Subject: Nurtec Letter
Date: Tuesday, November 24, 2020 7:25:26 AM

November 24, 2020

To whom this may concern:

I'm writing this letter in support of Nurtec ODT for the treatment of acute migraine. As a Nurse Practitioner for Renown Institute for Neurology, I see a significant number of migraine patients and have had sufficient experience to say that this medication would be a highly desirable addition to the Nevada Medicaid formulary. It is effective and an important, safe and tolerable medication which allows patients to obtain migraine relief and continue their day without interruption. Nurtec ODT should be made available to all patients suffering from acute migraine.

Thank you for your consideration in this matter. Do not hesitate to ask any questions.

Sincerely,

Rachael Gardner, MSN, FNP-C
Renown Institute of Neuroscience
