3012200 INTRODUCTION

302

The Home and Community-Based ServicesWaiver (HCBSW) Waiver for the Frail Elderly (FE Waiver) Program recognizes that many individuals at risk of being placed in hospitals or nNursing fFacilities (NF) can be cared for in their homes and communities, preserving their independence and ties to family and friends at an average cost no higher than that of an institutional care.

303

304The Division of Health Care Financing and Policy's (DHCFP) Waiver for the Frail Elderly originated in 1987. The provision of waiver services is based on the identified needs of the waiver recipient. Every biennium the service needs and the funded slot needs of the waiver program are reviewed by the Aging and Disability Services Division (ADSD) and by the DHCFP (also known as Nevada Medicaid) and presented to the Nevada State Legislature for approval. Nevada understands that people who are elderly are able to lead satisfying and productive lives when they are provided the needed services and supports to do so.Nevada is committed to the goal of providing the elderly with the opportunity to remain in a community setting in lieu of institutionalization. Nevada understands that people who are elderly are able to lead satisfying and productive lives when they are provided the needed services and supports to do so. The Division is committed to the goals of self-sufficiency and independence.

305The FE Waiver is an optional service approved by the Centers for Medicare and Medicaid Services (CMS), which authorizes the Division of Health Care Financing and Policy (DHCFP) the flexibility to design this waiver and select the mix of waiver services that best meet the goals of the program. This waiver allows the provision of services based on the identified needs, and This waiver is designed to provide eligible Medicaid waiver recipients access to both state plan services as well as certain extended Medicaid covered services unique to this waiver. The goal is to allow recipients to live in their own homes, or community settings, when appropriate.

312 Section 1915(c) of the Social Security Act (SSA) permits states the option to waive certain Medicaid statutory requirements in order to offer an array of home and community-based services to eligible individuals who may require such services in order to remain in their communities and avoid institutionalization. ~~The DHCFP Home and Community-Based Waiver (HCBW) for the Frail Elderly is an optional service program approved by the Centers for Medicare and Medicaid Services (CMS). 332
333 2203.1 WAIVER ELIGIBILITY CRITERIA
334
335 The DHCFP's Home and Community-Based ServicesWaiver (HCBSW) for the Frail Elderly waives certain statutory requirements and offers waiver services to eligible recipients to assist them to remain in their own homes or community.
HCBW for the Frail Elderly Eligibility Criteria:
336

337 Eligibility for Medicaid's HCBSW for the Frail Elderly Waiver is determined by the DHCFP, ADSD and the Division of Welfare and Supportive Services (DWSS). These three State agencies collaboratively determine eligibility for the Frail Elderly Waiver as follows:
338
339 Waiver benefit plan eligibility is determined by ADSD and authorized by the DHCFP Central Office Waiver Unit by confirming the following criteria:
340

341 Applicants must be 65 years of age or older;
342
343 Each applicant/recipient must meet and maintain a lLevel of cCare (LOC) for admission into a nursing facility (NF) and would require imminent placement in a NFnursing facility (within 30 days or less) if HCBSW services or other supports were not available;
344
345 Each applicant/recipient must demonstrate a continued need for the services offered under the FE WaiverHCBW for the Frail Elderly to prevent placement in a NFnursing facility or hospital. Utilization of State Plan Services only does not support the qualifications to be covered by the waiver;
346
347 The applicant/recipient must require the provision of one waiver service at least monthly;
348
349 The applicant/recipient must have an adequate support system. This support system must be in place to ensure the physical, environmental and basic care needs of the applicant/recipient are met in order to

DRAFT

provide a safe environment during the hours when home and community-based services are not being provided; and

350

351 Applicants may be placed from a NFnursing facility, an acute care facility, another HCBSW program, or the community.

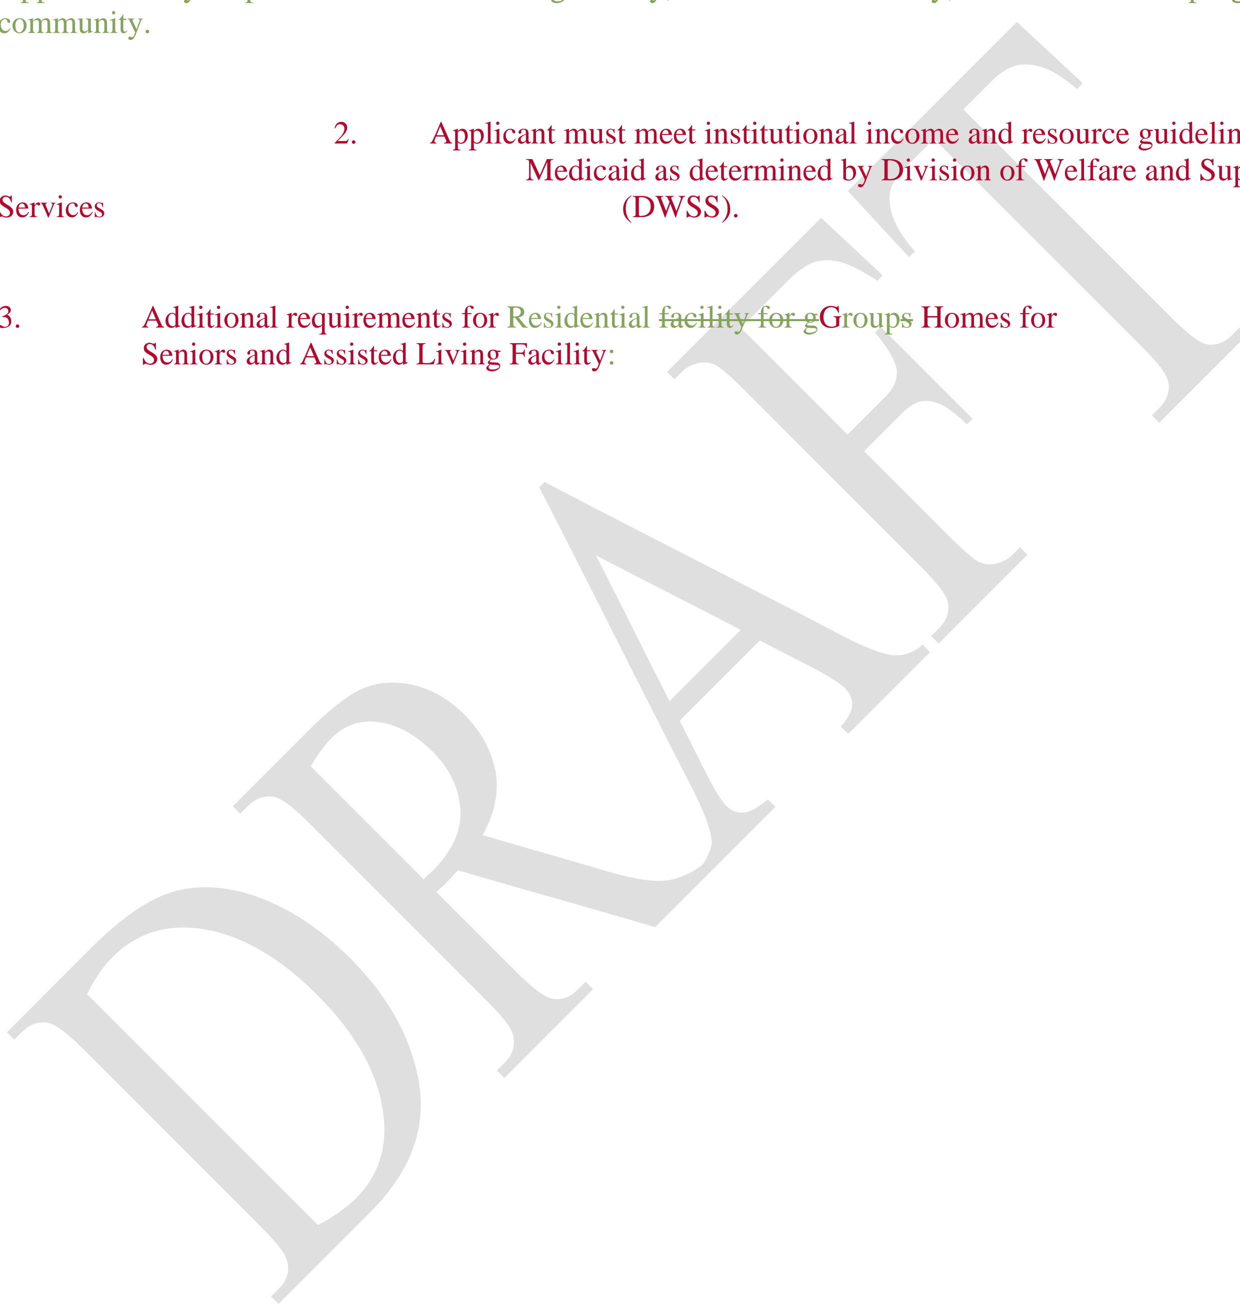
352

2. Applicant must meet institutional income and resource guidelines for Medicaid as determined by Division of Welfare and Supportive Services (DWSS).

353

354

355 3. Additional requirements for Residential facility for gGroups Homes for Seniors and Assisted Living Facility:



In addition to the requirements listed above:

356

357 a. Applicant/recipient must meet the criteria for placement in a Category 1 or 2 Residential Facility for Groups as defined by NAC 449.1591 and 449.1595.

358

b. or Residential Group Homes for Seniors and Assisted Living Facility mush have the appropriate endorsement for the admission from Health Care Quality and Compliance (HCQC).

Waiver applications must be approved by the DHCFP Central Office Waiver Unit to ensure the level of care criteria is met.

DWSS validates the applicant is eligible for Medicaid waiver services using institutional income and resource guidelines.

Recipients of the HCBW for the Frail Elderly must be Medicaid eligible for full Medicaid benefits for each month in which waiver services are provided.

Services for the HCBW for the Frail Elderly shall not be provided and will not be reimbursed until the applicant is found eligible for benefit plan services, full Medicaid eligibility, and prior authorization as required.

Medicaid recipients in the HCBW for the Frail Elderly may have to pay for part of the cost of the waiver services. The amount they are required to pay is called patient liability.

If an applicant is determined eligible for more than one HCBW program, the individual cannot receive services under two or more such programs at the same time. The applicant must choose one HCBW program and receive services provided by that program.

Recipients of the HCBW for the Frail Elderly who are enrolled or elect to enroll in a hospice program may be eligible to remain on the waiver if they require waiver services to remain in the community. Close coordination between the hospice agency and the waiver case manager is required to prevent any duplication of services. Refer to Medicaid Services Manual (MSM) Chapter 3200 for additional information on hospice services.

359

301 ADMINISTRATIVE CASE MANAGEMENT ACTIVITIES

301

301 Administrative case management activities are performed by Aging and Disability Services Division (ADSD) case managers and refer to data collection for eligibility verification, Level of Care (LOC)

~~evaluation, Plan of Care (POC) development, and other case management activities that are not identified on the POC.~~

360

361 2203.1A COVERAGE AND LIMITATIONS

362

363 1. Services are offered to eligible recipients who, without the waiver services, would require institutional care (provided in a hospital or NF~~nursing facility~~) within 30 days or less.

364

365 2. Recipients on this waiver must meet and maintain Medicaid's eligibility requirements for the waiver. Recipients must be waiver eligible for each month in which waiver services are provided.

366

367 3. Services shall not be provided and will not be reimbursed until the applicant/recipient is found eligible for waiver services and must be prior authorized.

368

369 4. If an applicant is determined eligible for more than one HCBS Waiver, the individual cannot receive services under two or more such programs at the same time. The applicant must choose one HCBS Waiver and receive services provided by that program.

370

371 5. Recipients of the HCBS Waiver who are enrolled or elect to enroll in a hospice program may be eligible to remain on the waiver if they require waiver services to remain in the community. Close coordination between the hospice agency and the waiver case manager is required to prevent any duplication of services. Refer to Medicaid Services Manual (MSM) Chapter 3200 for additional information on hospice services.

372

373 6. Waiver services may not be provided while a recipient is an inpatient of an institution. In the event of a declared state of emergency, Section 3715 of the CARES Act may be utilized where HCBS can be provided in an acute care hospital setting as long as those services are:

374

375 identified in an individual's person-centered service plan (or comparable Plan of Care (POC));

376

377 provided to meet needs of the individual that are not met through the provision of hospital services;

378

379

380 not a substitute for services that the hospital is obligated to provide through its conditions of participation or under Federal or State law, or under another applicable requirement; and

381

382 designed to ensure smooth transitions between acute care settings and home and community-based settings, and to preserve the individual's functional abilities.

383

7. The ~~HCBW for the Frail Elderly~~ Waiver is limited by legislative mandate to a specific number of recipients who can be served through the waiver per year (slots). When no~~all~~ waiver slots are

DRAFT

available~~full~~, the ADSD utilizes a wait list to prioritize applicants who have been presumed to be eligible for the waiver.

384

385

386 Wait List Priority:

~~When funding becomes available, the applicant will be processed for the program based on LOC score, risk factors, and date of referral. Applicants will be considered for a higher advancement on the Wait List based on whether they meet additional criteria. The following criteria may be utilized:~~

387

388 Applicants currently in an acute care or NF~~nursing facility~~ and desiring discharge;

389

390 Applicants with the highest LOC score indicating greatest functional deficits;

391

392 Applicants requiring services due to a crisis or emergency such as a significant change in support system;

DRAFT

393
394Applicants transitioning from another waiver;
395
396Applicants with a terminal illness; or
397
398Applicants requiring at least minimal essential personal care assistance (bathing, toileting and eating) as defined by NRS 426.723.
399
400 Applicants may be considered for an adjusted placement on the wait list based on significant change of condition/circumstances.

~~Waiver services may not be provided while a recipient is an inpatient of an institution.~~

~~301COVERAGE AND LIMITATIONS~~
~~301~~
~~301Administrative case management activities include:~~
~~301~~
~~1.301 Intake referral;~~
~~301~~
~~2.301 Facilitating Medicaid eligibility, which may include assistance with the Medical Assistance to the Aged, Blind and Disabled (MAABD) application and obtaining documents required for eligibility determination;~~
~~301~~
~~3.301 Preliminary and ongoing assessments, evaluations and completion of forms required for service eligibility:~~
~~301~~
~~a.301 The POC identifies the waiver services as well as other ongoing community support services that the recipient needs in order to live successfully in the community. The POC must reflect the recipient's service needs and include both waiver and non-waiver services in place at the time of POC completion, along with informal supports that are necessary to address those needs.~~
~~301~~
~~b.301 The recipient's level of care, functional status and needs addressed by the POC must be reassessed annually or more often as needed. The recipient must also be reassessed when there is a significant change in his/her condition which influences eligibility. The reassessment is to be conducted during a face-to-face visit.~~
~~301~~
~~c.301 If services documented on a POC are approved by the recipient and the case manager and the recipient signature cannot be obtained due to extenuating circumstances, services can commence with verbal~~

DRAFT

approval from the recipient. Case managers must document the recipient's verbal approval in the case notes and obtain the recipient signature on the POC as soon as possible.

301

4.301 Issuance of Notices of Actions (NOA) to the Division of Health Care Financing and Policy (DHCFP) Central Office Waiver Unit staff to issue a Notice of Decision (NOD) when a waiver application is denied;

301

5.301 Coordination of care and services to collaborate in discharge planning to transition applicants from facilities;

6.301 Documentation for case files prior to applicant's eligibility;

301

7.301 Case closure activities upon termination of service eligibility;

301

8.301 Outreach activities to educate recipients or potential recipients on how to enter into care through a Medicaid Program;

301

9.301 Communication of the POC to all affected providers;

301

10.301 Ensure completion of prior authorization form, if required, for all waiver services documented on the POC for submission into the Medicaid Management Information System (MMIS).

401

4022203.1B PROVIDER RESPONSIBILITIES

403

404Providers are responsible for confirming the recipient's Medicaid eligibility each month prior to rendering waiver services.

4352203.2B PROVIDER RESPONSIBILITIES
436
437All Service Providers:

DRAFT

438
439Must obtain and maintain a ~~HCBW for the Frail Elderly~~ provider number (Provider Type 48 or 57 or 59 as appropriate) through the DHCFP's Fiscal Agent~~QIO-like vendor~~.
440
441All providers must meet all federal, state, and local statutes, rules and regulations relating to the services being provided.
442
443In addition to this Chapter, the provider must also comply with rules and regulations for providers as set forth in the MSM Chapter 100~~.~~ Medicaid Program. Failure to comply with any or all these stipulations may result in the DHCFP's decision to exercise its right to terminate the provider's contract.
444
445Must understand the authorized service specification on the POC, record keeping responsibilities and billing procedures for provided waiver services.
446
447Be responsible for any claims submitted or payment received on the recipient's behalf; such claims should be made under penalties of perjury. Any false claims, statement or documents, or concealment of material facts may be prosecuted under applicable federal or state laws.
448
449Must understand that payment for services will be based on the level of service or specific tasks identified on the POC and will not be made to legally responsible individuals for furnishing waiver services.
450
451All providers may only provide services that have been identified in the POC and that, if required, have a ~~p~~Prior ~~a~~Authorization (PA).

452

h. Providers must verify the Medicaid eligibility status of each ~~HCBW for Frail Elderly~~ FE Waiver recipient each month.

453
454
455i. Providers must be able to: perform the duties of the job; demonstrate maturity of attitude toward work assignments; communicate effectively; work under intermittent supervision; deal with minor emergencies arising in connection with the assignment and act accordingly, reporting these to the proper supervisor; demonstrate ability to understand, respect and maintain confidentiality in regards to the details of case circumstances.
456
~~Criminal Background Checks~~
457 2. Criminal Background Checks
458
459The DHCFP policy requires ~~A~~all waiver providers and it's ~~agency~~ personnel, including owners, officers, administrators, managers, employees and consultants must undergo State and FBI background checks upon licensure and then at a minimum of every five years thereafter to ensure no convictions of applicable

offenses have been incurred (ADSD personnel must follow State of Nevada policy regarding required background checks) and the safety of recipients is not compromised. For complete instructions, refer to the DPBH website at dpbh.nv.gov.

460
461 ~~The DHCFP policy requires all waiver providers have State and Federal criminal history background checks completed.~~ The DHCFP's fiscal agent will not enroll any provider agency whose owner or operator has been convicted of a felony under State or Federal law for any offense which the DHCFP determines is inconsistent with the best interest of recipients. Additional information may be found in MSM Chapter 100 Medicaid Program~~, Section 102.2~~.

~~Criminal background checks must be conducted through the Nevada Department of Public Safety (DPS). Agencies do not have to have a DPS account. Individuals may request their own personal criminal history directly from DPS and the FBI and must have the results sent directly to the employer. Information and instructions may be found on the DPS website at: http://nvrepository.state.nv.us/criminal/forms/PersonalNevadaCriminalHistory.pdf.~~

~~The employer is responsible for reviewing the results of the employee criminal background checks and maintaining the results within the employee's personnel records. Continued employment is at the sole discretion of the servicing agency. However, the DHCFP has determined certain felonies and misdemeanors to be inconsistent with the best interests of recipients. The employer should gather information regarding the~~

circumstances surrounding the conviction when considering ongoing employment and have this documented in the employee's personnel file. These convictions include (not all inclusive):

murder, voluntary manslaughter or mayhem;

assault with intent to kill or to commit sexual assault or mayhem;

sexual assault, statutory sexual seduction, incest, lewdness, indecent exposure or any other sexual related crime;

abuse or neglect of a child or contributory delinquency;

a violation of any federal or state law regulating the possession, distribution or use of any controlled substance or any dangerous drug as defined in Chapter 454 of the NRS;

a violation of any provision of NRS 200.700 through 200.760;

criminal neglect of a patient as defined in NRS 200.495;

any offense involving fraud, theft, embezzlement, burglary, robbery, fraudulent conversion or misappropriation of property;

any felony involving the use of a firearm or other deadly weapon;

abuse, neglect, exploitation or isolation of older persons;

kidnapping, false imprisonment or involuntary servitude;

any offense involving assault or battery, domestic or otherwise;

conduct inimical to the public health, morals, welfare and safety of the people of the State of Nevada in the maintenance and operation of the premises for which a provider contract is issued;

conduct or practice that is detrimental to the health or safety of the occupants or employees of the facility or agency; or

any other offense that may be inconsistent with the best interests of all recipients.

462

Providers are required to initiate diligent and effective follow up for results of background checks within 90 days of submission of prints and continue until results are received. This is particularly important when an "undecided" result is received. If an employee believes that the information provided as a result of the criminal background check is incorrect, the individual must immediately inform the employing agency in

writing. Information regarding challenging a disqualification is found on the DPS website at: http://dps.nv.gov under Records and Technology.

Providers must be able to: perform the duties of the job; demonstrate maturity of attitude toward work assignments; communicate effectively; work under intermittent supervision; deal with minor emergencies arising in connection with the assignment and act accordingly, reporting these to the proper supervisor; demonstrate ability to understand, respect and maintain confidentiality in regards to the details of case circumstances.

463 3. Recipient Records

464 Each provider must have a file for each recipient. In the recipient's file, the provider must have a copy of the current POC and maintain daily records, fully documenting the scope and frequency of services as specified on the POC. The documentation will include the recipient's initials daily with a full signature of the recipient on each record. If the recipient is unable to provide a signature due to cognitive and/or physical limitations, this will be clearly documented on the POC.

The provider will initial after the daily services are delivered, with a full signature of the provider on each daily record. Providers may use electronic signatures on the daily record documentation but using an electronic signature does not remove the provider's responsibility for providing accurate and verifiable documentation indicating the scope and frequency of services provided. If a provider elects to use electronic signatures, they must have weekly printouts of the daily record in the recipient's file or make available upon request.

Periodically, Medicaid Central Office/ADSD staff may request this documentation to compare it to submitted claims. These records must be maintained by the provider for at least six years after the date the claim is paid.

Must have a separate file for each employee. Records of all the employee's training, required health certificates, first aid and cardiopulmonary resuscitation certifications and documents which are evidence that the employee has been tested for tuberculosis must be in the file. Please refer to NAC 449.200 for additional requirements.

a. The number of hours specified on each recipient's POC, for each specific service listed (except Case Management), and PERS, will be considered the maximum number of hours allowed to be

provided by the caregiver and paid by the DHCFP's fiscal agentQIO-like vendor, unless the case manager has approved additional hours due to a temporary condition or circumstance.

Services for waiver recipients residing in a residential facility for groups should be provided as specified on the POC and at the appropriate authorized service level.

If fewer services are provided than what is authorized on the POC, the reason must be adequately documented in the daily record and communicated to the case manager.

465
466
467b. Cooperate with ADSD and/or State or Federal reviews or inspections of the records.
468
469c. Provider agencies who are providing waiver services in the home must comply
470 with the 21st Century Cures Act. Refer to Section 2203.14 of this chapter for detailed instructions.
471

472 4. Serious Occurrence Report (SOR):
473
474Providers must report any recipient incidents, or issues regarding the provider/employee's ability to deliver services to the ADSD case manager by telephone/fax within 24--hours of discovery. Providers must complete the web-based Nevada DHCFP SOR Form, available at the fiscal agent's website at

Must have a separate file for each employee. Records of all employee's training required health certificates, first aid and CPR certifications and documents which are evidence that the employee has been tested for tuberculosis must be in the file. Please refer to NAC 449.200 for additional requirements. ~~Service providers/employees must complete either a QuantiFERON®-TB Gold blood test (QFT-G) or a two step (TB) Tuberculin skin test prior to initiation of services for a Medicaid recipient. Thereafter, each service provider/employee must receive a QFT-G blood test or one step TB skin test annually, prior to the expiration of the initial test. If the service provider/employee has a documented history of a positive QFT-G or TB skin test (+10 mm induration or larger), the service provider/employee must have clearance by a chest X-ray prior to initiation of services for a Medicaid recipient.~~

~~If the service provider/employee has been medically cleared after a documented history of a positive QFT-G or TB skin test which was 10 mm or larger and then by chest X-ray, the service provider/employee must have documentation annually which demonstrates no signs or symptoms of active tuberculosis. The annual screening for signs and symptoms must address each of the following areas of concern and must be administered by a qualified health care provider as defined in NAC 441A.110.~~

~~Has had a cough for more than three weeks;~~

~~Has a cough which is productive;~~

~~Has blood in his sputum;~~

~~Has a fever which is not associated with a cold, flu or other apparent illness;~~

~~Is experiencing unexplained weight loss; or~~

~~Has been in close contact with a person who has active tuberculosis.~~

~~Annual screening for signs and symptoms of active disease must be completed prior to the one-year anniversary of the last screening. Documentation of the annual screening and the results must be maintained in the service provider/employee file.~~

~~Documentation of TB testing must be issued by a medical facility or licensed medical professional qualified to administer the test, signed by the physician or his/her designee, stating the date of the test, the date the~~

test was read, and the results, and maintained in the service provider/employee's file. Any lapse in the required timelines above results in non-compliance with this Section.

In addition, providers must also comply with the tuberculosis requirements outlined in NAC 441A.375 and NAC 441A.380.

537Exemptions from Training for Provider Agencies:

538

539The provider agency may exempt a prospective service provider from those parts of the required training where the agency judges the person to possess adequate knowledge or experience, or where the provider's duties will not require the particular skills.

540

541The exemption and its rationale must be provided in writing and a copy of the exemption must be placed in the employee's file.

542

543ADSD/DHCFP may review exemptions for appropriateness.

301PROVIDER RESPONSIBILITIES

301

1. Providers are responsible for confirming the recipient's Medicaid eligibility each month prior to rendering waiver services.

2.301 ELECTRONIC VISIT VERIFICATION (EVV):

301

301The 21st Century Cures Act requires the use of an of an EVV system to document services that are provided for all personal care services under a Medicaid state plan or waiver program. This mandate requires provider agencies to use an EVV system to record service delivery visit information. Nevada Medicaid utilizes the open-system model, procuring a vendor but also allows agencies to utilize their own if it meets the 21st Century Cures Act requirements for documentation.

301

301All service information must be recorded in an electronic system that interfaces with either a telephone or an electronic device that generates a timestamp. The provider agency must verify the EVV record, including

any visit maintenance, prior to submitting a claim associated with the EVV record. All claims must be supported by an EVV entry into an EVV system prior to claim submission.

301

301Agencies must ensure each personal care attendant has a unique identifier (National Provider Identification – NPI) associated with their worker profile in the EVV system.

301

a.301 STATE OPTION:

301

1.301 The EVV system electronically captures:

301

a.301 The type of service performed, based on procedure code;

301

b.301 The individual receiving the service;

301

c.301 The date of the service;

301

d.301 The location where service is provided;

301

e.301 The individual providing the service;

301

f.301 The time the service begins and ends.

301

2.301 The EVV system must utilize one or more of the following:

301

a.301 The agency/personal care attendant's smartphone;

301

b.301 The agency/personal care attendant's tablet;

301

c.301 The recipient's landline telephone;

301

d.301 The recipient's cellular phone (for Interactive Voice Response (IVR) purposes only);

301

e.301 Other GPS-based device as approved by the DHCFP.

301
g.301 DATA AGGREGATOR OPTION:
301
1.301 All Personal Care Agencies that utilize a different EVV system (as approved by the DHCFP) must comply with all documentation requirements of this chapter and must utilize the data aggregator to report encounter or claim data.
301
a.301 Appropriate form must be approved by the DHCFP before use of system to ensure all data requirements are being collected to meet the 21st Century Cures Act.
301

301RECIPIENT RESPONSIBILITIES

301

Applicants/recipients must meet and maintain all eligibility criteria to become eligible and to remain on the HCBW for the Frail Elderly.

2203.2D MEDICAID EARLY AND PERIODIC SCREENING, DIAGNOSTIC AND TREATMENT (EPSDT)

Recipients of this waiver are not eligible for EPSDT.

2203.3 WAIVER SERVICES

The DHCFP determines which services will be offered under the HCBW for the Frail Elderly. Providers and recipients must agree to comply with all program requirements for service provision.

2203.3A COVERAGE AND LIMITATIONS

Under this waiver, the following services are covered if identified in the POC as necessary to avoid institutionalization.

1. Direct Service Case Management.

2. Homemaker Services.

3. Chore Services.

4. Respite Care Services.

5. Personal Emergency Response System (PERS).

6. Adult Day Care Services.

7. Adult Companion Services.

8. Augmented Personal Care (provided in a residential facility for groups).

2203.3B PROVIDER RESPONSIBILITIES

1. All Service Providers:

a. Must obtain and maintain a HCBW for the Frail Elderly provider number (Provider Type 48 or 57 as appropriate) through the DHCFP's QIO-like vendor.

b. In addition to this Chapter, the provider must also comply with rules and regulations for providers as set forth in the MSM Chapter 100.

c. Must understand the authorized service specification on the POC, record keeping responsibilities and billing procedures for provided waiver services.

d. Must understand that payment for services will be based on the level of service or specific tasks identified on the POC and will not be made to legally responsible individuals for furnishing waiver services.

e. All providers may only provide services that have been identified in the POC and that, if required, have a prior authorization.

f. Providers must verify the Medicaid eligibility status of each HCBW for Frail Elderly recipient each month.

g. Criminal Background Checks

All agency personnel, including owners, officers, administrators, managers, employees and consultants must undergo State and FBI background checks upon licensure and then at a minimum of every five years thereafter to ensure no convictions of applicable offenses have been incurred (ADSD personnel must follow State of Nevada policy regarding required background checks) and the safety of recipients is not compromised.

1. The DHCFP policy requires all waiver providers have State and Federal criminal history background checks completed. The DHCFP fiscal agent will not enroll any provider agency whose owner or operator has been convicted of a felony under State or Federal law for any offense which the DHCFP determines is inconsistent with the best interest of recipients. Additional information may be found in MSM Chapter 100, Section 102.2.

2. Criminal background checks must be conducted through the Nevada Department of Public Safety (DPS). Agencies do not have to have a DPS account. Individuals may request their own personal criminal history directly from DPS and the FBI and must have the results sent directly to the employer. Information and instructions may be found on the DPS website at: http://nvrepository.state.nv.us/criminal/forms/PersonalNevadaCriminalHistory.pdf.

3. The employer is responsible for reviewing the results of the employee criminal background checks and maintaining the results within the employee's personnel records. Continued employment is at the sole discretion of the servicing agency. However, the DHCFP has determined certain felonies and misdemeanors to be inconsistent with the best interests of recipients. The employer should gather information regarding the

~~circumstances surrounding the conviction when considering ongoing employment and have this documented in the employee's personnel file. These convictions include (not all inclusive):~~

a. ~~murder, voluntary manslaughter or mayhem;~~

b. ~~assault with intent to kill or to commit sexual assault or mayhem;~~

c. ~~sexual assault, statutory sexual seduction, incest, lewdness, indecent exposure or any other sexual related crime;~~

d. ~~abuse or neglect of a child or contributory delinquency;~~

e. ~~a violation of any federal or state law regulating the possession, distribution or use of any controlled substance or any dangerous drug as defined in Chapter 454 of the NRS;~~

f. ~~a violation of any provision of NRS 200.700 through 200.760;~~

g. ~~criminal neglect of a patient as defined in NRS 200.495;~~

h. ~~any offense involving fraud, theft, embezzlement, burglary, robbery, fraudulent conversion or misappropriation of property;~~

i. ~~any felony involving the use of a firearm or other deadly weapon;~~

j. ~~abuse, neglect, exploitation or isolation of older persons;~~

k. ~~kidnapping, false imprisonment or involuntary servitude;~~

l. ~~any offense involving assault or battery, domestic or otherwise;~~

m. ~~conduct inimical to the public health, morals, welfare and safety of the people of the State of Nevada in the maintenance and operation of the premises for which a provider contract is issued;~~

n. ~~conduct or practice that is detrimental to the health or safety of the occupants or employees of the facility or agency; or~~

o. ~~any other offense that may be inconsistent with the best interests of all recipients.~~

~~Providers are required to initiate diligent and effective follow up for results of background checks within 90 days of submission of prints and continue until results are received. This is particularly important when an "undecided" result is received. If an employee believes that the information provided as a result of the criminal background check is incorrect, the individual must immediately inform the employing agency in~~

DRAFT

~~writing. Information regarding challenging a disqualification is found on the DPS website at: http://dps.nv.gov under Records and Technology.~~

~~Providers must be able to: perform the duties of the job; demonstrate maturity of attitude toward work assignments; communicate effectively; work under intermittent supervision; deal with minor emergencies arising in connection with the assignment and act accordingly, reporting these to the proper supervisor; demonstrate ability to understand, respect and maintain confidentiality in regards to the details of case circumstances.~~

~~h. Each provider must have a file for each recipient. In the recipient's file, the provider must have a copy of the current POC and maintain daily records, fully documenting the scope and frequency of services as specified on the POC. The documentation will include the recipient's initials daily with a full signature of the recipient on each record. If the recipient is unable to provide a signature due to cognitive and/or physical limitations, this will be clearly documented on the POC. The provider will initial after the daily services are delivered, with a full signature of the provider on each daily record. Providers may use electronic signatures on the daily record documentation but using an electronic signature does not remove the provider's responsibility for providing accurate and verifiable documentation indicating the scope and frequency of services provided. If a provider elects to use electronic signatures, they must have weekly printouts of the daily record in the recipient's file or make available upon request.~~

~~Periodically, Medicaid Central Office/ADSD staff may request this documentation to compare it to submitted claims. These records must be maintained by the provider for at least six years after the date the claim is paid.~~

~~i. Must have a separate file for each employee. Records of all the employee's training, required health certificates, first aid and cardiopulmonary resuscitation certifications and documents which are evidence that the employee has been tested for tuberculosis must be in the file. Please refer to NAC 449.200 for additional requirements.~~

~~j. The number of hours specified on each recipient's POC, for each specific service listed (except Case Management), will be considered the maximum number of hours allowed to be provided by the caregiver~~

DRAFT

and paid by the DHCFP's QIO-like vendor, unless the case manager has approved additional hours due to a temporary condition or circumstance.

k. Services for waiver recipients residing in a residential facility for groups should be provided as specified on the POC and at the appropriate authorized service level.

l. If fewer services are provided than what is authorized on the POC, the reason must be adequately documented in the daily record and communicated to the case manager.

m. Cooperate with ADSD and/or State or Federal reviews or inspections.

n. Serious Occurrence Report (SOR):

Providers must report any recipient incidents, or issues regarding the provider/employee's ability to deliver services to the ADSD case manager by telephone/fax within 24 hours of discovery. A completed SOR form report must be made within five working days and maintained in the agency's recipient record.

Serious occurrences involving either the provider/employee or recipient may include, but are not limited to the following:

1. Suspected physical or verbal abuse;
2. Unplanned hospitalization;
3. Neglect, exploitation or isolation of the recipient;
4. Theft;
5. Sexual harassment or sexual abuse;
6. Injuries requiring medical intervention;
7. An unsafe working environment;
8. Any event which is reported to Elder Protective Services or law enforcement agencies;

9. Death of the recipient during the provision of waiver services; or

10. Loss of contact with the recipient for three consecutive scheduled days.

11. Medication errors resulting in injury, hospitalization, medical treatment or death.

The State of Nevada has established mandatory reporting requirements of suspected incidents of Elder Abuse, Neglect, Isolation and Exploitation. ADSD and local law enforcement are the receivers of such

DRAFT

reports. Suspected elder abuse must be reported as soon as possible, but no later than 24 hours of identification/suspicion. Refer to NRS 200.5091 to 200.50995 regarding elder abuse or neglect.

o. Adhere to HIPAA requirements.

Refer to MSM Chapter 100 for information on HIPAA, privacy and confidentiality of recipient records and other protected health information.

p. Obtain and maintain a business license as required by city, county or state government, if applicable.

q. Providers for residential facility for groups must obtain and maintain required HCQC licensure.

2. Aging and Disability Services Division (ADSD):

In addition to the provider responsibilities listed in Section 2203.3B, ADSD must:

a. maintain compliance with the Interlocal Agreement with the DHCFP to operate the HCBW for the Frail Elderly.

b. comply with all waiver requirements as specified in the HCBW for the Frail Elderly.

3. Qualification and Training:

a. All service providers must arrange training for employees who have direct contact with recipients of the HCBW programs and must have service specific training prior to performing a waiver service. Training at a minimum must include, but not limited to:

1. policies, procedures and expectations of the agency relevant to the provider, including recipient's and provider's rights and responsibilities;

2. procedures for billing and payment;

3. record keeping and reporting including daily records and SORs;

4. information about the specific needs and goals of the recipients to be served; and

5. interpersonal and communication skills and appropriate attitudes for working effectively with recipients including: understanding care goals; respecting recipient rights and needs; respect for age, cultural and ethnic differences; recognizing family relationships; confidentiality; respecting personal property; ethics in

~~dealing with the recipient, family and other providers; handling conflict and complaints; and other topics as relevant.~~

~~b. Residential facility for groups:~~

~~In addition to the requirements listed above:~~

~~1. Caregivers of a residential facility for groups must be at least 18 years of age; be responsible and mature and have the personal qualities which will enable him or her to understand the problems of the aged and disabled; demonstrate the ability to read, write, speak and understand the English language; must possess the appropriate knowledge, skills and abilities to meet the needs of the residents of the facility and annually receive no less than eight hours of training related to providing for the needs of the residents of a residential facility for groups; must be knowledgeable in the use of any prosthetic devices or dental, vision or hearing aids that the residents use and must understand the provisions of NAC 449.156 to NAC 449.27706, inclusive, and Sections 2 and 3 of the regulation, and sign a statement that he/she has read those provisions.~~

~~2. If a caregiver assists a resident of a residential facility for groups in the administration of any medication, including, without limitation, an over-the-counter medication or dietary supplement, the caregiver must: before assisting a resident in the administration of a medication, receive the training required pursuant to paragraph (e) of Subsection 6 of NRS 449.037, which must include, at least 16 hours of training in the management of medication consisting of not less than 12 hours of classroom training and not less than four hours of practical training, and obtain a certificate acknowledging the completion of such training; receive annually at least eight hours of training in the management of medication and provide the residential facility for groups with satisfactory evidence of the content of the training and his or her attendance at the training; complete the training program developed by the administrator of the residential facility for groups pursuant to paragraph (e) of Subsection 1 of NAC 449.2742; and annually pass an examination related to the management of medication approved by the HCQC.~~

~~3. Within 30 days after a caregiver is employed at the facility, he/she must be trained in First Aid and Cardiopulmonary Resuscitation (CPR) as described in NAC 449.231 and be able to recognize and appropriately respond to medical and safety emergencies.~~

~~4. Caregivers must have training specific to the waiver population being cared for at the residential facility for groups, including the skills needed to care for recipients with increasing functional, cognitive and behavioral needs.~~

~~5. Service providers/employees must complete either a QuantiFERON®-TB Gold blood test (QFT-G) or a two step (TB) Tuberculin skin test prior to initiation of services for a Medicaid recipient. or TB skin test (+10 mm induration or larger), the service provider/employee must have clearance by a chest X-ray prior to initiation of services for a Medicaid recipient.

If the service provider/employee has been medically cleared after a documented history of a positive QFT-G or TB skin test which was 10 mm or larger and then by chest X-ray, the service provider/employee must have documentation annually which demonstrates no signs or symptoms of active tuberculosis. The annual screening for signs and symptoms must address each of the following areas of concern and must be administered by a qualified health care provider as defined in NAC 441A.110.

a. Has had a cough for more than three weeks;

b. Has a cough which is productive;

c. Has blood in his sputum;

d. Has a fever which is not associated with a cold, flu or other apparent illness;

e. Is experiencing unexplained weight loss; or

f. Has been in close contact with a person who has active tuberculosis.

Annual screening for signs and symptoms of active disease must be completed prior to the one-year anniversary of the last screening. Documentation of the annual screening and the results must be maintained in the service provider/employee file.

Documentation of TB testing must be issued by a medical facility or licensed medical professional qualified to administer the test, signed by the physician or his/her designee, stating the date of the test, the date the

test was read, and the results, and maintained in the service provider/employee's file. Any lapse in the required timelines above results in non-compliance with this Section.

In addition, providers must also comply with the tuberculosis requirements outlined in NAC 441A.375 and NAC 441A.380.

c. Exemptions from Training for Provider Agencies:

1. The provider agency may exempt a prospective service provider from those parts of the required training where the agency judges the person to possess adequate knowledge or experience, or where the provider's duties will not require the particular skills.

2. The exemption and its rationale must be provided in writing and a copy of the exemption must be placed in the employee's file.

3. ADSD/DHCFP may review exemptions for appropriateness.

recreational programs. The service level determines the amount, duration and frequency of the services provided.
936
937All service levels are reassessed annually, or as significant changes occur, and may increase or decrease to reflect the recipient's current level of need.
938
——Documentation on the daily log is required to justify amount and types of care for service level determination and verification of proper billing.
939
940
4.941 Section 1903 (a)(1) of the SSA provides funding for Federal Financial Participation (FFP) to States for expenditures for services under an approved State plan. FFP is not available to subsidize the cost of room and board furnished in a rResidential facility for gGroups Homes for Seniors and Assisted Living Facility. The cost for room and board is a private agreement between the recipient and the Residential Group Homes for Seniors or Assisted Living Facility.
942
5.943 Nursing and skilled services (except periodic nursing evaluations) are incidental, rather than integral to the provision of group care services. Payment will not be made for 24-hour skilled care or supervision.
944
945Other individuals or agencies may also furnish care directly, or under arrangement with the rResidential facility for gGroup Homes for Seniors or Assisted Living Facility. However, the care provided by these other entities supplements what is being provided but does not supplant it.
946
947Personalized care furnished to individuals who choose to reside in a Residential Group Homes for Seniors or Assisted Living Facility based on their individualized POC, which is developed with the recipient, people

chosen by the recipient, caregivers and the Case Manager. Care must be furnished in a way that fosters the independence of each recipient.
948
949The Residential Group Homes for Seniors or Assisted Living Facility provides personalized care to the residents, and the general approach to operating the facility incorporates these core principles:
950
951Designed to create a residential environment that actively supports and promotes each resident's quality of life and right to privacy.
952
953Committed to offering high-quality supportive services that are developed by the facility in collaboration with the recipient's individual needs.
954
955Provides a variety of creative and innovative services that emphasize the specific needs of each recipient and the personal choice of lifestyle.
956
957Operate and interact with recipients to support recipient's need for autonomy and the right to make decisions.
958
959Designed to foster a social climate that allows the recipient to develop and maintain personal relationships with fellow residents and with persons in the general community.
960
961Minimize the need for its recipients to move out of the facility as their respective physical and mental conditions change over time.
962
963Foster a culture that provides a high-quality environment for the recipients, their families, the staff, any volunteers, and the community at large.

301 2203.16 ANNUAL WAIVER REVIEW

301

301 The DHCFP and ADSD have formal systems in place to conduct annual reviews. The purpose of the review is to assure the health and welfare of the recipients, the recipients' satisfaction with the waiver services and providers, the qualifications of waiver providers to deliver services/supports, and assurance of the cost effectiveness of these services.

301

301 2203.16A COVERAGE AND LIMITATIONS

301

301 The State conducts an annual review, which is collaboratively conducted by ADSD and the DHCFP, with the DHCFP being the lead agency. The DHCFP:

301

1. 301 provides CMS annually with information regarding the impact of the waiver on the type, amount, and cost of services provided under the waiver and under the State plan, and through an ongoing process of

discovery, remediation and improvement, the State assures the health and welfare of the recipients served on the waiver;

301

2.301 assures financial accountability for funds expended for HCBW services;

301

3.301 evaluates that all provider standards are continuously met, and that the POCs are periodically reviewed to assure that the services furnished are consistent with the identified needs of the recipients;

301

4.301 evaluates the recipients' satisfaction with the waiver program; and

301

5.301 further assures that all problems identified by this monitoring will be addressed by the provider in an appropriate and timely manner, consistent with the severity and nature of the deficiencies.

301

3012203.16B PROVIDER RESPONSIBILITIES

301

1247 ADSD and waiver providers must cooperate with the DHCFP's annual review process.
