4. Application for Undue Hardship Waiver - Any heir or survivor may seek an undue hardship waiver by submitting a written request for a waiver by completing an “Application (Request) for a Hardship Waiver Regarding Recovery of Correctly Paid Medicaid Benefits” form, within thirty (30) days of notification of the Division’s intent to recover. Documentary evidence that supports the applicant’s claim should be attached. The written decision of the Administrator will be provided to the applicant 90-days from receipt of the request.
5. The State will waive enforcement of any estate recovery claim when the requesting party is able to show, through convincing evidence, the state’s pursuit of estate recovery subjects them to undue hardship. A claim for emotional hardship is not considered sufficient to warrant waiver approval. No waiver will be granted if the Division finds the undue hardship was created by estate planning methods by which the waiver applicant or deceased client divested, transferred or otherwise encumbered assets, in whole or part, to avoid estate recovery. In determining whether undue hardship exists, the following criteria will be used:

a. The asset to be recovered is the sole income-producing asset of the applicant; or,

b. The recovery of the assets would result in the applicant becoming eligible for governmental public assistance based on need and/or medical assistance programs; or,

c. A doctor’s written verification of a medical condition that compromises the applicant’s ability to repay the Medicaid claim.

6. If an undue hardship waiver is requested and the State determines that none of the above conditions apply, full payment of the claim may be ordered, recovery may be temporarily waived, compromised, or modified. The following factors shall be considered individually or in combination when making a decision to temporarily waive, modify, or compromise estate recovery:

a. The gross annual income, property and other assets of the applicant and their immediate family;

b. The type and level of care provided by the applicant (caregiver) to the decedent and the extent to which the care delayed or prevented the institutionalization of the decedent;

   1) The State uses the following process for determining if the applicants will be considered as caregivers when through clear evidence they substantiate:

      a) Maintained residency in the Medicaid recipient’s home for at least two years immediately preceding the recipient’s death or admission into a nursing facility, intermediate care facility for the mentally retarded or other medical institution; and

      b) Provided care for the Medicaid recipient which meets or exceeds published state standard established for Intermediate Care Level (ICL 1), which includes as necessary, assisting the individual with ambulatory needs, feeding, grooming, personal hygiene, oral hygiene, nail care, bathing toilet activities, skin care and medical needs.

c. The applicant continuously resided with the decedent for two years or more immediately prior to the decedent’s death and continues to reside in the decedent’s residence and the prior occupancy permitted the decedent to reside at home rather than in an institution;

d. The estimated value of the real or personal property at issue. If the cost of recovering the asset(s) of the deceased Medicaid recipient is more than the value of the asset(s), it would not be cost effective to recover, and/or;

    e. The financial impact of recovery against immediate family members of the applicant.

TN No. 02-09
Approval Date: April 14, 2003
Effective Date: 10/1/02
Supersedes
TN No. 95-11
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ____NEVADA____

f. Applicants who seek a recovery delay (i.e., temporary waiver) will be given the opportunity to provide written details or complete an “Application for a Hardship Waiver Regarding Recovery of Correctly Paid Medicaid Benefits” form, within 30-days of notification of the Division’s intent to recover.

7. The following collection methods may be utilized when recovery is temporarily waived, compromised, or modified:

   a. Reduction of recovery amount;
   b. Reasonable payment schedule based on the asset to be recovered; and/or
   c. Where not prohibited by law, imposition of a lien against the assets of the deceased Medicaid recipient.

   1) Before imposition of a lien, the Division shall notify all persons having an interest in the estate of the deceased Medicaid recipient and petition the appropriate district court for the imposition of a lien per NRS 422.29355.

   2) If a lien is placed on an individual’s home, adjustment or recovery will only be made when:
      a) there is no surviving spouse;
      b) there is no child under the age of 21; or
      c) there is no blind or disabled (as defined in Section 1614 of the Social Security Act) child of the Medicaid recipient.

   3) The lien will become due and payable upon the sale, refinance, transfer or change in title to the real property; and/or escrow funding, but only when there is no surviving spouse, children under 21, blind or disabled children of the Medicaid recipient. Recovery is limited to the Medicaid recipient’s interest in the property at the time of claim payment not to exceed the Medicaid claim or the percentage of interest of the Medicaid recipient in the asset.

   4) Upon payment of the claim, or need of the statutory exemptions, the division will prepare a release of lien or subordinate the lien. This release will be provided to the appropriate entity; such as, an escrow company or the county recorder’s office.

8. The following time frames are used by the State in considering the waiving of estate recoveries:

   a. Any beneficiary, heir or family member claiming entitlement to receive the assets of the deceased Medicaid recipient may apply for a hardship waiver by submitting a written request for a waiver within 30-days of being notified of intent to recover to the Medicaid Estate Recovery unit.

   b. The Division may request additional information or documentation from the waiver applicant. If some or all of the additional information or documentation is not provided within 30 days of the request, the hardship waiver request will be considered solely on the basis of the information and documentation provided.

TN No. 02-09 Approval Date: April 14, 2003 Effective Date: 10/1/02
Supersedes
TN No. 95-11
c. Within 90-days of receipt of the undue hardship waiver request, the Division Administrator OR his appointed representative, will issue a written decision granting or denying the applicant’s request for an undue hardship waiver.

9. The State defines cost-effective as follows (include methodology/thresholds used to determine cost effectiveness):
   a. Cost-effective recovery is accomplished when the amount recovered exceeds the administrative (direct or indirect) expense associated with obtaining the recovery such as, but not limited to, legal fees and expenses.
   b. Many of the estate recovery activities have been automated thereby minimizing correspondence costs. Individual case analysis and management is not required until a ninety (90) day delinquency has occurred.
   c. Therefore, case costs would begin to accrue after this time. Costs such as, but not limited to, staff costs, document filing fees, legal costs, postage, copying, travel and indirect administrative costs would be considered.

10. The Division may elect not to recover a Medicaid Estate Recovery claim when the State determines that it is not cost-effective to do so.
   a. Cost-effectiveness will be decided on a case-by-case basis.
   b. If the Medicaid claim is $100 or less or the value of the asset to be recovered is $100 or less, recovery may not be pursued.

11. Hearing and Appeal Procedures
   a. If the undue hardship waiver is denied, the decision may be appealed within 30 days through the appropriate district court (Administrative Procedure Act 233B.130).

12. Action to Enforce Recovery:
   a. Actions to enforce recovery of Medicaid Estate Recovery claims are accomplished through legal means using, if necessary, the appropriate court of jurisdiction. Use of the court protects the due process right of all and guarantees safe protection of the law.
   b. NRS. 150.220; “Priority of Creditors” list the order in which assets are to be distributed after death. Money owed to the Department of Human Resources as a result of benefits paid to the Medicaid recipient is listed as Number 6 in order of payment.
   c. Time Frames Involved
      1) Action to Enforce
      Recovery Limitations of time to contest specific actions are detailed in Nevada State Law NRS 422.2785.

TN No. 02-09 Approval Date: April 14, 2003 Effective Date: 10/1/02
Supersedes TN No. 95-11
Recipient Cost Sharing and Similar Charges

(a) Unless a waiver under 42 CFR 431.55(g) applies, deductibles, coinsurance rates, and co-payments do not exceed the maximum allowable charges under 42 CFR 447.54.

(b) Except as specified in items 4.18(b)(4), (5), and (6) below, with respect to individuals covered as categorically needy or as qualified Medicare beneficiaries (as defined in section 1905(p)(1) of the Act) under the plan:

(1) No enrollment fee, premium, or similar charge is imposed under the plan.

(2) No deductible, coinsurance, co-payment, or similar charge is imposed under the plan for the following:

(i) Services to individuals under age 18, or under--

[ ] Age 19

[ ] Age 20

[ ] Age 21

Reasonable categories of individuals who are age 18 or older, but under age 21, to whom charges apply are listed below, if applicable.

(ii) Services to pregnant women related to the pregnancy or any other medical condition that may complicate the pregnancy.
State: NEVADA

Citation 4.18(b)(2) (Continued)

42 CFR 447.51 Through 447.58

(iii) All services furnished to pregnant women.

[ ] Not applicable. Charges apply for services to pregnant women unrelated to the pregnancy.

(iv) Services furnished to any individual who is an inpatient in a hospital, long-term care facility, or other medical institution, if the individual is required, as a condition of receiving services in the institution to spend for medical care costs all but a minimal amount of his or her income required for personal needs.

(v) Emergency services if the services meet the requirements in 42 CFR 447.53(b)(4).

(vi) Family planning services and supplies furnished to individuals of childbearing age.

(vii) Services furnished by a managed care organization, health insuring organization, prepaid inpatient health plan, or prepaid ambulatory health plan in which the individual is enrolled, unless they meet the requirements of 42 CFR 447.60.

42 CFR 438.108
42 CFR 447.60

[ ] Managed care enrollees are charged deductibles, coinsurance rates, and co-payments in an amount equal to the State Plan service cost-sharing.

[X] Managed care enrollees are not charged deductibles, coinsurance rates and co-payments.

1916 of the Act P.L. 99-272, (Section 9505)

(viii) Services furnished to an individual receiving hospice care, as defined in section 1905(o) of the Act.

TN No. 03-14 Approval Date: 10/10/03 Effective Date: 8-13-03
Supersedes HCFA ID: 7982E
TN No. 92-5
4.18(b) (Continued)

42 CFR 447.51

(3) Unless a waiver under 42 CFR 431.55(g) applies, nominal deductible, coinsurance, copayment, or similar charges are imposed for services that are not excluded from such charges under item (b) (2) above.

☑ Not applicable. No such charges are imposed.

(i) For any service, no more than one type of charge is imposed.

(ii) Charges apply to services furnished to the following age groups:

☐ 18 or older

☐ 19 or older

☐ 20 or older

☐ 21 or older

☑ Charges apply to services furnished to the following reasonable categories of individuals listed below who are 18 years of age or older but not under age 21.
For the categorically needy and qualified Medicare beneficiaries, ATTACHMENT 4.18-A specifies the:

(A) Service(s) for which a charge(s) is applied;

(B) Nature of the charge imposed on each service.

(C) Amount(s) of and basis for determining the charge(s).

(D) Method used to collect the charge(s).

(E) Basis for determining whether an individual is unable to pay the charge and the means by which such an individual is identified to providers.

(F) Procedures for implementing and enforcing the exclusions from cost sharing contained in 42 CFR 447.53(b); and

(G) Cumulative maximum that applies to all deductible, coinsurance or copayment charges imposed on a specified time period.

Not applicable. There is no maximum.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

A. The following charges are imposed on the categorically needy for services other than those provided under section 905(a)(1) through (5) and (7) of the Act:

<table>
<thead>
<tr>
<th>Type Charge</th>
</tr>
</thead>
<tbody>
<tr>
<td>Service</td>
</tr>
</tbody>
</table>

Exceptions:

1. Services furnished to children under the age of 19.
2. Services furnished to pregnant women if such services relate to the pregnancy.
3. Services furnished to any individual who is an inpatient in a hospital, long-term care facility or other medical institution and who is required, as a condition of receiving services in the institution, to spend down for medical costs all but a minimal amount required for personal needs.
4. Services provided in a facility equipped to furnish the required care to meet a medical emergency.
5. Services and supplies furnished to individuals of child-bearing age as part of the family planning program.
6. Services furnished by a health maintenance organization (HMO); (at such time as HMO services become a part of the Nevada Medicaid program).
B. The method used to collect cost sharing charges for the categorically needy individuals:

☑ Providers are responsible for collecting the cost sharing charges from individuals.

☐ The agency reimburses providers the full Medicaid rate for a service and collects the cost sharing charges from individuals.

C. The basis for determining whether an individual is unable to pay the charge, and the means by which such an individual is identified to providers, is described below:

The provider determines whether the recipient can pay by asking. However, certain groups of recipients are exempt from copayment by Medicaid policy. These individuals are identified by notation on their Medicaid certificate. The recipients include: those under the age of 19; pregnant women for those services related to pregnancy; institutionalized individuals; those receiving emergency services; those receiving family planning services; and those receiving services as part of an HMO program. Co-payment amounts are deducted automatically from the computer-calculated Medicaid payments to the provider.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

D. The procedures for implementing and enforcing the exclusions from cost sharing contained in 42 CFR 447.53(b) are described below:

Providers were informed by bulletin December 8, 1983; the recipient’s Medicaid Certificate would show under the notes column the recipient was exempt from copayment. Through Medicaid’s post-payment review system, three percent of the recipients whose services are paid each month are sent VOS forms which include a question about recipient payment for service. In addition, recipients are informed of their exempt status.

E. Cumulative maximums on charges:

☒ State policy does not provide for cumulative maximums.

☐ Cumulative maximums have been established as described below:

4.19 Payment for Services

(a) The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart C, and sections 1902(a)(13) and 1923 of the Act with respect to payment for inpatient hospital services.

ATTACHMENT 4.19-A describes the methods and standards used to determine rates for payment for inpatient hospital services.

Inappropriate level of care days are covered and are paid under the State plan at lower rates than other inpatient hospital services, reflecting the level of care actually received, in a manner consistent with section 1861(v)(1)(G) of the Act.

X Inappropriate level of care days are not covered.
4.19(b) In addition to the services specified in paragraphs 4.19(a), (d), (k), (l), and (m), the Medicaid agency meets the following requirements.

1. Section 1902 (a) (13) (E) of the Act regarding payment for services furnished by Federally qualified health centers (FQHCs) under Section 1905 (a) (2) (C) of the Act. The agency meets the requirements of Section 6303 of the State Medicaid Manual (HCFA-Pub. 45-6) regarding payment for FQHC services.

ATTACHMENT 4.19-B describes the method of payment and how the agency determines the reasonable costs of the services (for example, cost or budget reviews, or sample surveys).

2. Sections 1902 (a) (13) (E) and 1926 of the Act, and 42 CFR Part 447, Subpart D, with respect to payment for all other types of ambulatory services provided by rural health clinics under the plan.

ATTACHMENT 4.19-b describes the methods and standards used for the payment of each of these services except for inpatient hospital, nursing facility services and services in intermediate care facilities for the mentally retarded that are described in other attachments.

</table>
4.19(c) Payment is made to reserve a bed during a recipient's temporary absence from an inpatient facility.

X Yes. The State's policy is described in ATTACHMENT 4.19-C.

___ No.
State/Territory: Nevada

Citation 4.19(d) X (1) The Medicaid agency meets the requirements of 42 CFR 7, Subpart C, with respect to payments for skilled nursing intermediate care facility services

ATTACHMENT 4.19-D describes the methods and standards used to determine rates for payment for skilled nursing and intermediate care facility services as well as the services covered by those rates.

(2) The Medicaid agency provides payment for routine skilled nursing facility services furnished by a swing-bed hospital.

X At the average rate per patient day paid to SNFs for routine services furnished during the previous calendar year.

___ At a rate established by the State, which meets the requirements of 42 CFR Part 447, Subpart C, as applicable.

___ Not applicable. The agency does not provide payment for SNF services to a swing-bed hospital.

(3) The Medicaid agency provides payment for routine intermediate care facility services furnished by a swing-bed hospital.

X At the average rate per patient day paid to ICFs, other than ICFs for the mentally retarded, for routine services furnished during the previous calendar year.

___ At a rate established by the State, which meets the requirements of 42 CFR Part 447, Subpart C, as applicable.

___ Not applicable. The agency does not provide payment for ICF services to a swing-bed hospital.

(4) Section 4.19(d)(1) of this plan is not applicable with respect to intermediate care facility services; such services are not provided under this State plan.
Citation

42 CFR 447.45(c) AT-79-50

4.19(e) The Medicaid agency meets all requirements of 42 CFR 447.45 for timely payment of claims.

ATTACHMENT 4.19-E specifies, for each type of service, the definition of a claim for purposes of meeting these requirements.
4.19(f) The Medicaid agency limits participation to providers who meet the requirements of 42 CFR 447.15.

No provider participating under this plan may deny services to any individual eligible under the plan on account of the individual's inability to pay a cost sharing amount imposed by the plan in accordance with 42 CFR 431.55(g) and 447.53. This service guarantee does not apply to an individual who is able to pay, nor does an individual's inability to pay eliminate his or her liability for the cost sharing change.
4.19(g) The Medicaid agency assures appropriate audit of records when payment is based on costs of services or on a fee plus cost of materials.
4.19(h) The Medicaid agency meets the requirements of 42 CFR 447.203 for documentation and availability of payment rates.
The Medicaid agency's payments are sufficient to enlist enough providers so that services under the plan are available to recipients at least to the extent that those services are available to the general population.
4.19(j) The Medicaid agency meets the requirements of 42 CFR 447.205 for public notice of any changes in Statewide method or standards for setting payment rates.

(k) The Medicaid agency meets the requirements of section 1903(v) of the Act with respect to payment for medical assistance furnished to an alien who is not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law. Payment is made only for care and services that are necessary for the treatment of an emergency medical condition, as defined in section 1903(v) of the Act.
The Medicaid agency meets the requirements of section 1903(i)(14) of the Act with respect to payment for physician services furnished to children under 21 and pregnant women. Payment for physician services furnished by a physician to a child or a pregnant woman is made only to physicians who meet one of the requirements listed under this section of the Act.
4.19(m) Medicaid Reimbursement for Administration of Vaccines under the Pediatric Immunization Program

1928(c)(2) (i) A provider may impose a charge for the administration of a qualified pediatric vaccine as stated in 1928(c)(2)(C)(ii) of the Act. Within this overall provision, Medicaid reimbursement to providers will be administrated as follows:

(ii) The State:

___ sets a payment rate at the level of the regional maximum established by the DHHS Secretary.

___ is a Universal Purchase State and sets a payment rate at the level of the regional maximum established in accordance with State law.

_X_ sets a payment rate below the level of the regional maximum established by the DHHS Secretary.

___ is a Universal Purchase State and sets a payment rate below the level of the regional maximum established by the Universal Purchase State.

1926 of the Act Medicaid beneficiary access to immunization is assured through the following methodology:

The Nevada State Health Division is designated as the lead Agency for the Pediatric Immunization Program. As such, the Health Division is responsible for the ordering, storage and shipping of vaccine from the Centers for Disease Control and Prevention as well as for the recruitment, education, and review of immunization practices of providers. The Nevada Medicaid Program (through the Division of Health Care Financing and Policy) reimburses health care professionals who are contracted with the Nevada Medicaid Program for the administration of immunizations provided to Medicaid eligible individuals.

The Division of Health Care Financing and Policy (Nevada Medicaid Program) and the Nevada State Health Division are sister agencies. Nevada Medicaid staff collaborate with the Health Division and staff of the District Offices to provide outreach regarding immunizations.

Nevada Medicaid Program Managed Care Organizations (MCO) require network providers to enroll in the Vaccines for Children (VFC) Program and to work with the Health Division regarding immunizations.
ASSURANCES

All general rates described in Attachment 4.19 may be accessed at:

http://dhcfp.nv.gov/RatesUnit.htm
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

PAYMENT FOR INPATIENT HOSPITAL SERVICES
ASSURANCES AND RELATED INFORMATION

A. State Assurances and Findings. The State assures that it has made the following findings:

1. 447.253(b)(1)(i) - The State pays for inpatient hospital services through the use of rates that are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards.

2. With respect to inpatient hospital services--
   a. 447.253(b)(1)(ii)(B) - The methods and standards used to determine payment rates take into account the situation of hospitals which serve a disproportionate number of low income patients with special needs.
   b. 447.253(b)(1)(ii)(B) - The State elects in its State Plan to cover inappropriate level of care services (that is, services furnished to hospital inpatients who require a lower covered level of care such as skilled nursing services or intermediate care services) under conditions similar to those described in section 1861(v)(1)(G) of the Act. The methods and standards used to determine payment rates specify that the payments for this type of care must be made at rates lower than those for inpatient hospital level of care services, reflecting the level of care actually received, in a manner consistent with section 1861(v)(1)(G) of the Act.
   c. 447.253(b)(1)(ii)(C) - The payment rates are adequate to assure that recipients have reasonable access, taking into account geographic location and reasonable travel time, to inpatient hospital services of adequate quality.

3. 447.253(b)(2) - The proposed rate will not exceed the upper payment limits as specified in 42 CFR 447.272:
   a. 447.272(a) - Aggregate payments made to hospitals for inpatient services when considered separately, will not exceed the amount that can reasonably be estimated would have been paid for under Medicare Payment principles.
   b. 447.272(b) - Aggregate payments to State-operated hospitals for inpatient services when considered separately will not exceed the amount that can reasonably be estimated would have been paid for under Medicare payment principles.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

Assurances - 4.19 - A

Page 2

B. State Assurances. The State makes the following additional assurances:

1. For hospitals --
   a. 447.253(c) - In determining payment when there has been a sale or transfer of the assets of a hospital, the State's methods and standards provide that payment rates can reasonably be expected not to increase in the aggregate solely as a result of changes of ownership, more than payments would increase under Medicare under 42 CFR 413.130, 414.134, 413.153 and 413.157 insofar as these sections affect payment for depreciation, interest on capital indebtedness, return on equity (if applicable), acquisition costs for which payments were previously made to prior owners, and the recapture of depreciation.

2. 447.253(e) - The State provides for an appeals or exception procedure that allows individual providers an opportunity to submit additional evidence and receive prompt administrative review, with respect to such issues as the State determines appropriate, of payment rates.

3. 447.253(f) - The State requires the filing of uniform cost reports by each participating provider.

4. 447.253(g) - The State provides for periodic audits of the financial and statistical records of participating providers.

5. 447.253(h) The State has complied with the public notice requirements of 42 CFR 447.205. Notice published on N/A (Amendment not significant).

6. 447.253(i) - The State pays for inpatient hospital services using rates determined in accordance with the methods and standards specified in the approved state plan.
C. Related Information

1. a. 447.255(a) - Inpatient hospital:
   Estimated average proposed payment rate as a result of this amendment: $1,067
   Estimated payment rate in effect for the immediately preceding rate period: $1,067
   Amount of change: 0 Percent of change: 0%

   b. 447.255(a) - DSH:
   Estimated proposed payment per Medicaid day as a result of this amendment: $576.02
   Estimated payment per Medicaid day for the immediately preceding rate period: $576.02
   Amount of change: 0 Percent of change: 0
   Nevada’s aggregate DSH payment for this year and the immediately preceding year is $73,560,000. The DSH program this year is based on uncompensated costs for the majority of the hospitals, and not on Medicaid utilization. The amendment to the DSH methodology will have no effect on the payment per day.

2. 447.255(b) - The estimated short term and long term effect of the change in the estimated average rate on:
   a. The availability of services on a statewide and geographic area basis: NONE
   b. The type of care furnished: NONE
   c. The extent of provider participation: NONE
   d. The degree to which costs are covered in hospitals that serve a disproportionate number of low income patients with special needs.

   The change in the disproportionate share program will restrict payment to those hospitals that specialize in providing mental health services to low income patients. Since payments to such specialized hospitals was minimal there is no indication that this change will limit provider participation, type of care provided or availability of services. In aggregate, none of the remaining hospitals will receive less and some will receive more as a result of the proposed change.
PAYMENT FOR INPATIENT HOSPITAL SERVICES
METHODS AND STANDARDS

I. HOSPITALS UNDER PROSPECTIVE RATES

Types of rates: Inpatient hospital services, which have been authorized for payment at the acute level by a quality improvement organization (QIO-like vendor), as specified in the contract between the QIO-like vendor and Nevada Medicaid, are reimbursed by all-inclusive, prospective per diem rates by type of admission. The all-inclusive prospective rates cover routine and ancillary services furnished by the hospital, including direct patient care for professional services furnished to inpatients by hospital-staffed physicians and practitioners. All-inclusive per diem rates are developed for Maternity, Newborn, Neonatal, Rehabilitative/Specialty Hospital, Level I Trauma, Medical/Surgical, and Psychiatric/Substance Abuse Treatment admissions, as described in Sections II, III, and IV. All-inclusive rates for selected Organ Transplants are described in Section III. Administrative day rate development is covered in Section V. Critical Access Hospitals under Medicare retrospective cost reimbursements are described in Section VII.

II. PROSPECTIVE RATE DEVELOPMENT (Prior to September 1, 2003)

The primary goals of the inpatient hospital rate methodology are: Rates should be based on actual, reasonable, and allowable hospital costs, and the rate development method should comply with federal requirements. The prospective rates are inclusive of all ancillary services required by patients.

A. Basic data sources for tier rate development.

1. The most recently filed Hospital Health Care Complex Cost Report (HCFA 2552) was the basis for identifying allowable cost. Routine cost limits were not applied.

2. Paid claims and billing information were taken from the Nevada database for Medicaid claim payment history report for services provided during the period covered by the HCFA 2552.
B. Adjustments made to determine allowable cost.

The following adjustments were made to each individual hospital's cost report:

1. An audit adjustment was applied to the total Medicaid cost for each hospital. The adjustment was determined by using an average for each hospital of the audit adjustment percentages for the three most recent years available. Adjustments for two years were used if three were not available.

2. Since the hospitals' cost report periods vary, all cost data was indexed to the same period, using the Medicare inflation factor for non-prospective payment system (non-PPS) hospitals.
III. Conversion of Existing Tier Rates to Per Diem Rates as of September 1, 2003

The current hospital inpatient tier rates for Medical/Surgical, Maternity, and Newborn inpatient categories are in effect for Medicaid payments made through August 31, 2003.

In order to convert to a MMIS system on September 1, 2003, hospital reimbursement tier rates will be converted to per diem rates. The Maternity and Newborn service categories will be retained. The service category Medical/Surgical will be converted to Level I Trauma and Medical/Surgical categories.

These per diem rates will be effective for claims paid on or after September 1, 2003, with admission dates before September 8, 2008. The Level I Trauma will be retained at the September 1, 2003 amount.
A. Maternity Rate Conversion

An all-inclusive per diem rate is paid for obstetrical hospital admissions. The rate also covers related admissions such as false labor, undelivered OB, and miscarriages.

Historical Medicaid data for the Calendar Year (CY) ended December 31, 2002, has been extracted showing Medicaid Maternity admissions and Maternity patient days by tier. Projected Maternity payments for each tier are calculated as CY2002 Maternity admissions per tier times the current tier rate. Total projected Maternity payments are the sum of all projected tier payments.

The conversion per diem rate for Maternity has been determined by the following formula:

\[
\frac{\text{Total Projected Maternity Payments}}{\text{CY2002 Historical Maternity Patient Days}} = \text{Maternity Per Diem Rate}
\]

For services performed on or after January 1, 2006, the maternity per diem rate will be determined by multiplying a factor of 1.1001 times the conversion per diem rate.

For services performed on or after July 1, 2007, the maternity per diem rate will be determined by multiplying a factor of 1.0757 times the conversion per diem rate.

For services performed for claims with an admission date on or after September 8, 2008, the maternity per diem rate will be calculated as follows:

1. Charges submitted for claims paid in SFY 2007 were used from the Nevada Medicaid claims data.

2. The number of days admitted (the length of stay) for claims paid in SFY 2007 was used to calculate each claim’s billed charges per day.

3. The per diem rate will be 34% of the median of billed charges per day for Nevada in-patient hospitals for obstetric services.

This rate will be used as a prospective rate until rebased as directed by the Department of Health and Human Services. There will be no cost settlement.
B. Newborn Rate Calculation

An all-inclusive per diem rate will be developed for newborns admitted through routine delivery at a hospital.

Historical Medicaid data for the Calendar Year (CY) ended December 31, 2002, has been extracted showing Medicaid Newborn admissions and Newborn patient days by tier. Projected Newborn payments for each tier are calculated as CY2002 Newborn admissions per tier times the current tier rate. Total projected Newborn payments are the sum of all projected tier payments.

The conversion per diem rate for Newborn has been determined by the following formula:

\[
\frac{\text{Total Projected Newborn Payments}}{\text{CY2002 Historical Newborn Patient Days}} = \text{Newborn Per Diem Rate}
\]

For services performed on or after January 1, 2006, the newborn per diem rate will be determined by multiplying a factor of 1.1001 times the conversion per diem rate.

For services performed on or after July 1, 2007, the newborn per diem rate will be determined by multiplying a factor of 1.0757 times the conversion per diem rate.

For services performed for claims with an admission date on or after September 8, 2008, the newborn per diem rate will be calculated as follows:

1. Charges submitted for claims paid in SFY 2007 were used from the Nevada Medicaid claims data.

2. The number of days admitted (the length of stay) for claims paid in SFY 2007 was used to calculate each claim’s billed charges per day.

3. The per diem rate will be 34% of the median of billed charges per day for Nevada in-patient hospital routine services related to the care of a newborn.

This rate will be used as a prospective rate until rebased as directed by the Department of Health and Human Services. There will be no cost settlement.
C. Neonatal Intensive Care Rate Calculation

For admissions prior to September 8, 2008:

A separate rate is used for patients admitted to Level III Neonatal Intensive Care Units. The current rate was developed from historical costs pursuant to Section II, Prospective Rate Development. The calculated cost per day of each neonatal unit was arrayed from highest to lowest. The prospective per diem rate was then calculated at the 55th percentile and indexed.

For admissions on or after September 8, 2008:

1. Charges submitted for claims paid in SFY 2007 were used from the Nevada Medicaid claims data.

2. The number of days admitted (the length of stay) for claims paid in SFY 2007 was used to calculate each claim’s billed charges per day.

3. The per diem rate will be 34% of the median of billed charges per day for Nevada in-patient hospital services for Neonatal Intensive Care.

This rate will be used as a prospective rate until rebased as directed by the Department of Health and Human Services. There will be no cost settlement.
D. Rehabilitative and Specialty Hospital Rate Calculation

A few Nevada hospitals are licensed to provide acute care in single diagnostic category. Rehabilitative and specialty hospital patients generally have hospital stays of ninety or more days. The length of stay does not significantly influence the cost per day.

To the extent these hospitals participate in Medicaid, they are reimbursed as follows:

1. Inpatient hospital services which have been certified for payment at the acute level by a QIO-like vendor are reimbursed an all-inclusive per diem rate at the lowest rate acceptable to both parties. In establishing the lowest rate acceptable to both parties, Nevada Medicaid reviews cost information filed by the provider, amounts paid by other insurers and national literature on comparable costs for similar services. The rate cannot exceed the reasonable and customary charges of the facility for similar services.
E. Medical/Surgical Rate Development

The current tier rate will be paid for Medical/Surgical payments made on or prior to August 31, 2003. Beginning September 1, 2003, an all-inclusive per diem rate will be paid for general hospital admission, not meeting the criteria of patients described in Parts B. - D. and F. of this Section or Section IV.

Historical Medicaid data for the Calendar Year (CY) ended December 31, 2002, has been extracted showing Medicaid Medical/Surgical admissions and Medical/Surgical patient days by tier. Projected Medical/Surgical payments for each tier are calculated as CY2002 Medical/Surgical admissions per tier times the current tier rate. Total projected Medical/Surgical payments are the sum of all projected tier payments.

The conversion per diem rate for the Medical/Surgical category has been determined by the following formula:

\[
\frac{\text{Total Projected Medical/Surgical Payments}}{\text{CY2002 Historical Medical/Surgical Patient Days}} = \text{Medical/Surgical Per Diem Rate}
\]

For services performed on or after January 1, 2006, the medical/surgical per diem rate will be determined by multiplying a factor of 1.1001 times the conversion per diem rate.

For services performed on or after July 1, 2007, the medical/surgical per diem rate will be determined by multiplying a factor of 1.0757 times the conversion per diem rate.

For services performed for claims with an admission date on or after September 8, 2008, the medical/surgery per diem rate will be calculated as follows:

1. Charges submitted for claims paid in SFY 2007 were used from the Nevada Medicaid claims data.

2. The number of days admitted (the length of stay) for claims paid in SFY 2007 was used to calculate each claim’s billed charges per day.

3. The per diem rate will be 22% of the median of billed charges per day for Nevada in-patient hospital services for medical/surgery procedures.

This rate will be used as a prospective rate until rebased as directed by the Department of Health and Human Services. There will be no cost settlement.
F. Level I Trauma Centers

Nevada Medicaid will pay an enhanced rate for full trauma team cases at Level I Trauma Centers. For payments made on or before August 31, 2003, the enhanced trauma rate is 1.63 times the Medical/Surgical tier rate. For services paid September 1, 2003, and after the enhanced trauma rate is 1.63 times the Medical/Surgical conversion per diem rate described in Part E. of this Section.
G. Transplants

For hospitals with accredited transplant programs, Nevada Medicaid will pay the lower of 1) billed charges; or 2) an all-inclusive fixed fee for the entire admission period (from admission date to discharge date). Organ procurement is a separate reimbursable charge, over and above the facility inpatient component of the transplant service. Organ procurement is reimbursed the lower 1) billed charges; or 2) the maximum reimbursement set forth below.

The maximum reimbursement rate for organ transplant procedures and procurement are:

<table>
<thead>
<tr>
<th>Organ</th>
<th>Hospital Services</th>
<th>Procurement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Liver</td>
<td>$83,700</td>
<td>$34,300</td>
</tr>
<tr>
<td>Kidney</td>
<td>$30,600</td>
<td>$27,500</td>
</tr>
</tbody>
</table>

<table>

<td>$10,800</td>
</tr>
<tr>
<td>Cornea</td>
<td>$5,490</td>
<td>$0</td>
</tr>
</tbody>
</table>

Commencing July 1, 2009 and annually thereafter, the amounts listed above shall be adjusted for inflation using the Consumer Price Index for Inpatient Services; BLS Series CUUR0000SS5702.
IV. PSYCHIATRIC/SUBSTANCE ABUSE TREATMENT RATE DEVELOPMENT

Psychiatric/substance abuse treatment admissions can vary from short stays to several weeks. The length of stay does not significantly impact the cost per day. Therefore, a per diem rate is a more appropriate method to pay acute care hospitals providing this type of service.

1. Psychiatric/substance abuse treatment costs for each hospital are divided by the number of psychiatric/substance abuse treatment days to determine a cost per day. The Medicaid related costs of freestanding psychiatric hospitals are determined using the steps in Section II, Parts A and B, then dividing their Medicaid costs by their total Medicaid days to determine the cost per day. The calculated cost per day of each general acute care hospital and freestanding psychiatric hospital is arrayed from highest to lowest. The prospective per diem rate is then calculated at the 55th percentile and indexed in accordance with Section II, Part E of this plan.

   a. These rates do not apply to facilities accredited as Residential Treatment Centers by the Joint Commission on Accreditation of Health Organizations (JCAHO).

2. State-operated Inpatient Psychiatric Hospitals are reimbursed under Medicare principles of retrospective reimbursement described in 42 CFR 413 and further specified in CMS Publication 15.

   a. In no case may payment exceed audited allowable costs.

   b. Interim rates will be based upon the most recent audited cost reports for the current state fiscal year. The interim rate for the initial year of operation will be based upon cost and utilization projections.

   c. Each facility is paid an interim rate subject to settlement in accordance with paragraph 2., 2.a. and 2.b. above.
V. ADMINISTRATIVE DAY RATE DEVELOPMENT

For those patients who remain in an acute care hospital awaiting admittance to a long-term care facility, an administrative day rate is used. Services so reimbursed are called “administrative days.”

The administrative rate is calculated each year. It is based on the most recent statewide weighted average payment rate for skilled and intermediate levels of care plus a 100% factor. Under certain circumstances, up to an additional 300% is added for a patient with exceptional or abnormal needs; for example, patients in need of isolation, ventilation dependency, or total parental nutrition. The administrative rate, plus the maximum 300% factor, is lower than the hospital rate as described in Part II of the State Plan.

VI. RESIDENTIAL TREATMENT CENTERS

Nevada Medicaid will only pay for stays in facilities accredited by the Joint Commission on Accreditation Health Organizations (JCAHO) as Residential Treatment Centers (RTCs). All stays must be pre-approved by the QIO-like vendor. These services will be reimbursed at the lowest rate acceptable to both parties. In establishing the lowest rate acceptable to both parties, Nevada Medicaid reviews cost information filed by the RTC, amounts paid by other insurers, and national literature on costs for RTCs. Each facility will have a negotiated rate established for each general level of service. If a placement is being proposed which is different from the general level of care offered by the facility, a rate will be negotiated after considering the average cost per day of the facility and the additional will be reviewed based upon cost information received on or prior to July 1 of the year of review. The rate cannot exceed the reasonable and customary charges of the facility for similar services.
VII. HOSPITALS UNDER MEDICAID RETROSPECTIVE COST REIMBURSEMENT (CRITICAL ACCESS HOSPITALS)

A few Nevada hospitals have been designated by Medicare as Critical Access Hospitals.

To the extent these hospitals participate in Medicaid, they are reimbursed under Medicare's retrospective cost reimbursement, as follows:

A. Inpatient hospital services which have been certified for payment at the acute level by the QIO-like vendor, as specified in the contract between the QIO-like vendor and Nevada Medicaid, upon final settlement are reimbursed allowable costs under hospital-specific retrospective Medicare principles of reimbursement in accordance with 42 CFR 413 and further described in CMS Publications 15-I and 15-II.

1. Critical Access Hospitals (CAH) will use the CMS-2552-96 cost report form and apply Medicare cost principles and cost apportionment methodology.

2. Critical Access Hospitals will file this cost report with the state annually within five (5) months of their respective fiscal year end.

3. In general, underpayments will be paid to the provider in a lump sum upon discovery and overpayments will either be recouped promptly or a negative balance set up for the provider. However, other solutions acceptable to both parties may be substituted.

4. The federal share of any overpayment is refunded to the federal government in accordance with 42 CFR 433 Subpart F.

B. On an interim basis, each hospital is paid for certified acute care at the Provider specific interim Medicaid inpatient per diem rate as follows:

1. Effective July 1, 2009, the base interim rate for Critical Access Hospitals (CAH) will be the FY2007 Total Medicare inpatient per diem rate. This interim rate is defined as total Medicare in-patient cost divided by total Medicare in-patient days, and applies to the revenue codes billed by general acute hospitals that fall under the Medical/Surgery level of service category for inpatient services.

2. The CAH Medical/Surgery interim rate will be updated annually for each provider on either January 1st or July 1st, depending upon the facilities’ fiscal year as reported on the Medicare/Medicaid cost report.
3. The updated CAH Medical/Surgery interim rate will be calculated by dividing the total Title XIX program inpatient costs by the total program inpatient days as reported in the immediate prior years’ Medicare/Medicaid cost report as filed.

4. If Title XIX data reported in the immediate prior years’ Medicare/Medicaid cost report is not sufficient to calculate the adjusted CAH Medical/Surgery interim rate, the CAH Medical/Surgery interim rate will default to the Medical/Surgery rate paid to general acute care hospitals for the same service. This applies only to Critical Access Hospitals that have an existing CAH Medical/Surgery interim rate for the prior year.

5. Maternity, newborn and administrative days will be reimbursed at the rate paid to general acute care hospitals for the same in-patient services.

6. Critical Access Hospitals that do not have a CAH Medical/Surgery interim rate for the prior year based on the methodology in Paragraph VII.B.3, will be assigned either the prior years’ Total Medicare inpatient per diem rate if available or the rate paid to general acute care hospitals for the same Medical/Surgery level of services until such time as the CAH Medical/Surgery interim rate can be updated according to the methodology detailed in Paragraphs VII.B.2 and VII.B.3.

Facilities accredited as Residential Treatment Centers by the Joint Commission on Accreditation of Health Organization (JCAHO) are not considered specialty or general acute hospitals. Residential Treatment Centers are paid in accordance with paragraph VI above.
III. HOSPITALS SERVING LOW-INCOME PATIENTS
DISPROPORTIONATE SHARE HOSPITALS (DSH)

A. Eligibility – A Nevada hospital will qualify for DSH payment if it meets the conditions of either paragraph 1 or 2.

1. Subject to the provisions of subparagraph c, a Nevada hospital will be deemed to qualify for DSH payment if it meets either of the conditions under subparagraphs a or b. The data used to determine eligibility is from the prior State Fiscal Year ending June 30th. For example, eligibility for SFY 14 DSH is done in the third quarter of SFY 13, using data from SFY 12.

a. A hospital's Medicaid inpatient utilization rate (MIUR) is at least one standard deviation above the mean MIUR for hospitals receiving Medicaid payment in the State.

i. MIUR is the total number of inpatient days of Medicaid eligible patients, including patients who receive their Medicaid benefits through a health maintenance organization, divided by the total number of inpatient days of all patients during a fiscal year.

b. The hospital’s low income utilization rate (LIUR) is at least 25%. LIUR is the sum (expressed as a percentage) of the fractions, calculated as follows:

i. Total Medicaid patient revenues paid to the hospital, plus the amount of the cash subsidies for patient service received directly from State and local governments in the cost reporting period, divided by the total amount of revenues of the hospital for patient services (including the amount of such cash subsidies) in the same cost reporting period; and,

ii. The total amount of the hospital's charges for inpatient hospital services attributable to charity care (care provided to individuals who have no source of payment, third-party or personal resources) in a cost reporting period, less the portion of any cash subsidies received directly from the state or local government for inpatient hospital services, divided by the total amount of hospital charges for inpatient services in the hospital in the same period. The total inpatient hospital charges attributed to charity care shall not include contractual allowances and discounts (other than for indigent patients not eligible for Medicaid assistance under an approved Medicaid State plan), that is, reductions in charges given to other third party payors, such as HMOs, Medicare, or Blue Cross Blue Shield.

c. A hospital must:

i. have a MIUR of not less than one percent;
ii. have at least two (2) obstetricians with staff privileges at the hospital who have agreed to provide obstetric services to individuals entitled to such services under State Medicaid plan. In the case of a hospital located in a rural area (that is, an area outside of a Metropolitan Statistical Area, as defined by the Executive Office of Management and Budget) the term “obstetrician” includes any physician with staff privileges at the hospital to perform non-emergency obstetric procedures. This does not apply to a hospital in which:

(a) the inpatients are predominantly individuals under 18 years of age; or

(b) non-emergency obstetric services were not offered as of December 22, 1987.

iii. not be an institution for mental disease or other mental health facility subject to the limitation on DSH expenditures under Section 4721 of the Balanced Budget Act of 1997.

2. Subject to the provisions of subparagraph 1c above, a hospital will qualify for DSH payments if it is:

a. a public hospital (i.e., hospital owned or operated by a Nevada hospital district, county or other unit of local government); or

b. in Nevada counties which do not have a public hospital, the private hospital which provided the greatest number of Medicaid inpatient days in the previous year; or

c. a private hospital - located in a Nevada county which has a public hospital, if the public hospital has a MIUR greater than the average for all the hospitals receiving Medicaid payment in the State.
B. Distribution Pools: Hospitals qualified under paragraph ‘A’ above will be grouped into distribution pools on the following basis:

1. Distribution pools are established as follows:
   a) All public hospitals qualifying under paragraph A above and in counties whose population is 700,000 or more, the total annual disproportionate share payments will be 87.97% of the total computable DSH allotment for the State Fiscal Year.
   b) All private hospitals qualifying under paragraph A above and in counties whose population is 700,000 or more, the total annual disproportionate share payments will be 1.69% of the total computable DSH allotment for the State Fiscal Year.
   c) All private hospitals qualifying under paragraph A above and in counties whose population is 100,000 or more but less than 700,000, the total annual disproportionate share payments will be 5.86% of the total computable DSH allotment for the State Fiscal Year.
   d) All public hospitals qualifying under paragraph A above and in counties whose population is less than 100,000, the total annual disproportionate share payments will be 1.34% of the total computable DSH allotment for the State Fiscal Year.
   e) All private hospitals qualifying under paragraph A above and in counties whose population is less than 100,000, the total annual disproportionate share payments will be 3.14% of the total computable DSH allotment for the State Fiscal Year.
   f) Note: There is no public hospital in counties whose population is 100,000 or more but less than 700,000.

2. The total amount distributed to an individual hospital may not, under any circumstance, exceed the total uncompensated care costs (DSH limit) for that facility.

3. Total annual uncompensated care costs equal the cost of providing services to Medicaid inpatients, Medicaid outpatients and uninsured patients, less the sum of:
   - Regular Medicaid FFS rate payments (excluding DSH payments);
   - Medicaid managed care organization payments;
   - Supplemental/enhanced Medicaid payments;
   - Uninsured revenues; and
   - Federal section 1011 payments for uncompensated services to eligible aliens with no source of coverage.

4. An "uninsured patient" is defined as an individual without health insurance.
or other source of third party coverage (except coverage from State or local programs based on indigency). A system must be maintained by the hospitals to report revenues on Medicaid and uninsured patient accounts to determine uncompensated care cost consistent with Section 1923 (g) of the Social Security Act and implementing regulations at 42 CFR 447 Subpart E. Costs for Medicaid and uninsured patients will be based upon the methodology used in the HCFA 2552 report. Revenue will be deducted from cost. The total costs on the report will be subject to an independent audit. The HCFA 2552 report must be submitted within six months of the hospital's fiscal year end.

C. Calculation of Hospital DSH Payments

1. Using the same period of data as outlined on subparagraph A 1, the Division will calculate the DSH payments for each hospital as follows:
   a. 50% of the pool amount will be distributed based on the percent to total of the uncompensated care percentage of the hospitals within the pool.
      i. Uncompensated Care Percentage is the uncompensated care cost of the hospital divided by the net patient revenues of the hospital, as reported on the Medicare Cost Report, which is required to be filed with the State.
         (a) Net patient revenues are total patient revenues less contracted allowances and discounts. This comes from Medicare cost report, Worksheet G-3 line 3, less any net patient revenue from non-hospital inpatient and non-hospital outpatient services.
   b. The remaining 50% of the pool amount will be distributed based on the percent to total of the uncompensated care cost of the hospitals within the pool.

2. The DSH payments will be made monthly to the eligible hospitals. Payments will be based on the State Fiscal Year. DSH payment will in no instance exceed a hospital’s DSH limit. If any hospital’s calculated DSH payment exceeds its DSH limit, the excess will be redistributed to the remaining hospitals within the pool using the same formula above.

D. Adjusting DSH payments based on DSH Independent Certified Audit results

1. The Division will audit each hospital for each year in which the hospital received a disproportionate share payment pursuant to NRS, NAC and in accordance with the provisions of Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 et seq.
2. After conducting an audit, if a hospital’s eligibility changes or its initial DSH payment exceeded its audited DSH limit, the Division will recalculate the following for all hospitals in the affected pool:
   a. Audited uncompensated care costs
   b. Audited uncompensated care percentages
   c. Final DSH payment amounts using the same methodology as defined in paragraph C. Final DSH payment amounts are calculated using the audited amounts in subparagraph D 2a and b.
   d. The amount of monies available for redistribution within each pool based on a comparison of each hospital’s final DSH payment amount and the initial DSH payment received by each hospital in the pool.

3. For all hospitals in the affected pool(s), the Division will reconcile each hospital’s initial DSH payment to its final DSH payment as calculated in paragraph D 2. Any hospital whose initial DSH payment is greater than the final DSH payment will return the difference to the Division, and any hospital whose initial DSH payment is less than the final DSH payment will be paid the difference. The final DSH payment amount for an individual hospital, as calculated in paragraph D 2 and in accordance with the methodology in paragraph C, will in no instance exceed that hospital’s audited DSH limit.

4. If each hospital within a pool of hospitals has received the maximum amount of disproportionate share payments allowable by federal and state statutes and regulations, the Division will use the money returned to pay additional disproportionate share payments as follows in the method described in paragraph C above:
   a. If the money was returned by a hospital that is a member of pool A, to hospitals in pool B;
   b. If the money was returned by a hospital that is a member of pool B, to hospitals in pool C;
   c. If the money was returned by a hospital that is a member of pool C, to hospitals in pool D;
   d. If the money was returned by a hospital that is a member of pool D, to hospitals in pool E; or
   e. If the money was returned by a hospital that is a member of pool E, to hospitals in pool A.

Approval Date: July 18, 2013  Effective Date: July 1, 2013
IX. MEDICARE CROSS OVER CLAIMS

Payment of crossover claims will be as follows:

A. The lower of the Medicare deductible amount or the difference between the Medicare payment and Medicaid prospective payment for that service.
X. HOSPITALS OUT OF STATE

Elective out-of-state admissions require prior authorization by Nevada Medicaid’s Peer Review Organization, which must verify medical services required by Medicaid-eligible or pending-eligible clients are not available in Nevada. The out-of-state payment rate for inpatient care is based on one of the following criteria, whether emergency or elective in nature.

A. For California hospitals, the following rates will be paid:

1. If the hospital has no signed contract with the State of California to provide Medi-Cal services, the California interim reimbursement Medi-Cal rate.

2. If the hospital has a signed contract with the State of California to provide Medi-Cal services, the Medi-Cal contract rate is paid. If the contract rate is not made available to Nevada Medicaid, the California interim Medi-Cal rate is paid.

B. For Utah hospitals the payment rate is 45 percent of billed charges.

C. For all other states' hospitals, the payment rate will be either the Nevada Medicaid prospective rate or the Medicaid rate for the state in which the hospital is located, but not more than billed charges. To receive the Medicaid rate for the state in which the hospital is located, the hospital must attach documentation to the UB-92 billing claim, produced and generated by that state's Medicaid program, verifying the state's payment rate to that hospital.

D. All other states' freestanding psychiatric/substance abuse hospitals are reimbursed 70 percent of billed charges.

E. For Medicare crossover claims, the payment will be the lower of the Medicare deductible amount or the difference between the Medicare payment and the Nevada Medicaid prospective payment for that service.

F. For services that cannot be provided by a provider that accepts payments under (A) through (E), the State will maintain a list of other qualified out-of-state providers and will negotiate competitive rates that will not exceed the provider’s customary charge.
XI. RATE ADJUSTMENTS

Payment is made for services provided in inpatient hospital facilities in accordance with Section 1902(a)(13) of the Social Security Act as amended by Section 4711 of the Balanced Act of 1997. Prospective payment rates are based using the most current hospital costs reports (HCFA 2552) and cost reimbursement series (CRS) reports following the steps described in Section II - V above. Rates in effect on June 30, 1999 will be continued without adjustment except as may be directed by the Department of Human Resources.

XII. MONITORING FUTURE RATES

Nevada Medicaid monitors cost and utilization experience of all hospitals by evaluation of the cost reports filed each year. Payments are examined closely. Should modification of any elements or procedures such as creation or deletion of a rate or group appear necessary, this State Plan Attachment will be amended.

XIII. ADVANCES

Upon request, each hospital may receive each month an advance payment that represents expected monthly Medicaid reimbursement to that facility. Each advance is offset by claims processed during the month. Month-end +/- discrepancies automatically adjust the advance issued the following month.

TN No. 03-02 Approval Date: June 30, 2004 Effective Date: October 1, 2003
Supersedes TN No. 99-12
XIV. DIRECT GRADUATE MEDICAL EDUCATION PAYMENTS

This section of the state plan contains the provisions for making additional Medicaid payments to recognize the additional direct costs incurred by non-state government owned hospitals with approved graduate medical education programs.

A. Qualifying Hospitals:

Non-state government owned hospitals that participate in the Medicaid program are eligible for additional reimbursement related to the provision of Direct Graduate Medical Education (GME) activities. To qualify for these additional Medicaid payments, the hospital must also be eligible to receive GME payments from the Medicare program under provision of 42 C.F.R. 413.75.

B. Direct Graduate Medical Education Definitions:

(i) Base-year per resident amount – is the Medicaid allowable inpatient direct graduate medical education cost as reported on CMS form 2552, Hospital Cost Report; worksheet B, Part I, line 22, column 22 and line 23, column 23, divided by the unweighted FTE residents from worksheet S-3; Part I; line 12 and line 14, column 7 of the hospital cost report ending in 6/30/2008.

(ii) Current Number of FTE Residents – means the number of full-time-equivalent interns, residents, or fellow who participate in an approved medical residency program, including programs in osteopathy, dentistry, and podiatry, as required in order to become certified by the appropriate specialty board reported on CMS form 2552, Hospital Cost Report; worksheet S-3: Part I; line 12 and line 14, column 7.

(iii) Medicaid Patient Load – is the ratio of Medicaid inpatient days to total hospital inpatient days. This ratio is determined by the following; Medicaid inpatient days as reported on CMS form 2552, Hospital Cost Report; worksheet S-3; Part I; lines 2, 2.01, 12 and 14; column 5 is divided by the hospital’s total inpatient days, as reported on worksheet S-3; Part I; lines 12 and 14; column 6. Medicaid inpatient days and total inpatient days included inpatient nursery days and managed care days.
C. Methodology for Determining Direct GME Payments:

The hospitals that qualify for GME payments will have their hospital specific payment amount determined as follows:

(i) The base-year per resident amount is multiplied by the actual regulation market basket change and Medicare payment updated used for Medicare Inpatient Prospective Payment Systems (IPPS) as published in the “Federal Register. The index updates reflect payment increases before budget neutrality;

(ii) The results in (i) are multiplied by the current number of FTE residents;

(iii) The results in (ii) are multiplied by the Medicaid patient load which results in the total direct GME payment for the hospitals.

D. Payments of Direct GME:

(i) The current number of FTE residents and the Medicaid patient load will be updated annually using data from the most recent Medicare/Medicaid hospital cost report (CMS form 2552) submitted to Medicare by each qualifying hospital;

(ii) Beginning January 2, 2010, the state will calculate the total direct GME reimbursement for qualifying hospitals using the methodology in section C. above. The state will determine the annual GME amount payable to qualifying hospitals prospectively for period that will begin each July 1. On a quarterly basis, qualifying hospital will receive a GME payment equal to twenty-five percent (25%) of the annually determined GME amount. A quarterly payment will be made in each calendar quarter during the state’s fiscal year.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Nevada

Attachment 4.19-A
Page 32

XV. FEDERAL UPPER PAYMENT LIMIT

In order to preserve access to inpatient hospital services for needy individuals in the state of Nevada, the state’s Medicaid hospital reimbursement system shall provide for supplemental payments to non-state, governmentally owned or operated hospitals and private hospitals. Supplemental payments shall be made to non-state, governmentally owned or operated hospitals effective for services provided on or after January 1, 2002. Supplemental payments shall be made to private hospitals effective for services provided on or after January 2, 2010. These supplemental payments shall be determined on an annual basis and paid to qualifying hospitals on a quarterly basis. The supplemental payments to non-state, governmentally owned or operated hospitals shall not exceed, when aggregated with other payments made to non-state, governmentally owned or operated hospitals, 100% of a reasonable estimate of the amount that would be paid for such services under Medicare payment principles for non-state, governmentally owned or operated hospitals, except that payments for the period prior to May 14, 2002, such payments shall not exceed 150% of a reasonable estimate of the amount that would be paid for such services under Medicare payment principles for non-state, governmentally owned or operated hospitals. The supplemental payments to private hospitals shall not exceed, when aggregated with other payments made to private hospitals, 100% of a reasonable estimate of the amount that would be paid for such services under Medicare payment principles for private hospitals.

The upper payment limit will be determined on an annual basis. In general, this approach identifies the upper limit through the application of Medicare's prospective payment system, which is a diagnosis related group (DRG) payment system. The upper limit computes, for each hospital, the Medicare DRG payment amount for each Medicaid discharge by determining a Medicare equivalent case mix index based on Medicaid discharges. This upper limit also uses a payment per discharge calculation of the amount of Medicare pass-through and add-on reimbursement including but not limited to outlier, direct graduate medical education, organ acquisition, routine and ancillary pass-through, IME, DSH, and capital payments. The Medicare pass-through and add-on reimbursement are identified from the Medicare cost report and adjusted for Medicaid where applicable. The hospital's Medicare payment per discharge, which includes the DRG and the pass-through/add on amounts, are applied to the number of Medicaid discharges. The latest available information is used for Medicare DRG, Medicare pass-through and add-on payments, Medicare discharges, and Medicaid discharges. Inflation factors are accordingly applied to determine an individual hospital's Medicare payment for the UPL period. The sum of each hospital's estimated Medicare payment for Medicaid discharges is the aggregate upper payment limit for the hospital class.
SUPPLEMENTAL PAYMENT FOR NON-STATE GOVERNMENTALLY OWNED OR OPERATED HOSPITALS

The state will determine annually the payments to be made to non-state, governmentally owned or operated hospitals under this section of the plan using the following methodology:

1. Identify all non-state government owned or operated acute care hospitals.
2. For each facility identified in step #1, compute total Medicaid fee-for-service inpatient hospital payments using latest available data projected to the current period.
3. For each facility, calculate the difference between payments identified in step #2, and the hospital’s Medicare UPL. This difference is the total maximum disbursement available under this section of the state plan.

These calculations will be set on a prospective basis and will not be retroactively adjusted to previous fiscal years.

The state shall determine the annual supplemental amount payable to hospitals prospectively for period that will begin each July 1. On a quarterly basis, hospitals will receive a supplemental payment equal to twenty-five percent (25%) of the annually determined supplemental amount. A quarterly payment will be made in each calendar quarter during the state’s fiscal year. The state shall determine the amount of supplemental payments to each facility using the following criteria:

1. Total supplemental payments under this section of the state plan will not exceed the difference between Medicaid payments and the Medicare UPL calculated in step #3 above.
2. Facilities participating in the supplemental payment program will be identified.
3. Total supplemental payments will be apportioned to public hospitals participating in the supplemental payment program using each hospital’s participation percentage. This percentage is calculated by dividing each supplemental payment hospital’s Medicaid days by the total Medicaid days for all supplemental payment hospitals.
4. Medicaid days for each supplemental payment hospital shall be identified using the most recent Medicare cost report data available at the time the calculation are prepared.
5. Once these participation percentages are determined they will be final and not subject to recalculation, except when errors are found in the calculations. The state will not recalculate the percentages following receipt of more accurate data, such as a more current or audited Medicare cost report.

TN No. 10-002B
Approval Date: November 7, 2011
Effective Date: January 2, 2010
Supersedes
TN No. NEW
B. SUPPLEMENTAL PAYMENT FOR PRIVATE HOSPITALS

In order to preserve access to inpatient hospital services for needy individuals in the state of Nevada, effective for services provided on or after January 2, 2010, the state’s Medicaid hospital reimbursement system shall provide for supplemental payments to private hospitals affiliated with a state or unit of local government in Nevada through a Low Income and Needy Care Collaboration Agreement (Affiliated Private Hospitals).

A Low Income and Needy Care Collaboration Agreement is defined as an agreement between a hospital and a state or unit of local government to collaborate for purposes of providing healthcare services to low income and needy patients. These supplemental payments shall be determined on an annual basis and paid to qualifying hospitals on a quarterly basis.

The supplemental payments are payments for Medicaid fee-for-service inpatient hospital service. The supplemental payments shall not exceed, when aggregated with other payments made to private hospitals, 100% of a reasonable estimate of the amount that would be paid for such services under Medicare payment principles for private hospitals.

The state will determine the payments to be made under this section of the plan using the following methodology:

1. Identify all Nevada private hospitals. Non-state government owned or operated acute care hospitals and state owned hospitals do not qualify under this methodology.
2. For those facilities identified in step #1, compute the Medicare UPL according to the methodology set out on Page 32 above.
3. The amount computed in step #2, less the Medicaid fee-for-service inpatient hospital payments to those facilities identified in step #1, is the total maximum disbursement available under this section of the state plan in each fiscal year. If the payments under this section of the plan exceed this total maximum disbursement, the state will calculate the percentage by which the Medicare UPL is exceeded and reduce payments to all hospitals under this section of the state plan by the same percentage.

The Medicaid director shall then determine the amount of supplemental payments to each facility using the following criteria.

1. Total supplemental payments under this section of the state plan will not exceed the difference between Medicaid payments and the Medicare UPL calculated in Step #3 above.
2. Facilities participating in the supplemental payment program will be identified. All Affiliated Private Hospitals are eligible to participate in the supplemental payment program.
3. Each Affiliated Private Hospital will receive quarterly supplemental payments. The annual supplemental payments in any fiscal year will be the lesser of:

a) The difference between the hospital’s Medicaid inpatient billed charges and Medicaid payments the hospital receives for services processed for fee-for-service Medicaid recipients during the fiscal year.

b) For hospitals participating in the Nevada Medicaid DSH program, the difference between the hospital’s total uncompensated costs (as defined in Section VIII) and the hospital’s Medicaid DSH payments during the fiscal year.
XVI. INPATIENT HOSPITAL SERVICES REIMBURSEMENT TO INDIAN HEALTH SERVICE AND TRIBAL 638 HEALTH FACILITIES

Effective January 1, 2000 Nevada Medicaid will reimburse Indian Health Services facilities and Tribal 638 facilities for inpatient hospital services a daily rate in accordance with the most recent published Federal Register notice. This rate does not include physician services.

Physician services are reimbursed in accordance with attachment 4.19-B, item 5 of the Nevada State Plan.
Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Health Care-Acquired Conditions

The State identifies the following Health Care-Acquired Conditions for non-payment under Section 4.19 (A).

\[ X \] Hospital-Acquired Conditions as identified by Medicare other than Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) following total knee replacement or hip replacement surgery in pediatric and obstetric patients.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Section(s) 4.19-A

\[ X \] Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

Additional Other Provider-Preventable Conditions identified below (please indicate the section(s) of the plan and specific service type and provider type to which the provisions will be applied. For example – 4.19(d) nursing facility services, 4.19(b) physician services) of the plan:

TN No. 12-005 Approval Date: July 18, 2012 Effective Date: July 1, 2012
Supersedes
TN No. NEW
CMS ID: 7982E
Methodology for Identifying Provider-Preventable Conditions

Beginning July 1, 2012, Nevada, which pays claims on a per-diem basis, will use two methods to identify PPCs: screening Prior Authorization requests and a retrospective review of claims.

PRIOR AUTHORIZATION (PA)

Prior Authorizations (PAs) will be screened for PPC codes and reviewed by the fiscal agent’s medical review staff, which will make determinations for denials of payment for continued stay requests and/or level of care increases if the request appears to be related to a PPC. Payment denial does not consider medical necessity. Providers can appeal a PPC denial utilizing the existing appeals process.

RETROSPECTIVE REVIEW

Prior Authorization

A provider who caused a PPC may be discovered in the process of reviewing a PA request from a second provider from whom the patient seeks treatment. If it is determined in the PA screening that a provider other than the provider requesting the PA may be responsible for causing a PPC, a retrospective review of claims of the provider possibly causing the PPC will be done. Payments associated with treating the PPC will be recovered, from the original provider, if those increases in payments can be reasonably isolated to the PPC event.

Claims Review

Under NRS 449.485 and R151-8, the Nevada Division of Health Care Financing and Policy and University of Nevada Las Vegas (UNLV) Center for Health Information and Analysis (CHIA) collects and maintains billing record fields for Nevada hospitals and ambulatory surgical centers. This data set captures the Present on Admission (POA) indicator for the UB-04 claims for principal and each secondary (other) diagnosis field. Claims data with dates of service on or after July 1, 2012 will be reviewed and those fitting the criteria for PPCs will be identified. Providers will be supplied information identifying claims with the potential PPCs and will be given 30 days to review and respond to any discrepancies. Provider-confirmed PPCs will be subject to payment adjustment.

Payment Adjustment

For per diem payments, the number of covered days shall be reduced by the number of days associated with any PPC not present on admission. Nevada will use nationally accepted standards to determine the number of days attributable to the diagnosis absent the PPC and the incremental number of days attributable to the PPC. Reimbursement may also be reduced for level of care changes attributable to a PPC.
PAYMENT FOR MEDICAL CARE AND SERVICES

1. This paragraph intentionally left blank.

2. a. Outpatient hospital services: as indicated for specific services listed elsewhere in this attachment Physicians’ services (page 1c, paragraph 5); prescribed drugs (page 3, paragraph 12a); outpatient laboratory and pathology services (page 1a, paragraph 3); dental services (CDT codes, page 2c, paragraph 10); durable medical equipment; prosthetics and orthotics (page 2, paragraph 7c); and disposable supplies (page 2, paragraph 7d).

b. (This paragraph intentionally left blank.)
c. Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC)

FQHC and RHC reimbursement will adhere to section 1902(a) of the Social Security Act as amended by Section 702 of the Benefits Improvement and Protection Act of 2000 (BIPA). The reasonable cost-based reimbursement requirements for FQHC/RHC services previously described at paragraph (13) (C) are repealed and instead a Prospective Payment System (PPS) consistent with paragraph (15) payment described in section 1902(aa) of the Act for FQHCs/RHCs will be implemented. The Nevada Medicaid Prospective Payment System (PPS) is to take effect on January 1, 2001.

Prospective Payment System (PPS) Reimbursement for Existing Facilities

Beginning January 1, 2001 the State will pay current FQHCs/RHCs (including “FQHC look alike clinics”) based on a PPS. The baseline for a PPS will be set at 100 percent of the average of an FQHC/RHC per visit rate based on the reported reasonable and allowable costs of providing Medicaid-covered services during the FQHC/RHC fiscal years 1999 and 2000, adjusted to take into account any reported increase (or decrease) in the scope of services furnished during FY 2001 by the FQHC/RHC (calculating the payment amount on a per visit basis). Medicaid-covered services that are considered to be FQHC/RHC services are those services that were identified and approved to be provided by the facility as it applies to HRSA in order to be deemed as an FQHC/RHC facility.

Beginning in Federal fiscal year 2002, and for each fiscal year thereafter, each FQHC/RHC is entitled to the payment amount (on a per visit basis) to which the center or clinic was entitled under the Act in the previous year, increased each October 1st (FFY) by the percentage increase in the Medicare Economic Index (MEI) for primary care services as defined in Section 1842 (i) (4) of the Social Security Act, and adjusted to take into account any reported increase (or decrease) in the scope of services furnished by the FQHC/RHC during that fiscal year.

Prospective Payment System (PPS) Reimbursement for New Facilities

Newly qualified FQHCs/RHCs after Federal fiscal year 2000 will have initial payments (interim rate) established either by reference to payments to one or more other clinics in the same or adjacent areas with similar caseloads and/or similar scope of services or based on an average of rates for other FQHC/RHC clinics throughout the State. Once their average per visit reasonable costs of providing Medicaid-covered services based on their first full year of operation can be determined, the initial payments of the FQHC/RHC will be cost settled and any over or under payments will be determined and the PPS rate will then be established based on actual cost to provide those services for their first full year. The per visit PPS rate will then be adjusted annually every October 1st beginning at the next federal fiscal year by the percentage change in the Medicare Economic Index (MEI) for primary care services as defined in Section 1842 (i) (4) of the Social Security Act, for that calendar year as published in the Federal Register, adjusted to take into account any reported change in scope of services, reported and requested during that year. All required documentation of actual costs for the first full year of providing services must be furnished to DHCFP no later than six (6) months after completion of the first full year of services. If the required documentation is not received within six (6) months after the completion of a full year of services, the annual MEI adjustments will be suspended until such time as the documentation is received and an actual PPS rate is determined.
Rebasing: Baseline PPS rates will not be subject to rebasing after their initial computation unless authorized by congress. The actual costs related to any reported change in scope of services will be calculated (based on a full year of providing those services) and an adjustment to the baseline PPS rate will be made.

**Alternative Payment Methodology (APM) Reimbursement**

For the period beginning January 1, 2001 and ending September 30, 2001, and for any fiscal year beginning with FY 2002, a State may, in reimbursing an FQHC/RHC for services furnished to Medicaid beneficiaries, use a methodology other than the Medicaid PPS, but only if the following statutory requirements are met. First, the APM must be agreed to by the State and by each individual FQHC/RHC to which the State wishes to apply the methodology. Second, the methodology must result in a payment to the center or clinic that is a least equal to the amount to which the center or clinic is entitled under the Medicaid PPS. Third, the methodology must be described in the approved State plan.

Effective October 1st (FFY) of each year after an APM rate has been established, for services furnished on or after that date, DHCFP will adjust the APM rate by the percentage increase in the MEI applicable to primary care services as published in the Federal Register for that calendar year, which will account for basic cost increases associated with providing such services.

**Change in Scope of Services**

PPS/APM rates may be adjusted to take into account any requested, documented and approved increase (or decrease) in the scope of services furnished by the FQHC/RHC in any given fiscal year. The FQHC/RHC must submit a written request to the Division within 60 days of the effective date of those changes in order for the rate adjustment to be retroactive to the date of the Change in Scope of Services. If a written request is not received within 60 days of those changes, the effective date for a rate adjustment will be the date the written request for a Change in Scope of Services was received by DHCFP. Documentation and notification to support an increase or decrease in the scope of services is the responsibility of the provider.

An FQHC/RHC requesting a rate adjustment for changes in scope of services must submit data/documentation/schedules that substantiate the changes in scope and the related adjustment of reasonable costs following Medicare principals of reimbursement.

An interim rate will be determined using the first three months of actual cost data available from the provider. After a full year of providing the services related to the change in scope, an analysis will be performed on the actual costs for a full year of service and an adjustment will be made to the PPS/APM. Adjustments to the PPS/APM rate for qualified/approved changes in scope will be based on Medicare Cost Reimbursement methodology, allocating costs related to patient care based upon a providers audited and approved charges for the change in scope services. The PPS/APM rate adjustment will then be determined by dividing the Medicaid allocated costs by the number of Medicaid visits for the given time period.

TN No. 13-017
Supersedes
TN No. NEW

Approval Date: January 30, 2014
Effective Date: July 1, 2013
A Change in Scope of Services has been defined as a change in the type, intensity, duration and/or amount of covered Medicaid services (covered under the Medicaid State Plan and approved by CMS) that meet the definition of FQHC/RHC services as defined in section 1905 (a) (2) (B) and (C) of the Social Security Act. General increases or decreases in costs associated with programs that were already a part of an established PPS/APM rate do NOT constitute a Change in Scope unless all of the following requirements are met:

- The change in the scope of services is a change in the type, intensity, duration, or amount of services, or any combination thereof as defined in section 1905 (a) (2) (B) and (C) of the Social Security Act.
- The cost is allowable under Medicare reasonable cost principals set forth in 42CFR Part 413.
- The net change in the FQHC/RHC’s per visit rate must equal or exceed 4% for the affected FQHC/RHC site. For FQHC/RHC’s that filed consolidated cost reports for multiple sites to establish the initial Prospective Payment reimbursement rate (PPS), the 4% threshold will be applied to the average per visit rate of all sites for the purposes of calculating the cost associated with a scope of service change. “Net change” means the per visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

A Change in Scope of Services includes any of the following:

- A change in the types of services offered, i.e., the addition of dental services, may qualify as a Change in Scope which may warrant an adjustment to the PPS/APM rate.
- A change in intensity/duration or character of services offered by an FQHC/RHC attributable to changes in the types of patients served may qualify, such as services to patients with HIV/AIDS or other chronic diseases and other special populations requiring more intensive and frequent care.
- A change in the magnitude, intensity or character of currently offered services, demonstrated and documented by an increase or decrease in the patient volume of certain high risk populations that require more intensive and frequent care, which may reasonably be expected to span at least one year may qualify.
- A change in the type, intensity, duration or amount of service caused by changes in technology and medical practice used may qualify.

**Definition of a “Visit”*/"Encounter”**

A “visit” or an “encounter” for the purposes of reimbursing FQHC/RHC services is defined as face-to-face contact with one or more qualified health professionals and multiple contacts with the same health professional that take place on the same day with the same patient. A single payment will be made for each “visit” or an “encounter” regardless of the type of service.
Qualified Health Professional

To be eligible for PPS/APM reimbursement, services must be delivered exclusively by one or more of the following licensed Qualified Health Professionals or a provider working under his or her direct supervision: physician, physician’s assistant, nurse practitioner, nurse anesthetist, nurse midwife, clinical psychologist, clinical social worker, dentist or dental hygienist.

Documentation Required to Support a Request for Change in Scope of Services

- Year End Payroll Reports for identified time periods
- Trial Balances for all Revenues and Expenses for identified time periods
- Grouping Schedule/Mapping of Trial Balance Accounts to the Cost Reports
- Detailed General Ledger with Vendor Information for identified time periods
- HRSA Notice of Awards for all approved Changes in Scope of Services
- Claims reports showing Unique Patient Visits, DOS, Procedure Codes, Service Facility ID#, Amount Paid and Payor
- Other Items as Deemed Necessary

Other Payment Adjustments

FQHC/RHC’s may request other payment adjustments in the event of extraordinary circumstances, not otherwise reimbursed by other sources, including but not limited to acts of God; acts of nature; acts of terrorism and acts of war. However, if an FQHC/RHC’s existing PPS/APM rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, other payment adjustment is not warranted. The FQHC/RHC must show that its PPS/APM rate is not sufficient to cover the costs associated with the extraordinary circumstance. The adjusted rate will only apply to the extent, and only for the period of time, that the additional costs for the event are reimbursable under federal Medicaid law and regulations governing claims for federal financial participation (FMAP). DHCFP will work with the provider to gather the appropriate data at the time the incident occurs and a written request for a rate adjustment is made by the Provider.

Record keeping and Audit

All participating FQHC/RHC’s shall maintain an accounting system which identifies costs in a manner that conforms to generally accepted accounting principles and must maintain documentation sufficient to support all cost/visit data.

The DHCFP, its fiscal agent or a designated and contracted financial entity may conduct periodic on-site or desk audits of all cost data, including financial and statistical records of the FQHC/RHCs.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Nevada

FQHC/RHCs must submit information (statistics, costs and financial data or other data) as deemed necessary by the DHCFP or its fiscal agent. Failure to submit requested documentation may result in denial of a rate adjustment request.

The DHCFP will conduct one audit annually (at a minimum) to the claims submitted by the FQHC/RHC for supplemental payments.

**Supplemental Payments for FQHCs/RHCs**

FQHCs/RHCs that provide services under a contract with a Medicaid Managed Care Entity (MCE) will receive quarterly or monthly (as agreed upon between the provider and the state) supplemental payments for furnishing such services, that are a calculation of the difference between the payments the FQHC/RHC receives from the MCE(s) for all qualified Medicaid visits and the payments the FQHC/RHC would have received under the BIPA PPS methodology or APM.

At the end of each payment period, the total amount of MCE payments received by the FQHC/RHC will be reviewed against the amount that the actual number of visits provided under the FQHC’s/RHC’s contract with MCE(s) would have yielded under the PPS/APM methodology. If the amount exceeds the total amount of MCE payments, the FQHC/RHC will be paid the difference, if the amount is less, the FQHC/RHC will refund the difference to DHCFP. The FQHC/RHCs must provide sufficient documentation (as requested) to DHCFP to facilitate supplemental payment calculations. If the required documentation is not provided to support the supplemental payment, future supplemental payments may be suspended.

**Documentation Required to Calculate/Support Supplemental Payments**

The FQHC/RHC will submit a written/electronic request for supplemental payment which will contain at least the following information for each line item of every qualified encounter during the reporting time period (Quarterly or Monthly): Servicing and Billing Provider ID#s, Recipient MCE ID Number, Recipient Medicaid ID Number, Date of Service, CPT Code(s), MCE Name, Total Billed Amount, MCE Paid Amount, Other Paid Amount and Total Amount Paid.

The FQHC/RHC will submit claim data for supplemental payment no later than thirty days after the end of the reporting period agreed upon with the DHCFP (Quarterly or Monthly).

Any discrepancy found in the audits will be adjusted based on the audit findings.

TN No. 13-017 Approval Date: January 30, 2014 Effective Date: July 1, 2013
Supersedes
TN No. NEW
3. **Laboratory and pathology services deemed to be Nevada Medicaid covered benefits will be paid at:**

   a. For codes 80000-89999, the lower of billed charges not to exceed 95% of the rate allowed by the 2014 Medicare Clinical Diagnostic Laboratory Fee Schedule for Nevada;
   
   b. Allowed laboratory and pathology codes/services outside of the ranges listed in 3.1 and 3.2 or not listed in the Medicare Clinical Diagnostic Laboratory Fee Schedule for Nevada will be paid in accordance with other sections of this State Plan based on rendering provider type;
   
   c. Newly developed laboratory and pathology codes that fall within the code range 80000-89999 will be priced at lower of billed charges not to exceed 50% of the rate allowed by the Medicare Clinical Diagnostic Laboratory Fee Schedule for Nevada for the year that the code(s) is listed in the fee schedule;
   
   d. For “BR” (by report) and “RNE” (relativity not established) codes that fall within the code range 80000-89999, the payment will be set at 62% of billed charges; or
   
   e. Contracted or negotiated amount.

TN No. 15-004

Approval Date: August 20, 2015
Effective Date: July 1, 2015

Supersedes
TN No. 13-017
4. EPSDT and Family Planning

I. Early and periodic screening, diagnosis and treatment (EPSDT) services will be reimbursed the lower of a) billed charge, or b) fixed fee per unit as indicated for specific services listed elsewhere in this attachment.

A. School Based Child Health Services (SBCHS) delivered by school districts and provided to children with disabilities in accordance with the Individuals with Disabilities Act (IDEA). Services include:
   1. Physician’s services,
   2. Physician’s assistant services,
   3. Nursing services including registered nurses, licensed practical nurses and advanced nurse practitioners,
   4. Psychological services,
   5. Physical therapy services,
   6. Speech therapy, language disorders and audiology services,
   7. Occupational therapy services, and
   8. Medical supplies, equipment and appliance services – Assistive Communication Devices, audiological supplies and other Durable Medical Equipment (DME).

B. SBCHS – Reimbursement Methodology

SBCHS described in Attachment 3.1-A, Page 2a-2h of the Nevada State Plan and provided by an enrolled school district are reimbursed the lower of: a) billed charges; or b) a fixed fee schedule.

A fixed fee schedule: as indicated for specific services listed elsewhere in this attachment e.g., psychologist services, nursing services, and therapy services. All rates are published on the agency’s website: http://www.dhcfp.state.nv.us.

The Agency’s rates are set as of July 1, 2009 and are effective for services on or after July 1, 2009.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers of SBCHS and the fee schedule and any annual/periodic adjustments to the fee schedule are published on the agency’s website: http://dhcfp.state.nv.us.

II. Family planning services and supplies: as indicated for specific services listed elsewhere in this attachment, e.g., physician services, prescribed drugs.
5. Payments for services billed by Physicians using Current Procedural Terminology (CPT) codes will be calculated using the January 1, 2014 unit values for the Nevada-specific resource based relative value scale (RBRVS) and the 2014 Medicare Physician Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amounts specified below:

   a. Surgical codes 10000 – 58999 and 60000 - 69999 will be reimbursed at 95% of the Medicare facility rate.
   b. Radiology codes 70000 – 79999 will be reimbursed at 100% of the Medicare facility rate. Effective February 15, 2012, Radiopharmaceutical and Contrast codes will be reimbursed at the 2012 Medicare Mean Unit Cost plus 5%.
   c. Medicine codes 90000 – 99199 will be reimbursed at 85% of the Medicare non-facility rate.
   d. Evaluation and Management codes 99201 – 99499 will be reimbursed at 90% of the Medicare non-facility rate effective July 1, 2015 through June 30, 2016. Effective July 1, 2016 Evaluation and Management codes 99201 – 99499 will be reimbursed at 95% of the Medicaid non facility rate.
   e. Obstetrical service codes 59000 – 59999 will be reimbursed at 95% of the Medicare non-facility rate.
   f. Anesthesia codes 00100 – 01999 will be reimbursed based on the Centers for Medicare and Medicaid Services (CMS) 2009 base units for anesthesia. Payment is determined by adding the base units plus time units and multiplying the result by the CMS 2013 anesthesia conversion factor of $22.57. Anesthesia codes 01967 – 01969 are occurrence based codes that are paid a flat rate. Anesthesia codes 99100 – 99140 are not covered.
   g. Medicine codes 90281-90399, and all other pharmaceuticals that are not identified above, will be reimbursed according to the drug reimbursement algorithm set forth on page 3 of Attachment 4.19-B.
The rates are statewide and reflect the mean value over all counties for each of the specified evaluation and management and vaccine billing codes.

The following formula was used to determine the mean rate over all counties for each code:

Method of Payment

☐ The state has adjusted its fee schedule to make payment at the higher rate for each E&M and vaccine administration code.

☑ The State reimburses a supplemental amount equal to the difference between the Medicaid rate in effect on the date of service as published in the agency's fee schedule described in Attachment 4.19-B, Page 1c Physician Services of the State Plan and the minimum payment required at 42 CFR 447.405.

Supplemental payment is made: ☐ monthly ☑ quarterly

Primary Care Services Affected by this Payment Methodology

☐ This payment applies to all Evaluation and Management (E&M) billing codes 99201 through 99499.

☑ The State did not make payment as of July 1, 2009 for the following codes and will not make payment for those codes under this SPA (specify codes).

99288, 99339, 99340, 99358, 99359, 99363, 99364, 99386, 99387, 99396, 99397, 99402, 99403, 99404, 99408, 99409, 99411, 99412, 99420, 99429, 99441, 99442, 99443, 99444, 99450, 99455, 99456
The state will make payment under this SPA for the following codes which have been added to the fee schedule since July 1, 2009 (specify code and date added).

- 99224 and 99225 were added on January 1, 2011.
- 99406 and 99407 were added on October 13, 2011.

**Physician Services – Vaccine Administration**

For the period January 1 through June 30, 2015, the state reimburses vaccine administration services furnished by physicians meeting the requirements of 42 CFR 447.400 at the state regional maximum administration fee set by the Vaccines for Children (VFC) program.

TN No. 14-009  Approval Date: March 4, 2015  Effective Date: January 1, 2015
Supersedes
TN No. 13-002
Effective Date of Payment

E & M Services
This reimbursement methodology applies to services delivered on and after January 1, 2015 ending on June 30, 2015. All rates are published at: https://dhcfp.nv.gov/ratesUnit.htm

Vaccine Administration
This reimbursement methodology applies to services delivered on and after January 1, 2015 ending on June 30, 2015. All rates are published at: https://dhcfp.nv.gov/ratesUnit.htm

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website at: http://dhcfp.nv.gov/.
6. Medical care and any other type of remedial care provided by licensed practitioners:

a. Payment for services billed by a Podiatrist will be calculated using the April 1, 2002 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amount specified below:
   1. Surgical codes will be reimbursed at 74% of the Medicare facility rate
   2. Radiology codes will be reimbursed at 88% of the Medicare facility rate
   3. Medicine codes and Evaluation and Management codes will be reimbursed at 66% of the Medicare non-facility rate. Vaccine Products will be reimbursed at 85% of the Medicare non-facility rate.
   4. When codes 90465-90468, 90471-90474, 99381-99385 and 99391-99395 are used for EPSDT services, the reimbursement will be 85% of the Medicare non-facility rate.

b. Payment for services billed by an Optometrist will be calculated using the April 1, 2002 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or 85% of the Medicare non-facility rate. See also 12.d.,

c. Payment for services billed by a Chiropractor will be calculated using the April 1, 2002 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amount specified below:
   1. Medicine codes and Evaluation and Management codes will be reimbursed at 70% of the Medicare non-facility rate
   2. Radiology codes will be reimbursed at 32% of the Medicare facility rate.

d. Payment for services billed by an Advanced Practitioner of Nursing/Physician Assistant/Nurse-Midwife will be calculated using the January 1, 2014 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2014 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amounts specified below:
   1. Surgical codes will be reimbursed at 59% of the Medicare facility rate.
   2. Medicine codes and Evaluation and Management codes will be reimbursed at 63% of the Medicare non-facility rate.
   3. Obstetrical service codes will be reimbursed at 75% of the Medicare non-facility rate.
   4. When codes 90465-90468, 90471-90474, 99381-99385 and 99391-99395 are used for EPSDT services, the reimbursement will be 72% of the Medicare non-facility rate.
e. Payment for services billed by a Nurse Anesthetist will be calculated using the April 1, 2002 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amounts specified below:

1. Medicine codes 90000 - 99199 and Evaluation and Management codes 99201 – 99499 will be reimbursed at 74% of the Medicare non-facility rate. Vaccine Products 90476 – 90749 will be reimbursed at 85% of the Medicare non-facility rate.

2. Anesthesia codes 00100 – 01999 will be reimbursed based on the Centers for Medicare and Medicaid Services (CMS) 2009 base units for anesthesia. Payment is determined by adding the base units plus time units and multiplying the result by the CMS 2013 anesthesia conversion factor of $22.57. Anesthesia codes 01967 – 01969 are occurrence based codes that are paid a flat rate. Anesthesia codes 99100 – 99140 are not covered.

3. When codes 90465-90468, 90471-90474, 99381-99385 and 99391-99395 are used for EPSDT services, the reimbursement will be 85% of the Medicare non-facility rate.

f. Payment for services billed by a Psychologist will be calculated using the April 1, 2002 unit values for the Nevada specific resource based relative value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor. Payment will be the lower of billed charges, or 85% of the Medicare non-facility based rate.

g. Medicine codes 90281-90399, and all other pharmaceuticals that are not identified above, will be reimbursed according to the drug reimbursement algorithm set forth on page 3 of Attachment 4.19-B with the exception of the pharmacy dispensing fee component of the algorithm.

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: http://dhcfp.nv.gov/.
7. Home Health Care Services:

a. Home health care services include the following services and items:
   1. physical therapy – 1 unit per 15 minutes,
   2. occupational therapy – 1 unit per 15 minutes,
   3. speech therapy – 1 unit per 15 minutes,
   4. family planning education – 1 unit per visit,
   5. skilled nursing services (RN/LPN visits) 1 unit per 60 minutes or 1 unit per 15 minutes for brief visits or 1 unit per 15 minutes for extended visits (after 1st hour),
   6. home health aide services – 1 unit per 60 minutes or 1 unit per 30 minutes for extended visits (after 1st hour),
   7. durable medical equipment, prosthetics, orthotics, and
   8. disposable medical supplies.

b. Reimbursements for Home Health Care services, listed above in a.1. through a.6, provided by Home Health Agencies (HHA) are the lower of a) billed charges, or b) a fixed fee schedule which includes the rate for each of the home health services and a rate for “mileage” as an add-on. The agency’s rates were set as of July 1, 2000 and are effective for services on or after July 1, 2000. A pediatric enhancement for services listed above in a.1, 2, 3, and 5 is effective for services on or after July 1, 2009.

c. Durable Medical Equipment, Prosthetics and Orthotics
   1. Reimbursement for purchase of Durable Medical Equipment, Prosthetics and Orthotics is the lower of: a) usual and customary charge, or b) a fixed fee schedule.

   2. Reimbursement for rental of Durable Medical Equipment, Prosthetics and Orthotics is the lower of: a) usual and customary charge, or b) a fixed fee schedule.

   The agency’s rates were set as of August 1, 2011 and are effective for services on or after August 1, 2011.

d. Disposable supplies:
   1. If a supply item is billed through point of sale (POS), using a National Drug Code (NDC) number, reimbursement is the lower of: a) usual and customary charge, or b) gross amount due or c) Wholesale Acquisition Cost (WAC) + 8% as indicated on the current national drug data base utilized in Point-of-Sale plus a handling fee. For drugs without a WAC acquisition cost will be reimbursed plus a handling fee.

   2. All other supplies billed outside POS, using Healthcare Common Procedure Coding System (HCPCS) codes and/or Current Procedural Terminology (CPT) codes are reimbursed the lower of: a) billed charge, or b) fixed fee schedule. The Agency’s rates were set as of August 1, 2011 and are effective for services on or after August 1, 2011.
Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: http://www.dhcfp.nv.gov.
8. Private duty nursing services: lower of a) billed charges, or b) fixed fee schedule. The Agency’s rates were set as of July 1, 2000 and are effective for services on or after July 1, 2000.

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: http://www.dhcfp.nv.gov.
9. Special clinic services: as indicated for specific services listed elsewhere in this attachment, e.g., physicians’ services, prescribed drugs, therapy. Payment will be the lower of billed charges, or the amounts specified below:
   a. Surgical codes will be reimbursed at 69% of the Medicare facility rate.
   b. Radiology codes will be reimbursed at 100% of the Medicare facility rate.
   c. Medicine codes and Evaluation and Management codes will be reimbursed at 60% of the Medicare non-facility rate. Vaccine Products will be reimbursed at 85% of the Medicare non-facility rate.
   d. When codes 90465-90468, 90471-90474, 99381-99385 and 99391-99395 are used for EPSDT services, the reimbursement will be 85% of the Medicare non-facility rate.
   e. Obstetrical service codes will be reimbursed at 88% of the Medicare non-facility rate.
   f. Medicine codes 90281-90399, and all other pharmaceuticals that are not identified above, will be reimbursed according to the drug reimbursement algorithm set forth on page 3 of Attachment 4.19-B with the exception of the pharmacy dispensing fee component of the algorithm.
   g. Freestanding Obstetrical/Birth Centers will be reimbursed an all-inclusive (one time) rate for Procedure code 59409 that shall not exceed 80% of the Hospital In-patient Maternity daily rate. The rate will be reviewed and updated annually as necessary at the FFY (Oct. – Sept.).

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: http://dhcfp.nv.gov/.
Dental services:

I. STANDARD DENTAL SERVICES

Current Dental Terminology (CDT) codes will be reimbursed based on the base units in the “Relative Values for Dentists” publication by Relative Value Studies; Incorporated for the year the specific CDT code was set in the system. Effective July 1, 2013, payment is determined by multiplying the base units by the conversion factor of $20.50.

II. MEDICAL/SURGICAL PROCEDURES RELATED TO DENTAL SERVICES

Services billed using Current Procedure Terminology (CPT) codes will be calculated using unit values for the Nevada-specific resource based relative value scale (RBRVS) for the year that the specific CPT code was set in the system and the 2002 Medicare Physician Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amounts specified below:

a. Surgical codes 10000 – 58999 and 60000 - 69999 will be reimbursed at 100% of the Medicare facility rate.

b. Radiology codes 70000 – 79999 will be reimbursed at 100% of the Medicare facility rate.

c. Evaluation and Management codes 99201 – 99499 will be reimbursed at 85% of the Medicare non facility rate.

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: http://dhcfp.nv.gov/.
11. Physical therapy, occupational therapy, respiratory therapy and audiology services for individuals with speech, hearing and language disorders will be reimbursed the lower of a) billed charges, or b) fee schedule rate which is 85% of the Medicare non-facility rate. The Medicare non-facility rate is calculated using the April 1, 2002 unit values for the Nevada specific resource based value scale (RBRVS) and the 2002 Medicare Physicians Fee Schedule conversion factor.

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustments to the fee schedule(s) are published on our website: [http://dhcfp.nv.gov/](http://dhcfp.nv.gov/).
12. a. Nevada Medicaid will meet all reporting and provision of information requirements of section 1927(b)(2) and the requirements of subsections (d) and (g) of section 1927.

The State assures that the State will not provide reimbursement for an innovator multi-source drug, subject to the Federal Upper Limits (42 CFR 447.332(a)), if, under applicable State law, a less expensive non-innovator multi-source drug could have been dispensed.

1. Payment for multi-source drugs shall be the lowest of (a) Federal Upper Limit (FUL) as established by the Centers for Medicare and Medicaid Services (CMS) for listed multi-source drugs plus a professional dispensing fee; (b) State Maximum Allowable Cost (MAC) plus dispensing fee; (c) Actual Acquisition Cost (AAC) plus a dispensing fee; (d) the pharmacist's usual and customary charge; (e) Department of Justice pricing less 15% plus dispensing fee or (f) billed charge.

2. Payment for covered drugs other than multi-source drugs subject to the FUL shall not exceed the lower of (a) AAC plus a dispensing fee; (b) the pharmacist's usual and customary charge to the general public; or (c) providers actual charge to Medicaid agency.

3. Actual Acquisition Cost (AAC) is defined by Nevada Medicaid as the Agency’s determination of the actual prices paid by pharmacy providers to acquire drug products marked or sold by specific manufacturers and is based on the National Average Drug Acquisition Cost (NADAC). Wholesale Acquisition Cost (WAC) + 0% will be offered for those drugs not available on NADAC.

4. The FUL for multi-source drugs for which an upper limit has been set does not apply if a physician certifies in his or her own handwriting that a specific brand is medically necessary for a particular recipient, and the statement "brand medically necessary" appears on the face of the prescription.

5. A generic drug may be considered for MAC pricing if there are 2 or more therapeutically equivalent, multi-source, non-innovator drugs with a significant cost difference. The SMAC will be based on drug status (including non-rebateable, rebateable, obsolete, therapeutic equivalency ratings) marketplace availability and cost. The obsolete drug status will be taken into account to ensure that the MAC pricing is not influenced by the prices listed for obsolete drugs. The SMAC will be based on drug prices obtained from a nationally recognized comprehensive data file maintained by a vendor under contract with the Department.

6. The State's dispensing fees are defined as those given to outpatient retail pharmacists at a rate of $10.17 per prescription; Pharmaceuticals given by Long Term Care pharmacists and for Home Infusion Therapy providers receive dispensing fees in accordance with retail pharmacists.

7. There is no co-payment requirement on medications for beneficiaries.
12. b. Dentures: lower of a) billed charge, or b) fixed fee per unit value. See also 10.

c. Prosthetic devices: (1) hearing aids: wholesale cost plus fixed fee; (2) all others: retail charge less negotiated discount.

d. Eyeglasses: (1) frames: wholesale cost to a fixed maximum; (2) lenses: laboratory invoice cost; (3) material services: lower of a) billed charge, or b) fixed fee per Medicaid assigned unit value.

All Agency’s rates were set as of April 1, 2002 and are effective for services on or after that date.

Assurance: State developed fee schedule rates are the same for both public and private providers of the service and the fee schedule and any annual/periodic adjustment to the fee schedule(s) are published on the Agency’s website at: http://dhcfp.nv.gov/.

13. State developed fee schedule rates are the same for both public and private providers of the following services with the exception of 13.d. The fee schedule rates were set as of April 1, 2002 and are effective for services on or after that date. The agency’s rates are published on the Agency’s website at http://dhcfp.nv.gov/.

a. Other diagnostic services: lower of a) billed charges, or b) fixed fee per unit value.

b. Other screening services: lower of a) billed charges, or b) fixed fee per unit value.

c. Other preventive services: lower of a) billed charges, or b) fixed fee per unit value.

d. Other rehabilitative services: PROVIDED WITH LIMITATIONS
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

Attachment 4.19-B
Page 3b

Other rehabilitative services: PROVIDED WITH LIMITATIONS:

1. Non-Residential Mental Health Rehabilitative Services

   A. Reimbursement Methodology for Non-Residential Mental Health Rehabilitation Services provided by a state or local government entity:

      Non-residential mental health rehabilitation services:

      Examination, Psychiatric Diagnostic Interview - 1 unit per 75 to 80 minutes
      Examination, Interactive Psychiatric Diagnostic Interview - 1 unit per 75 to 80 minutes
      Individual Psychotherapy - 1 unit per 20 to 30 minutes; or 1 unit per 45 to 50 minutes; or 1 unit per 75 to 80 minutes
      Psychoanalysis - 1 unit per 60 minutes
      Family Psychotherapy - 1 unit per 60 minutes
      Group Psychotherapy - 1 unit per 90 minutes; or 1 unit per 120 minutes
      Individual Psychophysiological Therapy - 1 unit per 20 to 30 minutes; or 1 unit per 45 to 50 minutes
      Biofeedback - 1 unit per 20 to 30 minutes; or one unit per 40 to 50 minutes
      Psychological Testing - 1 unit per 60 minutes
      Psychological Testing - 1 unit per 60 minutes
      Developmental Testing - 1 unit per 60 minutes
      Examination, Neurobehavioral Status - 1 unit per 60 minutes
      Neuropsychological Testing - 1 unit per 60 minutes
      Neuropsychological Testing - 1 unit per 60 minutes
      Assessment, Health and Behavior - 1 unit per 15 minutes
      Intervention, Health and Behavior - 1 unit per 15 minutes
      Evaluation and Management - 1 unit per 10 minutes; or 1 unit per 15 minutes; or 1 unit per 25 minutes; or 1 unit per 40 minutes
      Screening, Behavioral Health - 1 unit per 15 minutes
      Out of Office Therapy - 1 unit per 15 minutes
      Out of Office Assessment - 1 unit per 90 minutes
      Medication training and support, out of office - 1 unit per 15 minutes
      Medication training and support in office - 1 unit per 15 minutes
      Peer to Peer support, individual - 1 unit per 15 minutes
      Crisis Intervention, telephonic, face to face, team - 1 unit per 15 minutes
      Day treatment - 1 unit per 15 minutes
      Basic Skills Training, individual or group - 1 unit per 15 minutes
      Psychosocial rehabilitation, individual or group - 1 unit per 15 minutes

      Not all of the above unit values are billing units, for those codes that have a unit of measure defined as an “encounter” in the current Procedural Coding Expert, the values listed are time comparables for rate development.

FIN REF: Attachment 3.1-A, Page 6b.1 – 6b.3

TN No. 07-009 Approval Date: September 19, 2008 Effective Date: July 1, 2008
Supersedes
TN No. 08-017
Non-Residential Mental Health services provided by a state or local government entity are reimbursed according to a methodology used to certify costs as representing expenditures eligible for FFP and may be used only by providers who undergo all Medicaid cost identification, reporting, reconciliation and settlement procedures.

The lower of: a) billed charges; or b) an interim rate. The Interim rate is the rate for a specific service for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period.

To determine the Medicaid-allowable direct and indirect costs of providing Non-Residential Mental Health services the following steps are performed:

1. **Interim Rates**

   Governmental providers are reimbursed on an interim basis for direct medical services per unit of service at the lesser of the provider’s billed charges or a provider-specific interim rate. A provider-specific interim rate is an annual rate for the specific services for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period. Interim rates are based on program experience and cost data reported during the prior fiscal year.

2. **Annual Cost Report Process**

   Each governmental provider will complete an annual cost report in the format proscribed by Nevada Medicaid in the Medicaid Operations Manual for all medical services delivered during the previous state fiscal year covering July 1 through June 30. The cost report is due on or before December 1 of the year following the close of the reporting period.

   The primary purposes of the cost report are to:

   a. document the provider's total Medicaid-allowable cost for delivering the medical services, including direct costs and indirect costs, based on the methodologies/steps described below.

   b. reconcile its interim payments to its total Medicaid-allowable costs.

   The annual Medicaid Cost Report includes a certification of funds statement to be completed, certifying the provider's actual, incurred allocable and allowable costs/expenditures. All filed annual Cost Reports are subject to audit by DCHFP or its designee.

To determine the Medicaid-allowable direct and indirect costs of providing covered services to Medicaid-eligible clients, the following steps are performed:
A. Facilities that are primarily providing medical Services:

(a) Direct costs for covered services include unallocated payroll costs and other unallocated costs that can be directly charged to covered medical services. Direct payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. Other direct costs include costs directly related to the delivery of covered services, such as supervision, materials and supplies, professional and contracted services, capital outlay, and travel. These costs must be in compliance with Medicaid non-institutional reimbursement policy and are accumulated on the annual cost report, resulting in total direct costs.

(b) Total direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs for covered services.

(c) Indirect costs are determined by applying the agency specific approved indirect cost rate to its net direct costs. If the provider has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These allocated indirect costs are reduced by any unallowable amount based on Medicaid non-institutional reimbursement policy. The indirect costs details are accumulated on the annual cost report.

(d) Net direct costs (Item b) and indirect costs (Item c) are combined.

(e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Medical services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that medical service personnel spend on direct medical services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct medical services time study percentage is applied against the net direct and indirect costs.

(f) Medicaid’s portion of total allowable costs is calculated by multiplying the result from Item (e) above to the ratio of the total units of service provided to Medicaid eligible clients to the total units of service provided.

(g) Total Medicaid allowable costs (Item f) is reduced by any revenue, e.g. Medicaid co-payments, TPL, received for the same services to arrive at the total Medicaid net allocable and allowable costs.

TN No. 07-009
Supersedes
TN No. NEW
Approval Date: October 31, 2008
Effective Date: November 1, 2008
B. Facilities that are used for multiple purposes and the provision of medical services are not the primary purpose:

(a) Direct costs include unallocated payroll costs and medical equipment and supplies. Unallocated payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. These costs are accumulated on the annual cost report.

(b) The Direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs.

(c) Indirect costs are determined by applying the agency specific approved indirect cost rate to its net direct costs (Item b.). If the entity has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These indirect costs are reduced by any unallowable amount. For these facilities, allowable costs are only those cost that are “directly attributable” to the professional component of providing the medical services and are in compliance with Medicaid non-institutional reimbursement policy. For those costs incurred that “benefit” multiple purposes but would be incurred at the same level if the medical services did not occur are not allowed, e.g. room and board, allocated cost from other related organizations. The indirect cost details are accumulated on the annual cost report.

(d) Net direct costs (Item (b)) and indirect costs (Item (c)) are combined.

(e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Medical services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that medical service personnel spend on direct medical services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct medical services time study percentage is applied against the net direct and indirect costs.

(f) Medicaid’s portion of the total net allocable and allowable costs is calculated by multiplying the result from Item (e) above to the ratio of total units of service provided to Medicaid eligible clients to the total units of service provided.

(g) Total Medicaid allowable costs (Item f) is reduced by any revenue received for the same services, e.g. Medicaid co-payments and TPL, to arrive at the total Medicaid net allocable and allowable costs.
3. **Cost Reconciliation Process**

   Governmental providers will be responsible for reconciling total allowable computable costs reported on the cost report to the provider’s Medicaid interim payments for Medicaid services delivered during the reporting period as documented in the MMIS, resulting in cost reconciliation. The cost reconciliation process must be completed within twenty-four months of the end of the reporting period covered by the annual Cost Report.

4. **Cost Settlement Process**

   If a governmental provider's interim payments exceed the actual, certified costs of the provider for services to Medicaid clients, DHCFP will recoup the federal share of the overpayment using one of the following two methods:

   1. Off-set all future claims payments from the provider until the amount of the federal share of the overpayment is recovered;
   2. The provider will return an amount equal to the overpayment.

   If the actual, certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement.

   DHCFP will issue a notice of settlement that denotes the amount due to or from the provider.
B. Reimbursement Methodology for Non-residential Mental Health Rehabilitation Services provided by non-governmental entities and governmental entities who do not undergo the Medicaid cost identification and reporting procedures:

Non-residential mental health rehabilitation services:

Examination, Psychiatric Diagnostic Interview - 1 unit per 75 to 80 minutes
Examination, Interactive Psychiatric Diagnostic Interview - 1 unit per 75 to 80 minutes
Individual Psychotherapy - 1 unit per 20 to 30 minutes; or 1 unit per 45 to 50 minutes; or 1 unit per 75 to 80 minutes
Psychoanalysis - 1 unit per 60 minutes
Family Psychotherapy - 1 unit per 60 minutes
Group Psychotherapy - 1 unit per 90 minutes; or 1 unit per 120 minutes
Individual Psychophysiological Therapy - 1 unit per 20 to 30 minutes; or 1 unit per 45 to 50 minutes
Biofeedback - 1 unit per 20 to 30 minutes; or one unit per 40 to 50 minutes
Psychological Testing - 1 unit per 60 minutes
Psychological Testing - 1 unit per 60 minutes
Developmental Testing - 1 unit per 60 minutes
Examination, Neurobehavioral Status - 1 unit per 60 minutes
Neuropsychological Testing - 1 unit per 60 minutes
Neuropsychological Testing - 1 unit per 60 minutes
Assessment, Health and Behavior - 1 unit per 15 minutes
Intervention, Health and Behavior - 1 unit per 15 minutes
Evaluation and Management - 1 unit per 10 minutes; or 1 unit per 15 minutes; or 1 unit per 25 minutes; or 1 unit per 40 minutes
Screening, Behavioral Health - 1 unit per 15 minutes
Out of Office Therapy - 1 unit per 15 minutes
Out of Office Assessment - 1 unit per 90 minutes
Medication training and support, out of office - 1 unit per 15 minutes
Medication training and support in office - 1 unit per 15 minutes
Peer to Peer support, individual - 1 unit per 15 minutes
Crisis Intervention, telephonic, face to face, team - 1 unit per 15 minutes
Day treatment - 1 unit per 15 minutes
Basic Skills Training, individual or group - 1 unit per 15 minutes
Psychosocial rehabilitation, individual or group - 1 unit per 15 minutes

Not all above unit values are billing units, for those codes that have a unit of measure defined as an “encounter” in the current Procedural Coding Expert, the values listed are time comparables for rate development.
1. Non-residential mental health rehabilitation services provided by private entities or governmental entities that do not undergo the Medicaid cost identification and reporting procedures will be reimbursed based on a statewide fee schedule.

Rate Methodology:

The rates are market based. This model is developed to reflect service definitions, provider requirements, operational service delivery and administrative considerations. The following elements are used to determine the rates:

- Wage information is taken from the Bureau of Labor Statistics (BLS). The wage is based on similar occupations reported by BLS and identified by Medicaid staff as comparable to services provided under the mental health rehabilitation program.
- Employee related expenses (ERE) percentage of 27% was based on input from the Task Force members and Medicaid Staff. It includes paid vacation, paid sick leave, holiday pay, health insurance, life insurance, disability, workers compensation, and legally required payroll taxes.
- Productivity adjustment factor which accounts for the amount of non-billable time spent by staff. This includes the time staff needs to complete required documentation and record keeping, time associated with missed appointments and average travel time by the provider.
- Program Support costs – costs based on average of 4 hours per day. This is to assist with paperwork and follow-up related to treatment.
- Allowance for supervisory time - costs for the time directly spent in supervising the medical professional providing these services.
- Allowances for capital costs – the costs are not included in the Administrative overhead. It includes the average hourly expense for building rental and maintenance, equipment leasing and utility expenses.
- Administrative overhead, 10%, is the percentage of service costs that should result from non-direct care activities. It includes insurance, administrative staff, operations and management activities and office supplies. Capital and related expenses is not included. It also does not include staff training.

The following steps are used to determine the rates:

TN No. 07-009  
Approval Date: October 31, 2008  Effective Date: November 1, 2008  
Supersedes  
TN No. NEW
1. The State will use Nevada-specific hourly wages from the Bureau of Labor Statistics.
2. The hourly amount is increased by the 27% ERE.
3. A productivity factor is applied to the hourly compensation calculated in Item 2 to equal to the hourly rate.
4. The adjusted hourly rate per individual is the hourly rate per individual (Item 3) increased by the program support costs per hour per individual, allowance for supervisory time and capital costs per hours.
5. Administrative overhead (10%) is applied to the adjusted hourly rate per individual (Item 4).
6. Total hourly rate is the sum of the adjusted hourly rate per individual before administrative overhead (Item 4) and the administrative overhead (Item 5).
7. Total hourly rate is scaled to the proper unit based on the unit of service.
8. Group rate is the individual rate divided by the group size assumption.

These rates have been compared to other private sector fee-for-service rates. Documentation of the assumptions used, rate development methodology, and fee schedule payment rates will be maintained by The Division of Health Care Financing and Policy.

The Agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the Agency’s website at http://dhcfp.nv.gov/.

Services provided by an out-of-state provider require prior authorization by Nevada Medicaid, which must verify that the services required by Medicaid-eligible or pending-eligible clients are not available in Nevada. The out-of-state payment rate for services provided by an out-of-state provider is based on one of the following criteria:

a. The out-of-state provider will be paid the lesser of the provider’s billed charges or the fee-for-service rate that is paid to an in-state provider for the service.

b. If the out-of-state provider refuses to accept this rate, then the out-of-state provider may be paid the lesser of the provider’s billed charges or the same fee-for-service rate as it would be paid by its home state Medicaid program.
c. For services that cannot be provided by a provider that accepts payment under (A) or (B), the State will maintain a list of other qualified out-of-state providers, and will negotiate competitive rates that will not exceed the provider’s customary charge.”
Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. The agency’s fee schedule rates were set as of July 1, 2013 and are effective for services provided on or after that date. All rates are published on the agency’s website at https://dhcfp.nv.gov.

14. RESERVED

15. RESERVED

16. RESERVED

17. RESERVED

18. a. Emergency Transportation: Ground Ambulance or Air Ambulance (fixed wing or rotary aircraft): lower of: a) billed charge, or b) fixed basic rate plus fixed fee per mile. Effective July 1, 2013, the reimbursement rates will be increased by 15%.

b. Non-emergency transportation:

1. Non-emergency transportation is authorized through a contracted NET Broker, as specified in Attachment 3.1-D.

2. Reimbursement Methodology for Non-emergency Paratransit services provided by the Regional Transportation Commission (RTC) operated by local government entities:

   a. The lower of: a) billed charges; or b) a cost based rate.

   The cost based rate is calculated annually using each public provider’s annual operating budget and service utilization forecast and an applicable 10% indirect cost rate. Each public provider will submit an annual operating budget and service utilization forecast at least 60 days before the start of the next fiscal year. The budget forecast must reflect a projection for allowable, necessary and proper direct cost in providing services. The cost based rate is calculated as follows:

   1. Direct costs include the costs for fuel, tires and subcontracted costs that are directly related in providing the non-emergency transportation services. These costs must be in compliance with the Medicare reimbursement principle and OMB A-87.

   2. The total direct costs (from Item 1) are reduced by any federal grant funds received for the same services to arrive at the net allowable direct costs.

   3. Indirect costs are determined by applying a ten percent indirect cost rate to the net allowable direct costs (from Item 2).
4. Net allowable costs is the sum of the net allowable direct costs (Item 2) and indirect costs (Item 3).
5. The cost based rate is the net allowable costs (from Item 4) divided by the total forecasted transportation service utilization.

19. a. Services of Religious non-medical Healthcare Institution nurses: NOT PROVIDED.
   b. Services in Religious non-medical Healthcare Institutions sanitoria: NOT PROVIDED.
   c. Hospice Services: Reimbursed at the established annual Medicaid rate regardless of billed charges. The agency’s rates were set as of October 1, 2008 and are effective for services on or after that date. Rates are adjusted annually each year thereafter in accordance with 42CFR 418.
   d. Hospice provided in a long term care facility: Reimbursed 95% of the nursing facility daily rate for room and board provided by the nursing facility or long term care facility.

20. Emergency hospital services out-of-state: lower of: a) billed charges, or b) local Medicaid maximums. The agency’s rates were set as of July 1, 2005 and are effective for services on or after that date.

21. Personal care services in recipients’ home and setting outside the home: fixed hourly rate established by the State of Nevada legislative body. The agency’s rates were set as of July 1, 2009 and are effective for services on or after that date.

22. RESERVED
All Targeted Case Management groups will be reimbursed using the following methodologies effective as of July 1, 2009.

23. Targeted Case Management (TCM) services will be reimbursed as follows:

Prior to the beginning of each rate year, each of the governmental providers providing TCM services must select one the reimbursement methodologies described below for reimbursement. For example, by April 30, 2009, governmental providers must select a methodology for the rate year beginning July 1, 2009. Once a selected methodology is determined for a rate year, governmental providers will not be able to change the selected methodology until the following rate year.

A. Reimbursement Methodology for Targeted Case Management Services provided by a non-governmental entity and governmental entities who do not undergo the Medicaid cost identification and reporting procedures:

   I. TCM: One unit per 15 minutes.

   II. TCM services provided by a private/non-governmental entity and governmental entities that do not undergo the Medicaid cost identification and reporting procedures will be reimbursed the lower of a) billed charges, or b) a fixed quarter hour rate.

III. The quarterly hour rate is a market based model. This model reflects service definitions, provider requirements, operational service delivery and administrative considerations. The following elements are used to determine the rate:

   1. Wage Information is taken from the Bureau of Labor Statistics (BLS). The wage is based on similar occupations reported by BLS and identified by Medicaid staff as comparable to CM and TCM services.

   2. Employee rated expenses (ERE) percentage of 27% was based on input from the Provider Rates Task Force members and Medicaid Staff. It includes paid vacation, paid sick leave, holiday pay, health insurance, life insurance, disability, workers compensation and legally required payroll taxes.

   3. Productivity adjustment factor which accounts for the amount of non-billable time spent by staff. This includes the time staff needs to complete required documentation and record keeping, time associated with missed appointments and average travel time by the provider.

   4. Allowance for supervisory time – costs for the time directly spent in supervising the professional providing this CM and/or TCM service.

   5. Allowance for capital costs – the costs are not included in the administrative overhead. It includes the average hourly expense, for building rental and maintenance, equipment leasing and utility expenses.

   6. Allowance for mileage – the average costs related to the miles to travel to clients.

TN No. 08-006 Approval Date: March 17, 2009 Effective Date: November 1, 2008
Supersedes TN No. 08-017
7. Administrative overhead, 10%, is the percentage of service cost that should result from non-direct care activities. It includes insurance, administrative staff, operations and management activities and office supplies. Capital and related expenses is not included. It also does not include staff training.

IV. The following steps are used to determine the fixed quarter hour rate:

1. The State will use Nevada-specific hourly wages from the Bureau of Labor Statistics.
2. This hourly compensation is increased by the 27% ERE.
3. A productivity factor is applied to the hourly compensation calculated in Item 2 to equal the adjusted hourly rate.
4. Allowance for supervisory time is determined.
5. Administrative overhead (10%) is applied to the sum of adjusted hourly rate (Item 3) and the allowance for supervisory (Item 4).
6. Allowance for mileage cost is determined.
7. Allowance for capital costs is determined.
8. Fixed hourly rate is the sum of adjusted hourly rate (Item 3), allowance for supervisory time (Item 4), administrative overhead (Item 5), allowance for mileage (Item 6), and allowance for capital costs (Item 7).
9. Quarter hour rate is the fixed hourly rate (Item 8) divided by 4.

This rate has been compared to other private sector fee-for-service rates.

Documentation of the assumptions used, rate development methodology, and fee schedule payment rates will be maintained by the Division of Health Care Financing and Policy.

The Agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the Agency’s website at www.dhcfp.nv.gov.

B. Reimbursement Methodology for Targeted Case Management Services provided by a state or local government entity:

Targeted Case Management services provided by a state or local government entity are reimbursed according to one of the following two payment methodologies. The second methodology must be used by providers who undergo all Medicaid cost identification, reporting, reconciliation and settlement procedures.

I. The lower of: a) billed charges; or b) a cost based rate. The cost-based rate is an annual rate developed based on historic costs. Cost based rates will be calculated annually and are determined by dividing estimated reimbursable costs of providing Medicaid-covered services by the projected total direct medical service utilization for the upcoming fiscal period.
Each public provider will submit an annual operating budget and service utilization forecast at least 60 days before the start of the next fiscal year. The budget forecast must reflect a projection for allowable, necessary and proper expenses in providing Medicaid-covered services. Allowable costs are those direct and indirect costs deemed allowable by CMS which are incurred and are proper and necessary to efficiently deliver needed services. Direct costs include unallocated payroll costs and other unallocated costs that can be directly charged to covered medical services. Direct payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. Other direct costs include costs directly related to the delivery of covered services, such as supervision, materials and supplies, professional and contracted services, capital outlay, and travel. These direct costs are accumulated on the annual cost report, resulting in total direct costs.

The Agency’s rates were set as of July 1, 2007 and are effective for services on or after July 1, 2009. All rates are published on the Agency’s website at www.dhcfp.nv.gov.

II. the lower of: a) billed charges; or b) an interim rate. The Interim rate is the rate for a specific service for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period.

To determine the Medicaid-allowable direct and indirect costs of providing Targeted Case Management services the following steps are performed:

1. Interim Rates

   Governmental providers are reimbursed on an interim basis for direct medical services per unit of service at the lesser of the provider’s billed charges or a provider-specific interim rate. A provider-specific interim rate is an annual rate for the specific services for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period. Interim rates are based on program experience and cost data reported during the prior fiscal year.

2. Annual Cost Report Process

   Each governmental provider will complete an annual cost report in the format prescribed by Nevada Medicaid in the Medicaid Operations Manual for all medical services delivered during the previous state fiscal year covering July 1 through June 30. The cost report is due on or before December 1 of the year following the close of the reporting period. The primary purposes of the cost report are to:

   a. document the provider’s total Medicaid-allowable cost for delivering the medical services, including direct costs and indirect costs.
   b. reconcile its interim payments to its total Medicaid-allowable costs.
The annual Medicaid Cost Report includes a certification of expenditures statement to be completed, certifying the provider's actual, incurred allocable and allowable costs/expenditures. All filed annual Cost Reports are subject to audit by DCHFP or its designee.

To determine the Medicaid-allowable direct and indirect costs of providing covered services to Medicaid-eligible clients, the following steps are performed:

A. Settings that are primarily providing medical services:

   (a.) Direct costs for covered services include unallocated payroll costs and other unallocated costs that can be directly charged to covered medical services. Direct payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. Other direct costs include costs directly related to the delivery of covered services, such as supervision, materials and supplies, professional and contracted services, capital outlay, and travel. These costs must be in compliance with Medicaid non-institutional reimbursement policy and are accumulated on the annual cost report, resulting in total direct costs.

   (b.) Total direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs for covered services.

   (c.) Indirect costs are determined by applying the agency specific approved indirect cost rate to its net direct costs. If the provider has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These allocated indirect costs are reduced by any unallowable amount based on Medicaid non-intuitional reimbursement policy. The indirect costs details are accumulated on the annual cost report.

   (d.) Net direct costs (b) and indirect costs (c) are combined.

   (e.) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Targeted Case Management services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that case management service personnel spend on direct Targeted
Case Management services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct Targeted Case Management services time study percentage is applied against the net direct and indirect costs.

(f.) Medicaid’s portion of total allowable costs is calculated by multiplying the result from item (e) above to the ratio of the total units of service provided to Medicaid eligible clients to the total units of service provided.

(g.) Total Medicaid allowable costs (f) is reduced by any revenue, e.g. Medicaid co-payments, TPL, received for the same services to arrive at the total Medicaid net allocable and allowable costs.

B. Facilities that are used for multiple purposes and the provision of medical services is not the primary purpose:

   a) Direct costs include unallocated payroll costs and medical equipment and supplies. Unallocated payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff.

   b) The Direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs.

   c) Indirect costs are determined by applying the agency specified approved indirect cost rate to its net direct costs (Item b.). If the entity has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These indirect costs are reduced by any allowable amount. For these facilities, allowable costs are only those costs that are “directly attributable” to the professional component of providing the medical services and are in compliance with Medicaid non-institutional reimbursement policy. For those costs incurred that “benefit” multiple purposes but would be incurred at the same level if the medical services did not occur are not allowed, e.g., room and board, allocated cost from other related organizations. The indirect cost details are accumulated on the annual cost report.
d) Net direct costs (Item (b)) and indirect costs (Item (c)) are combined.

(e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Targeted Case Management services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that case management service personnel spend on direct Targeted Case Management services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct Targeted Case Management services time study percentage is applied against the net direct and indirect costs.

(f) Medicaid’s portion of the total net allocable and allowable costs is calculated by multiplying the result from Item (e) above to the ratio of total units of service provided to Medicaid eligible clients to the total units of service provided.

(g) Total Medicaid allowable costs (Item f) is reduced by any revenue received for the same services, e.g. Medicaid co-payments and TPL, to arrive at the total Medicaid net allocable and allowable costs.

3. **Cost Reconciliation Process**

   Governmental providers will be responsible for reconciling total computable costs reported on the cost report to the provider’s Medicaid interim payments for Medicaid services delivered during the reporting period as document in the MMIS, resulting in cost reconciliation. The cost reconciliation process must be completed within twenty-four months of the end of the reporting period covered by the annual Cost Report.

4. **Cost Settlement Process**

   If a governmental provider's interim payments exceed the actual, certified costs of the provider for services to Medicaid clients, DHCFP will recoup the federal share of the overpayment using one of the following two methods:

   1. Off-set all future claims payments from the provider until the amount of the federal share of the overpayment is recovered;
   2. The provider will return an amount equal to the overpayment.
If the actual, certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement.

DHCFP will issue a notice of settlement that denotes the amount due to or from the provider.
24. RESERVED

25. Newly developed Current Procedural Terminology (CPT) codes determined to be for Nevada Medicaid covered services: Codes for those services with a rate methodology which uses resource based relative value scale (RBRVS), as specified elsewhere in this Attachment, will be entered into the system using the Nevada specific unit value developed by Medicare. The 2002 Medicare Physician Fee Schedule conversion factor will be used to calculate payment for these newly developed codes where the RBRVS is used. The maximum allowable will be established by multiplying the unit value and the 2002 conversion factor and then paying the appropriate percentage, as specified elsewhere in this Attachment, based on the provider type, service type and CPT code range.

If a code is billed that has no Nevada specific Medicare rate, the Division will determine if there is national Medicare pricing. If so, the service will be paid at the appropriate percentage of the rate, as specified elsewhere in this Attachment. If there is no national Medicare pricing, the Division will establish pricing based on similar services.
26. Surgical services provided in both hospital-based and freestanding Ambulatory Surgical Centers (ASC)

   a. The Division adopts for reference the list of eligible codes for surgical centers for ambulatory patients and the payment groups to which those codes are assigned for services paid on or after September 1, 2003. This listing was established by Centers for Medicare and Medicaid Services (CMS) in 1997 and modified in 2000 and 2003.

   b. The Division also adopts as a base, the payment amounts for groupings 1-9 as published in 42 CFR part 416 dated March 28, 2003. To ensure access of services, these payment amounts will be increased by 50% for hospital-based ambulatory surgical center services and 20% for freestanding ambulatory surgical center services. Services covered by Nevada Medicaid will be processed at these payment amounts.

   c. Codes not on the Medicare list that are deemed appropriate to be performed in an ASC setting will be paid at the appropriate grouping level based on the services performed.

   d. In the case of multiple procedures the following adjustments to the fee schedule are made:
      1) First procedure 100% of fee schedule
      2) Second procedure 50% of fee schedule
      3) Third procedure 25% of fee schedule
      4) Fourth procedure 10% of fee schedule
      5) Fifth and thereafter procedures 5% of fee schedule

   e. Professional services are reimbursed as indicated in page 1c of section 4.19-B.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of hospital-based and freestanding Ambulatory Surgical Centers (ASC). The agency’s fee schedule rates were set as of July 1, 2013 and are effective for services provided on or after that date. All rates are published at: https://dhcfp.nv.gov/index.htm.
Methods and Standards Used to Determine Payment
For Emergency Medical Services for Illegal Aliens

Hospital, emergency clinics, and county social service/welfare departments have been informed about the availability of emergency medical services and application procedures for aliens who have not been lawfully admitted for permanent residence or otherwise are not permanently residing in the United States under color of law.

When a hospital, clinic, or county social service department determines a person receiving emergency services is indigent and an illegal alien, the alien will be referred to the State Welfare Division District Office for application. If the applicant is unable or reluctant to go to the Welfare District Office, the hospital/clinic/social service department will assist the applicant in completing the application and gathering verification and will send the application and verification to the Welfare District Office with the billing(s).

The District Office eligibility worker will request from the provider a bill or other evidence services were rendered and will obtain an application (if not already completed) and necessary verifications/information. The eligibility worker will approve eligibility for the months in which services were rendered and the applicant meets income/resource and other criteria (e.g., disability or incapacity). (A Medicaid card will not be issued to the client.) Providers will be notified of client eligibility so applicable bills may be submitted to the Medicaid fiscal agent for payment determination and processing based on whether the alleged qualifying services actually met the emergency criteria. The fiscal agent will notify providers of the reason for any payment denial.

Medicaid will make payment only for the alien's care and services which are necessary for the treatment after sudden onset of an emergency medical condition. As defined in Section 1903(v), an "emergency medical condition means a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in --

"(A) placing the patient's health in serious jeopardy,

"(B) serious impairment to bodily functions, or

"(C) serious dysfunction of any bodily organ or part."
Payment for Qualified Medicare Beneficiaries (QMBs)

For Qualified Medicare Beneficiaries, Nevada Medicare will pay the Medicare deductibles and coinsurance subject to the following limitation: the Medicare payment (allowable charge) plus the deductible and coinsurance may not exceed the Medicaid maximum allowable payment. For Medicare services, which are not covered by Nevada Medicaid, or for which Nevada Medicaid does not have an established payment rate, Nevada Medicaid will pay the Medicare deductible and coinsurance amounts.

QMB claims for services which are covered by Medicare are not subject to Medicaid limitations. Medicaid will reimburse the deductible and coinsurance up to the Medicaid maximum allowable payment. Also prior authorization is not required for Medicare allowable services for dually entitled QMBs. If Medicare benefits are exhausted or Medicare does not cover the service and the service is covered by Medicaid, prior authorization is required if the service or benefit normally requires it.
REIMBURSEMENT FOR INDIAN HEALTH SERVICE AND TRIBAL 638 HEALTH FACILITIES

Effective January 1, 2015, Nevada Medicaid will reimburse Indian Health Services facilities and Tribal 638 facilities in accordance with the most recent published Federal Register notice.

The published, all inclusive, rate is paid for up to five (5) face-to-face encounters/visits per recipient per day. Encounters/visits are limited to healthcare professionals as approved under the Nevada Medicaid State Plan.
Enhanced Rates for Practitioner Services delivered by the University of Nevada School of Medicine

In order to ensure access to University of Nevada School of Medicine (UNSOM) Practitioner Services by needy individuals in the state of Nevada and to recognize the higher cost of providing Practitioner Services in a teaching environment, UNSOM shall be paid a Supplemental Payment for such services to Medicaid recipients which is in addition to the Medicaid Base Rate(s) normally paid for said services.

The Supplemental Payment for any quarterly Service Period shall be calculated as:

\[
\text{Supplemental Payment} = \frac{\text{Medicare Equivalent Ratio} \times (\text{sum of Medicaid Services paid for during the Service Period} \times \text{Medicare Reimbursement Rates})}{\text{Medicare Equivalent Ratio} \times (\text{sum of Medicaid Services paid for during the Service Period} \times \text{Medicare Reimbursement Rates})} - \text{Medicaid Services paid for during the Service Period} \times \text{Medicaid Base Rates}
\]

provided, however, that in no event shall total reimbursements (i.e., Medicaid Base Rate plus Supplemental Payments) during any Service Period exceed the Reimbursement Ceiling for that Service Period.

For the purposes of this policy, the following definitions shall apply:

- **Medicare Equivalent Ratio** means the Reimbursement Ceiling divided by the sum of the products of all Medicaid Services provided during the Base Period and the Medicare Reimbursement Rates for those services during the Base Period.

- **Medicaid Services**, when calculating Medicare Equivalent Ratio and Reimbursement Ceiling for the Base Period, means Practitioner Services enumerated by HCPCS/CPT code, delivered to Medicaid eligible recipients, and paid during the Base Period.

- **Medicare Reimbursement Rate(s)**, when calculating Medicare Equivalent Ratio, means the applicable Medicare fee for service reimbursement rate(s) published for the Base Period by the U.S. Department of Health and Human Services - Centers for Medicare & Medicaid Services.

- **Medicaid Reimbursement Rate(s)** means the applicable Medicare fee for service reimbursement rate(s) published from time to time for the Service Period by the U.S. Department of Health and Human Services - Centers for Medicare & Medicaid Services.

- **Medicaid Base Rate(s)** means the applicable Medicaid fee for service reimbursement rate(s) published for the applicable Base Period or Service Period by the State of Nevada - Division of Health Care Financing and Policy.

TN No. 06-009  Approval Date: December 21, 2007  Effective Date: July 1, 2006
Supersedes  
TN No. 03-003
Reimbursement Ceiling, when calculating Medicare Equivalent Ratio, means the sum of the products of all Medicaid Services delivered and paid during the Base Period and the Average Reimbursement by Third Party Payers for those services for the same period.

As otherwise used herein, Reimbursement Ceiling means the sum of the products of all Medicaid Services delivered and paid during the Service Period and the Average Reimbursement by Third Party Payers for those services for the same period.

Average Reimbursement by Third Party Payers means, for each procedure (HCPCS/CPT) code, the average reimbursement amount of the top five (5) commercial payers to UNSOM during the Base Period. "Commercial payers" exclude Medicare, Workers Compensation and any other payer(s) not subject to market forces.

Service Period means a three month period commencing on the effective date of this provision, the accompanying UNSOM supplemental payment analysis will be rebased every 3 years.

Base Period means the one year period commencing January of the previous year of the rebasing year and ending December 31 of the same year.

Practitioner means an individual who is employed by the University Of Nevada School Of Medicine and is either a Physician (MD or DO), Physician Assistant (PA-C), Advanced Practitioner of Nursing (APN), Clinical Psychologist, Licensed Registered Nurse, Licensed Nurse Practitioner, Licensed Clinical Social Worker (LCSW), Licensed Marriage and Family Therapist (LMFT), Licensed Clinical Professional Counselor, Interns and Psychological Assistants.

Practitioner Services means medical services (enumerated by HCPCS/CPT code) delivered to eligible Medicaid recipients by a Practitioner.
End Stage Renal Disease (ESRD) Dialysis Procedure Payment and ESRD Facilities

Routine dialysis services, CPT code 90999, will be paid the lower of 1.) billed charges, or 2.) a fixed fee. Routine dialysis services are all services provided in conjunction with the dialysis treatment as defined in the Medicare ESRD Facility Prospective Payment System Rate.

The fixed fee will be 100% of the Nevada Medicare ESRD Prospective Payment System (PPS) base rate multiplied by the current ESRD Wage Index Locality Factor for Nevada for independent and hospital-based facilities.

The agency’s rate was set as of January 12, 2013 and is effective for services on or after that date. All rates are published on the agency’s website at: www.dhcfp.nv.gov.

The Prospective Payment System fixed fee and effective date will be set according to the most current Medicare ESRD Prospective Payment System base rate. Medicare updates their Prospective Payment System rate as needed.

Other services billed by ESRD Facilities using Current Procedural Terminology (CPT) codes will be calculated using the unit values for the Nevada-specific resource based relative value scale (RBRVS) for the year that the specific CPT code was set in the system and the 2002 Medicare Physician Fee Schedule conversion factor. Payment will be the lower of billed charges, or the amounts specified below:

- Surgical codes 10000 – 58999 and 60000 – 69999 will be reimbursed at 85% of the Medicare facility rate.
- Radiology codes 70000 – 79999 will be reimbursed at 85% of the Medicare facility rate.
- Medicine codes 90000 – 99199 and Evaluation and Management codes 99201 – 99499 will be reimbursed at 72.25% of the Medicare non-facility rate with the exception of the following: Immunization Administration Codes will be reimbursed at $7.80 and Vaccine Products will be reimbursed at 85% of the Medicare non-facility rate.

The agency’s rates were set as of August 1, 2011 and are effective for services on or after that date. All rates are published on the agency’s website at: www.dhcfp.nv.gov.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of ESRD services.

TN No. NEW
Reimbursement Methodology for Adult Day Health Care (ADHC) Services provided by a non-governmental entity and governmental entities who do not undergo the Medicaid cost identification and reporting procedures:

Prior to the beginning of each rate year, each of the governmental providers providing ADHC services must select one of the reimbursement methodologies described below for reimbursement. For example, by April 30, 2013, governmental providers must select a methodology for the rate year beginning July 1, 2013. Once a selected methodology is determined for a rate year, governmental providers will not be able to change the selected methodology until the following rate year.

The Agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the Agency’s website at www.dhcfp.nv.gov.

The billable unit of service for ADHC is 1 unit per 15 minutes or the daily rate.

- If services are authorized and provided for less than 6 hours per day, provider should bill one unit for each 15 minutes;
- If services are authorized and provided for 6 hours or more per day, provider should bill the per diem rate.

**Rate Methodology:**
The rate is market based. This model is developed to reflect service definitions, provider requirements, operational service delivery and administrative considerations. The following elements are used to determine the rate:

- Wage information is taken from the Bureau of Labor Statistics (BLS). The wage is based on similar occupations reported by BLS and identified by Medicaid staff as comparable to ADHC services.
- Employee related expenses (ERE) percentage of 27% was based on input from the Task Force members and Medicaid Staff. It includes paid vacation, paid sick leave, holiday pay, health insurance, life insurance, disability, workers compensation, and legally required payroll taxes.
- Productivity adjustment factor which accounts for the amount of non-billable time spent by staff. This includes the time staff needs to complete required documentation and record keeping, time associated with missed appointments and average travel time by the provider.
- Administrative overhead, 10%, is the percentage of service cost that should result from non-direct care activities. It includes insurance, administrative staff, operations and management activities and office supplies. Capital and related expenses is not included. It also does not include staff training.
Allowances for capital costs – the costs are not included in the Administrative overhead. It includes the average hourly expense for building rental and maintenance, equipment leasing and utility expenses.

The following steps are used to determine the rate:

2. This hourly compensation is increased by the 27% ERE.
3. A productivity factor is applied to the hourly compensation calculated in Item 2 to equal to the adjusted hourly rate.
4. Administrative overhead (10%) is applied to the adjusted hourly rate (Item 3).
5. Determine allowance for capital costs per hour.
6. Fixed hourly rate is the sum of adjusted hourly rate (Item 3), administrative overhead (Item 4) and capital costs (Item 5).
7. Fixed hourly rate is scaled to the proper unit based on the procedure code.

This rate has been compared to government entities who do not follow all cost reporting rules and other private sector fee-for-service rates. Documentation of the assumptions used, rate development methodology, and fee schedule payment rates will be maintained by The Division of Health Care Financing and Policy.

A. Reimbursement Methodology for Adult Day Health Care (ADHC) services provided by a state or local government entity:

ADHC services provided by a state or local government entity are reimbursed according to the following payment methodology. This methodology is used by providers who undergo all Medicaid cost identification, reporting, reconciliation and settlement procedures.

I. The lower of: a) billed charges; or b) an interim rate. The Interim rate is the rate for a specific service for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period.

To determine the Medicaid-allowable direct and indirect costs of providing Adult Day Health Care Services the following steps are performed:

1. Interim Rates

Governmental providers are reimbursed on an interim basis for direct medical services per unit of service at the lesser of the provider’s billed charges or a provider-specific interim rate. A provider-specific interim rate is an annual rate for the specific services for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period. Interim rates are based on program experience and cost data reported during the prior fiscal year.
2. **Annual Cost Report Process**

Each governmental provider will complete an annual cost report in the format prescribed by Nevada Medicaid for all medical services delivered during the previous state fiscal year covering July 1 through June 30. The cost report is due on or before December 1 of the year following the close of the reporting period.

The primary purposes of the cost report are to:

a. document the provider's total Medicaid-allowable cost for delivering the medical services, including direct costs and indirect costs.

b. reconcile its interim payments to its total Medicaid-allowable costs.

The annual Medicaid Cost Report includes a certification of expenditures statement to be completed, certifying the provider's actual, incurred allocable and allowable costs/expenditures. All filed annual Cost Reports are subject to audit by DHCFP or its designee.

B. **Settings that are primarily providing medical services:**

a) Direct costs for covered services include unallocated payroll costs and other unallocated costs that can be directly charged to covered medical services. Direct payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. Other direct costs include costs directly related to the delivery of covered services, such as supervision, materials and supplies, professional and contracted services, capital outlay, and travel. These costs must be in compliance with Medicaid non-institutional reimbursement policy and are accumulated on the annual cost report, resulting in total direct costs.

b) Total direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs for covered services.

c) Indirect costs are determined by applying the cognizant agency approved indirect cost rate to its net direct costs. If the provider has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These allocated indirect costs are reduced by any unallowable amount based on Medicaid non-institutional reimbursement policy. The indirect cost details are accumulated on the annual cost report.

d) Net direct costs (b) and indirect costs (c) are combined.

e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the ADHC services described in the applicable section 3.1-A State Plan pages and is used to determine the percentage of time that service personnel spend on direct ADHC.
f) Services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct Adult Day Health Care Services time study percentage is applied against the net direct and indirect costs.

g) Medicaid’s portion of total allowable costs is calculated by multiplying the result from item (e) above to the ratio of the total units of service provided to Medicaid eligible clients to the total units of service provided.

h) Total Medicaid allowable costs (f) is reduced by any revenue, e.g. Medicaid co-payments, TPL, received for the same services to arrive at the total Medicaid net allocable and allowable costs.

C. Facilities that are used for multiple purposes and the provision of medical services is not the primary purpose:

a) Direct costs include unallocated payroll costs and medical equipment and supplies. Unallocated payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff.

b) The Direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs.

c) Indirect costs are determined by applying the cognizant agency approved indirect cost rate to its net direct costs (Item b.). If the entity has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These indirect costs are reduced by any allowable amount. For these facilities, allowable costs are only those costs that are “directly attributable” to the professional component of providing the medical services and are in compliance with Medicaid non-institutional reimbursement policy. For those costs incurred that “benefit” multiple purposes but would be incurred at the same level if the medical services did not occur are not allowed, e.g., room and board, allocated cost from other related organizations. The indirect cost details are accumulated on the annual cost report.

d) Net direct costs (Item (b)) and indirect costs (Item (c)) are combined.

e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Adult Day Health Care Services described in the applicable section 3.1-A State Plan pages and is used to determine the percentage of time that service personnel spend on direct Adult Day Health Care Services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services. The direct Adult Day Health Care Services time study percentage is applied against the net direct and indirect costs.
Day Health Care Services time study percentage is applied against the net direct and indirect costs.

f) Medicaid’s portion of the total net allocable and allowable costs is calculated by multiplying the result from Item (e) above to the ratio of total units of service provided to Medicaid eligible clients to the total units of service provided.

g) Total Medicaid allowable costs (Item f) is reduced by any revenue received for the same services, e.g. Medicaid co-payments and TPL, to arrive at the total Medicaid net allocable and allowable costs.

3. Cost Reconciliation Process

Governmental providers will be responsible for reconciling total computable costs reported on the cost report to the provider’s Medicaid interim payments for Medicaid services delivered during the reporting period as documented in the MMIS, resulting in cost reconciliation. The cost reconciliation process must be completed within twenty-four months of the end of the reporting period covered by the annual Cost Report.

4. Cost Settlement Process

If a governmental provider's interim payments exceed the actual, certified costs of the provider for services to Medicaid clients, DHCFP will recoup the federal share of the overpayment using one of the following two methods:

1. Off-set all future claims payments from the provider until the amount of the federal share of the overpayment is recovered;
2. The provider will return an amount equal to the overpayment.

If the actual, certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement.

DHCFP will issue a notice of settlement that denotes the amount due to or from the provider.
Services provided by an out-of-state provider require prior authorization by Nevada Medicaid, which must verify that the services required by Medicaid-eligible or pending-eligible clients are not available in Nevada. The out-of-state payment rate for services provided by an out-of-state provider is based on one of the following criteria:

a. The out-of-state provider will be paid the lesser of the provider’s billed charges or the fee-for-service rate that is paid to an in-state provider for the service.

b. If the out-of-state provider refuses to accept this rate, then the out-of-state provider may be paid the lesser of the provider’s billed charges or the same fee-for-service rate as it would be paid by its home state Medicaid program.

c. For services that cannot be provided by a provider that accepts payment under (A) or (B), the State will maintain a list of other qualified out-of-state providers, and will negotiate competitive rates that will not exceed the provider’s customary charge.
8. Fixed hourly rate is scaled to the proper unit based on the procedure code.

This rate has been compared to other private sector fee-for-service rates. Documentation of the assumptions used, rate development methodology, and fee schedule payment rates will be maintained by The Division of Health Care Financing and Policy.

The agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the agency’s website at: http://dhcfp.nv.gov.
1915(i) Home and Community Based Services (HCBS) State Plan Services

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

Services provided by an out-of-state provider require prior authorization by Nevada Medicaid, which must verify that the services required by Medicaid-eligible or pending-eligible clients are not available in Nevada. The out-of-state payment rate for services provided by an out-of-state provider is based on one of the following criteria:

d. The out-of-state provider will be paid the lesser of the provider’s billed charges or the fee-for-service rate that is paid to an in-state provider for the service.

e. If the out-of-state provider refuses to accept this rate, then the out-of-state provider may be paid the lesser of the provider’s billed charges or the same fee-for-service rate as it would be paid by its home state Medicaid program.

f. For services that cannot be provided by a provider that accepts payment under (A) or (B), the State will maintain a list of other qualified out-of-state providers, and will negotiate competitive rates that will not exceed the provider’s customary charge.
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

Habilitation

Home and Community Based Services (HCBS) Home-Based Habilitation

The billable units of service for Home-Based Habilitation Services are:

- Half Day Medical Rehab – 1 unit is 3 hrs
- Full Day Medical Rehab – 1 unit is 6 hrs
- Residential Medical Rehab – 1 unit is 24 hours
- Community/work integration training – 1 unit per 15 mins

The Home-Based Habilitation Services are reimbursed the lower of a) billed charges for b) fee schedule rates of:

- Half Day Medical Rehab - $220.38/unit
- Full Day Medical Rehab - $440.75/unit
- Residential Medical Rehab - $651.00/per diem
- Community/work integration training - $5.38/unit

The fee schedule rates for the billing units of the Home-Based Habilitation services are developed based on the following components:

- Wage information – except for physician, wage information is based on reports from the Bureau of Labor Statistics (BLS) and identified by Medicaid staff as comparable to Home-Based Habilitation services. The healthcare professionals for home-based habilitation services include:
  - Case Managers
  - Therapists (PT/OT/ST)
  - Registered Nurses
  - Rehab Technicians
  - Psychologists

- Physician Contract Costs – estimate of hourly cost of contracted physician is based on BLS reports for gross salary of primary care physicians, grossed up to reflect ratio of practice revenue to pre-tax salary equivalent.

- Employee related expenses (ERE) percentage of 27% includes employee benefits such as life insurance, medical insurance, employee education benefits, etc. and statutory employer contributions such as social security, unemployment insurance, workers compensation and Medicare.

- Other costs and economy factor: Approximately 35% of total business costs relate to non-direct care activities. Non-direct care activities include facility rent/lease, purchased services, accounting, legal, utilities, supplies, postage, copying, administrative/business travel, insurance, fidelity bond, etc.
The economy factor, approximately 15%, represents an additional premium in addition to direct and other costs to attract willing and qualified service providers.

The following steps are used to form a reasonable basis to determine the average fee schedule rates:

1. The State will use the hourly wage information of each healthcare professional, from the BLS and the contract rate estimate for physicians.
2. The hourly compensation for each professional is allocated to each billable service unit, i.e. half day, full day and 24 hours residential, based on the average proportion of the time each healthcare professional provided for each billable service unit.
3. The aggregate amount of each individual professional’s allocated compensation by billable service unit (Item 2) is increased by 27% of ERE to equal to direct care costs by each billable service unit.
4. Other costs and economy factor are applied to the direct care costs by each billable service unit (Item 3) to equal the estimated amount of all other costs and economy factor by each billable unit.
5. The sum of direct care costs (Item 3) and other costs and economy factor (Item 4) of all the billable services is adjusted to account for the impact of utilization patterns to arrive at the fee schedule rate for each of the billable services. The utilization of each billable service unit is:
   - Half Day Medical Rehab - 5%
   - Full Day Medical Rehab - 50%
   - 24 hour Residential - 45%

The agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the agency’s website at: http://dhcfp.nv.gov.
For Individuals with Chronic Mental Illness, the following services provided by a government entity:

- Home and Community Based Services (HCBS) Day Treatment or Other Partial Hospitalization Services for Individuals with Chronic Mental Illness

  Partial Hospitalization - 1 unit per 60 mins
  Intensive Outpatient Program - per Diem

**Rate Methodology:**

HCBS Day Treatment or Other Partial Hospitalization services provided by a state or local government entity for individuals with chronic mental illness are reimbursed according to a methodology used to certify costs as representing expenditures eligible for FFP and may be used only by providers who undergo all Medicaid cost identification, reporting, reconciliation and settlement procedures.

I. the lower of: a) billed charges; or b) an interim rate. The Interim rate is the rate for a specific service for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period.

To determine the Medicaid-allowable direct and indirect costs of providing HCBS Day Treatment or Other Partial Hospitalization services the following steps are performed:

1. **Interim Rates**

   Governmental providers are reimbursed on an interim basis for direct medical services per unit of service at the lesser of the provider’s billed charges or a provider-specific interim rate. A provider-specific interim rate is an annual rate for the specific services for a period that is provisional in nature, pending the completion of cost reconciliation and a cost settlement for that period. Interim rates are based on program experience and cost data reported during the prior fiscal year.

2. **Annual Cost Report Process**

   Each governmental provider will complete an annual cost report in the format proscribed by Nevada Medicaid in the Medicaid Operations Manual for all medical services delivered during the previous state fiscal year covering July 1 through June 30. The cost report is due on or before December 1 of the year following the close of the reporting period. The primary purposes of the cost report are to:

   a. document the provider's total Medicaid-allowable cost for delivering the medical services, including direct costs and indirect costs, based on the methodologies/steps described below; and
   b. reconcile its interim payments to its total Medicaid-allowable costs.
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

The methodologies/steps are incorporated in the approved Cost Allocation Plan (PACAP) to facilitate the accumulation of Medicaid allocable and allowable cost.

The annual Medicaid Cost Report includes a certification of the provider's actual, incurred allocable and allowable Medicaid costs/expenditures. All filed annual Cost Reports are subject to audit by DCHFP or its designee.

To determine the Medicaid-allowable direct and indirect costs of providing covered services to Medicaid-eligible clients, the following steps are performed:

A. Facilities that are primarily providing medical services

(a) Direct costs for covered services include unallocated payroll costs and other unallocated costs that can be directly charged to covered medical services. Direct payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. Other direct costs include costs directly related to the delivery of covered services, such as supervision, materials and supplies, professional and contracted services, capital outlay, and travel. These costs must be in compliance with Medicaid non-institutional reimbursement policy and are accumulated on the annual cost report, resulting in total direct costs.

(b) The direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs resulting in adjusted direct costs for covered services.

(c) Indirect costs are determined by either applying the agency specific approved indirect cost rate to its net direct costs. If the provider has no approved indirect cost rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan. These allocated indirect costs are reduced by any unallowable amount based on Medicaid non-institutional reimbursement policy. The indirect costs details are accumulated on the annual cost report.

(d) Net direct costs (Item b) and indirect costs (Item c) are combined.

(e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the Medical services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that medical service personnel spend on direct medical services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This CMS approved time study methodology will be used to separate administrative activities and direct services.
The direct medical services time study percentage is applied against the net direct and indirect costs.

(f) Medicaid’s portion of total allowable costs is calculated by multiplying the result from Item (e) above to the ratio of the total units of service provided to Medicaid eligible clients to the total units of service provided.

(g) Total Medicaid allowable costs (Item f) is reduced by any revenue, e.g. Medicaid co-payments and TPL, received for the same service to arrive at the total Medicaid net allocable and allowable costs.

B. Facilities that are used for multiple purposes, and the provision of medical services is not the primary purpose

(a) Direct costs include unallocated payroll costs and medical equipment and supplies. Unallocated payroll costs include total compensation (i.e., salaries and benefits and contract compensation) of direct care staff. These costs are accumulated on the annual cost report.

(b) The Direct costs from Item (a) are reduced by any amount that is not in compliance with Medicaid non-institutional reimbursement policy and are further reduced by any federal payments for those costs, resulting in adjusted direct costs.

(c) Indirect costs are determined by applying the agency specific approved indirect cost rate to its net direct costs (Item b.). If the entity has no approved indirect costs rate, the allocated indirect costs can be derived from the allocation process through the provider’s approved cost allocation plan.

These indirect costs are reduced by any unallowable amount. For these facilities, allowable costs are only those costs that are “directly attributable” to the professional component of providing the medical services and are in compliance with Medicaid non-institutional reimbursement policy. For those costs incurred that “benefit” multiple purposes but would be incurred at the same level if the medical services did not occur are not allowed, e.g. room and board, allocated cost from other related organizations. The indirect cost details are accumulated on the annual cost report.

(d) Net direct costs (Item (b)) and indirect costs (Item (c)) are combined.
1915(i) Home and Community Based Services (HCBS) State Plan Services

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

(e) A CMS approved time study is required when providers of service do not spend 100% of their time providing the medical services described in the applicable section 3.1-A State plan pages and is used to determine the percentage of time that medical service personnel spend on direct medical services, general and administrative time, and all other activities to account for 100 percent of the time to assure that there is no duplicate claiming. This time study methodology will be used to separate administrative activities and direct services. The direct medical services CMS approved time study percentage is applied against the net direct and indirect costs.

(f) Medicaid’s portion of the total net allocable and allowable costs is calculated by multiplying the result from Item (e) above to the ratio of total units of service provided to Medicaid eligible clients to the total units of service provided.

(g) Total Medicaid allowable costs (Item f) is reduced by any revenue received for the same services, e.g. Medicaid co-payments and TPL, to arrive at the total Medicaid net allocable and allowable costs.

3. Cost Reconciliation Process

Governmental providers will be responsible for reconciling total allowable computable costs reported on the cost report to the provider’s Medicaid interim payments for Medicaid services delivered during the reporting period as document in the MMIS, resulting in cost reconciliation. The cost reconciliation process must be completed within twenty-four months of the end of the reporting period covered by the annual Cost Report.

4. Cost Settlement Process

If a governmental provider's interim payments exceed the actual, certified costs of the provider for services to Medicaid clients, DHCFP will recoup the federal share of the overpayment using one of the following two methods:

1. Off-set all future claims payments from the provider until the amount of the federal share of the overpayment is recovered;
2. The provider will return an amount equal to the overpayment.

If the actual, certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement.

DHCFP will issue a notice of settlement that denotes the amount due to or from the provider.
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

For Individuals with Chronic Mental Illness, the following services provided by non-governmental entities and governmental entities who do not undergo the Medicaid cost identification and reporting procedures:

- Home and Community Based Services (HCBS) Day Treatment or Other Partial Hospitalization Services for Individuals with Chronic Mental Illness

The billable units of service for HCBS Day Treatment or Other Partial Hospitalization Services for Individuals with Chronic Mental Illness are:

- Partial Hospitalization - 1 unit per 60 mins
- Intensive Outpatient Program – per Diem

Rate Methodology:

The rate is market based. This model is developed to reflect service definitions, provider requirements, operational service delivery and administrative considerations. The following elements are used to determine the rate:

- Wage information is taken from the Bureau of Labor Statistics (BLS). The wage is based on similar occupations reported by BLS and identified by Medicaid staff as comparable to services provided under the intensive outpatient program and partial hospitalization program.
- Employee related expenses (ERE) percentage of 27% was based on input from the Task Force members and Medicaid Staff. It includes paid vacation, paid sick leave, holiday pay, health insurance, life insurance, disability, workers compensation, and legally required payroll taxes.
- Productivity adjustment factor which accounts for the amount of non-billable time spent by staff. This includes the time staff needs to complete required documentation and record keeping, time associated with missed appointments and average travel time by the provider.
- Program Support costs – costs based on average of 4 hours per day. This is to assist with paperwork and follow-up related treatment.
- Allowance for supervisory time – costs for the time directly spent in supervising the medical professional providing these services.
- Allowance for capital costs – the costs is not included in the Administrative overhead. It includes the average hourly expense for building rental and maintenance, equipment leasing and utility expenses.
- Administrative overhead, 10%, is the percentage of service cost that should result from non-direct care activities. It includes insurance, administrative staff, operations and management activities and office supplies. Capital and related expenses is not included. It also does not include staff training.
1915(i) Home and Community Based Services (HCBS) State Plan Services

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

The following steps are used to determine the rates:

2. The hourly amount is increased by the 27% ERE.
3. A productivity factor is applied to the hourly compensation calculated in Item 2 to equal the hourly rate.
4. The hourly rate per individual is the hourly rate (Item 3) divided by the number of individuals based on staffing ratio assumption.
5. The adjusted hourly rate per individual is the hourly rate per individual (Item 4) increased by the program support costs per hour per individual, allowance for supervisory time and capital costs per hours.
6. Administrative overhead 10% is applied to the adjusted hourly rate per individual (Item 5).
7. Total hourly rate is the sum of the adjusted hourly rate per individual before administrative overhead (Item 5) and the administrative overhead (Item 6).
8. Total hourly rate is scaled to the proper unit based on the billable unit of service.

These rates have been compared to other private sector fee-for-service rates. Documentation of the assumptions used, rate development methodology, and fee schedule payment rates will be maintained by The Division of Health Care Financing and Policy.

The agency’s rates were set as of January 1, 2006 and are effective for services on or after January 1, 2006. All rates are published on the agency’s website at: http://dhcfp.nv.gov.
1915(i) Home and Community Based Services (HCBS) State Plan Services

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

Services provided by an out-of-state provider require prior authorization by Nevada Medicaid, which must also verify that the services required by Medicaid-eligible or pending eligible clients are not available in Nevada. The out-of-state payment rate for services provided by an out-of-state provider is based on one of the following criteria:

a. The out-of-state provider will be paid the lesser of the provider’s billed charges or the fee-for-service rate that is paid to an in-state provider for the services.

b. If the out-of-state provider refuses to accept this rate, then the out-of-state provider may be paid the lesser of the provider’s’ billed charges or the same fee-for-service rate as it would be paid by its home state Medicaid program.

c. For services that cannot be provided by a provider that accepts payments under (A) or (B), the State will maintain a list of other qualified out-of-state providers, and will negotiate competitive rates that will not exceed the provider’s customary charge.
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

2. Presumptive Eligibility for Assessment and Initial HCBS. Period of presumptive payment for HCBS assessment and initial services, as defined by 1915(i)(1)(J):

- The State does not elect to provide for a period of presumptive payment for individuals that the State has reason to believe may be eligible for HCBS.

- The State elects to provide for a period of presumptive payment for independent evaluation, assessment, and initial HCBS. Presumptive payment is available only for individuals covered by Medicaid that the State has reason to believe may be eligible for HCBS, and only during the period while eligibility for HCBS is being determined. The presumptive period will be 60 days (not to exceed 60 days).
1. OUTPATIENT HOSPITAL SUPPLEMENTAL PAYMENTS

This section of the state plan contains the provisions for making additional Medicaid payments, in order to preserve access to outpatient hospital services for needy individuals in the state of Nevada. Effective for services provided on or after March 1, 2010, the state’s Medicaid hospital reimbursement system shall provide for supplemental outpatient payments to non-state, governmentally owned or operated hospitals. These supplemental payments shall be determined on an annual basis and paid to qualifying hospitals on a quarterly basis. The supplemental payments shall not exceed, when aggregated with other fee-for-services outpatient hospital payments made to non-state, governmentally owned or operated hospitals, 100% of a reasonable estimate of the amount that would be paid for such services under Medicare payment principles in accordance with the federal upper limit regulations at 42 CFR §447.321.

a. Methodology for Determining Outpatient Supplemental Payments:

The hospitals that qualify for outpatient supplemental payments will have their payment amount determined using a payment-to-charge ratio UPL methodology.

Outpatient supplemental payments for each hospital will be calculated using following method:

(i) Calculate Total Medicare Outpatient Payments from: CMS 2552-96 Wkst E Part B, Col 1, Line 17 + CMS 2552-96 Wkst E Part B, Col 1, Line 17.01 + CMS 2552-96 Wkst E Part B, Col 1, Line 21+22 [Add comparable fields for subproviders 1 and 2]

(iii) Calculate Medicare Outpatient Payment to Charge Ratio. The ratio is calculated by dividing the result of (i) by (ii)

\[
\frac{\text{Total Medicare Outpatient Payments}}{\text{Total Medicare Outpatient Charges}}
\]
(iv) the result of (iii) is multiplied by Medicaid Outpatient charges in order to determine the Estimated Medicare Outpatient Services Upper Payment Limit. Total Medicaid Outpatient charges shall be derived from Nevada Medicaid Management Information System (MMIS) adjudicated claims data.

(v) Total Medicaid Outpatient Payments for the period are subtracted from the result (iv) to determine the annual amount of Outpatient Supplemental Payment. Total Medicaid Outpatient payment shall be derived from Nevada Medicaid Management Information System (MMIS) adjudicated claims data.

b. Outpatient Supplemental Payments:

(i) Each qualifying hospital will provide documentation of CMS form 2552 cost report for Medicare charge and payment information for the previous fiscal year to Medicaid by April 1st of each year.

(ii) Beginning April 2010, Medicaid will calculate the total outpatient supplement payment for qualifying hospitals using the methodology in section A. above. At the end of each calendar quarter, hospitals will receive a payment amount equal to twenty-five percent (25%) of the hospital's total outpatient supplemental payment.
**Citation**

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

**Payment Adjustment for Provider Preventable Conditions**

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

**Other Provider-Preventable Conditions**

The State identifies the following Other Provider-Preventable Conditions (OPPCs) for non-payment under Section(s) 4.19-B.

- **X** Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

- Additional Other Provider-Preventable Conditions identified below (please indicate the section(s) of the plan and specific service type and provider type to which the provisions will be applied. For example – 4.19(d) nursing facility services, 4.19(b) physician services) of the plan:

**Methodology for Identifying Other Provider-Preventable Conditions**

The State Agency's fiscal agent will review claims with dates of service on or after July 1, 2012 for OPPCs and report to the State. The state’s Surveillance and Utilization Review (SUR) unit will review each claim identified in that report and recover payments associated with the OPPC.

**Payment Adjustment**

For OPPCs not present on admission, payment will be reduced to those costs not associated with an OPPC, using standard rates assigned to CPT and HCPCS codes for reimbursement by the DHCFP.

The existing appeals process will be available to providers who dispute the determination.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State NEVADA

Attachment 4.19-B
Page 22

(Reserved for Future Use)

TN No. 03-03 Approval Date: February 2, 2004 Effective Date: May 8, 2003
Supersedes TN No. 97-05
Assurances

These reimbursement methodologies are sufficient to enlist enough providers so that services under the plan are available to recipients at least to the extent that these services are available to the general population, as required by 42 CFR 447.204.

These rates comply with the requirements of Section 1902(a)(30) of the Social Security Act and 42 CFR 447.200, regarding payments and are consistent with economy, efficiency and quality of care.

Rate methodology and provider retention will be reviewed periodically to ensure that access to care and adequacy of payments are maintained.
Assurances

The reimbursement methodology described in Attachment 4.19B, page 5 will not exceed the federal upper payment limit for such services as described in 42 CFR 442.321. To the extent reimbursements exceed upper payment limits, the State will return to CMS any federal funds used to reimburse these providers in excess of this limit. To establish the federal upper payment limit for these services the following methodology is used:

1. Segregation: Providers are divided into two primary categories – hospital based providers and free-standing clinics. These two categories are further segregated three additional categories:
   a. Privately-owned or operated facilities.
   b. State government-owned or operated facilities
   c. Non-state government-owned or operated facilities

2. Free-Standing Privately-owned or operated facility UPL estimation
   a. A sample of at least one calendar quarter of Medicaid claims for these providers will be used as base data.
   b. Medicaid reimbursement is estimated for these claims using the methodology described in 4.19B, page 5.
   c. Medicare reimbursement is estimated using the guidelines established in the Medicare Claims Processing Manual and Transmittal AB-03-116.
   d. The amounts calculated in b. and c. are compared. If b. is less than c. Medicaid reimbursement is in conformance with the provisions of 42 CFR 422.321.

3. Free-Standing state and non-state government-owned or operated facilities – there are no facilities providing services under attachment 4.19B, page 5 in Nevada.

4. Hospital-based privately-owned or operated facilities.
   a. The methodology utilizes Medicare cost principles to estimate UPL
   b. The methodology includes all hospital outpatient services, including those provided under 4.19B, page 1 and page 5.
   c. The most recently filed Medicare cost report outpatient cost to charge ratio is used for each facility.
   d. A sample of at least one calendar quarter of Medicaid claims for the services described in 4.b. above will be used as base data.
   e. Medicaid reimbursement is estimated for these claims using the methodology described in attachment 4.19B.
   f. Medicare reimbursement is estimated by multiplying the total billed charges for each facility from d. above by the cost to charge ratio from b. above. The result is the Medicare UPL for these services.
   g. The amounts calculated in e. and f. are compared. If e. is less than f. Medicaid reimbursement is in conformance with the provisions of 42 CFR 422.321

5. Hospital-based state government-owned or operated facilities – there are no facilities providing services under attachment 4.19B, page 5 in Nevada.

6. Hospital-based non-state government owned or operated facilities estimations are based on the same methodology described in 4. above.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: Nevada

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER TYPES OF CARE

Payment of Medicare Part A and Part B Deductible/Coinsurance

Except for a nominal recipient copayment (as specified in Attachment 4.18 of this State plan), if applicable, the Medicaid agency uses the following general method for payment:

1. Payments are limited to State plan rates and payment methodologies for the groups and payments listed below and designated with the letters "SP".

   For specific Medicare services which are not otherwise covered by this State plan, the Medicaid agency uses Medicare payment rates unless a special rate or method is set out on Page 3 in item __ of this attachment (see 3. below).

2. Payments are up to the full amount of the Medicare rate for the groups and payments listed below, and designated with the letters "MR."

3. Payments are up to the amount of a special rate, or according to a special method, described on Page 3 in item __ of this attachment, for those groups and payments listed below and designated with the letters "NR".

4. Any exceptions to the general methods used for a particular group or payment are specified on Page 3 in item __ of this attachment (see 3. above).

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT METHODS AND STANDARDS FOR ESTABLISHING PAYMENT FOR ORGAN TRANSPLANT SERVICES AND OUT-OF-STATE EMERGENCY SERVICES

In order to ensure adequate access to organ transplant services and to emergency services for a recipient while outside of the State of Nevada, Nevada Medicaid uses the following general method for payment for professional services related to organ transplant services and out-of-state emergency services:

1. **Scope:** This section is applicable to all professional services rendered by a physician outside of those services provided by the acute care hospital. This includes charges for attendant physicians and post discharge care. Additionally, this applies to all organ search and match services and emergency transportation services.

2. **Reimbursement:** Provider reimbursements under this supplement must conform to the following:

   a) All providers are reimbursed by default according to Nevada Medicaid in-state provider rates as described in Attachment 4.19B of the State Plan.

   b) If the provider refuses to accept these rates, Nevada Medicaid will negotiate reimbursement at the applicable rate of the provider’s home state Medicaid program.

   c) If the provider refuses to accept the rates in either a) or b) above, Nevada Medicaid will negotiate provider specific reimbursement agreements according to the following criteria:

      1) The service must only be available from a limited number of out-of-state providers. In Nevada Medicaid’s judgment, the service provider which is most cost effective will be authorized to provide the service.

      2) Reimbursement agreements will be established only for a limited specific set of services applicable under this section and not for all general services the provider may render.

      3) Reimbursement agreements will be for a limited duration of time not to exceed two years to ensure the requirements in 1) above are met.

      4) Reimbursement agreements may be in the form of a total amount for the entire service (such as for a particular type of transplant), a percentage of billed charges, or a specific fee schedule.

      5) Under no circumstances will reimbursement agreements exceed the usual and customary charges of the provider.

TN No. 04-009 Approval Date: August 25, 2004 Effective Date: 04/01/04
PAYMENT FOR RESERVED BEDS FOR THERAPEUTIC LEAVE OF ABSENCE

1. Payment for reserved beds will not be made in an acute care facility.

2. Payment for therapeutic leave of absence, or reserved beds, may be made in an institution for mental diseases (IMD), a skilled nursing facility (SNF), a nursing facility (NF), an intermediate care facility (ICF), or an ICF for the mentally retarded (ICF/MR), subject to the following conditions:
   a. The purpose of the therapeutic leave of absence is for rehabilitative home and community visits including preparation for discharge to community living;
   b. The patient's attending physician authorizes the therapeutic leave of absence and the plan of care provides for such absences;
   c. An IMD, SNF, NF, ICF, or ICF/MR will be reimbursed their per diem rate for reserving beds for Medicaid recipients who are absent from the facility on therapeutic leave up to a maximum of twenty-four (24) days annually. For this purpose, annually is defined as a calendar year beginning on January 1 and ending on December 31 of the same year.
A. State Assurances and Findings. The State assures that it has made the following findings:

1. 447.253(b)(1)(i) - The State pays for long-term care facility services through the use of rates that are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards.

2. With respect to nursing facility services --
   a. 447.253(b)(1)(iii)(A) - Except for preadmission screening for individuals with mental illness and mental retardation under 42 CFR 483.20 (f), the methods and standards used to determine payment rates take into account the costs of complying with the requirements of 42 CFR part 483 subpart B.
   b. 447.253(b)(1)(iii)(B) - The methods and standards used to determine payment rates provide for an appropriate reduction to take into account the lower costs (if any) of the facility for nursing care under a waiver of the requirements in 42 CFR 483.30 (c) to provide licensed nurses on a 24-hour basis.
   c. 447.253(b)(1)(iii)(C) - The State has established procedures under which the data and methodology used to establish payment rates are made available to the public.

3. 447.253(b)(2) - The proposed rate will not exceed the upper payment limits as specified in 42 CFR 447.272:
   a. 447.272(a) - Aggregate payments made to nursing facilities when considered separately, will not exceed the amount that can reasonably be estimated would have been paid for under Medicare Payment principles. (There are no state-operated nursing facilities to which this assurance is applicable.)
   b. 447.272(b) - Aggregate payments to ICFs/MR will not exceed the amount that can reasonably be estimated would have been paid for under Medicare payment principles. And, aggregate payments to state-operated facilities (that is ICFs/MR) - when considered separately will not exceed the amount that can reasonably be estimated would have been paid for under Medicare payment principles.

TN No. 95-10
Supersedes
TN No. 95-02
Approval Date: May 16, 1996
Effective Date: July 1, 1995
B. State Assurances. The State makes the following additional assurances:

1. For nursing facilities and ICFs/MR
   a. 447.253(d)(1) - When there has been a sale or transfer of the assets of a NF or ICF/MR on or after July 18, 1984, but before October 1, 1985, the State's methods and standards provide that payment rates can reasonably be expected not to increase in the aggregate, solely as a result of a change in ownership, more than payments would increase under Medicare under 42 CFR 413.130, 413.134, 413.153 and 413.157 insofar as these sections affect payment for depreciation, interest on capital indebtedness, return on equity (if applicable), acquisition costs for which payments were previously made to prior owners, and the recapture of depreciation.
   b. 447.253(d)(2) - When there has been a sale or transfer of the assets of a NF or ICF/MR on or after October 1, 1985, the State's methods and standards provide that the valuation of capital assets for purposes of determining payment rates will not increase (as measured from the date of acquisition by the seller to the date of the change of ownership) solely as a result of a change of ownership, by more than the lesser of:
      (i) 1/2 of the percentage increase (as measured from the date of acquisition by the seller to the date of the change of ownership) in the Dodge construction index applied in the aggregate with respect to those facilities that have undergone a change of ownership during the fiscal year; or
      (ii) 1/2 of the percentage increase (as measured from the date of acquisition by the seller to the date of the change of ownership) in the Consumer Price Index for All Urban Consumers (CPI-U) United State city average) applied in the aggregate with respect to those facilities that have undergone a change of ownership during the fiscal year.

2. 447.253(e) - The State provides for an appeals or exception procedure that allows individual providers an opportunity to submit additional evidence and receive prompt administrative review, with respect to such issues as the State determines appropriate, of payment rates.
3. 447.253(f) - The State requires the filing of uniform cost reports by each participating provider.

4. 447.253(g) - The State provides for periodic audits of the financial and statistical records of participating providers.

5. 447.253(h) The State has complied with the public notice requirements of 42 CFR 447.205
   Notice published on: May 22, 1995

6. 447.253(i) - The State pays for long term care services using rates determined in accordance with the methods and standards specified in the approved state plan.

C. Related Information

1. 447.255(a)

   Estimated average proposed payment rate for ICFs/MR as a result of this amendment: $190

   Average payment rate for ICFs/MR for the immediately preceding rate period: $186

   Amount of change: $4     Percent of change: 2.15%

   Estimated average proposed payment rate for nursing facilities as a result of July 1, 1995 rebasing of rates: $82.94 (There is no change in the rate attributed to the amendment.)

   Average payment rate in effect for nursing facilities for immediately preceding rate period: $79.33

   Amount of change: $3.61     Percent of change: 4.55%

2. 447.255(b) - The estimated short term and long term effect in the estimated average rate on:

   (a) The availability of services on a statewide and geographic area basis: NONE

   (b) The type of care furnished: NONE

   (c) The extent of provider participation: NONE

TN No. 95-10 Approval Date: May 16, 1996 Effective Date: July 1, 1995
Supersedes TN No. 95-02
PAYMENT FOR LONG TERM NURSING FACILITY SERVICES
METHODS AND STANDARDS

Payment is made for services provided in nursing facilities, including nursing facilities for the mentally retarded, in accordance with Section 1902(a) (13) of the Social Security Act as amended.

A. Hospital-Based Facilities: (Hospital-based facility is defined as: a) a facility sharing a common building or common tract of land with a hospital owned or operated by the state, or an instrumentality or unit of government within the state, located within a county of a population of 100,000 or less; or b) a facility (public or private) which prior to July 1, 1992, was paid for both inpatient hospital services under Attachment 4.19-A of the Medicaid State Plan and long-term nursing facility services under this section.)

1. Hospital-based nursing facility services are paid for under Medicare reasonable cost-based reimbursement principles, including the routine cost limitation (RCL), and the lesser of cost or charges (LCC).

Effective October 1, 2001, hospital-based nursing facilities shall continue to be reimbursed under Medicare’s cost based reimbursement principles, along with the other provisions of paragraphs A.2 and A.3.

Under this methodology, payment will follow any and all applicable Medicare upper payment limitation (UPL) requirements such that payments will not exceed the UPL. The rates the State of Nevada would pay per day of nursing facility care comply with the Medicare upper payment limit at 42 CFR 447.272, as amended.

The routine cost limit (RCL) used in cost settlements will be $160.14 per day, effective October 1, 2001. This RCL will apply to cost reports ending on or after October 1, 2001, and will only apply to the portion of the cost report period on or after October 1, 2001. For those cost reports beginning prior to October 1, 2001 and ending on or after October 1, 2001, a weighted average RCL will be used. The RCL applicable to the portion of the cost report period prior to October 1, 2001 will be the per diem routine service cost paid to the facility during the most current cost report period ending prior to October 1, 2001. The RCL applicable to the portion of the cost report period on or after October 1, 2001, will be the RCL of $160.14, as adjusted for inflation. For example: If a hospital-based facility with a June 30 year end was paid $140 per day for routine service cost during its year ending June 30, 2001, the $140 per day would be the RCL for this facility during the portion of the cost reporting year from July 1, 2001 through September 30, 2001. The RCL for the remainder of the year ending June 30, 2002 (October 1, 2001 through June 30, 2002) would be the $160.14 RCL, as adjusted for inflation.

The $160.14 RCL will be indexed (adjusted for inflation) from October 1, 2001 to the midpoint of the cost-reporting period to which it is applied. The Skilled and Intermediate Care Facilities without capital (non-seasonally adjusted) Table 9: Percent Change in Medical Prices as published by MEI will be used in indexing the RCL. If this index becomes unavailable, a comparable index will be used.
The Medicaid program will re-base the RCL every other year, beginning July 1, 2003, using audited hospital-based nursing facility cost report data, input from the hospital-based nursing facility providers, and other information deemed appropriate.

1. In no case may payment for hospital-based nursing facility services exceed the provider’s customary charges to the general public for these services.

2. Effective October 1, 2013, each facility will receive an interim payment of 100% of billed charges.
B. Free-standing Nursing Facilities (Free-standing nursing facility is defined as any other facility providing nursing facility services, except hospital-based nursing facilities.):

1. Reimbursement Methodology – January 1, 2002 through June 30, 2002:
   a. In preparing the free-standing nursing facilities for a resource utilization group (RUG) based Medicaid reimbursement system; a transitional rate setting process will be adopted effective January 1, 2002. The significant elements of this system include the following:

   b. Base operating rates will be calculated for each facility effective January 1, 2002. The base operating rates will be calculated for each free-standing nursing facility using the weighted average operating rate for each facility effective October 1, 2001, (excluding SNL-3 days and rates). The days used to prepare the weighted average operating rates will be paid nursing facility days from January 1, 2001 through June 30, 2001 (excluding SNL-3 days) as shown on a paid claims listing prepared in November 2001. Each facility’s capital rate effective October 1, 2001, will be added to their weighted average operating rate. If the statewide Medicaid day weighted average operating and capital rates, calculated as described above, exceed the budget target rate of $121.02, a budget adjustment factor will be employed to adjust the calculated rates to meet the budget target.

   c. For those facilities with unstable occupancy (i.e. facilities receiving their initial Medicaid certification on or after January 1, 2000), their base rate will be adjusted for changes in Medicaid acuity as follows:

      1. A snapshot Medicaid average case mix index (CMI) will be calculated for each facility effective October 1, 2001.

      2. Medicaid average CMIs will be prepared for these facilities as of January 1, 2002 and April 1, 2002, using the same weights as were used to prepare the October 1, 2001 snapshot.

      3. The change in average Medicaid CMI, for each unstable occupancy nursing facility as measured from October 1, 2001 to January 1, 2002, and from October 1, 2001 to April 1, 2002, will be used to proportionally increase or decrease 40% of that facility’s operating rate effective January 1, 2002 and April 1, 2002.
2. Reimbursement Methodology July 1, 2002 through June 30, 2003:

   a. Effective July 1, 2002, each nursing facility’s base rate (the rate in effect for each facility on June 30, 2002) will be adjusted for the change in their average Medicaid CMI. The ratio to use in this calculation will be developed using as its numerator each facility’s simple average of their Medicaid CMI as of January 1, 2002 and April 1, 2002. The denominator will be the simple average of each facility’s Medicaid CMI calculated as of October 1, 2001 and January 1, 2002.

   b. The rates in 2.a. will be further acuity-adjusted quarterly. In preparing these rate adjustments, the denominator of the fraction described in item 2.a. above will remain unchanged for each facility. The numerator of the fraction for October 1, 2002 adjustment will reflect the simple average of each facility’s Medicaid CMI as of April 1, 2002 and July 1, 2002. The July 2002 and October 2002 average Medicaid CMI will be used in the January 1, 2003 rate setting, while the October 2002 and January 2003 average Medicaid CMI will be used in the April 1, 2003 rate adjustments.

   c. The acuity-adjusted rates, as described above in item 2.a. and b., will be further adjusted by an adjustment factor to not exceed the industry Medicaid weighted average per patient day rate effective January 1, 2002 as described in B. 1. b. above.

   d. 40% of each facility’s weighted average operating rate will be subject to the acuity adjustments described in this section.

   e. Facilities that were initially certified between July 1, 1999 and December 31, 1999, will have their rates adjusted to reflect the adjustments to rates that were made to unstable occupancy facilities during the period of January 1, 2002 through June 30, 2002. These rate adjustments will be effective July 1, 2002. The intent of this provision is to treat facilities initially certified during this period as if they had been identified as unstable occupancy facilities during the period from January 1, 2002 through June 30, 2002.
3. Reimbursement Methodology – Effective July 1, 2003:

Effective July 1, 2003, a nursing facility price-based reimbursement system will be implemented. Individual facility rates will be developed from prices established for three separate cost centers: operating, direct health care and capital. The allowable cost used in these rate setting activities will be nursing facility health care cost determined to be allowable in accordance with the Medicare / Medicaid provider reimbursement manual, commonly referred to as HIM 15.

a. **Operating Cost Center** – The operating cost center will be comprised of all allowable cost excluding direct care cost, capital cost and direct ancillary service cost. The statewide price for this cost center will be set at 105% of the Medicaid day weighted median.
State Plan Under Title XIX of the Social Security Act

State: Nevada
Attachment 4.19-D
Page 5b

Direct Health Care Cost Center – The direct health care cost center will be comprised of allowable RN, LPN, and Nursing Aide salaries and wages; a proportionate allocation of allowable employee benefits; and the direct allowable cost of acquiring RN, LPN and Nurse Aide staff from outside staffing companies. The statewide price will be established for this cost center at 110% of the Medicaid day weighted median case mix neutralized cost. In preparing the case mix neutralization, a minimum of two calendar quarters from each facility’s available quarterly facility wide case mix index information that most closely matches their base year cost report will be used to calculate the Medicaid day weighted average. On a quarterly basis, each facility’s specific direct health care price is determined by adjusting the statewide price using as the numerator, the facility’s most current quarterly Medicaid case mix index and as the denominator, the Medicaid day weighted average of the facility wide case mix indexes used in setting the statewide price.
c. **Capital Cost Center** – This cost center will be comprised of allowable depreciation, capital related interest, rent / lease, and amortization expenses. A fair rental value (FRV) reimbursement system will be used to determine each facility’s capital rate. The following items will be used in determining each facility’s FRV rate:

i. Value of New Beds (7/01/03) $73,000.00

ii. Bed Value Indexed Annually (using Marshall Swift, Class C nursing facility index)

iii. Rate of Depreciation Year 1.5%

iv. Maximum Age Years 40

v. Rental Rate Annually 9.0%

vi. Minimum Occupancy Percent 92%

These values will be used to determine a facility’s FRV payment as demonstrated below:

(Example facility has 100 beds and is 10 years old)

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
1) **Capital Renovations / Remodeling Projects** – The fair rental value of each facility will be adjusted (increased) to reflect the cost of major renovation / replacement projects completed by each facility not to exceed a 24-month period. The renovation / replacement adjustment would be made at the start of the first rate year following completion of the renovation / replacement project.

The cost of renovation / replacement projects must be documented within each facility’s depreciation schedule, must be reported to the Medicaid program by May 1st prior to the July 1st rate year when they would first be eligible for incorporation into the FRV rate setting process, and must exceed $1,000.00 per licensed bed in order to be considered a major renovation / replacement. The cost of these renovation / replacement projects will be depreciated at a rate of 4% per year, but will also be indexed (inflated) annually using the bed value indexing methodology incorporated into this fair rental value system.
2) **Initial Age of Nevada Nursing Facilities for July 1, 2003 FRV Calculations** – The initial age for each facility shall be determined as of July 1, 2003, using each facility’s year of construction. This age will be reduced for renovations and/or additions of beds that have occurred since the facility was built. If a facility added beds, these new beds will be averaged in with the original beds and a weighted average age for all beds will be used as the initial age. If a facility performed a major renovation project between the time the facility was built and the time when the initial age is determined, the cost of the renovation project will be used to determine the equivalent number of new beds that project represents. The equivalent number of new beds would then be used to determine the weighted average age of all beds for this facility. The equivalent number of new beds from a renovation project will be determined by dividing the cost of the renovation project by the cost of a new bed (using the new bed valuation methodology incorporated into the FRV system) at the time the renovation project was completed. Facility ages will be rounded to the nearest whole number.
d. **Inflation Factor Used in Rate Setting** – When establishing the medians for the operating and direct health care cost centers, cost will be adjusted from the midpoint of each provider’s base year cost report to the midpoint of each state fiscal year using the Nursing Home Services without capital (non-seasonally adjusted Table 9: Percent Change in Medical Prices) as published by MEI. If this index becomes unavailable, a comparable index will be used. In non-rebasing years, the Medians from the most recent rebasing period will be indexed forward to the midpoint of the current rate year using this indexing methodology.
e. **Base Year Cost Report (July 1, 2003 Rate Year) and Rebasing Frequency** – Cost reports used to establish the July 1, 2003 operating and direct care medians, and ultimate prices, will be the most current cost report for each facility whose audit or desk review was completed at least three (3) months prior to the July 1st rate effective date. Only audited or desk reviewed cost reports will be used in the rate setting process. New cost report information will be brought into the rate setting process on a periodic basis. The cost report information used to establish the operating and direct health care medians, and ultimate prices, will be rebased no less frequently than once every two (2) years.
f. **Minimum Direct Care Staffing Requirement** – In the event that a nursing facility does not incur direct care cost, at least equal to 94% of the direct care median, the Department will have the option to recoup from future Medicaid payments to that provider an amount equal to 100% of the difference between the provider’s direct care rate and the actual cost the provider incurred. This provision is intended to encourage adequate direct care staffing.
State Plan Under Title XIX of the Social Security Act

State: Nevada

Attachment 4.19-D

Page 5h

G. Rate Add-On to Reflect Changes in State / Federal Laws – The Medicaid director can make adjustments to the operating price to reflect changes in state or federal laws, rules or regulations that have yet to be reflected in the base period cost report data.

TN No. 03-09
Approval Date: July 6, 2004
Effective Date: July 18, 2003

Supersedes
TN No. 02-08
h. **Budget Adjustment Factor** – In the event that the reimbursement system described in this section would result in anticipated payments to nursing facility providers being greater or less than the funding appropriated by the Nevada legislature, proportional increases or decreases will be made to the rates so that anticipated payments will equal legislative appropriations. This adjustment to rates will be made as a percentage increase or decrease in each provider’s rate. The percentage will be determined in accordance with the following fraction: \( \frac{\text{Legislative appropriations}}{\text{The Sum of Each Facility’s Calculated Rate Multiplied by Each Facility’s Proportional Share of the Anticipated (Budgeted) Case Load for All Freestanding Nursing Facilities}} \). Medicaid days from the cost reports used in rate setting will be the basis for the proportional allocation of anticipated case load across all freestanding facilities.
C. Cost Reporting Requirements:

1. Hospital-based and free-standing nursing facilities must complete and file an annual cost report with the Medicaid program. Cost and other statistical information within the cost report must be reported in compliance with allowable and non-allowable cost definitions contained in the Medicare/Medicaid provider reimbursement manual (commonly referred to as HIM 15).

2. Free-standing nursing facility cost reports are to be received by the Medicaid program by the last day of the third month following a facility’s fiscal year end. If the facility is unable to complete their cost report within this time frame, a request for a 30 day extension can be requested from the Medicaid program (Division of Health Care Financing and Policy) prior to the original cost report due date. Reasonable extension requests will be granted.

3. Hospital-based nursing facility cost reports are to be filed with the Medicaid program following the cost report filing deadlines adopted by the Medicare program. If a facility requests an extension from the Medicare program, they must also request an extension from the Medicaid program (Division of Healthcare Financing and Policy). Extension requests approved by Medicare will automatically be approved by the Medicaid program, once the Division of Health Care Financing and Policy receives evidence of Medicare approval from the facility.

4. Facilities failing to file a Medicaid cost report in accordance with these provisions may have their payments suspended, or be required to pay back to the Medicaid program all payments received during the fiscal year period upon which they were to provide a cost report. Facilities may also be subject to late filing fees assessed in accordance with guidelines issued pursuant to the Medicaid Services Manual.
D. New Facilities and Change of Ownership:

1. New facilities are those entities whose beds have not previously been certified to participate in the Medicaid program. New free-standing facilities will be reimbursed an interim rate computed from the following Nursing Facility rate components in effect on the date of the facility’s Medicaid certification:

   a. The Fair Rental Value per diem will be determined based upon an initial capital survey the new provider completes and submits to the Division of Health Care Financing and Policy, and upon the methodology described in section B.3.c. of this attachment.

   b. The operating component for the rate will be the ‘Operating Statewide Price’ as described in section B.3.a. of this attachment.

   c. The direct health care component will be the ‘Statewide Direct Health Care Price’ as described in section B.3.b. of this attachment.

   d. The ‘Budget Adjustment Factor’, as described in section B.3.h. of this attachment, will be applied to determine the Facility Medicaid Rate.

This interim rate will be paid until such time that the rate is rebased under the provisions of Section B.3.e of this attachment.

2. New hospital-based facilities will receive an interim rate equal to the average rate (expressed as a percent of charges) paid to all other hospital-based nursing facilities effective at the start of the state fiscal year in which the facility began providing services to Medicaid recipients.

3. A change of ownership exists if the beds of the new owner have previously been certified to participate in the Medicaid program under the previous owner’s provider agreement. Rates paid to free-standing nursing facilities that have undergone a change of ownership will be based upon the base rate and acuity data of the previous owner. The new owner’s acuity data will be used to adjust the facility’s rate following the rate adjustment schedule discussed in this rule. Facilities (hospital-based and free-standing) that undergo a change in ownership are required to file a closing cost report for the seller within 45 days of the date of sale. A new cost reporting period for the buyer will start on the effective date of the transaction. The interim rate paid to a new hospital-based owner will be the same interim rate the prior owner was receiving.
Case Mix Index Calculation (Free-standing Nursing Facilities Only):

1. In calculating the case mix for each facility, CMS-mandated RUG and MDS systems will be utilized.

2. Each nursing facility resident in a facility, with a completed and submitted MDS shall be assigned to a RUG classification group on the first day of each calendar quarter. These RUG assignments will be based upon each resident’s most current MDS assessment available on the first day of each calendar quarter. Using the facility’s simple average of the individual residents’ case mix indexes, two case mix indexes (CMIs) will be calculated for the facility. One being a facility wide CMI, which will be based upon all of the facility’s residents, and the other being the Medicaid CMI, which will be calculated using only the Medicaid residents for each facility. Both of these average case mix indexes will be rounded to four decimal places.
E. Special Care Rates:

1. The Division of Health Care Financing and Policy shall establish special care rates for recipients ages 21 and over that are ventilator dependent, or behaviorally complex, and pediatric recipients less than 21 years of age with special high cost care needs and/or who are ventilator dependent. These special care rates will be all-inclusive per diem rates based on the costs of providing services to recipients.

   a. Effective August 1, 2011 the per diem rate for recipients ages 21 and over that are ventilator dependent is the facility-specific fair rental value per diem, as computed under section B.3.c. of this attachment, plus an add-on of $495.00.

   b. The per diem rate for behaviorally complex recipients is the facility-specific per diem rate plus an add-on rate that will be determined based on the minimum staffing level multiplied by the Nevada Certified Nursing Assistant (CNA) median wage. The Median Hourly Wage for the State of Nevada published by the Bureau of Labor Statistics, Occupational Employment Statistics Survey will be used as the CNA median wage for the per diem calculation. The minimum staffing level is broken down into the following three categories:

      i. 1 – 8 hours, use 7.5 hours
      ii. 9 – 16 hours, use 15 hours
      iii. 17 – 24 hours, use 22 hours

   The Nevada CNA median wage will be reviewed on odd numbered years on July 1 and will become effective as of July 1 of the respective year.

   c. The per diem rate for recipients less than 21 years of age with special high cost care needs that meet the Level of Care requirements for Pediatric Level I as defined, effective March 25, 2013, in the Medicaid Services Manual is $635.00.

   d. The per diem rate for recipients less than 21 years of age that meet the Level of Care requirements for Pediatric Level II as defined, effective March 25, 2013, in the Medicaid Services Manual is $695.00.

2. The Division of Health Care Financing and Policy shall establish negotiated facility specific all-inclusive per diem rates for Medicaid recipients with unique high cost care needs. Nursing facilities may not bill the Medicaid program for special care recipients other than on a per diem basis using the established negotiated rate. Rates will address the following client care issues:

   a. Patient’s acuity

   b. Availability of beds

   c. Patient’s freedom of choice

3. When special care rates are required or when multiple facilities are equally acceptable under E.2. above, the nursing facility with the lowest per diem rate will be selected. The per diem rate will not exceed the facility’s usual and customary rate for similar services.
G. Nurse Aide Training Cost:

Nursing facilities are required to reimburse certified nurses aides (CNAs) if the CNA paid for the training within one year of being employed by the facility and has not previously been reimbursed. The amount nursing facilities are required to reimburse the CNA is limited to the cost of the class and books at Nevada community colleges. The aide is to be reimbursed after three months of employment in the facility. Nursing facilities must follow the procedures specified by Nevada Medicaid to receive reimbursement from Medicaid for their share of the amount paid to the CNA. Facilities which conduct a training program will continue to bill Medicaid for the cost of the training and competency evaluation.
Supplemental Payment to Free-Standing Nursing Facilities

Effective October 1, 2011, free-standing nursing facilities will receive a supplemental Medicaid payment in addition to its standard or special care per diem payment. Supplemental payments are not available for nursing facilities owned by the State of Nevada or any of its political subdivisions. Fifty percent (50%) of the supplemental payment is based on Medicaid occupancy, MDS accuracy, and quality measures. Fifty percent (50%) of the payment is based on acuity. The amount available for supplemental payments is computed quarterly and reimbursed in the quarter in three equal monthly payments.

A. The amount available for Supplemental Payments to Nursing Facilities (NF) will be calculated each quarter based on actual net revenues from patient services and actual patient days for each facility during the Base Quarter.

1. The Base Quarter is defined as the quarter beginning six months prior to the quarter in which the supplemental payments are being distributed. (For the quarter beginning October 1, 2011, the supplemental payment computation would be based on actual net revenues and bed days for the quarter April 1 through June 30, 2011.)

2. The total amount available for Supplemental Payments is calculated by multiplying the net revenues from patient services in the Base Quarter by 6 percent.

3. One percent (1%) of this amount each quarter is retained by Nevada Medicaid to pay administrative costs associated with the Supplemental Payment Program. The remaining funds are the amount available to pay the state share of Supplemental Payments to free-standing nursing facilities.

4. The amount available to pay the state share of Supplemental Payments to free-standing nursing facilities is matched by federal Medicaid funds calculated according to the formula in 42 CFR 433.10 (b).

B. Calculation of Fifty Percent of Supplemental Payments Based on Medicaid Occupancy, MDS Accuracy, and Quality

1. Fifty percent of the amount available to pay the state share of Supplemental Payments to Nursing Facilities is paid out based on the facility’s Medicaid occupancy, MDS accuracy, and quality scores.

2. Calculations for the Medicaid occupancy and MDS accuracy components of Supplemental Payments require bed day counts, which are the actual bed days reported by the free-standing nursing facilities for the Base Quarter.

3. The Medicaid occupancy, MDS accuracy, and quality components are calculated by assigning points to each facility for each component according to the methodologies described below. The unit reimbursement value for each of the component points is
determined by calculating the amount available to pay the state share of Supplemental Payments to Nursing Facilities for that component plus the federal Medicaid matching funds and dividing by the total points in the component for all facilities receiving Supplemental Payments for that quarter.

Calculation of the Unit Reimbursement Value for a Component

\[
\text{Total Dollars Available for Component} \div \text{Total Points for Component} = \text{Unit Reimbursement Value for Component}
\]

4. Supplemental Payment for Medicaid Occupancy, MDS Accuracy, and Quality Components

i. Medicaid Occupancy Component: Distribution of 82% of the state funds available for the portion of the Supplemental Payments based on Medicaid occupancy, MDS accuracy, and quality plus the federal Medicaid matching dollars is based on Medicaid occupancy. The facility receives a Medicaid occupancy rate modifier, which is the Medicaid nursing facility and LTC hospice bed days divided by total occupied bed days times 100. The facility’s Medicaid occupancy rate modifier is multiplied by the number of Medicaid nursing facility and LTC hospice bed days to yield the Medicaid occupancy points. The Medicaid occupancy points will be multiplied times the unit reimbursement value to determine the Medicaid occupancy component of the facilities’ reimbursement.

Calculation of the Facility Specific Medicaid Occupancy Component of the Supplemental Payment:

\[
\frac{\text{Facility Occupied Medicaid NF and LTC Hospice Bed Days}}{\text{Facility Total Occupied Bed Days}} \times 100 = \frac{\text{Facility Medicaid Occupancy Rate Modifier}}{\text{Facility Occupied Medicaid NF and LTC Hospice Bed Days}} = \text{Facility Medicaid Occupancy Points} \times \text{Medicaid Occupancy Component Unit Reimbursement Value} = \text{Facility Total Medicaid Occupancy Component Payment}
\]

ii. MDS Accuracy Component: Distribution of nine percent (9%) of the state funds available for the portion of the supplemental payments based on Medicaid occupancy, MDS accuracy, and quality plus the federal Medicaid matching dollars are based on MDS accuracy rate from the most current review performed by Medicaid staff. To qualify for MDS accuracy payments, the facility must have an accuracy rate of 70% or higher. Accuracy rates will be rounded to the nearest
whole percentage. If the partial percentage point is less than 0.5%, it will be rounded down to the next whole percentage point. If the partial percentage point is 0.5% or greater, it will be rounded up to the next whole percentage point. Facilities who qualify for MDS accuracy payments will be assigned an MDS accuracy modifier as follows:

<table>
<thead>
<tr>
<th>Accuracy Rate</th>
<th>Modifier</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 69%</td>
<td>0</td>
</tr>
<tr>
<td>70 – 79%</td>
<td>1</td>
</tr>
<tr>
<td>80 – 89%</td>
<td>3</td>
</tr>
<tr>
<td>90 – 100%</td>
<td>5</td>
</tr>
</tbody>
</table>

The MDS accuracy modifier is multiplied times the number of Medicaid nursing facility and LTC hospice bed days to determine MDS accuracy points. Each facility’s MDS accuracy points will be multiplied by the unit reimbursement value to determine the facility’s total reimbursement for MDS accuracy component.

### Calculation of the MDS Accuracy Component

\[
\text{Facility MDS Accuracy Modifier} \times \text{Facility Occupied Medicaid NF and LTC Hospice Bed Days} = \text{Facility MDS Accuracy Points} \times \text{MDS Accuracy Unit Reimbursement Value} = \text{Facility Total MDS Accuracy Component Payment}
\]

### Quality Component

Distribution of nine percent (9%) of the state funds available for the portion of supplemental payments based on Medicaid occupancy, MDS accuracy, and quality plus the federal Medicaid matching dollars is based on quality measures. The quality component of the supplemental payment provides reimbursement for a facility’s efforts to improve resident care and safety. Quality measures are selected from MDS data compiled by the Nevada State Health Division Bureau of Health Care Quality and Compliance (HCQC). Four quality measures are chosen based on MDS data and input from HCQC and stakeholders. The four quality measures currently selected include: 1) Percent of long-stay residents who have moderate to severe pain; 2) Percent of high risk long-stay residents who have pressure sores; 3) Percent of long-stay residents who had a urinary tract infection; 4) Percent of long-stay residents who lose too much weight. Facilities receive one quality point for each percentage point they are better than the Nevada MDS average for each measure. Quality measure percentages are rounded to the nearest whole percentage. If the partial percentage point is less than 0.5%, it is rounded down to the next whole percentage point. If the partial percentage point is 0.5% or greater, it is rounded up to the next whole percentage point. The facility’s total quality points are multiplied by the unit reimbursement value for the quality component to determine the facility specific amount of the quality component of the supplemental payment. Nursing facilities that are identified by
the Centers for Medicare and Medicaid Services as Special Focus Facilities are not eligible for the quality component of the supplemental payments. Special Focus Facilities are nursing homes that have a history of persistent poor quality of care. These nursing homes have been selected for more frequent inspections and monitoring. A current list of Special Focus Facilities is available at the CMS Certification and Compliance website.

5. Facilities that do not have MDS or MDS Accuracy data available have MDS accuracy and quality component payments calculated using the average component points of all facilities receiving Supplemental Payments for which data is available. Facilities that are not enrolled as Medicaid providers are not eligible for payments of the MDS accuracy or quality components or any other components of this supplemental payment for the quarter.

C. Calculation of the Component of the Supplemental Payments Based on Acuity

1. Nursing facility standard per diem reimbursement is calculated for each Medicaid provider quarterly based on methodology described in the Medicaid State Plan, Attachment 4.19-D, pages 5a through 5i. The per diem rate is adjusted for acuity and fair rental value. Fifty percent (50%) of the funds available for Supplemental Payments plus the Federal matching funds is paid under this acuity component as described below.

Calculation of the Supplemental Payment Portion Based on Acuity

The weighted average total amount of reimbursement based on acuity per Medicaid nursing and LTC hospice bed day is calculated by dividing the total for amount available for the acuity component of Supplemental Payments by the total nursing and LTC hospice bed days in the Base Quarter. This is added to the weighted average budget neutral per diem for all facilities to determine the total amount of reimbursement that will be based on acuity.

\[
\frac{\text{Total Available for Supplement Payments}}{\text{Times} \ 50\%} \quad \text{Equals} \quad \frac{\text{Total Available for Supplemental Payments Based on Acuity}}{\text{Total Medicaid Nursing and LTC Hospice Days}} \quad \text{Equals} \quad \frac{\text{Weighted Average Acuity Supplemental Payment Per Medicaid Day}}{\text{Weighted Average Budget Neutral Per Diem of \$116.66}} \quad \text{Plus} \quad \text{Weighted Average Acuity Supplemental Payment Per Medicaid Day} \quad \text{Equals} \quad \text{Weighted Average Portion of Reimbursement Based on Acuity}
\]

The full rate per diem is calculated by dividing the number of Medicaid nursing and LTC
hospice bed days in the Base Quarter for facilities receiving Supplemental Payments into the total amount of reimbursement these facilities would have received if they were paid at the full per diem amount. The full rate per diem is the amount the facilities would receive if the budget adjustment factor in Nevada Medicaid State Plan, Attachment 4.19-D, page 5i, were not applied to the per diem rates. The weighted average portion of reimbursement based on acuity is divided by weighted average full rate per diem to yield a budget adjustment factor for the acuity component of the Supplemental Payment.

Total Full Rate Reimbursement for Facilities Receiving Supplemental Payments

\[
\frac{\text{Divided by}}{\text{Equals}} = \frac{\text{Weighted Average Full Rate Per Diem}}{\text{Weighted Average Portion of Reimbursement Based on Acuity}}
\]

The budget adjustment factor for supplemental payments is applied to the facility specific full rate per diem to arrive at a facility specific unit reimbursement value based on acuity.

The facility specific NF per diem rate for each facility is calculated by multiplying the budget adjustment factor described in Attachment 4.19-D, page 5i, times the facility specific per diem rate. This budget adjustment factor also equals the weighted average budget neutral per diem for all facilities divided by the weighted average full rate per diem.

The facility specific NF per diem rate is subtracted from the facility specific unit reimbursement value based on acuity to yield the facility specific unit reimbursement value for the Supplemental Payment based on acuity. The facility specific reimbursement unit value for the Supplemental Payment portion based on acuity is multiplied by the number of Medicaid nursing facility and hospice days in the Base Quarter to determine the quarterly Supplemental Payment based on acuity.

Calculation of the Facility Specific Supplemental Payment Based on Acuity

\[
\frac{\text{Facility Specific Full Rate Per Diem}}{\text{Times}} = \frac{\text{Budget Adjustment Factor for Supplemental Payment}}{\text{Equals}} = \frac{\text{Facility Specific Unit Reimbursement Value Based on Acuity}}{\text{Facility Specific Full Rate Per Diem}}
\]

\[
\frac{\text{Times}}{\text{Equals}} = \frac{\text{Budget Adjustment Factor for Base NF Rates}}{\text{Facility Specific NF Per Diem Rate}}
\]

\[
\frac{\text{Facility Specific Unit Reimbursement Value Based on Acuity}}{\text{TN No. 11-012}} = \text{Approval Date: April 6, 2012}
\]

\[
\text{Supersedes}
\]

\[
\text{TN No. NEW} \quad \text{Effective Date: October 1, 2011}
\]
D. The facility Supplemental Payment based on Medicaid occupancy, MDS accuracy, and quality is added to the facility specific Supplemental Payment based on acuity to yield the total facility specific Supplemental Payment amount for the quarter. The quarterly facility specific amount is divided by three to calculate the monthly Supplemental Payment.

E. Nursing facilities with negotiated facility-specific rates that exceed the standard or special care rates in the Nevada Medicaid State Plan are ineligible for supplemental payments.
H. Intermediate Care Facilities for the Mentally Retarded (ICFs/MR):

1. ICFs/MR (state-operated):

   a. ICFs/MR, excluding non-state-operated ICFs/MR, are reimbursed under Medicare principles of retrospective reimbursement described in 42 CFR 413 and further specified in HCFA Publication 15.

   b. In no case may payment exceed audited allowable costs.

   c. Interim rates will be based upon the most recent audited cost reports for the current state fiscal year. The interim rate for the initial year of operation will be based upon cost and utilization projections.

   d. Each facility is paid an interim rate subject to settlement in accordance with a. through c. above.
2. ICFs/MR (non state-operated):
   a. **Prospective Payment Rate:** Non state-operated ICFs/MR-Small ("small" is defined as facilities having six beds or less) will be paid a prospective payment rate for basic service costs, other than day training costs and property costs, on a per patient day basis. Day training costs and property costs, excluded from the basic prospective rate, will be reimbursed under Medicare principles of retrospective reimbursement as described in paragraph 1 above.

   1. The initial basic prospective payment rate per patient day will be the average of costs (excluding residential staff wages and benefits) of the four private ICFs/MR-Small operating a full year, from 1993 audited cost reports. Costs will be indexed to the common time period of December 31, 1993. Residential staff wages and benefits cost is calculated, and added to the average, at the rate of $11 per hour for 6.4 full-time equivalents. The initial rate period is one year from July 1, 1995 through June 30, 1996. Therefore, the rate will be adjusted for inflation for the period June 30, 1993 - December 31, 1995 (the midpoint of the cost report period to the midpoint of the rate period) by the percentage change in the Consumer Price Index - All Urban and Clerical Workers (CPI), for calendar year 1993 times 2.5. The initial rate will be effective for private ICFs/MR-Small on July 1, 1995.

   2. Rates in effect March 31, 2002, will be continued without adjustment. When rebasing, costs will be indexed to a common point in time, arrayed from highest to lowest, and the cost of the 60th percentile facility selected. The rate will further be adjusted for inflation by the CPI. Only audited cost reports of private facilities completed by March 31st of the same year will be used.

   3. In addition, the rate will be adjusted for increased costs of services over basic inflation resulting from new federal or state guidelines.

   4. Day training costs must be approved by the Division of Mental Health Developmental Services (MHDS). These approvals must be obtained annually on all patients and anytime there is an increase in service cost.

   5. Property costs consist of a property lease (or in the case of an owned facility, interest and depreciation) as well as depreciation of equipment, property insurance and property taxes.

   b. **Prospective Payment Rate:** Non state-operated ICFs/MR-Large ("large" is defined as facilities having more than six beds) will be paid an all-inclusive prospective per diem rate equal to the interim rate in effect at December 31, 2003.

   1. These all-inclusive rates will be effective for services rendered after December 31, 2003, until the rates are rebased as directed by the Department of Health and Human Services.
I. Swing-bed hospitals:

1. Inpatient hospital services furnished by a certified swing-bed hospital which have been certified by the Peer Review Organization for payment at the nursing facility level are reimbursed in accordance with 42 CFR 447.280.

2. Average statewide weighted per diem payments for all nursing facility routine services (excluding ICF/MR) are calculated for a calendar year; each rate is rounded to the nearest even dollar and becomes the swing-bed rate for routine nursing facility services provided in the subsequent calendar year. Swing-bed rates are not subject to later adjustment.

3. Ancillary services required by swing-bed patients are separately payable as "outpatient hospital services;" see Attachment 4.19-B, Item 2.a.
J. Out-of-state nursing facilities and ICF/MRs:

Out-of-state nursing facilities and ICF/MRs are reimbursed according to the following:

1. The same rate that the facility is reimbursed by its own state Medicaid program (rounded up to the nearest dollar); or

2. A per diem rate may be negotiated when the following client care issues are such that the rate in J.1. is insufficient to provide placement:
   a. Patient’s acuity
   b. Availability of beds
   c. Patient’s freedom of choice

3. When negotiation is required or when multiple facilities are equally acceptable under J.1. & 2. above, the out-of-state nursing facility or ICF/MR with the lowest per deim rate will be selected. The per diem rate will not exceed the facility’s usual and customary rate for similar services.
K. Nevada State Veterans Nursing Home:

1. The Nevada State Veterans Nursing Home is reimbursed under Medicare principles of retrospective reimbursement described in 42 CFR 413 and further specified in CMS (HCFA) Publication 15.

2. In no case may payment exceed audited allowable costs.

3. For cost reporting periods prior to November 30, 2004, Medicaid reimbursement will be less any per diem payments received by the Home from the Veteran’s Administration, payments from the recipient, or other third party payments. For cost reporting periods on or after November 30, 2004 Medicaid reimbursement will not be reduced by any per diem payments received by the Home from the Veteran’s Administration, but will be less payments from the recipient, or other third party payments.

4. Interim rates will be based upon the most recent audited cost reports for the current state fiscal year. The interim rate for the initial year of operation will be based upon cost and utilization projections.

5. The Home is paid at the lower of 1) billed charge; or 2) an interim rate subject to settlement in accordance with 1. through 3. above.
Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions (OPPCs) for non-payment under Section(s) 4.19-D.

_X_ Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

___ Additional Other Provider-Preventable Conditions identified below (please indicate the section(s) of the plan and specific service type and provider type to which the provisions will be applied. For example – 4.19(d) nursing facility services, 4.19(b) physician services) of the plan:

Methodology for Identifying Other Provider-Preventable Conditions

The State Agency's fiscal agent will review claims with dates of service on or after July 1, 2012 for OPPCs and report to the State. The state’s Surveillance and Utilization Review (SUR) unit will review each claim identified in that report and recover payments associated with the OPPC.

Payment Adjustment

For per diem payments, the number of covered days shall be reduced by the number of days associated with any PPC not present on admission. Nevada will use nationally accepted standards to determine the number of days attributable to the diagnosis absent the PPC and the incremental number of days attributable to the PPC. Reimbursement may also be reduced for level of care changes attributable to a PPC.
DEFINITION OF A CLAIM

For all services covered by the Nevada Medicaid program, the following definition applies:

Claim: A bill for services rendered by a provider. A bill may contain more than line item.
4.20 Direct Payments to Certain Recipients for Physicians’ or Dentists' Services

42 CFR 447.25(b)
AT-78-90

Direct payments are made to certain recipients as specified by, and in accordance with, the requirements of 42 CFR 447.25.

Yes, for __ physicians' services

__ dentists' services

ATTACHMENT 4.20-A specifies the conditions under which such payments are made.

X Not applicable. No direct payments are made to recipients.
4.21 Prohibition Against Reassignment of Provider Claims

Payment for Medicaid services furnished by any provider under this plan is made only in accordance with the requirements of 42 CFR 447.10.

Attachment 4.21-A specifies conditions under which a provider may compensate another person or entity to do his billing.
Attachment 4.21-A

Payment may be made to a provider of services who compensates any other person or entity to do his Medicaid billing only if such compensation is:

(1) Related to the actual cost of processing the billing;

(2) Not related on a percentage or other basis to the amount that is billed or collected; and

(3) Not dependent on the collection of the payment.

Payment may be made to the facility in which a provider rendered services, if the provider has a contract under which the facility submits the claim; and his compensation is:

(1) Not made to or through a factor; defined as an individual or an organization such as a collection service that advances money to a provider for accounts receivable that the provider has assigned, sold or transferred to the individual organization for an added fee or a deduction of a portion of the accounts receivable.

(2) Not related on a percentage or other basis to the amount that is billed or collected; and

(3) Not dependent on the collection of the payment.
Revision: HCFA-PM-94-1 (MB)  
FEBRUARY 1994  
State/Territory: NEVADA

Citation: 4.22 Third Party Liability

42 CFR 433.137 (a) The Medicaid agency meets all requirements of:
1902(a)(25)(H) and (I) of the Act

(1) 42 CFR 433.138 and 433.139.
(2) 42 CFR 433.145 through 433.148.
(3) 42 CFR 433.151 through 433.154.
(4) Sections 1902(a)(25)(H) and (I) of the Act.

42 CFR 433.138(f) (b) ATTACHMENT 4.22-A

(1) Specifies the frequency with which the data exchanges required in '433.138(d)(1), (d)(3) and (d)(4) and the diagnosis and trauma code edits required in '433.138(e) are conducted;

42 CFR 433.138 (g)(1)(ii) and (2) (ii) (2) Describes the methods the agency uses for meeting the followBup requirements contained in '433.138(g)(1)(i) and (g)(2)(i);

42 CFR 433.138 (g)(3)(i) and (iii) (3) Describes the methods the agency uses for following up on information obtained through the State motor vehicle accident report file data exchange required under '433.138(d)(4)(ii) and specifies the time frames for incorporation into the eligibility case file and into its third party data base and third party recovery unit of all information obtained through the followBup that identifies legally liable third party resources; and

42 CFR 433.138 (g)(4)(i) through (iii) (4) Describes the methods the agency uses for following up on paid claims identified under '433.138(e) (methods include a procedure for periodically identifying those trauma codes that yield the highest third party collections and giving priority to following up on those codes) and specifies the time frames for incorporation into the eligibility case file and into its third party data base and third party recovery unit of all information obtained through the followBup that identifies legally liable third party resources.
Providers are required to bill liable third parties when services covered under the plan are furnished to an individual on whose behalf child support enforcement is being carried out by the State IV-D agency.

ATTACHMENT 4.22BB specifies the following:

- (1) The method used in determining a provider's compliance with the third party billing requirements at 433.139(b)(3)(ii)(C).
- (2) The threshold amount or other guideline used in determining whether to seek recovery of reimbursement from a liable third party, or the process by which the agency determines that seeking recovery of reimbursement would not be cost effective.
- (3) The dollar amount or time period the State uses to accumulate billings from a particular liable third party in making the decision to seek recovery of reimbursement.
- (e) The Medicaid agency ensures that the provider furnishing a service for which a third party is liable follows the restrictions specified in 42 CFR 447.20.
42 CFR 433.151(a)  (f) The Medicaid agency has written cooperative agreements for the enforcement of rights to and collection of third party benefits assigned to the State as a condition of eligibility for medical assistance with at least one of the following: (Check as appropriate.)

- State title IV-D agency. The requirements of 42 CFR 433.152(b) are met.
- Other appropriate State agency(s)--
- Other appropriate agency(s) of another State--
- Courts and law enforcement officials.

1902(a)(60) of the Act  (g) The Medicaid agency assures that the State has in effect the laws relating to medical child support under Section 1908 of the Act.

1906 of the Act  (h) The Medicaid agency specifies the guidelines used in determining the cost effectiveness of an employer-based group health plan by selecting one of the following.

- The Secretary's method as provided in the State Medicaid Manual, Section 3910.
- The State provides methods for determining cost effectiveness on Attachment 4.22-C.
THIRD PARTY LIABILITY

Expansion of descriptions of procedures and methodologies listed in 4.22(b) of the State Plan.

'433.138(d)(1)&
(d)(3)

(1) The Welfare Division has an Interagency Agreement with the Department of Employment, Training and Rehabilitation, Employment Security Division (ESD) for a data match in Bendex tape format. The tape matches names and SSNs of Medicaid recipients with records from ESD. At the time of application for assistance, a match is done automatically on a daily tape and information is available to the Eligibility Certification Specialist (ECS) on the computer screen. After the initial match has occurred, the ECS is alerted with output only if there is a change. This includes any changes for previously unmatched applicants. The Division also receives quarterly wage reports from ESD for matched recipients.

The Division is the State IV-A agency. All employment information is utilized to determine Medicaid eligibility and employment third party liability (TPL) information is sent to Medicaid's fiscal agent (FA) for input into the TPL master file.

Support Enforcement (IV-D) has an automated quarterly match with ESD's quarterly wage report and can obtain information upon request. IV-D will follow up on court ordered health insurance or will seek a court order on employed non-custodial parents. TPL information on court ordered health insurance is sent to Medicaid's FA for input into the TPL master file.

'433.138(d)(4)

The Division has an agreement with the State Industrial Insurance System (SIIS) to tape match Medicaid recipients by name and SSN against the open SIIS claims file. A quarterly report of matched Medicaid recipients and open SIIS claims was sent to Medicaid's FA for follow up by the TPL Unit until SIIS inadvertently omitted the production of this report during a major data processing system conversion. The Division has requested re-establishment of this report.

The Department of Motor Vehicles and Public Safety (DMV&PS) has a computerized system containing information of individuals involved in accidents, associated injuries for Nevada Highway Patrol reported accidents only. No medical insurance coverage information is reported. (A copy of the letter from DMV&PS is attached.)

'433.138(e)

The Medicaid claims processing system on a per claim basis edits for ICD-9 codes 800 through 999 and E series trauma codes with the following exceptions:

TN No. 95-09 Approval Date: 02/14/97 Effective Date: 7/01/95
Supersedes
TN No. 82-22
900-919.5, covers insect bites and splinters
921.3, contusion of eye base
930, eye-related trauma
931-939.9, foreign body, ear, nose, face, scalp, neck
942.22, covers blisters
944.20, covers epidermal blisters
946.2, blisters epidermia
E950-958.8, suicide
960-979.9, poison by psychotropic agent, medicines
989.5, snake bite
990-995.89, radiation sickness, motion sickness, frost bite
996-998.9, unspecified and not classified elsewhere
999.8, transfusion reaction

The exceptions are the unproductive trauma codes Nevada elected to exempt from the list identified in Medicaid Regional Memorandum 93-130.

‘433.138(g) (1) (i) and (g) (2) (i) (2) Within 45 days from application, redetermination, or anytime TPL is discovered; the Division verifies TPL coverage, incorporates the information into the eligibility case file and sends the TPL information to Medicaid's FA. The FA inputs the information into the TPL master file weekly to trigger edits for claims processing.

‘433.138(g) (3) (i) and (iii) (3) N/A: The information is not available through Nevada's Department of Motor Vehicles and Public Safety.

‘433.138(g) (4) (i) through (iii) (4) Claims which edit for ICD-9 trauma codes 800 through 999 and E series with the exceptions listed in paragraph (1) above are referred to the FA Subrogation Unit for follow-up if the billed amount of the claim is greater than the tolerance level. The claim is reviewed to determine if the nature of the trauma is one which warrants follow-up (e.g., a broken leg as a result of a fall in individual's own home versus a traffic accident). If an investigation is not in process or probable liability has not been established at the time the claim was filed, the investigator will begin research to determine if a probable third party is liable. If TPL is not established within 60 days, the claim is processed for payment.

Upon discovery of a third party, post payment recovery is sought within 60 days or in the case of extensive legal actions, a lien is filed to protect the State's rights and recoup medical payments.

Information regarding probable liability and subrogation is forwarded to the Division ECS unless the information was received from the ECS, maintained in a file by the FA third party recovery unit for subrogation cases, and incorporated into the third party data base for claims processing.

The tolerance levels for suspension or termination of recovery efforts are identified in Attachment 4.22-B.
THIRD PARTY LIABILITY

The Nevada Medicaid program is designed to function primarily as a cost avoidance system. This method was chosen as the most efficient and least costly due to the multitude of insurance companies utilized by Nevada residents. Also, insurance data is fed into our bill paying system on an individual basis through our local Welfare district offices. Direct contact is made by the Eligibility Certification Specialist (ECS) with the policy holder or dependent and all available information is collected.

However, when necessary, post-payment recovery is also incorporated.

Criteria have therefore been established for both systems with emphasis on cost effectiveness and FFP compliance.

I. Cost Avoidance - Medical Insurance/Established Casualty Policy
   a. Claims with Medicaid paid amounts greater than zero are rejected on the remittance advice with insurance billing instructions and carrier information.
   b. Services identified by individual policies as non-covered are not subject to cost avoidance or recovery.

II. Post-Payment Recovery - Medical Insurance
   a. Recovery From Provider
      1. Claims which were unidentified or missed in cost avoidance are subject to a. above. Recovery is made by computer history adjustments.
      2. Recovery efforts are not attempted when more than 12 months have elapsed from date of service to the projected adjustment date. (Insurance company filing dates rarely exceed this time limit. Also, it becomes increasingly difficult for providers to locate policy holders.)
   b. Direct Post-Payment Recovery - Insurance Carrier
      1. When necessary, direct recovery is attempted through individual insurance carriers. This can occur when providers are unsuccessful with billing attempts, but the fiscal agent (FA) has sufficient information to pursue collection. Claims with Medicaid paid amounts of less than $25 are not pursued.
      2. Claims with Medicaid paid amounts of $25 or greater are pursued by the FA through the individual insurance company.

TN No. 97-06 Approval Date: Aug 15, 1997 Effective Date: 4/01/97
Supersedes
TN No. 95-09
III. Post-Payment Recovery - Casualty Subrogation Process

A. Claims which edit for trauma codes are processed through the regular processing cycle. If the billed amount is $125 or greater and no insurance has paid on the claim, the claim is referred to the FA subrogation section for follow-up.

B. If the billed amount is less than $125, no investigation is initiated unless numerous claims exist for this diagnosis or service date.

C. Claims with billed amounts of $125 or more are investigated and followed through the legal process until settlements are reached or a determination made to drop the case.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: Nevada

a. Six month medical expenditure or average six month Medicaid payments equal two times or greater the amount of the insurance premium.

1) Average Medicaid costs will include Medicaid allowed services which are benefits covered under the group policy, age of recipient, and aid category. Primary Medicaid benefits would include inpatient and outpatient services, hospital services, physician, dental, pharmacy, and ambulatory surgery services.

2) Other Medicaid services would be included if covered as an insurance benefit and indicated by recipient’s medical condition. Additional services could include home health services, nursing facility care, and durable medical equipment, or

b. Recipient has a catastrophic illness or condition (e.g., AIDS or AIDS-related condition, plegia, Downs Syndrome, Cerebral Palsey Cystic Fibrosis, Fetal Alcohol Syndrome, etc.)

TN No. 92-9 Approval Date: 4/16/92 Effective Date: 7/1/92

Supersedes
TN No. N/A
STATE LAW REQUIRES THIRD PARTIES TO PROVIDE COVERAGE ELIGIBILITY AND CLAIMS DATA

1902(a)(25)(I) The State has in effect laws that require third parties to comply with the provisions, including those which require third parties to provide the State with coverage, eligibility and claims data, of 1902(a)(25)(I) of the Social Security Act.

The 2007 Session of the Nevada Legislative enacted Senate Bill 529 which incorporates the requirements of Section 6035 of the Deficit Reduction Act of 2005 effective July 1, 2007.
4.23 Use of Contracts

The Medicaid agency has contracts of the type(s) listed in 42 CFR Part 434. All contracts meet the requirements of 42 CFR Part 434.

[ ] Not applicable. The State has no such contracts.

42 CFR Part 438

The Medicaid agency has contracts of the type(s) listed in 42 CFR Part 438. All contracts meet the requirements of 42 CFR Part 438. Risk contracts are procured through an open, competitive procurement process that is consistent with 42 CFR Part 74. The risk contract is with (check all that apply):

[X] a Managed Care Organization that meets the definition of 1903(m) of the Act and 42 CFR 438.2

[ ] a Prepaid Inpatient Health Plan that meets the definition of 42 CFR 438.2

[ ] a Prepaid Ambulatory Health Plan that meets the definition of 42 CFR 438.2

[ ] Not applicable.
4.24 Standards for Payments for Skilled Nursing and Intermediate Care Facility Services

With respect to skilled nursing and intermediate care facilities for the mentally retarded, all applicable requirements of 42 CFR Part 442, Subparts B and C are met.

___ Not applicable to intermediate care facilities for the mentally retarded; such services are not provided under this plan.
The State has a program that, except with respect to Christian Science sanatoria, meets the requirements of 42 CFR Part 431, Subpart N, for the licensing of nursing home administrators.
4.2 Drug Utilization Review Program

A.1. The Medicaid agency meets the requirements of Section 1927(g) of the Act for a drug use review (DUR) program for outpatient drug claims.

2. The DUR program assures that the prescriptions for outpatient drugs are:

   - Appropriate
   - Medically necessary
   - Are not likely to result in adverse medical results

B. The DUR program is designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care among physicians, pharmacists, and patients or associated with specific drugs as well as:

   - Potential and actual adverse drug reactions
   - Therapeutic appropriateness
   - Overutilization and under utilization
   - Appropriate use of generic products
   - Therapeutic duplication
   - Drug disease contraindications
   - Drug-drug interactions
   - Incorrect drug dosage or duration of drug treatment
   - Drug-allergy interactions
   - Clinical abuse/misuse

1927(g)(2)(B) F.1 The DUR program includes retrospective DUR through its mechanized drug claims processing and information retrieval system or otherwise which undertakes ongoing periodic examination of claims data and other records to identify:

- Patterns of fraud and abuse
- Gross overuse
- Inappropriate or medically unnecessary care among physicians, pharmacists, Medicaid recipients, or associated with specific drugs or groups of drugs.

1927(g)(2)(C) F.2 The DUR program assesses data on drug use against explicit predetermined standards including but not limited to monitoring for:

- Therapeutic appropriateness
- Overutilization and underutilization
- Appropriate use of generic products
- Therapeutic duplication
- Drug-disease contraindications
- Drug-drug interactions
- Incorrect drug dosage/duration of drug treatment
- Clinical abuse/misuse

1927(g)(2)(D) 3. The DUR program through its State DUR Board, using data provided by the Board, provides for active and ongoing educational outreach programs to educate practitioners on common drug therapy problems to improve prescribing and dispensing practices.

1927(g)(3)(A) G.1 The DUR program has established a State DUR Board either:

- X Directly, or
- Under contract with a private organization

TN No. 93-10 Approval Date: May 7, 1993
Supersedes Effective Date: January 1, 1993
TN No. 75-12
1927(g)(3)(B)  2. The DUR Board membership includes health professionals (one-third licensed actively practicing pharmacists and one-third but no more than 51 percent licensed and actively practicing physicians) with knowledge and experience in one or more of the following:

- Clinically appropriate prescribing of covered outpatient drugs
- Clinically appropriate dispensing and monitoring of covered outpatient drugs
- Drug use review, evaluation and intervention
- Medical quality assurance

1927(g)(3)(C)  3. The activities of the DUR Board include:

- Retrospective DUR;
- Application of Standards as defined in section 1927(g)(2)(C); and
- Ongoing interventions for physicians and pharmacists targeted toward therapy problems or individuals identified in the source of retrospective DUR.

1927(g)(3)(C)  G.4 The interventions include in appropriate instances:

- Information dissemination
- Written, oral, and electronic reminders
- Face-to-face discussions
- Intensified monitoring/review of prescribers/dispensers
1927(g)(D)  
42 CFR 456.712 (A) and (B)  
H. The State assures that it will prepare and submit an annual report to the secretary, which incorporates a report from the State DUR Board and that the State will adhere to the plans, steps, procedures as described in the report.

1927(h)(1)  
42 CFR 456.722  
I.1 The State establishes, as its principal means of processing claims for covered outpatient drugs under this title, a point-of-sale electronic claims management system to perform on-line:

- Real time eligibility verification
- Claims data capture
- Adjudication of claims
- Assistance to pharmacists, etc., applying for and receiving payment

1927(g)(2)(A)(i)  
42 CFR 456.705(b)  
2. Prospective DUR is performed using an electronic point of sale drug claims processing system.

1927(j)(2)  
42 CFR 456.703(c)  
J. Hospitals which dispense covered outpatient drugs are exempted from the drug utilization review requirements of this section when facilities use drug formulary systems and bill the Medicaid program no more than the hospital’s purchasing cost for such covered outpatient drugs. The hospitals will provide documentation to the State to allow the State to make such exemptions.
A1. The Medicaid agency meets the requirements of Section 1927(g) of the Act for a drug use review (DUR) program for outpatient drug claims.

B. The DUR program is designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care among physicians, pharmacists, and patients or associated with specific drugs as well as:

- Potential and actual adverse drug reactions
- Therapeutic appropriateness
- Overutilization and under utilization
- Appropriate use of generic products
- Therapeutic duplication
- Drug disease contraindications
- Drug-drug interactions
- Incorrect drug dosage or duration of drug treatment
- Drug-allergy interactions
- Clinical abuse/misuse
C. The DUR program shall assess data use against predetermined standards whose source materials for their development are consistent with peer-reviewed medical literature which has been critically reviewed by unbiased independent experts and the following compendia:

- American Hospital Formulary Service Drug Information
- United States Pharmacopia-Drug Information
- American Medical Association Drug Evaluations

D. DUR is not required for drugs dispensed to residents of nursing facilities that are in compliance with drug regimen review procedures set forth in 42 CFR 483.60. The State has never-the-less chosen to include nursing home drugs in:

- Prospective DUR
- Retrospective DUR

E.1. The DUR program includes prospective review of drug therapy at the point of sale or point of distribution before each prescription is filled or delivered to the Medicaid recipient.

2. Prospective DUR includes screening each prescription filled or delivered to an individual receiving benefits for potential drug therapy problems due to:

- Therapeutic duplication
- Drug-disease contraindications
- Drug-drug interactions
- Drug-interactions with non-prescription or over-the-counter drugs
- Incorrect drug dosage or duration of drug treatment
- Drug allergy interactions
- Clinical abuse/misuse

4.30 Exclusion of Providers and Suspension of Practitioners and Other Individuals

(a) All requirements of 42 CFR Part 1002, B are met.

N/A The agency, under the authority of State law, imposes broader sanctions.
State: Nevada

(b) The Medicaid agency meets the requirements of—

1. Section 1902(p) of the Act by excluding from participation—

   a. At the State’s discretion, any individual or entity for any reason for which the Secretary could exclude the individual or entity from participation in a program under title XVIII in accordance with sections 1128, 1128A, or 1866(b)(2).

   b. An MCO (as defined in section 1903(m) of the Act), or an entity furnishing services under a waiver approved under section 1915(b)(1) of the Act, that:

      (i) Could be excluded under section 1128(b)(8) relating to owners and managing employees who have been convicted of certain crimes or received other sanctions, or

      (ii) Has, directly or indirectly, a substantial contractual relationship (as defined by the Secretary) with an individual or entity that is described in section 1128(b)(8)(B) of the Act.

2. An MCO, PIHP, PAHP, or PCCM may not have prohibited affiliations with individuals (as defined in 42 CFR 438.610(b)) suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549. If the State finds that an MCO, PCCM, PIHP, or PAHP is not in compliance, the State will comply with the requirements of 42 CFR 438.610(c).
(2) Section 1902(a)(39) of the Act by--

(A) Excluding an individual or entity from participation for the period specified by the Secretary, when required by the Secretary to do so in accordance with sections 1128 or 1128A of the Act; and

(B) Providing that no payment will be made with respect to any item or service furnished by an individual or entity during this period.

(C) The Medicaid agency meets the requirements of--

(1) Section 1902(a)(41) of the Act with respect to prompt notification to HCFA whenever a provider is terminated, suspended, sanctioned, or otherwise excluded from participating under this State plan; and

(2) Section 1902(a)(49) of the Act with respect to providing information and access to information regarding sanctions taken against health care practitioners and providers by State licensing authorities in accordance with section 1921 of the Act.
(a) The State assures that the requirements of section 1902(y)(1), section 1902(y)(2)(A), and section 1902(y)(3) of the Act are met concerning sanctions for psychiatric hospitals that do not meet the requirements of participation when the hospital’s deficiencies immediately jeopardize the health and safety of its patients or do not immediately jeopardize the health and safety of its patients.

(b) The State terminates the hospital's participation under the State plan when the State determines that the hospital does not meet the requirements for a psychiatric hospital and further finds that the hospital’s deficiencies immediately jeopardize the health and safety of its patients.

(c) When the State determines that the hospital does not meet the requirements for a psychiatric hospital and further finds that the hospital’s deficiencies do not immediately jeopardize the health and safety of its patients, the State may:

1. Terminate the hospital's participation under the State plan; or
2. Provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the effective date of the finding; or
3. Terminate the hospital's participation under the State plan and provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the effective date of the finding.

(d) When the psychiatric hospital described in (c) above has not complied with the requirements for a psychiatric hospital within 3 months after the date the hospital is found to be out of compliance with such requirements, the State shall provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the end of such 3-month period.
Sanctions for MCOs and PCCMs

a) The State will monitor for violations that involve the actions and failure to act specified in 42 CFR Part 438 Subpart I and to implement the provisions in 42 CFR 438 Subpart I, in manner specified below:

(1) civil penalties in the amounts specified in 42 CFR 438.704;
(2) appointment of temporary management for the contractor as provided in 42 CFR 438.706;
(3) granting enrollees the right to terminate enrollment without cause and notifying the affected enrollees of their right to disenroll;
(4) suspensions of all new enrollments, including default enrollment, after the effective date of the sanction;
(5) suspension of payment for recipients enrolled after the effective date of the sanction until CMS or the State is satisfied that the reason for the sanction no longer exists and is not likely to recur; or,
(6) any additional sanctions allowed under State statute or State regulations that address areas of non-compliance specified in 42 CFR 438.700 as well as additional areas of non-compliance. Additional sanctions may include liquidated damages and imposition of plans of correction in addition to its remedies at law.

Before imposing any intermediate sanction, liquidated damages, plans of correction, or other remedy against a managed care entity, DHCFP shall provide the Contractor with notice and such other due process protections as the State may provide, except that DHCFP will not provide the Contractor with a pre-termination hearing before imposing the sanction described in SSA, Section 1932(e)(2)(B) (Temporary Management).

b) The State uses the definition below of the threshold that would be met before an MCO is considered to have repeatedly committed violations of section 1903(m) and thus subject to imposition of temporary management:

The State of Nevada may impose the optional sanction of temporary management if it finds through on-site survey, enrollee complaints, financial audits, or any other means that there is continued egregious behavior by the Contractor, including but not limited to behavior described in 42 CFR 438.700 or that is
Sanctions for MCOs and PCCMs

contrary to any sections of 1903(M) and 1932 of the Act; or if there is substantial risk to the enrollees’ health; or the sanction is necessary to ensure the enrollees’ health while improvements are made to remedy violations of 42 CFR 438.700 or until there is an orderly termination of the contract.

c) The State’s contracts with MCOs provide that payments provided for under the contract will be denied for new enrollees when, and for so long as, payment for those enrollees is denied by CMS under 42 CFR 438.730(e).

Not applicable; the State does not contract with MCOs, or the State does not choose to impose intermediate sanctions on PCCMs.
4.31 Disclosure of Information by Providers and Fiscal Agents

The Medicaid agency has established procedures for the disclosure of information by providers and fiscal agents as specified in 42 CFR 455.104 through 455.106 and sections 1128(b)(9) and 1902(a)(38) of the Act.

4.32 Income and Eligibility Verification System

(a) The Medicaid agency has established a system for income and eligibility verification in accordance with the requirements of 42 CFR 435.940 through 435.960.

(b) ATTACHMENT 4.32-A describes, in accordance with 42 CFR 435.948(a)(6), the information that will be requested in order to verify eligibility or the correct payment amount and the agencies and the State(s) from which that information will be requested.
4.31 Disclosure of Information by Providers and Fiscal Agents

The Medicaid agency has established procedures for the disclosure of information by providers and fiscal agents as specified in 42 CFR 455.104 through 455.106 and sections 1128(b)(9) and 1902(a)(38) of the Act.

4.32 Income and Eligibility Verification System

(a) The Medicaid agency has established a system for income and eligibility verification in accordance with the requirements of 42 CFR 435.940 through 435.960.

(b) ATTACHMENT 4.32-A describes, in accordance with 42 CFR 435.948(a)(6), the information that will be requested in order to verify eligibility or the correct payment amount and the agencies and the State(s) from which that information will be requested.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nevada

INCOME AND ELIGIBILITY VERIFICATION SYSTEM PROCEDURES
REQUESTS TO OTHER STATE AGENCIES

The Nevada State Welfare Division requests information to verify Medicaid eligibility and recipient income for each applicant as specified under provisions of 42 CFR 435.948 (a) (1) through (a) (6).

Provision 42 CFR 435.948 (a) (6) is met by Nevada State Welfare as follows:

a) All applications ask whether an applicant has lived in another state and whether benefits were applied/received in that state. If an applicant indicates he/she has applied/received benefits in another state, the worker will verify. Any resources indicated by the other state which were not claimed by the applicant in Nevada will be evaluated.

b) The State has an eligibility determination system that provides for data matching through the Public Assistance Reporting Information System (PARIS), or any successor system, including matching with medical assistance programs operated by other States. The information that is requested will be exchanged with States and other entities legally entitled to verify title XIX applicants and individual eligible for covered title XIX services consistent with applicable PARIS agreements.
4.33 Medicaid Eligibility Cards for Homeless Individuals

(a) The Medicaid agency has a method for making cards evidencing eligibility for medical assistance available to an individual (sec. 5(a)(3)) eligible under the State's approved plan who does not reside in a permanent dwelling or does not have a fixed home or mailing address.

(b) ATTACHMENT 4.33-A specifies the method for issuance of Medicaid eligibility cards to homeless individuals.
METHOD FOR ISSUANCE OF MEDICAID ELIGIBILITY CARDS TO HOMELESS INDIVIDUALS

Nevada does not require a person to have a home address to be eligible for Medicaid. The person may have his Medicaid card mailed wherever it is convenient (e.g., a friend or relative's address or general delivery or other legal address). This is the same method used for anyone applying for Medicaid. There is not a different method specifically for homeless individuals.
4.34 Systematic Alien Verification for Entitlements

The State Medicaid agency has established procedures for the verification of alien status through the Immigration & Naturalization Service (INS) designated system, Systematic Alien Verification for Entitlements (SAVE), effective October 1, 1988.

N/A The State Medicaid agency has elected to participate in the option period of October 1, 1987 to September 30, 1988 to verify alien status through the INS designated system (SAVE).

N/A The State Medicaid agency has received the following type(s) of waiver from participation in SAVE.

- Total waiver
- Alternative system
- Partial implementation

TN No. 88-11 Approval Date: 12/2/88 Effective Date: 10/1/88
Supersedes
TN No. N/A
REQUIREMENTS FOR ADVANCE DIRECTIVES UNDER STATE PLANS FOR MEDICAL ASSISTANCE

The following is a description of Nevada law concerning advance directives (NRS 449.540 to 449.690, inclusive, and sections 2 to 12, inclusive of Chapter 258, Statutes of Nevada 1991):

WHAT IS AN ADVANCE DIRECTIVE?

An advance directive is generally a written statement, which individuals complete in advance of serious illness, about how they want medical decisions made. The two most common forms of advance directive are:

- a "Living Will," or "Declaration";

- a "Durable Power of Attorney for Health Care."

An advance directive allows individuals to state their choices for health care or to name someone to make those choices for them, if they become unable to make decisions about their medical treatment. In short, an advance directive can enable individuals to make decisions about their future medical treatment. They can say "yes" to treatment they want, or say "no" to treatment they do not want.

WHAT IS A LIVING WILL OR DECLARATION?

A Living Will or Declaration generally states the kind of medical care individuals want (or do not want) if they become unable to make their own decisions. It is called a "Living Will" because it takes effect while they are still living.

WHAT IS A DURABLE POWER OF ATTORNEY FOR HEALTH CARE?

A "Durable Power of Attorney for Health Care" is a signed, dated, and witnessed paper naming another person, such as a husband, wife, daughter, son, or close friend as an "agent" or "proxy" to make medical decisions for an individual who should become unable to make such decisions. The power of attorney includes instructions about any treatment the individual may want or wish to avoid, such as surgery or artificial feeding.

IS IT REQUIRED TO WRITE AN ADVANCE DIRECTIVE UNDER THE LAW?

No. It is entirely up to the individual.
CAN AN INDIVIDUAL CHANGE HIS/HER MIND AFTER A LIVING WILL OR HEALTH CARE POWER OF ATTORNEY IS WRITTEN?

Yes. Individuals may change or cancel these documents at any time in accordance with state law. Any change or cancellation should be written, signed, and dated in accordance with state law, and copies should be given to the family doctor, or to others to whom the individual may have given copies of the original.

If an individual wishes to cancel an advance directive while in the hospital, the individual should notify his/her doctor, family, and others who may need to know.

Even without a change in writing, wishes stated in person directly to an individual's doctor generally carry more weight than a living will or durable power of attorney, as long as the individual can decide and can communicate his/her wishes. The individuals must be sure to state their wishes clearly and be sure that they are understood.

This is a form of a "Declaration," provided for under Nevada Statutes:

DECLARATION

If I should have an incurable and irreversible condition that, without the administration of life-sustaining treatment, will, in the opinion of my attending physician, cause my death within a relatively short time, and I am no longer able to make decisions regarding my medical treatment, I direct my attending physician, pursuant to NRS 449.540 to 449.690, inclusive, and section 2 to 12, inclusive, of this act, to withhold or withdraw treatment that only prolongs the process of dying and is not necessary for my comfort or to alleviate pain.

If you wish to include this statement, you must INITIAL the statement in the box provided. (If the statement reflects your desires, initial the box next to the statement.)

I direct my attending physician not to withhold or withdraw artificial nutrition and hydration by way of the gastrointestinal tract if such a withholding or withdrawal would result in my death by starvation or dehydration. [______________]

This is the form of a "Durable Power of Attorney" for health care decisions provided for under Nevada Statutes:

**DURABLE POWER OF ATTORNEY FOR HEALTH CARE DECISIONS**

**WARNING TO PERSONS EXECUTING THIS DOCUMENT**

This is an important legal document. It creates a Durable Power of Attorney for Health Care. Before executing this document, you should know these important facts:

1. This document gives the person you designate as your attorney-in-fact the power to make health care decisions for you. This power is subject to any limitations or statement of your desires that you include in this document. The power to make health care decisions for you may include consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. You may state in this document any types of treatment or placements that you do not desire.

2. The person you designate in this document has a duty to act consistent with your desires as stated in this document or otherwise made known or, if your desires are unknown, to act in your best interests.

3. Except as you otherwise specify in this document, the power of the person you designate to make health care decisions for you may include the power to consent to your doctor not giving treatment or stopping treatment which would keep you alive.

4. Unless you specify a shorter period in this document, this power will exist indefinitely from the date you execute this document and if you are unable to make health care decisions for yourself, this power will continue to exist until the time when you become able to make health care decisions for yourself.

5. Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped if you object.

6. You have the right to revoke the appointment of the person designated in this document to make health care decisions for you by notifying that person of the revocation orally or in writing.
7. You have the right to revoke the authority granted to the person designated in this document to make health care decisions for you by notifying the treating physician, hospital, or other provider of health care orally or in writing.

8. The person designated in this document to make health care decisions for you has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

10. If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

1. DESIGNATION OF HEALTH CARE AGENT

I, ________________________________ (insert your name) do hereby designate and appoint:

Name: ________________________________
Address: ________________________________
Telephone: ________________________________

as my attorney-in-fact to make health care decisions for me as authorized in this document.

(Insert the name and address of the persons you wish to designate as your attorney-in-fact to make health care decisions for you. Unless the person is also your spouse, legal guardian, or the person most closely related to you by blood, none of the following may be designated as your attorney-in-fact: 1) your treating provider of health care; 2) an employee of your treating provider of health care; 3) an operator of a health care facility; or 4) an employee of an operator of a health care facility.)

2. CREATION OF DURABLE POWER OF ATTORNEY FOR HEALTH CARE

By this document, I intend to create a durable power of attorney by appointing the person designated above to make health care decisions for me. This power of attorney shall not be affected by my subsequent incapacity.
3. GENERAL STATEMENT OF AUTHORITY GRANTED

In the event that I am incapable of giving informed consent with respect to health care decisions, I hereby grant to the attorney-in-fact named above full power and authority to make health care decisions for me before, or after my death, including: consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat physical or mental condition, subject only to the limitations and special providers, if any, set forth in paragraph 4 or 6.

4. SPECIAL PROVISIONS AND LIMITATIONS

(Your attorney-in-fact is not permitted to consent to any of the following: commitment to or placement in a mental health treatment facility, convulsive treatment, psychosurgery, sterilization, or abortion. If there are any other types of treatment or placement that you do not want your attorney-in-fact's authority to give consent for or other restrictions you wish to place on his or her attorney-in-fact's authority, you should list them in the space below. If you do not write any limitations, your attorney-in-fact will have the broad powers to make health care decisions on your behalf which are set forth in paragraph 3, except to the extent that there are limits provided by law.)

In exercising the authority under this Durable Power of Attorney for Health Care, the authority of my attorney-in-fact is subject to the following special provisions and limitations:

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

5. DURATION

I understand that this power of attorney will exist indefinitely from the date I execute this document unless I establish a shorter time. If I am unable to make health care decisions for myself when this power of attorney expires, the authority I have granted by attorney-in-fact will continue to exist until the time when I become able to make health care decisions for myself.

(IF APPLICABLE)

I wish to have this power of attorney end on the following date:

______________________________________________________________________
6. STATEMENT OF DESIRES

(With respect to decisions to withhold or withdraw life-sustaining treatment, your attorney-in-fact must make health care decisions that are consistent with your known desires. You can, but are not required to, indicate your desires below. If your desires are unknown, your attorney-in-fact has the duty to act in your best interests; and, under some circumstances, a judicial proceeding may be necessary so that a court can determine the health care decision that is in your best interests. If you wish to indicate your desires, you may INITIAL the statement or statements that reflect your desires and/or write your own statements in the space below.) (If the statement reflects your desires, initial the box next to the statement.)

1. I desire that my life be prolonged to the greatest extent possible, without regard to my condition, the chances I have for recovery or long-term survival, or the cost of the procedures. [_________]

2. If I am in a coma which my doctors have reasonably concluded is irreversible, I desire that life-sustaining or prolonging treatments not be used. (Also should utilize provisions of NRS 449.540 to 449.690, inclusive, and sections 2 to 12, inclusive, of chapter 258, Statutes of Nevada 1991, if this subparagraph is initialed.) [_________]

3. If I have an incurable or terminal condition or illness and no reasonable hope of long-term recovery or survival, I desire that life-sustaining or prolonging treatments not be used. (Also should utilize provisions of NRS 449.540 to 449.690, inclusive, and sections 2 to 12, inclusive, of chapter 258, Statutes of Nevada 1991, if this subparagraph is initialed.) [_________]
4. I do not desire treatment to be provided and/or continued if the burdens of the treatment outweigh the expected benefits. My attorney-in-fact is to consider the relief of suffering, the preservation or restoration of functioning, and the quality as well as the extent of the possible extension of my life.

[_________]

(If you wish to change your answer, you may do so by drawing an "X" through the answer you do not want, and circling the answer you prefer.)

Other or Additional Statements of Desires: ___________________________________

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

7. DESIGNATION OF ALTERNATE ATTORNEY-IN-FACT

(You are not required to designate any alternative attorney-in-fact, but you may do so. Any alternative attorney-in-fact you designate will be able to make the same health care decisions as the attorney-in-fact designated in paragraph to act as your attorney-in-fact. Also, if the attorney-in-fact designated in paragraph 1 is your spouse, his or her designation as your attorney-in-fact is automatically revoked by law if your marriage is dissolved.)

If the person designated in paragraph 1 as my attorney-in-fact is unable to make health care decisions for me, then I designate the following persons to serve as my attorney-in-fact to make health care decisions for me as authorized in this document, such person to serve in the order listed below:

A. First Alternative Attorney-in-Fact
   Name: ____________________________________________________________
   Address: _________________________________________________________
   Telephone: ________________________________________________________

B. Second Alternative Attorney-in-Fact
   Name: ____________________________________________________________
   Address: _________________________________________________________
   Telephone: ________________________________________________________
8. PRIOR DESIGNATIONS REVOKED

I revoke any prior Durable Power of Attorney for Health Care.

(YOU MUST DATE AND SIGN THIS POWER OF ATTORNEY.)

I sign my name to this Durable Power of Attorney for Health Care on
______________________(date) at _______________________(city),
_________________________(state).

____________________________________________
Signature

(This power of attorney will not be valid for making health care decisions unless it is either:
1) signed by at least two qualified witnesses who are personally known to you and who are
present when you sign or acknowledge your signature; or 2) acknowledged before a notary
public.)

CERTIFICATE OF ACKNOWLEDGEMENT OF NOTARY PUBLIC

(You may use acknowledgement before a notary public instead of statement of witnesses.)

Signature of Notary Public
STATEMENT OF WITNESSES

(You should carefully read and follow this witnessing procedure. This document will not be valid unless you comply with the witnessing procedure. If you elect to use witnesses instead of having this document notarized, you must use two qualified adult witnesses. None of the following may be used as a witness: 1) a person you designate as the attorney-in-fact; 2) a provider of health care; 3) an employee of a provider of health care; 4) the operator of a health care facility; 5) an employee of an operator of a health care facility. At least one of the witnesses must make the additional declaration set out following the place where the witnesses sign.)

I declare under penalty of perjury that the principal is personally known to me, that the principal signed or acknowledged this durable power of attorney in my presence, that the principal appears to be of sound mind and under no duress, fraud, or undue influence, that I am not the person appointed as attorney-in-fact by this document, and that I am not a provider of health care, an employee of a provider of health care, the operator of a community care facility, nor an employee of an operator of a health care facility.

State: Nevada
COPIES: You should retain an executed copy of this document and give one to your attorney-in-fact. The power of attorney should be available so a copy may be given to your providers of health care.

Under section 11 of Chapter 258, Nevada Statutes 1991, a health care provider is allowed to transfer care of a patient to another provider if the first provider objects on the basis of conscience to implementation of an advance directive.
4.35 Remedies for Skilled Nursing and Intermediate Care Facilities that Do Not Meet Requirements of Participation

(a) The Medicaid agency meets the requirements of section 1919(h)(2)(A) through (D) of the Act concerning remedies for skilled nursing and intermediate care facilities that do not meet one or more requirements of participation.

ATTACHMENT 4.35-A describes the criteria for applying the remedies specified in section 1919(h)(2)(A)(i) through (iv) of the Act.

(b) The agency uses the following remedy(ies):

(1) Denial of payment for new admissions.
(2) Civil money penalty.
(3) Appointment of temporary management.
(4) In emergency cases, closure of the facility and/or transfer of residents.

(c) The agency establishes alternative State remedies to the specified Federal remedies (except for termination of participation).

ATTACHMENT 4.35-B describes these alternative remedies and specifies the basis for their use.

(d) The agency uses one of the following incentive programs to reward skilled nursing or intermediate care facilities that furnish the highest quality care to Medicaid residents:

(1) Public recognition.
(2) Incentive payments.
Citation  4.35  Enforcement of compliance for Nursing Facilities

42 CFR 488.402(f)  (a)  Notification of Enforcement Remedies

When taking an enforcement action against a non-State operated NF, the State provides notification in accordance with 42 CFR 488.402(f).

(i)  The notice (except for civil money penalties and State monitoring) specifies the:

(1)  nature of compliance,
(2)  which remedy is imposed,
(3)  effective date of the remedy, and right to appeal the determination leading to the remedy.
(4)  Right to appeal the determination leading to the remedy.

42 CFR 488.434  (ii)  The notice for civil money penalties is in writing and contains the information specified in 42 CFR 488.434.

42 CFR 488.402(f)(2)  (iii)  Except for civil money penalties and State monitoring, notice is given at least 2 calendar days before the effective date of the enforcement remedy for immediate jeopardy situations and at least 15 calendar days before the effective date of the enforcement remedy when immediate jeopardy does not exist.

42 CFR  (iv)  Notification of termination is given to the facility and to the public at least 2 calendar days before the remedy’s effective date if the noncompliance constitutes immediate jeopardy and at least 15 calendar days before the remedy’s effective date if the noncompliance does not constitute immediate jeopardy. The State must terminate the provider agreement of an NF in accordance with procedures in parts 431 and 422.
State/Territory: NEVADA

Citation 4.35 Enforcement of Compliance for Nursing Facilities (continued)

(b) Factors to be Considered in Selecting Remedies

(i) In determining the seriousness of deficiencies, the State considers the factors specified in 42 CFR 488.404(b)(1) and (2).

\[\text{X}\] The State considers additional factors. Attachment 4.35-A describes the State's other factors.

(c) Application of Remedies

(i) If there is immediate jeopardy to resident health or safety, the State terminates the NF’s provider agreement within 23 calendar days from the date of the last survey or immediately imposes temporary management to remove the threat within 23 days.

(ii) The State imposes the denial of payment (or its approved alternative) with respect to any individual admitted to an NF that has not come into compliance within 3 months after the last day of the survey.

(iii) The State imposes the denial of payment for new admissions remedy as specified in 488.417 (or its approved alternative) and a state monitor as specified at 488.422, when a facility has been found to have provided substandard quality of care on the last three consecutive standard surveys.

(iv) The State follows the criteria specified at 42 CFR 488.408(c)(2), 488.408(d)(2), and 488.408(e)(2), when it imposes remedies in place or in addition to termination.

(v) When immediate jeopardy does not exist, the State terminates an NF’s provider agreement no later than 6 months from the finding of noncompliance, if the conditions of 42 CFR 488.412(a) are not met.
(d) Available Remedies

(i) The State has established the remedies defined in 42 CFR 488.406(b).

- (1) Termination
- (2) Temporary Management
- (3) Denial of Payment for New Admissions
- (4) Civil Money Penalties
- (5) Transfer of Residents; Transfer of Residents with Closure of Facility
- (6) State Monitoring

Attachments 4.35-B through 4.35-G describe the criteria for applying the above remedies. Nevada Revised Statues NRS 449.163 through 449.170 are the authority for remedies cited above.

(ii) The State uses alternative remedies. The State has established alternative remedies that the State will impose in place of a remedy specified in 42 CFR 488.406(b).

- (1) Temporary Management
- (2) Denial of Payment for New Admissions
- (3) Civil Money Penalties
- (4) Transfer of Residents; Transfer of residents with Closure of Facility
- (5) State Monitoring

Attachments 4.35-B through 4.35-G describe the criteria for applying the above remedies.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: NEVADA

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Enforcement of Compliance for Nursing Facilities

The State uses other factors described below to determine the seriousness of deficiencies in addition to those described at '488.404(b)(1):

(1) The relationship of the one deficiency with other deficiencies:

(2) The facility's prior survey history; and

(3) The facility's ownership (or party/entity responsible for operating the facility), specifically, the prior and current status of the owner's (operator's) other facilities in relationship to the deficiency(ies) cited.

TN No. 95-08 Supersedes

Approval Date: Dec 11, 1995     Effective Date: 7/1/95
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE/TERRITORY: NEVADA

CRITERIA FOR APPLICATION OF SPECIFIED REMEDIES
SPECIFIED REMEDIES AS ON PAGE 79C

DENIAL OF PAYMENT FOR NEW ADMISSIONS

Sec. 133 1. The Bureau of Regulatory Health Services (bureau) may request the welfare division to deny Medicaid payment to a facility for new admissions if:

(a) The facility does not substantially correct the deficiencies within 90 days or within the time required by federal Medicaid law after the facility is notified by the bureau of the deficiencies; or

(b) The bureau has cited a facility with substandard quality of care (severity score of level three or more and scope of level three or more as defined under federal survey guidelines) on two of the last three consecutive standard surveys.

2. If the facility achieves and maintains compliance with the requirements, the bureau shall request the welfare division to resume payments to the facility prospectively; effective on the date compliance was achieved.

Sec. 134 1. The bureau may request the welfare division to deny payment to a facility for new admissions who have certain specified diagnoses or special care needs if:

(a) The facility is not currently able to provide appropriate care, services, or treatment for these persons; or

(b) Caring for these persons will adversely affect care provided to other recipients.
2. If the facility achieves and maintains compliance with the requirements, the bureau must request the welfare division to resume payment to the facility prospectively, effective on the date compliance was achieved.

Sec. 135
1. The bureau may request the welfare division to suspend all or part of the Medicaid payments to a facility for services furnished to a Medicaid recipient on or after the date of the deficiency, regardless of whether the recipient was admitted before, on, or after the date of the deficiency.

2. If the facility achieves compliance with the requirements, the bureau shall request the department of human resources to resume payments retroactively.

CIVIL MONEY PENALTIES

Sec. 106 The bureau may impose a monetary penalty alone or in addition to other penalties. The purpose of a monetary penalty is to provide a fund for protecting the health, safety, rights, welfare, and well-being of recipients and the property of residents in facilities and to deter future deficiencies. If a penalty is imposed, the criteria in section 107 below must be applied.

Sec. 107
1. Except as otherwise provided in subsection 4, the bureau may impose a monetary penalty on any facility that is not in compliance with any federal participation requirement, regardless of whether the deficiency constitutes an immediate and serious threat.

2. If a monetary penalty is imposed, the initial penalty based on the severity and scope score of the deficiency must be imposed as provided in section 111 below.

3. In addition to the initial penalty, the bureau may impose a monetary penalty for each day of noncompliance from the date the noncompliance occurs or is identified until compliance is verified.

4. A facility is not subject to a monetary penalty for a de minimis deficiency. As used in this subsection, "de minimis deficiency" means a finding rated as having a severity level of one or two under federal survey guidelines.
Sec. 108 1. The bureau shall impose an initial penalty pending a hearing or appeal. The payment of the penalty must not be stayed during the pendency of any administrative appeal.

2. The payment of any daily penalties that accrue while the facility has a hearing pending on the initial determination of deficiencies leading to the imposition of sanctions must be stayed pending the appeal.

Sec. 109 If the bureau imposes a monetary penalty, the penalty must be imposed as provided in sections 109, 110, and 111 of this attachment. In imposing the penalty, the total penalty assessed against any facility bears interest at the rate of 10 percent per annum.

Sec. 110 1. In no event may the principal amount of the total daily monetary penalty assessed against any facility exceed $1,000 per deficiency per day.

2. Where more than one deficiency is subject to a monetary penalty, the total daily penalty assessed against a facility may not exceed the maximum daily penalty per facility permitted by 42 U.S.C. ' 1396r for monetary penalties assessed against Medicaid facilities.

3. If the maximum daily administrative penalty per facility permitted by federal law for a facility of the type being sanctioned is less than that permitted by 42 U.S.C ' 1396r, the lower maximum penalty amount must be imposed.

Sec. 111 1. In determining the amount of an initial penalty, the bureau shall consider the severity alone if the severity level is four. In determining the amount of the monetary penalty where the severity level is less than four, both severity and scope must be considered. In determining whether to impose a daily monetary penalty, the bureau shall consider the severity and scope and the factors indicated for increased and decreased penalties provided in sections 112 and 114 of this attachment.

2. For initial deficiencies with a severity level of four, an initial monetary penalty of $500 per deficiency must be imposed. In addition, a penalty of $10 per recipient per day may be imposed for each day the deficiency continues.
3. For initial deficiencies rated with a severity level of three and a scope level of three or more, a monetary penalty of $400 per deficiency must be imposed. In addition, a penalty of $8 per recipient per day may be imposed for each day the deficiency continues.

4. For initial deficiencies with a severity level of three and a scope level of two, an initial monetary penalty of $200 per deficiency must be imposed. In addition, a penalty of $4 per recipient per day may be imposed for each day the deficiency continues.

5. For initial deficiencies with a severity level of two and a scope level of three, an initial monetary penalty of $100 per deficiency-cy must be imposed. The payment of this penalty must be suspended if the facility has corrected the deficiencies within the time specified in the plan of correction. In addition, a penalty of $2 per recipient per day may be imposed for each day the deficiency continues.

Sec. 112
1. Penalties must be increased if deficiencies are uncorrected or repeated or compliance is falsely alleged.

2. For each uncorrected deficiency present after the time specified by the bureau for correction of the deficiency, the monetary penalty must be computed at the rate of one and one-half times the rate that was or could have been assessed initially for a deficiency of that severity and scope.

3. For each repeat deficiency present within 18 months after an initial finding of the deficiency, the monetary penalty must be computed at the rate of one and one-half times the rate that was or could have been assessed initially for a deficiency of that severity and scope.

4. The bureau may double the daily penalty that was or could have been assessed if the facility alleges compliance and the bureau finds on a survey that at the time compliance was alleged, the deficiencies continued to exist.

Sec. 113
There is a rebuttable presumption that deficiencies identified on a subsequent survey were present on each day between the date of the initial finding and the date of the subsequent finding.
Sec. 114  1. If a facility against which a monetary penalty is imposed:
   (a) waives the right to a hearing;
   (b) corrects the deficiencies that were the basis for the penalty; and
   (c) pays the penalty within 15 days after notice of the penalty,

   the penalty must be reduced by 25 percent and no interest may be charged.

   2. If, before a survey by the bureau, the facility identifies and corrects the deficiencies that are the basis for the penalty, the penalty must be reduced by 50 percent and no interest may be charged if the assessment is paid within the time required by sections 52 to 147, inclusive, of this attachment.

Sec. 115  If a monetary penalty is assessed on a daily basis according to the number of recipients and the number of recipients fluctuates, the penalty must be computed on the basis of the average daily number of recipients during the three (3) months preceding the imposition of the penalty.

Sec. 116  The effective beginning date of a daily monetary penalty is:

   1. In the case of an immediate and serious threat, the date the deficiency occurred; and
   2. In any other case, the day the deficiency is identified.

Sec. 117  1. Daily penalties and interest must be computed after compliance has been verified or the provider has been sent notice of termination of a license or provisional license. A daily penalty must end on the effective date of compliance or termination of the license of the facility.

   2. If a provider achieves compliance, the bureau shall send a separate notice to the facility containing:

   (a) The amount of penalty per day;
   (b) The number of days involved;
(c) The due date of the penalty; and

(d) The total amount due.

3. If a license of a facility is to be terminated, the bureau shall send the information required by subsection 2 in the notice of termination.

4. If the bureau's decision of noncompliance is upheld on appeal or the facility waives its right to a hearing, the monetary penalty must be imposed for the number of days between the effective date of the penalty and the date of correction of the deficiencies or, if applicable, the date the license of the facility is terminated.

Sec. 118

1. The daily accrual of a monetary penalty must end if the facility demonstrates that substantial improvements have been made to correct the deficiencies and that the health, safety, and well-being of recipients are adequately protected and safeguarded.

2. A monetary penalty may be imposed on a daily basis for no longer than six (6) months, after which the bureau shall deny, suspend, or revoke the license of the facility and, if the facility is a Medicaid facility and major deficiencies remain, request the welfare division to terminate the Medicaid provider agreement of the facility.

3. If a deficiency in a Medicaid facility presents an immediate and serious threat and continues to exist on the 23rd day following the appointment of temporary management, the bureau shall request the welfare division to terminate the Medicaid provider agreement of the facility.

4. If the provider can supply credible evidence that substantial compliance with participation requirements was attained on a date preceding that of the survey, monetary penalties accrue only until that date of correction for which there is credible evidence. As used in this subsection, "credible evidence" means actual documentation that compliance has been achieved.

Sec. 119

1. Initial penalty assessment payments are due within 15 days after notice of the penalty and must be paid irrespective of any administrative appeal.
2. The daily monetary penalty is due and must be paid within 15 days after compliance is verified or termination of a license is effective and the facility is notified of the amount of the total daily penalty due.

3. If the facility has appealed a decision imposing a monetary penalty, the daily penalty is due and must be paid after the final administrative decision is rendered and 15 days after the facility has been notified of the amount of the total daily penalty due.

Sec. 120

1. If the facility fails to pay a monetary penalty, the health division may suspend the license of the facility.

2. The health division shall provide proper notice of its intent to suspend the license of the facility.

3. If the facility fails to pay the penalty, including any additional costs incurred in collection of the penalty, within 10 days after receipt of the notice, the health division shall suspend the license of the facility. The suspension must not be stayed during the pendency of any administrative appeal.

Sec. 121

Any costs, including attorney's fees, incurred by the bureau or the health division in the collection of any monetary penalty may be recovered from the facility.

Sec. 122

1. The amount of any penalty owed by a Medicaid facility, if it has been determined, may be deducted from any money otherwise owed to the facility by the welfare division.

2. If the facility does not pay a monetary penalty by the date it is due and no extension of time to pay is granted, the administrator of the health division shall notify the administrator of the welfare division of the amount of the penalty due and owing and shall request withholding of the amount owed.

3. The administrator of the welfare division will take the appropriate steps to withhold the amount of the penalty owed, including any interest and costs of collection, from the Medicaid payment otherwise due the facility. Money so withheld must be remitted to the health division for deposit in the special fund established pursuant to section 124 below. Money withheld for costs of collection must be applied by the administrator of the health division to the account incurring the costs.
Sec. 123  Unless it is waived as provided in section 114, interest at the rate prescribed in NRS 449.163 will be assessed on the unpaid balance of the penalty, beginning on the due date.

Sec. 124  1. Unless otherwise required by federal law, money collected by the health division as administrative penalties must be deposited into a separate fund and applied to the protection of the health, safety, well-being, and property of recipients, including residents of facilities that the health division finds deficient.

2. Any of the following applications of money collected, without limitation, are permissible:

   (a) Reimbursement of costs related to the operation of a facility pending correction of deficiencies or closure;

   (b) Reimbursement of residents for personal money lost; and

   (c) Payment of the cost of relocating residents to other facilities.

Sec. 125  The bureau may settle a case at any time before a final administrative hearing decision.

APPOINTMENT OF TEMPORARY MANAGEMENT

Sec. 126  1. If a temporary manager is to be appointed, the bureau shall orally notify the facility of the appointment. Written notice that complies with the following requirements must be mailed within 24 hours after the oral notice:

"Except in an emergency or in a case in which the sanction is the issuance of a provisional license, the notice must be delivered at least 5 days before the imposition of the sanction and must include:

1. A citation of the statutory and regulatory authority for the sanction;

2. The factual findings providing the basis for the deficiency;
3. A description of any circumstances, such as self-correction or subsequent, uncorrected or repeated deficiencies, considered in determining the sanction;

4. Instructions for responding to the notice, including a statement of the right of the facility to a hearing, the time within which a hearing must be requested, and the consequences of waiving a hearing; and

5. If a monetary penalty is to be imposed, the amount of any initial and any daily monetary penalty per day of noncompliance."

2. If the facility does not accept the temporary manager or a temporary manager is not available within 10 days after the date of the deficiency, and the immediate and serious threat is not removed, the bureau shall deny, suspend, or revoke the license of the facility, and, if applicable, shall also recommend to the welfare division termination or suspension of the Medicaid provider agreement of the facility.

3. If the facility accepts the temporary manager, the bureau shall:

   (a) Notify the facility that, unless it removes the immediate and serious threat, its license will be denied, suspended, or revoked pursuant to NRS 449.160; and

   (b) Where applicable, recommend to the welfare division that the Medicaid provider agreement of the facility be terminated, effective on the 23rd day after the date of appointment of the temporary manager.

4. If the immediate and serious threat is not removed on or before the 23rd day after the appointment of the temporary manager, the bureau shall deny, suspend, or revoke the license of the facility, and, if applicable, recommend to the welfare division that the Medicaid provider agreement be terminated.

Sec. 127 Appointment of a temporary manager where there is not an immediate and serious threat must be made in conformity with the provisions for notice contained in section 126.
Sec. 128 1. The temporary manager must:

(a) Be a person qualified to operate the facility pursuant to the provisions of chapter 449 of NRS relating to the licensing of the facility;

(b) Demonstrate prior competency as an administrator of a medical facility or a facility for the dependent, or have other relevant experience pertinent to the deficiencies identified; and

(c) Have had no disciplinary action taken against him by any licensing board or professional society in any state.

2. The temporary manager may be an employee of the health division or a private person or agency that contracts with the health division to serve in that capacity.

Sec. 129 The costs and expenses of temporary management, including the compensation of the manager, must be paid by the facility through the bureau while the temporary manager is assigned to the facility.

Sec. 130 The temporary manager may take such action as is required to mitigate the immediate danger at the facility, including without limitation providing for the safe transfer of residents or prohibiting the transfer of residents.

Sec. 131 If a facility fails to agree to the appointment of a temporary manager or fails to relinquish authority to the temporary manager, the health division shall:

1. Request the attorney general to bring an action pursuant to NRS 439.565;

2. Deny, suspend, or revoke the license of the facility; and

3. If applicable, request the welfare division to terminate the provider agreement of the facility in accordance with the requirements of the Medicaid program.
Sec. 132 1. Temporary management of a facility must be terminated if the bureau determines that:

(a) The facility has substantially corrected the deficiency and has secured management capable of ensuring continued compliance with applicable state and federal statutes, regulations, conditions, and standards;

(b) The facility has substantially corrected the deficiencies; or

(c) The license of the facility has been denied, revoked, or suspended.

2. If temporary management will be needed for more than 24 days, the bureau shall request the attorney general to initiate judicial proceedings as authorized by NRS 439.565.

IN EMERGENCY CASES, CLOSURE OF THE FACILITY AND/OR TRANSFER OF RESIDENTS

Sec. 144 1. Except as otherwise provided in subsection 2, if the bureau proposes to close a facility, the health division shall, at least five (5) days before the transfer, notify or cause to be notified personally or by written or telephonic means:

(a) each recipient; and

(b) any person indicated on the record of the recipient as a person to be notified in case of an emergency,

of the nature of the emergency and the proposed transfer.

2. In an acute emergency, residents may be transferred without prior notice. As used in this subsection, "acute emergency" means that action must be taken without prior notice as a result of an immediate and serious threat.

Sec. 145 If the residents of a residential facility are to be transferred, the following criteria must be applied in the following order to determine the most appropriate placement of each resident:

1. The medical and psychological health of the resident and the suitability of the proposed facility to meet the resident's medical and psychosocial needs;
2. The facility, if any, where the spouse or immediate family member of the resident is a resident; and

3. The geographical proximity of the proposed facility to the immediate family or regular visitors of the resident.

Enforcement of Compliance for Nursing Facilities

**Termination of Provider Agreement**: Describe the criteria (as required at '1919(h)(2)(A)) for applying the remedy.

- X Specified Remedy

(Will use the criteria and notice requirements specified in the regulation.)
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE/TERRITORY: NEVADA

ALTERNATE REMEDIES TO SPECIFIED REMEDIES FOR SKILLED AND INTERMEDIATE CARE FACILITIES

Sec. 87 The sanctions available for all facilities include:

1. The requirement that the facility submit a plan of correction for approval by the bureau;
2. The issuance of a provisional license as provided by NRS 449.091;
3. The imposition of a limitation on the occupancy of a residential facility;
4. The imposition of a ban on admissions;
5. Monitoring of the facility by the bureau.

Sec. 88 For a facility that participates in Medicaid, in addition to imposing any sanction authorized by section 87 in this attachment, the bureau may recommend to the welfare division:

1. That the provider agreement of the facility be terminated.
2. That Medicaid payment for certain diagnostic categories or certain types of specialized care be denied.
3. That all or part of the payments to the facility be suspended.
4. That the facility be allowed to continue to participate as a Medicaid facility for 6 months after the date of the survey if:
   (a) The bureau finds that it is more appropriate to impose alternative sanctions than to recommend termination of the facility from the Medicaid program;
   (b) The facility has submitted an acceptable plan of correction;
(c) The bureau approves the plan of correction; and

(d) The facility agrees to repay the Federal Government for any payments received under the Medicare or Medicaid program if timely corrective action is not taken in accordance with the approved plan of correction.

If the facility does not substantially correct the cited deficiencies within six (6) months after the last day of the survey, the bureau shall recommend that the welfare division terminate the Medicaid agreement of any facility whose participation was continued under these conditions.

4.36 Required Coordination Between the Medicaid and WIC Programs

1902(a)(11)(C) and 1902(a)(53) of the Act

The Medicaid agency provides for the coordination between the Medicaid program and the Special Supplemental Food Program for Women, Infants, and Children (WIC) and provides timely notice and referral to WIC in accordance with section 1902(a)(53) of the Act.
Citation

42 CFR 483.75; 42 CFR 483 Subpart D; Secs. 1902(a)(28), 1919(e)(1) and (2), P.L. 100-203 (Sec. 4211(a)(3)); P.L. 101-239 (Secs. 6901(b)(3) and (4)); P.L. 101-508 (Sec. 4801(a)).

Nurse Aide Training and Competency Evaluation for Nursing Facilities

(a) The State assures that the requirements of 42 CFR 483.150(a), which relate to individuals deemed to meet the nurse aide training and competency evaluation requirements, are met.

(b) The State waives the competency evaluation requirements for individuals who meet the requirements of 42 CFR 483.150(b)(1).

(c) The State deems individuals who meet the requirements of 42 CFR 483.150(b)(2) to have met the nurse aide training and competency evaluation requirements.

(d) The State specifies any nurse aide training and competency evaluation programs it approves as meeting the requirements of 42 CFR 483.152 and competency evaluation programs it approves as meeting the requirements of 42 CFR 483.154.

(e) The State offers a nurse aide training and competency evaluation program that meets the requirements of 42 CFR 483.152.

(f) The State offers a nurse aide competency evaluation program that meets the requirements of 42 CFR 483.154.

TN No. 92-14
Supersedes
TN No. N/A
Approval Date: 4/16/92
Effective Date: 1/1/92
(g) If the State does not choose to offer a nurse aide training and competency evaluation program or nurse aide competency evaluation program, the State reviews all nurse aide training and competency evaluation programs and competency evaluation programs upon request.

(h) The State survey agency determines, during the course of all surveys, whether the requirements of 483.75(e) are met.

(i) Before approving a nurse aide training and competency evaluation program, the State determines whether the requirements of 42 CFR 483.152 are met.

(j) Before approving a nurse aide competency evaluation program, the State determines whether the requirements of 42 CFR 483.154 are met.

(k) For program reviews other than the initial review, the State visits the entity providing the program.

(l) The State does not approve a nurse aide training and competency evaluation program or competency evaluation program offered by or in certain facilities as described in 42 CFR 483.151(b)(2) and (3).
Citation

42 CFR 483.75; 42 CFR 483 Subpart D; Secs. 1902(a)(28), 1919(e)(1) and (2) and 1919(f)(2) P.L. 100-203 (Sec 4211(a)(3)); P.L. 101-239 (Secs. 6901(b)(3) and (4)); P.L. 101-508 (Sec.4801(a)).

(m) The State, within 90 days of receiving a request for approval of a nurse aide training and competency evaluation program or competency evaluation program, either advises the requestor whether or not the program has been approved or requests additional information from the requestor.

(n) The State does not grant approval of a nurse aide training and competency evaluation program for a period longer than 2 years.

(o) The State reviews programs when notified of substantive changes (e.g., extensive curriculum modification).

(p) The State withdraws approval from nurse aide training and competency evaluation programs and competency evaluation programs when the program is described in 42 CFR 483.151(b)(2) or (3).

(q) The State withdraws approval of nurse aide training and competency evaluation programs that cease to meet the requirements of 42 CFR 483.152 and competency evaluation programs that cease to meet the requirements of 42 CFR 483.154.

(r) The State withdraws approval of nurse aide training and competency evaluation programs and competency evaluation programs that do not permit unannounced visits by the State.
When the State withdraws approval from a nurse aide training and competency evaluation program or competency evaluation program, the State notifies the program in writing, indicating the reasons for withdrawal of approval.

The State permits students who have started a training and competency evaluation program from which approval is withdrawn to finish the program.

The State provides for the reimbursement of costs incurred in completing a nurse aide training and competency evaluation program or competency evaluation program for nurse aides who become employed by or who obtain an offer of employment from a facility within 12 months of completing such program.

The State provides advance notice that a record of successful completion of competency evaluation will be included in the State's nurse aide registry.

Competency evaluation programs are administered by the State or by a State-approved entity which is neither a skilled nursing facility participating in Medicare nor a nursing facility participating in Medicaid.

The State permits proctoring of the competency evaluation in accordance with 42 CFR 483.154(d).

The State has a standard for successful completion of competency evaluation programs.
The State includes a record of successful completion of a competency evaluation within 30 days of the date an individual is found competent.

The State imposes a maximum upon the number of times an individual may take a competency evaluation program (any maximum imposed is not less than 3).

The State maintains a nurse aide registry that meets the requirements in 42 CFR 483.156.

The State includes home health aides on the registry.

The State contracts the operation of the registry to a non State entity.

ATTACHMENT 4.38 contains the State's description of registry information to be disclosed in addition to that required in 42 CFR 483.156(c)(1)(iii) and (iv).

ATTACHMENT 4.38-A contains the State's description of information included on the registry in addition to the information required by 42 CFR 483.156(c).

Preadmission Screening and Annual Resident Review in Nursing Facilities

(a) The Medicaid agency has in effect a written agreement with the State mental health and mental retardation authorities that meet the requirements of 42 (CFR) 431.621(c).

(b) The State operates a preadmission and annual resident review program that meets the requirements of 42 CFR 483.100-138.

(c) The State does not claim as "medical assistance under the State Plan" the cost of services to individuals who should receive preadmission screening or annual resident review until such individuals are screened or reviewed.

(d) With the exception of NF services furnished to certain NF residents defined in 42 CFR 483.118(c)(1), the State does not claim as "medical assistance under the State plan" the cost of NF services to individuals who are found not to require NF services.

(e) ATTACHMENT 4.39 specifies the State's definition of specialized services.
4.39 (Continued)

X  (f)  Except for residents identified in 42 CFR 483.118(c)(1), the State mental health or mental retardation authority makes categorical determinations that individuals with certain mental conditions or levels of severity of mental illness would normally require specialized services of such an intensity that a specialized services program could not be delivered by the State in most, if not all, NFs and that a more appropriate placement should be utilized.

(g) The State describes any categorical determinations it applies in ATTACHMENT 4.39-A.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

DEFINITION OF SPECIALIZED SERVICES

MENTAL HEALTH SPECIALIZED SERVICES consists of an individual plan of care that prescribes specific therapies and activities to treat acute episodes of severe mental illness, developed, supervised, and provided by a physician and other qualified mental health professionals.

SPECIALIZED SERVICES FOR MENTAL RETARDATION, meaning a continuous program which includes aggressive, consistent implementation of specialized generic training, treatment, health services and related services that are directed toward the acquisition of the behaviors necessary to function with as much self-determination and independence as possible, and maintain current functional status.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

CATEGORICAL DETERMINATIONS

PASARR II Categorical Determination:

1) Criterion IIE = CONVALESCENT CARE from an acute physical illness which does not meet all the criteria for an exempted hospital discharge that is not subject to preadmission screening. These admissions shall be limited on a case by case basis to no more than 120 days, with a PASARR Level II Individual determination to be requested by the nursing facility if the resident's stay is anticipated to extend beyond the prescribed limit.

   In addition, PROVISIONAL ADMISSIONS will be allowed pending further assessment, in cases of DELIRIUM until the delirium clears but not to exceed 30 days; or in emergency situations requiring PROTECTIVE SERVICES, not to exceed seven days; or for RESPITE CARE to be determined on a case by case basis not to exceed a 30 day stay per year.

2) Criterion IIF = TERMINAL ILLNESS, a medical prognosis documented by the attending physician, indicating a life expectancy of six months or less.

3) Criterion IIG = SEVERITY OF ILLNESS, limited to:

   - Comatose;
   - Ventilator dependent;
   - Brain stem level functioning;
   - Chronic Obstructive Pulmonary Disease (COPD);
   - Severe Parkinson's Disease;
   - Huntington's Disease
   - Amyotrophic Lateral Sclerosis (ALS);
   - Congestive Heart Failure (CHF).

TN No. NA
4.40 Survey & Certification Process

(a) The State assures that the requirements of 1919(g)(1)(A) through (C) and section 1919(g)(2)(A) through (E)(iii) of the Act which relate to the survey and certification of non-State owned facilities based on the requirements of section 1919(b), (c) and (d) of the Act, are met.

(b) The State conducts periodic education programs for staff and residents (and their representatives). Attachment 4.40-A describes the survey and certification educational program.

(c) The State provides for a process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a nurse aide of a resident in a nursing facility or by another individual used by the facility. Attachment 4.40-B describes the State's process.

(d) The State agency responsible for surveys and certification of nursing facilities or an agency delegated by the State survey agency conducts the process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property. If not the State survey agency, what agency?

(e) The State assures that a nurse aide, found to have neglected or abused a resident or misappropriated resident property in a facility, is notified of the finding. The name and finding is placed on the nurse aide registry.

(f) The State notifies the appropriate licensure authority of any licensed individual found to have neglected or abused a resident or misappropriated resident property in a facility.
The State has procedures, as provided for at section 1919(g)(2)(A)(i), for the scheduling and conduct of standard surveys to assure that the State has taken all reasonable steps to avoid giving notice through the scheduling procedures and the conduct of the surveys themselves. Attachment 4.40-C describes the State's procedures.

The State assures that each facility shall have a standard survey which includes (for a case-mix stratified sample of residents) a survey of the quality of care furnished, as measured by indicators of medical, nursing and rehabilitative care, dietary and nutritional services, activities and social participation, and sanitation, infection control, and the physical environment, written plans of care and audit of resident's assessments, and a review of compliance with resident's rights not later than 15 months after the date of the previous standard survey.

The State assures that the Statewide average interval between standard surveys of nursing facilities does not exceed 12 months.

The State may conduct a special standard or special abbreviated standard survey within 2 months of any change of ownership, administration, management, or director of nursing of the nursing facility to determine whether the change has resulted in any decline in the quality of care furnished in the facility.

The State conducts extended surveys immediately or, if not practicable, not later that 2 weeks following a completed standard survey in a nursing facility which is found to have provided substandard care or in any other facility at the Secretary's or State's discretion.

The State conducts standard and extended surveys based upon a protocol, i.e., survey forms, methods, procedures and guidelines developed by HCFA, using individuals in the survey team who meet minimum qualifications established by the Secretary.
The State provides for programs to measure and reduce inconsistency in the application of survey results among surveyors. Attachment 4.40-D describes the State's programs.

The State uses a multidisciplinary team of professionals including a registered professional nurse.

The State assures that members of a survey team do not serve (or have not served within the previous two years) as a member of the staff or consultant to the nursing facility or has no personal or familial financial interest in the facility being surveyed.

The State assures that no individual shall serve as a member of any survey team unless the individual has successfully completed a training and test program in survey and certification techniques approved by the Secretary.

The State maintains procedures and adequate staff to investigate complaints of violations of requirements by nursing facilities and onsite monitoring. Attachment 4.40-E describes the State's complaint procedures.

The State makes available to the public information respecting surveys and certification of nursing facilities including statements of deficiencies, plans of correction, copies of cost reports, statements of ownership and the information disclosed under section 1126 of the Act.

The State notifies the State long-term care ombudsman of the State's finding of non-compliance with any of the requirements of subsection (b), (c), and (d) or of any adverse actions taken against a nursing facility.

If the State finds substandard quality of care in a facility, the State notifies the attending physician of each resident with respect to which such finding is made and the nursing facility administrator licensing board.

The State provides the State Medicaid fraud and abuse agency access to all information concerning survey and certification actions.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Survey and Certification Education Program

The State has in effect the following survey and certification periodic educational program for the staff and residents (and their representatives) of nursing facilities in order to present current regulations, procedures, and policies.

The survey and certification agency will:

1. Continue to actively participate in various private and public committees that deal with participation in Medicare of nursing facilities;
2. Participate in educational training programs, such as advance directives and the Americans With Disabilities Act;
3. Provide additional technical assistance, as needed, via telephone or by conference;
4. Participate in training for the Ombudsman. Survey staff shall continue to include the Ombudsman in the certification process as outlined in the Omnibus Budget Reconciliation Act of 1987;
5. Provide on an ongoing basis additional regulation information to residents/provider staff during survey process;
6. Disseminate on an ongoing basis regulatory changes or clarifications to the provider/client community via informational newsletters/brochures and, as needed, through conferences or seminars;
7. Promote resident/client review of nursing facility records which are maintained within the certification agency. These records contain the last three (3) years of compliance with licensing/certification requirements by the nursing facility and reflect a nursing facility's ability to meet the needs of the residents;

Approval Date: 05/05/93
Effective Date: 01/01/93
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

8. Disseminate and coordinate certification information through the Department of Human Resources, Bureau of Licensure and Certification;

9. Disseminate certification information through provider trade associations; and

10. Advise providers at the time of onsite surveys, regarding the availability of the survey and certification agency to answer resident/family/public questions regarding Medicare certification.

The State survey agency provides training to nursing facility staff, at least annually. This training covers regulatory changes, new technology, and care techniques as well as information on survey findings and expectations. Sessions may cover quality of care and quality of life issues as well as infection control, fire safety, assessments, care planning, and quality assurance.

In addition, the State survey agency issues on an as needed basis technical bulletins. These bulletins are used to advise medical facilities, including nursing facilities, of regulatory changes and to remind facilities of regulatory requirements that have surfaced during surveys and complaint investigations as areas of non-compliance.

During the facility surveys, staff meet with residents individually and in groups to discuss areas of regulation that reflect on resident rights and issues in a facility. This may include subjects such as how to file a complaint, right to formulate advance directives, confidentiality, and the treatment rights.

Effective Date: 01/01/93
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Process for the Investigation of Allegations of Resident Neglect and Abuse and Misappropriation of Resident Property

The State has in effect the following process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a nurse aide or a resident in a nursing facility or by another individual used by the facility in providing services to such a resident.

INTERAGENCY COMPLAINT PROCEDURE

State agency receives complaint from complaining party.

Complaint is logged and prioritized per agency protocol. If the complaint is Priority One, the Health Division is notified immediately and the Health Division will investigate or a joint investigation will be arranged.

Complaint is investigated using the agency's legal authority to investigate.

Facility is notified of deficiencies (if any) and request/demand is made for corrective action.

If corrective action is appropriate, coded complaint form along with documentation is forwarded to the Health Division for follow up.

Health Division logs completed complaint into the "Complaint Registry."

Complaints requiring Health Division follow up will be investigated based on the Health Division assigned priority. A copy of the "Statement of Deficiencies and Plan of Correction" will be forwarded to the originating agency upon completion of the investigation and response by the provider.

SEE ATTACHED PRIORITY SYSTEM, CODING AND COMPLAINT FORM.
08/15/91 INTER-Agency Complaint Procedure

1. Agency receives complaint from complaining party.

2. Complaint is logged and prioritized per agency protocol. If the complaint is Priority One the Health Division is notified immediately and the Health Division will investigate or a joint investigation will be arranged.

3. Complaint is investigated using the agency's legal authority to investigate.

4. Facility is notified of deficiencies (if any) and request/demand is made for corrective action.

5. If corrective action is appropriate, coded complaint form along with documentation is forwarded to the Health Division.

6. If corrective action is appropriate, coded complaint form along with documentation is forwarded to the Health Division for follow-up.

7. Health Division logs completed complaint into the 'Complaint Registry.'

8. Complaints requiring Health Division follow-up will be investigated based on the Health Division assigned priority. A copy of the "Statement of Deficiencies and Plan of Correction" will be forwarded to the originating agency upon completion of the investigation and response by the provider.

Complaint Priority System

<table>
<thead>
<tr>
<th>Priority</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>A Priority One complaint is one in which it appears that a life threatening situation exists or there is an &quot;immediate and Serious Threat&quot; to the health and safety of the patients or residents. Priority One complaints may be referred by telephone and followed in writing by the originating agency. Priority One complaint shall be referred to the Health Division immediately and investigated within 72 hours.</td>
</tr>
<tr>
<td>2.</td>
<td>A Priority Two complaint is one in which no &quot;Immediate and Serious Threat&quot; exists, but there is situation where expeditious investigation could prevent harm or improve care delivery to patients or residents. Priority Two complaints are investigated by the Health Division within 14 days.</td>
</tr>
<tr>
<td>3.</td>
<td>A Priority Three complaint is a complaint of a routine nature. Priority Three complaints are investigated at the time of the next visit to the facility.</td>

COMPLAINT FORM CODING

FIELD DESCRIPTION

1. Complaint number is constructed with the agency identifier as the first digit. "A" for Aging Services Division, "W" for Welfare Division and "H" for Health Division.

The next three digits are sequential numbers for counting complaints. Start a new numerical sequence at the beginning of the state fiscal year. Specific series may be assigned to field offices for tracking purposes. For example 001-499 assigned to LV office, 500-999 assigned to CC office.

The last three digits are the type of facility. "SNF for Skilled Nursing Facility, "ICF for Intermediate Care Facility, "AGC" for Adult Group Care, "ADC for Adult Day Care, "HHA" for Home Health Agency, "HOS" for Hospice, "JCA" for JCAHO accredited hospital, "UNL" for unlicensed facilities.

2. Four digit number supplied by the Health Division. Leave blank for unlicensed facilities.

3. Priority 1-3 based on Priority System.

4. Date complaint received. (MM/DD/YY format)

5. Date complaint investigated. (MM/DD/YY format)

6. Date complaint closed. (MM/DD/YY format). This is the date that the complaint is forwarded to the Health Division.

7. Complaint category from Aging Services listing. Code this field after complaint is investigated. Code only the four most important complaint categories in the boxes marked 7a., 7b., 7c., and 7d.

8. Substantiated. "Y/N/R" answer only. Enter "R" if the complaint was referred to another agency or board with no investigation conducted by the originating agency. Complaints with an "R" in this block should have field "9" blank and an "N" in field "10."

9. Resolution OK. "Y/N" answer only.

10. Health Division Follow-up. Does this complaint require Health Division Follow-up? "Y/N" answer only.

11. This field is used for Health Division cross referencing.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Procedures for Scheduling and Conduct of Standard Surveys

The State has in effect the following procedures for the scheduling and conduct of standard surveys to assure that it has taken all reasonable steps to avoid giving notice.

All scheduling of surveys is performed by one individual (Surveyor Supervisor in Carson City). Copies of the schedules are controlled with only the survey staff and Health Division Administrator. This will ensure that all surveys are unannounced in accordance with Federal and Bureau policies.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

ELIGIBILITY CONDITIONS AND REQUIREMENTS

The State has in effect the following programs to measure and reduce inconsistency in the application of survey results among surveyors.

The Bureau conducts quarterly meetings of all survey staff, at which time new Federal instructions and requirements and State policy and procedures, as well as problems that have been submitted by survey staff, are discussed and a Bureau position is agreed upon for standardization purposes.
STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Process for Investigations of Complaints and Monitoring

The State has in effect the following process for investigating complaints of violations of requirements by nursing facilities and monitors onsite on a regular, as needed basis, a nursing facility's compliance with the requirements of subsection (b), (c), and (d) for the following reasons:

(i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;

(ii) the facility was previously found not to be in compliance with such requirements and has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or

(iii) the State has reason to question the compliance of the facility with such requirements.

In addition to the routine complaint investigation process, the Bureau conducts annual inspections for Federal and State requirements.

A written plan of correction is required for all deficiencies identified and a follow-up survey is carried out to ensure the necessary corrections.
Employee Education About False Claims Recoveries

a. The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities’ compliance with these requirements.

1. Definitions.

a. An “entity” includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for-profit or not-for-profit, which receives or makes payments, under a State Plan approved under title XIX or under any waiver of such plan, totaling at least $5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the $5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

A governmental component providing Medicaid health care items or services for which Medicaid payments are made would qualify as an “entity” (e.g., a state mental health facility or school district providing school-based health services). A government agency which merely administers the Medicaid program, in whole or part (e.g., managing the claims processing system or determining beneficiary eligibility), is not, for these purposes, considered to be an entity.

An entity will have met the $5,000,000 annual threshold as of January 1, 2007, if it received or made payments in that amount in Federal fiscal year 2006. Future determinations regarding an entity’s responsibility stemming from the requirements of section 1902(a)(68) will be made by January 1 of each subsequent year, based upon the amount of payments an entity either received or made under the State Plan during the preceding Federal fiscal year.
State: Nevada

b. An “employee” includes any officer or employee of the entity.

c. A “contractor” or “agent” includes any contractor, subcontractor, agent, or other person which or who, on behalf of the entity, furnishes, or otherwise authorizes the furnishing of, Medicaid health care items or services, performs billing or coding functions, or is involved in the monitoring of health care provided by the entity.

2. The entity must establish and disseminate written policies which must also be adopted by its contractors or agents. Written policies may be on paper or in electronic form, but must be readily available to all employees, contractors, or agents. The entity need not create an employee handbook if none already exists.

3. An entity shall establish written policies for all employees (including management), and of any contractor or agent of the entity, that include detailed information about the False Claims Act and the other provisions named in section 1902(a)(68)(A). The entity shall include in those written policies detailed information about the entity’s policies and procedures for detecting and preventing waste, fraud, and abuse. The entity shall also include in any employee handbook a specific discussion of the laws described in the written policies, the rights of employees to be protected as whistleblowers and a specific discussion of the entity’s policies and procedures for detecting and preventing fraud, waste, and abuse.

4. The requirements of this law should be incorporated into each State’s provider enrollment agreements.

5. The State will implement this State Plan amendment on January 1, 2007.

b. ATTACHMENT 4.42-A describes, in accordance with section 1902(a)(68) of the Act, the methodology of compliance oversight and the frequency with which the State will re-assess compliance on an ongoing basis.
METHODOLOGIES FOR COMPLIANCE OVERSIGHT

Methods for administration of the State Plan in accordance with 1902(a)(68) of the Social Security Act, and 1396a(a)(68) of Title 42, United States Code are:

1. The Nevada Division of Health Care Financing and Policy (DHCFP) will ensure entities, providers and contractors who reach the $5,000,000 threshold as defined in 4.42(a)(1)(A), comply and maintain compliance with the above mentioned Acts and Regulations by:
   a. Making current state policy and procedures, covering 1902(a)(68), available to all providers and contractors.
   b. Providing written notice to each entity, informing them of their obligation to comply with the above mentioned Acts and Regulations as a condition of their continued participation in the Medicaid program.
   c. Requiring each entity submit, within 90 days of receipt of the notice, a certification declaring the entity, and any contractor or agent of the entity, is in compliance. The certification is to be accompanied by a new Provider Agreement or Managed Care contract, a copy of their written policies, current employee handbook, if one exists, and documentation of staff having received detailed information on the regulations.
   d. Reviewing, on an annual basis, the written policies and documents submitted by each entity to ensure they comply with 42 USC section 1396(a)(68). The documents will be used to create and maintain a record file on each entity.
   e. Requiring each entity submit a new certification, annually, to attest to their continued compliance, and include any revisions made to their policies.
   f. Identifying, at the beginning of each federal fiscal year, providers and contractors who have reached the $5,000,000 threshold in the previous fiscal year, and providing them written notice of their obligation to comply with the regulations.

   Initial notifications were mailed on March 27, 2007. Future notifications will be mailed, annually, within the first quarter of each calendar year.

2. The DHCFP may take administrative action for non-compliance through non-renewal of provider enrollment or contract, or suspension or termination of provider status.

42 CFR 455 Subpart E PROVIDER SCREENING
_X__ Assures that the State Medicaid agency complies with the process for screening providers under section 1902(a)(39), 1902(a)(77) and 1902(kk) of the Act.

42 CFR 455.410 ENROLLMENT AND SCREENING OF PROVIDERS
_X__ Assures enrolled providers will be screened in accordance with 42 CFR 455.400 et seq.

_X__ Assures that the State Medicaid agency requires all ordering or referring physicians or other professionals to be enrolled under the State plan or under a waiver of the Plan as a participating provider.

42 CFR 455.412 VERIFICATION OF PROVIDER LICENSES
_X__ Assures that the State Medicaid agency has a method for verifying providers licensed by a State and that such providers licenses have not expired or have no current limitations.

42 CFR 455.414 REVALIDATION OF ENROLLMENT
_X__ Assures that providers will be revalidated regardless of provider type at least every 5 years.

42 CFR 455.416 TERMINATION OR DENIAL OF ENROLLMENT
_X__ Assures that the State Medicaid agency will comply with section 1902(a)(39) of the Act and with the requirements outlined in 42 CFR 455.416 for all terminations or denials of provider enrollment.

42 CFR 455.420 REACTIVATION OF PROVIDER ENROLLMENT
_X__ Assures that any reactivation of a provider will include re-screening and payment of application fees as required by 42 CFR 455.460.
APPEAL RIGHTS  
_X_ Assures that all terminated providers and providers denied enrollment as a result of the requirements of 42 CFR 455.416 will have appeal rights available under procedures established by State law or regulation.

SITE VISITS  
_X_ Assures that pre-enrollment and post-enrollment site visits of providers who are in “moderate” or “high” risk categories will occur.

CRIMINAL BACKGROUND CHECKS  
_X_ Assures that providers, as a condition of enrollment, will be required to consent to criminal background checks including fingerprints, if required to do so under State law, or by the level of screening based on risk of fraud, waste or abuse for that category of provider.

FEDERAL DATABASE CHECKS  
_X_ Assures that the State Medicaid agency will perform Federal database checks on all providers or any person with an ownership or controlling interest or who is an agent or managing employee of the provider.

NATIONAL PROVIDER IDENTIFIER  
_X_ Assures that the State Medicaid agency requires the National Provider Identifier of any ordering or referring physician or other professional to be specified on any claim for payment that is based on an order or referral of the physician or other professional.

SCREENING LEVELS FOR MEDICAID PROVIDERS  
_X_ Assures that the State Medicaid agency complies with 1902(a)(77) and 1902(kk) of the Act and with the requirements outlined in 42 CFR 455.450 for screening levels based upon the categorical risk level determined for a provider.

APPLICATION FEE  
_X_ Assures that the State Medicaid agency complies with the requirements for collection of the application fee set forth in section 1866(j)(2)(C) of the Act and 42 CFR 455.460.

TEMPORARY MORATORIUM ON ENROLLMENT OF NEW PROVIDERS OR SUPPLIERS  
_X_ Assures that the State Medicaid agency complies with any temporary moratorium on the enrollment of new providers or provider types imposed by the Secretary under section 1866(j)(7) and 1902(kk)(4) of the Act, subject to any determination by the State and written notice to the Secretary that such a temporary moratorium would not adversely impact beneficiaries’ access to medical assistance.
SECTION 5 - PERSONNEL ADMINISTRATION

Citation

5.1 Standards of Personnel Administration

(a) The Medicaid agency has established and will maintain methods of personnel administration in conformity with standards prescribed by the U.S. Civil Service Commission in accordance with section 208 of the Intergovernmental Personnel Act of 1970 and the regulations on Administration of the Standards for a Merit System of Personnel Administration, 5 CFR Part 900, Subpart F. All requirements of 42 CFR 432.10 are met.

The plan is locally administered and State-supervised. The requirements of 42 CFR 432.10 with respect to local agency administration are met.

(b) Affirmative Action Plan

The Medicaid agency has in effect an affirmative action plan for equal employment opportunity that includes specific action steps and timetables and meets all other requirements of 5 CFR Part 900, Subpart F.
Revision: HCFA-AT-80-38 (BPP)  
May 22, 1980  
OMB No.: 0938-0193

State/Territory:

5.2 [RESERVED]
The Medicaid agency meets the requirements of 42 CFR Part 432, Subpart B, with respect to a training program for agency personnel and the training and use of subprofessional staff and volunteers.
SECTION 6 - FINANCIAL ADMINISTRATION

Citation

6.1 Fiscal Policies and Accountability

The Medicaid agency and, where applicable, local agencies administering the plan, maintains an accounting system and supporting fiscal records adequate to assure that claims for Federal funds are in accord with applicable Federal requirements. The requirements of 42 CFR 433.32 are met.
6.2 Cost Allocation

There is an approved cost allocation plan on file with the Department in accordance with the requirements contained in 45 CFR Part 95, Subpart E.
State Financial Participation

(a) State funds are used in both assistance and administration.

   State funds are used to pay all of the non-Federal share of total expenditures under the plan.

   There is local participation. State funds are used to pay not less than 40 percent of the non-Federal share of the total expenditures under the plan. There is a method of apportioning Federal and State funds among the political subdivisions of the State on an equalization or other basis which assures that lack of adequate funds from local sources will not result in lowering the amount, duration, scope or quality of care and services or level of administration under the plan in any part of the State.

(b) State and Federal funds are apportioned among the political subdivisions of the State on a basis consistent with equitable treatment of individuals in similar circumstances throughout the State.
SECTION 7 - GENERAL PROVISIONS

Citation

7.1 Plan Amendments

42 CFR 430.12(c) The plan will be amended whenever necessary to reflect new or revised Federal statutes or regulations or material change in State law, organization, policy or State agency operation.

- The regulations at 45 CFR Part 1321

the Nevada Division of Health Care Financing and Policy assures that no individual shall be subjected to discrimination under this plan on the grounds of race, color, national origin, sex, religion, age or disability (including AIDS and related conditions), and that all individuals admitted to acute or long-term care facilities or programs will be informed of their right to self-determination with regard to health care decisions.

The Nevada Division of Health Care Financing and Policy has methods of administration to assure that each program or activity for which it receives Federal financial assistance will be operated in accordance with the above listed regulations. These methods are described in ATTACHMENT 7.2A.
Methods for administration of the State Plan in accordance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title II of the Americans with Disabilities Act of 1990, the Patient Self-Determination Act of 1990, the Older Americans Act of 1965 and the Older Americans Act as Amended 2000, 45 CFR Parts 80, 84, 90 and 1321, and 28 CFR Part 35 are:

1. The Nevada Division of Health Care Financing and Policy (DHCFP) will inform and instruct its staff members concerning their obligations under the above Acts and Regulations by:

   a. Making current policies and procedures regarding Civil Rights requirements for employees and Medicaid providers, available to all DHCFP employees.

   b. Posting DHCFP’s “Civil Rights Non-Discrimination Notice” in each district office and central office.

   c. Providing training for new staff members on the Civil Rights requirements and staff obligations for carrying out the policies. Providing training for existing staff members when requirements or policies and procedures change.

   d. Providing training for supervisory staff on non-discrimination hiring and employment practices.

   e. Conducting through supervisory channels, constant review of policies and practices to assure that no individual is being discriminated against on the basis of race, color, national origin, sex, age, religion, or disability (including AIDS and related conditions); and taking corrective action as may be required to assure DHCFP’s practices are consistent with the above stated Acts and Regulations.

2. DHCFP will inform and instruct providers of service or benefits under the Medicaid program of their obligations to comply with the above mentioned Acts and Regulations as a condition to their initial or continued financial participation in the Medicaid program. This will be accomplished by:
a. Providing written materials and personal explanations to providers regarding the requirements of the above mentioned Acts and Regulations, and DHCFP policies and procedures to implement these requirements.

b. Assuring when a provider conducts any activity or furnishes services under contract or other arrangement, that such activity will be conducted or such services will be furnished in accordance with DHCFP’s obligations under the above stated Acts and Regulations. In appropriate cases, DHCFP will determine that the provider has executed assurances in the form prescribed by the Department of Health and Human Services which are in effect and applicable to the program under which the activity is conducted or the services are furnished. In other cases, DHCFP will take appropriate steps to satisfy itself that the provider has agreed to and is conducting the activity or furnishing the services in accordance with the provisions of the above stated Acts and Regulations. This includes stating in provider agreements the specific obligations of the providers regarding their activities and provision of services.

3. DHCFP will inform its recipients, potential recipients and other interested persons that:

   a. Services and other benefits under the Medicaid program are provided on a non-discriminatory basis as required by the above mentioned Acts;

   b. They have the right to file a complaint with DHCFP or the United States Department of Health and Human Services, Office for Civil Rights if they believe that discrimination on the basis of race, color, national origin, sex, age, religion, or disability (including AIDS and related conditions) is being practiced.

DHCFP will provide written notice of the above information to all applicants and recipients. Appropriate explanatory statements will be included in public information materials which are available to interested persons and particularly to those individuals and groups who may be sources of referrals and applications.

4. All complaints concerning alleged discriminatory conditions or practices in the operation of the Medicaid program on the basis of basis of race, color, national origin, sex, age, religion, or disability (including AIDS and related conditions) are to be filed with DHCFP or the Office for Civil Rights. Complaints filed with DHCFP will be investigated by DHCFP staff members to determine if discriminatory practice has occurred. If supported, appropriate
action will be taken to correct past practices and to prevent the recurrence of such discrimination.

DHCFP will advise the complainant in writing of its finding. The identity of the complainant shall be kept confidential except to the extent necessary to carry out the complaint procedure.

Complaints regarding economic discrimination by Medicaid facility providers will be referred to the Division for Aging Services for investigation in accordance with the Older Americans Act.

DHCFP will maintain adequate records to show the action taken as a result of each complaint filed and will make such information available for Federal review.

5. DHCFP will require certain Medicaid and Medicare providers designated by the Office for Civil Rights and/or the Centers for Medicare and Medicaid Services to conduct and report the results of tri-annual self-evaluations of their compliance with the above-mentioned Civil Rights laws and regulations using the DHCFP provided self-evaluation tool. If the self-evaluations results are not satisfactory or timely, the providers will be required to cooperate with a DHCFP on-site compliance review in accordance with current DHCFP policies and procedures. Provider compliance with Civil Rights laws and regulations will also be reviewed during on-site visits by Division and Department personnel in conjunction with other business visits.
Citation 7.4 State Governor's Review

42 CFR 430.12(b) The Medicaid agency will provide opportunity for the Office of the Governor to review State plan amendments, long-range program planning projections, and other periodic reports thereon, excluding periodic statistical, budget and fiscal reports. Any comments made will be transmitted to the Health Care Financing Administration with such documents.

□ Not applicable. The Governor--

□ Does not wish to review any plan material.

□ Wishes to review only the plan materials specified in the enclosed document.

I hereby certify that I am authorized to submit this plan on behalf of

Department of Human Resources

(Designated Single State Agency)

Date: March 19, 1993
