## Nevada Final Public Health Emergency Unwinding Report

The Nevada Department of Health and Human Services (DHHS) is releasing its final Public Health Emergency (PHE) Unwinding report reflecting collective data on Medicaid and Children Health Insurance Program (CHIP) enrollment, renewals and disenrollment during the Unwinding period. Nevada's Unwinding Period ended August 31, 2024, and throughout this critical period, Nevada monitored Medicaid Enrollment, Disenrollments and Renewals among other demographic data points using the Unwinding Data Dashboard. The final update to the dashboard was released on October 30, 2024, and can be accessed for archival purposes only ([here](#)). This report will also disclose current enrollment data as of December 2024.

### Enrollment

	Pre-PHE	PHE Peak	Current (As of 12/2024)
Medicaid Enrollment	645,938	937,307	787,945
CHIP Enrollment	27,184	36,622	34,089
Total Enrollment	673,122	973,929	822,034

### Unwinding Period Renewals & Disenrollments

Renewals	858,903
Procedural Disenrollment	136,961

Current enrollment for both Medicaid and CHIP exhibits a growth of 148,912 (~20% increase) since Pre-PHE.

A new dashboard will be available on the Division of Health and Financing and Policy (DHCFP), [Caseload Data](#) webpage January 31, 2025, that will track monthly Medicaid Renewals, Disenrollments and Enrollment.
