<p>b. Status Update by DHCFP</p>	<p>Chief of Pharmacy Services David Olsen provided five announcements.</p> <ul style="list-style-type: none"> • The division held a public hearing in August to update the reimbursement methodology for Physician Administered Drugs (PAD) through a State Plan Amendment. CMS approved the amendment last month. It will become effective December 1st. The Medicare Part B scheduled will be incorporated into the Physician Administered Drug reimbursement methodology. • Please note that this work is an addition to the PAD management project that was implemented on July 1st introduced in Nevada Medicaid first fee schedule. • The division is working on a project to support Bill SB56. The bill expands the scope of billable services and prescribing authority for that in Medicaid Provider Type 91, which is licensed pharmacist after implementation. Next year, pharmacist enrolled with Nevada Medicaid will be able to prescribe drugs used for medical assisted treatment of opioid use disorder. • There has been an organizational change. The Pharmacy and DME Units will be reporting directly to the Administrator Stacie Weeks. • Additionally, my last day with the division is today. We are bringing on a Pharmacy Director and she will start November 27th. Her name is Doctor Keiko Duncan. We are excited to have 	

	her, and it has been a pleasure of being part of these meetings for the last three years.
