Agenda

1. Presentation and public comment regarding Crisis Stabilization Centers from the recent approval of Senate Bill 156 during the 2021 Legislative Session
 - a. The purpose of this workshop is to discuss proposed revisions to the Nevada Medicaid Services Manual (MSM) Chapter 400 – Mental Health and Alcohol and Substance Abuse Services and the Medicaid State Plan Attachment (SPA) 4.19-B to ensure that crisis stabilization services provided at hospitals with a crisis stabilization center endorsement are covered and reimbursable services under Nevada Medicaid. The goal of this legislation is to add a place to go as a critical element of the crisis continuum of care to support an array of crisis services critical in caring for individuals experiencing a behavioral health crisis. New proposed policy documentation includes scope of services for crisis stabilization centers, their primary objective, requirements, best practices, provider responsibilities, and admission criteria. Crisis stabilization centers best outcomes will be for patients getting better immediate care and a more positive behavioral health crisis response. SPA language will address the rate methodology utilized for a daily rate of service. Providers will be reimbursed a daily default rate and after an individual and complete fiscal year of providing services, will be allowed to complete a cost report, of which an individual rate will be calculated.
 - b. Public comment regarding subject matter.
2. Public comment regarding any other issue
3. Adjournment
