

Tired of Getting Prescriptions for Birth Control & PrEP?

State of Nevada Medicaid

Pharmacists can now dispense some birth control and PrEP for Medicaid members without a prescription.

ASK YOUR PHARMACIST IF THEY ARE ENROLLED

WHAT'S NEW?

During the 81st Nevada Legislative Session (2021), Senate Bill (SB) 190 and SB325 authorized pharmacists to provide and be reimbursed for some services without a prescription. Pharmacists must be enrolled Medicaid providers (PT-91).

WHAT SERVICES ARE AVAILABLE WITHOUT A PRESCRIPTION?

Nevada Medicaid covers these services from a pharmacist:

- Self-administered hormonal contraception
- Emergency contraception
- HIV preexposure prophylaxis (PrEP)
- HIV postexposure prophylaxis (PEP)
- Ordering and conducting certain HIV laboratory tests.
