All Nevadans should be able to access the free discount card regardless of age or income using the digital card to help save up to 80% on certain medications. The card went live on Monday. The program is not part of Medicaid pharmacy benefit, as Medicaid has an open formulary and drugs that are FDA approved and medically necessary to rebate eligible or covered for beneficiaries. However, there may be cases where beneficiaries purchase drugs for other use, and they would be able to use this discount card. • As part of the recent change of Pharmacy Benefit Manager (PBM) vendor, Pharmacy information and related updates are housed at a new website: https://nevadamedicaid.magellanrx.com • Nevada Medicaid is joining the National Medicaid Pooling Initiative (NMPI). Additionally, we are also able to note that we are joining the Diabetic Supply Pool. This change will occur on October 1st of this year. For more information regarding NMPI, you can contact two individuals at Magellan Medicaid Administration. They are Eileen Zimmer and her e-mail address is eezimmer@magellanhealth.com and Kristen Haloski and her e-mail is kmhaloski@magellanhealth.com. • Nevada Medicaid has established licensed pharmacists as a new provider type. 	<p>Nevada Medicaid provider, please visit the Provider Enrollment page that is found at the website www.medicaid.nv.gov.</p> <p>Nevada Medicaid also hosted a public workshop concerning a project to manage physician administer drugs (PAD). These prior authorizations will not be required until this project is implemented, is tentatively scheduled for the first half of next year.</p>

SSSB to serve in an advisory capacity for the Nevada Medicaid Assistance Program. This is also known as the AIDS Drug Assistance Program.
