Or you can join via the following web address:

<https://tinyurl.com/ye3wuepp>

Audio Only: (775) 321-6111

Conference ID: 929655940#

These workshops will be conducted in accordance with NRS 241.020 Nevada's Open Meeting Law.

AGENDA

1. Introduction of workshop process
2. Presentation and public comments on proposed amendments to NAC 439A (R060-22RP1)
3. Public comment regarding any other issue
4. Adjournment

Overview of Proposed Changes

The proposed regulation will revise Chapter 439A (R060-22RP1) of the NAC and are being proposed in accordance with Senate Bill (SB) 379 of the 2021 81st Legislative Session. The proposed regulation provides provisions for the following:

1. Certain data elements are required under SB 379, Section 5, to meet requirements for Health Professional Shortage Area (HPSA) designations through the federal Health Resources Services Administration which supports recruitment and retention of health care professionals in Nevada.
2. The proposed regulation in NAC 439A adds additional data elements to the required database under SB 379, Section 5 (m). These additional data elements under SB 379 are also needed for HPSA designation that supports federal and state resources for recruitment and retention of health care providers.
3. SB 379 specifies requirements for affected health authorities and applicants for renewal of license or certificate. This proposed regulation will not create any additional requirements.
4. To collect these data elements, SB 379 requires the Department of Health and Human Services to develop data requests and make them electronically available to certain health professional licensing

- boards, which shall provide links to their respective applicants. Health care professionals renewing their licenses are encouraged, but not required, to complete the data request as part of the renewal process.
5. Applicants are not subject to disciplinary action, including, without limitation, refusal to issue the biennial registration or renew the license, for refusal or failure to complete a data request.
 6. There are no fees associated with this proposed regulation.

Members of the public may make oral comments at this meeting. Persons wishing to submit written testimony or documentary evidence may submit the material to the Primary Care Office at nvpco@health.nv.gov or at the following address no later than September 22, 2022:

Division of Health Care and Finance and Policy
Medical Programs Unit / Primary Care Office
1100 East William Street, Suite 101
Carson City, NV 89701

Members of the public who require special accommodations or assistance at the workshops are required to notify the Primary Care Office in writing to the above address, email address, or by calling (775) 350-0786 at least five (5) working days prior to the date of the public workshop.

You may contact Erin Lynch by calling (775) 350-0786 for further information on the proposed regulation or how to obtain copies of the supporting documents.

A copy of the notice and the proposed regulation are on file for inspection and/or may be copied at the following locations during normal business hours:

Division of Health Care Financing and Policy
