To the parties of interest

I am requesting that Nevada Medicaid products include Ubrelvy in their formularies. I have used this medication for my migraine patients and it is in my professional opinion, by far, the most effective migraine medication that is available today. I have been fortunate and have provided Medicaid patients with samples and the effectiveness is astounding.

Thank You,

A handwritten signature in black ink, appearing to read 'L. Smith', with a long horizontal flourish extending to the right.
