# Proposed 1115 SUD Demonstration Waiver Background

- In response to the ongoing national opioid crisis, Centers for Medicare and Medicaid Services (CMS) has indicated a willingness to provide additional flexibilities to help states improve access to, and quality of SUD treatment through Medicaid 1115 Demonstrations.
- The 1115 SUD Demonstration Waiver option allows states to test coverage a full SUD treatment service array in the context of overall SUD service delivery system transformation.
- Waiver would allow CMS to treat costs that would not otherwise qualify for federal matching funds as allowable Medicaid expenditures.
- The 81<sup>st</sup> session of the Nevada Legislature is considering SB154 which provides legislative approval to permit Nevada Medicaid to apply for proposed 1115 Waiver.
