**Date:** Thursday, June 10, 2021 10:31:13 AM

---

To whom it may concern,

During the past year I have had the opportunity to use Caplyta numerous times and have seen fantastic efficacy and great tolerability, in fact I have had numerous patients lose weight on Caplyta. Given my success, I would like to ask the committee to add Caplyta to the preferred status with NV state medicaid

Thank you for your consideration,
