The regulations at 438.604(a) (7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is

Managed care plans submit monthly overpayment reports 312 and 313 using a template developed by the state to facilitate monitoring overpayments. DBA reports 309 and 311 also list identified overpayments. However, these four reports are insufficient in verifying compliance as detailed in the CMS 2021 MCO Audit. Currently SUR is developing a report using the State's Data Warehouse that can take the identified overpayment claims from the manged care plans and verify that the adjustments have been made in MMIS. Topic IV. Appeals, State Fair Hearings & Grievances

Number	Indicator	Response
C1IV.1	State's definition of "critical incident," as used for reporting purposes in its MLTSS program	N/A
	If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	
C1IV.2	State definition of "timely" resolution for standard appeals	3.12.5.2 Standard resolution of Appeals: The Vendor is allowed no more than thirty (30)
	Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	calendar days from the date of receipt of appeal.
C1IV.3	State definition of "timely" resolution for expedited appeals Provide the state's definition of timely resolution for expedited appeals in the managed care program. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.	3.12.5.3 Expedited resolution of appeals: The vendor must resolve each expedited appeal and provide notice, as expeditiously as the recipient's health condition requires, not to exceed three (3) business days after the vendor receives the expedited appeal request. The vendor is required to establish and maintain an expedited review process for appeals when the vendor determines or the provider indicates that taking the time for a standard resolution could seriously jeopardize the recipient's life or health or ability to attain, maintain, or regain maximum function. The vendor must ensure that punitive action is not taken against a provider who requests an expedited resolution or supports an appeal. If the vendor denies a request for an expedited resolution of an appeal, it must transfer the appeal to the standard timeframe of no longer than thirty (30) calendar days from the day the vendor

receives the appeal (with a possible fourteen (14) calendar day extension) for resolution of appeal and give the recipient prompt oral notice of the denial and follow up within two (2) calendar days with a written notice.

C1IV.4

State definition of "timely" resolution for grievances

Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.

3.12.5.1 Standard disposition of grievances: The vendor is allowed no more than ninety (90) calendar days from the date of receipt of the grievance.

Topic V. Availability, Accessibility and Network Adequacy

Network Adequacy

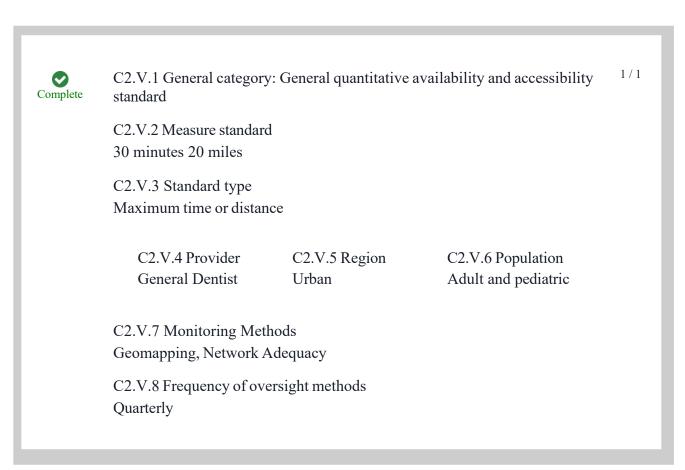

Number	Indicator	Response
C1V.1	Gaps/challenges in network adequacy What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	Nevada Medicaid Managed Care is currently only in urban Clark and Washoe counties. Although housing communities have grown in some of the zip codes in these counties, dental offices and services have not expanded to the same areas. Additionally, there are a few provider types, including Pediatric Specialists, Endodontists and Prosthodontists, that are just not prevalent in Nevada. Those that are in Nevada are hesitant to enroll with Nevada Medicaid due to the low reimbursement rates.
C1V.2	State response to gaps in network adequacy How does the state work with MCPs to address gaps in network adequacy?	DHCFP encourages the DBA to use value- based purchasing models and provider incentives, when possible, improve members' access to critical services. Additionally, the Nevada Legislature recently passed a rate increase for Dental Providers.

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

Topic IX: Beneficiary Support System (BSS)

Number	Indicator	Response

C1IX.2

BSS auxiliary aids and services

How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2))? CFR 438.71 requires that the beneficiary support system be accessible in multiple ways including phone, Internet, inperson, and via auxiliary aids and services when requested.

A statewide phone queue for Medicaid beneficiaries operates 8am-5pm Monday-Friday, all business days. Phone numbers to this queue are posted on our contacts page at DHCFP.NV.GOV. Phone numbers to the statewide queue are: 702-668-4200, 775-687-1900, 775-753-1191, 775-684-3651, 866-569-1746, and include a TTY option. This phone line in conducted in Spanish and English. Addresses to all DHCFP offices are listed on the DHCFP website under this contact page for Carson City, Elko, Las Vegas, and Reno. There is a 'contact us' form and our dhcfp@dhcfp.nv.gov email address that accepts all Medicaid inquiries. The contact page also includes social media links to Facebook and Twitter.

C1IX.3

BSS LTSS program data

How do BSS entities assist the state with identifying, remediating, and resolving systemic issues based on a review of LTSS program data such as grievances and appeals or critical incident data? Refer to 42 CFR 438.71(d)(4).

DHCFP District Office staff assists NV Medicaid beneficiaries to resolve any access to care issues, concerns or complaints. Health Care Coordinators are available to assist beneficiaries in resolving issues and record any complaints and intervene with providers if necessary. Any reports of Fraud, Waste, or Abuse is reported to our Surveillance Utilization and Review (SUR) unit to investigate. Managed Care Quality Assurance (MCQU) unit is notified of MCO concerns. Any appeals for service reduction, termination, or denial are referred to the Hearings Unit.

C1IX.4

State evaluation of BSS entity performance

What are steps taken by the state to evaluate the quality, effectiveness, and efficiency of the BSS entities' performance?

Random call monitoring and front desk interaction monitoring takes place by the District Office supervisors and managers to ensure appropriate information is provided to beneficiaries. Regular training of all customer service and District Office staff on Medicaid processes is also in place. All District Office Care Coordination cases are reviewed by a unit supervisor for quality at the conclusion of the case. Access to care and complaints by provider type and area are tracked on a monthly basis. Customer Service queue reports

	What is the MLR percentage? Per 42 CFR 438.66(e)(2)(i), the Managed Care Program Annual Report must provide information on the Financial performance of each MCO, PIHP, and PAHP, including MLR experience. If MLR data are not available for this reporting period due to data lags, enter the MLR calculated for the most recently available reporting period and indicate the reporting period in item D1.II.3 below. Topic IV. Appeals, State Fair Hearings & Grievances

Appeals Overview

Number	Indicator	Response
D1IV.1	Appeals resolved (at the plan level)	LIBERTY Dental Plan
	Enter the total number of appeals resolved as of the first day of the last month of the reporting year. An appeal is "resolved" at the plan level when the plan has issued a decision, regardless of whether the decision was wholly or partially favorable or	

adverse to the beneficiary, and regardless of whether the beneficiary (or the beneficiary's representative) chooses to file a request for a State Fair Hearing or External Medical Review.

D1IV.2

Active appeals

Enter the total number of appeals still pending or in process (not yet resolved) as of the first day of the last month of the reporting year.

LIBERTY Dental Plan

D1IV.3

Appeals filed on behalf of LTSS users

Enter the total number of appeals filed during the reporting year by or on behalf of LTSS users. Enter "N/A" if not applicable.

An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the appeal was filed).

LIBERTY Dental Plan

N/A

D1IV.4

Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed an appeal

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A".

Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting

LIBERTY Dental Plan

N/A

year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A".

The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.

D1IV.5a

Standard appeals for which timely resolution was provided

Enter the total number of standard appeals for which timely resolution was provided by plan during the reporting period.

See 42 CFR §438.408(b)(2) for requirements related to timely resolution of standard appeals.

D1IV.10	Grievances resolved	LIBERTY Dental Plan

	grievances filed during the	

reporting year by or on behalf of LTSS users.

An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the grievance was filed). If this does not apply, enter N/A.

D1IV.13

Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed a grievance

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed grievances in the reporting year. The grievance and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the grievance need to have been filed in relation to delivery of LTSS - they may have been filed for any reason, related to any service received (or desired) by an LTSS user. If the managed care plan does not cover LTSS, the state should enter "N/A" in this field. Additionally, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting

LIBERTY Dental Plan N/A year), and the readiness review tool was submitted for at least 6 months of the reporting year, the state can enter "N/A" in this field.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed a grievance during the reporting year, and whether the filing of the grievance preceded the filing of the critical incident.
