### **Nevada Hospital Assessment Program Bulletin: 25-001**

Date: November 14, 2025

From: Stacie Weeks, Director

Subject: Nevada Private Hospital Assessment State Fiscal Year (SFY) 2026 Rate Levied

**PURPOSE:** This letter is intended to announce the assessments required under NRS 422.3794. As provided under this law, the State may levy an assessment on certain healthcare providers if such providers concur with such an assessment by an affirmative vote of at least 67%. The hospitals in this State voted to approve an assessment on inpatient and outpatient services provided by private hospitals.

The Nevada Healthcare Authority (NVHA) previously announced assessment rates for state fiscal year (SFY) 2026 on July 2<sup>nd</sup>, 2025. However, the State determined that the announced assessment rates would result in a collection of too much funding for the authorized uses. Therefore, in compliance with Medicaid Operations Manual 1303.2(B)(2), NVHA is announcing updated assessment rates.

**ASSESSMENT RATES:** The assessment rates for SFY 2026 levied on inpatient and outpatient services provided by private hospitals are as follows:

- a) Inpatient Services: 7.37619%
- b) Outpatient Services: 6.31309%

These percentages are applied to an individual private hospital's net patient revenue less Medicare revenue.

**NOTIFICATION & PAYMENT AMMOUNTS:** In the coming weeks, NVHA will provide private hospitals with invoices showing the exact amount owed for SFY 2026. All private hospitals must pay such invoices in a timely manner to ensure that the corresponding supplemental payments through Medicaid can be made by the state.
