Nevada HIPP

The Nevada Health Insurance Premium Payment (NV HIPP) program helps families who have at least one person enrolled in Medicaid pay for private health insurance through an employer. If Medicaid determines it is cost effective, Medicaid will pay for premiums, deductibles and co-pays for covered services.

There are only a few requirements:

- You or your family member must be eligible for Medicaid.
- You or your family member must have access to private insurance (referred to as Third Party Liability).
- Participation in private insurance must be cost effective for the Medicaid program.
- Children covered by the NCU-CHIP program or enrolled in the Medicaid Managed Care health plans are not eligible.
- You cannot be eligible for Medicare.

Often people with serious medical conditions or illnesses are in the HIPP program. If you are enrolled in the HIPP program and Medicaid determines it is no longer cost effective, you may be removed from HIPP.

How Does It Work?

A specialist with Medicaid's contractor, HMS — a Gainwell Technologies company — will help you enroll in the program. If it is determined to be cost effective, Medicaid will send insurance premium payments directly to you or your employer.

Enrolling is simple. Follow these steps:

1. Complete the HIPP enrollment application, available here:

<https://dhcfp.nv.gov/Pgms/CPT/HIPP>

2. Obtain the following required documents:

- Copy of employer-sponsored health insurance card
- Proof of health insurance payment if you are already covered

3. Return the signed application and required documents to:

- **Email:** mynvhippcustomerservice@gainwelltechnologies.com
- **Fax:** 1.877.640.3413
- **Mail:** HMS/NV HIPP, 5615 High Point Dr., MS 702, Irving, TX 75038
