The Division of Health Care Financing and Policy (DHCFP) is renewing the application for the 1915(c) Home and Community Based Services (HCBS) Waiver for Persons with Physical Disabilities (PD) and amending the Waiver for Frail Elderly (FE). The proposed changes to these waivers include the provisions of the HCBS Final Rule and the addition of Private Case Management (PCM) provider. Amendments to the FE waiver also include provisions to align it with the PD waiver renewal.

In preparation for submission to Centers for Medicare and Medicaid (CMS) for final approval, changes and updates to the initially approved State Transition Plan (STP) are being proposed to be in full compliance with the HCBS Final Rule by March 17, 2023.

Additionally, there were HCBS settings identified for heightened scrutiny (HS) review. The state conducted a heightened scrutiny review and determined there was enough evidence to show CMS that these settings overcame the presumptive characteristics of an institutional setting. The evidence from the HS review is documented in the evidentiary summaries.
