

APPENDIX 3: INDEX TO MEDICAID REGULATIONS

This Index is a directory to the regulations issued by the Department of Health and Human Services (HHS) to implement the federal Medicaid statute, Title XIX of the Social Security. The purpose of this Index is to enable users of *The Medicaid Resource Book* to navigate the regulations when searching for Medicaid program terms defined in the Glossary and used throughout the various chapters. The Index does not list every Medicaid regulation.

Unless otherwise indicated, all citations are to Title 42 of the Code of Federal Regulations (42 CFR). The provisions referenced are in effect as of December 31, 2001. Note that there is not a one-to-one correspondence between statutory and regulatory provisions. Many statutory provisions do not have implementing regulations, and some of the regulations cited reflect statutory provisions that are no longer in effect. For this reason, the listings in this Index do not precisely track the listings in the Index to the Medicaid Statute in Appendix 2.

As noted in the Administration Chapter, other sources of federal administrative guidance are found in the State Medicaid Manual issued by the Centers for Medicare and Medicaid Services, www.hcfa.gov/pubforms/45_smm/pub45toc.htm, and the CMS letters to State Medicaid Directors, www.hcfa.gov/medicaid/letters.
