

The following steps are used to determine the rates:

1. The State will use Nevada-specific hourly wages from the Bureau of Labor Statistics.
2. The hourly amount is increased by the 27% ERE.
3. A productivity adjustment factor is applied to the hourly compensation calculated in Item 2 to equal the hourly rate.
4. The adjusted hourly rate per individual is the hourly rate per individual (Item 3) increased by the allowance amounts for supervisory time and mileage calculations (this step excludes Intensive In-Home Supports Without Coaching).
5. Administrative overhead (15%) is applied to the adjusted hourly rate per individual (Item 4).
6. The total hourly rate is the sum of the adjusted hourly rate per individual before administrative overhead (Item 4) and the administrative overhead (Item 5).
7. Total hourly rate is scaled to the proper unit based on the unit of service.
8. For services performed on or after June 1, 2021, the rates for Intensive In-Home Supports (with and without coaching) and In-Home Crisis Stabilization will be determined by multiplying a factor of 0.94 times the rates in effect July 1, 2020. All rates for services described in this section are published on the Agency's website at <http://dhcfp.nv.gov/Resources/Rates/FeeSchedules/>.
